Vol. XLIX. WEDNESDAY MORNING, OCTOBER 22, 1930. C DAILY, FIVE CENTS

VAST NAVAL PLAN LAID

London Treaty's Limit Urged

General Board's Report to Adams Will Reach Coming Session of Congress

Total of $1,250,000,000 in New Warships Asked for Period Ending 1945

WASHINGTON, Oct. 21. (Exclusive)—A new naval construction program calling for the building of sufficient warships to bring the United States up to the maximum tonnage levels set by the London naval treaty has been completed by the Navy General Board and transmitted to Secretary of the Navy Adams, it was learned today.

While secrecy surrounds the exact figures prepared by the board during an exhaustive study of American naval needs during the last three months, it was learned that the program, if adopted by the President and Congress, would necessitate an annual expenditure of [illegible] on new warship construction so long as the London pact remains the guarding factor of this country's naval policy. The expenditure for new warship construction during the last three years has averaged under $50,000,000 annually.

PROGRAM UNTIL 1945

As prepared by the board the revised construction program includes all new construction and all new replacements necessary during the next fourteen years to the end of 1945 in event the Navy is to be built up to the tonnage limits and maintained at that level in up-to-date ships. Statistics disclose that during that period all American ships with the exception of two aircraft carriers, the Lexington and Saratoga, 13,000 tons of submarines, and the eight-inch-gun cruiser tonnage, built, building and authorized, will have to be replaced for age.

SEEK AUTHORIZATION

The board, however, it is understood, does not recommend that the entire program should be included in the new naval authorization bill to be introduced in Congress this fall. It does recommend that at least the first year of such a program should be authorized at once and appropriations provided so that the United States Fleet can be started on the road to a treaty navy.

In event the full fourteen-year program covered by the board's report is adopted by the President and Congress, it would contemplate the passage of an authorization bill carrying approximately 850,000 tons of ships which would cost in the neighborhood of $1,250,000,000. This would be in addition to thirteen eight-inch-gun cruisers, one aircraft carrier, and two submarines, now authorized, which will cost about $170,000,000 to complete.

As no limitations are placed on

(Continued on Page 2, Column 5)

Will Rogers Remarks:

SAN LUIS OBISPO, Oct. 21.—[To the Editor of The Times:] See in the papers where Speaker Longworth will have quite a race in the coming election. That's mighty unusual for Nick, and it would just about border on a national calamity if he was defeated. I have talked with a lot of those old-time Democratic Congressmen that have served with him for years, and they all say he is one of the most able and fairest men that has ever been in the House. Why, I think Garner, the Democratic leader, would resign if he didn't have his old pal Nick there. Let the Democrats make a lot of gains, but let's keep Nick. He is pretty near one of us.

Yours,
WILL ROGERS.

SUBMARINE SETS MARK FOR DEPTH

V-5 in 332-Foot Dive May Have Made World Record; Rear-Admiral Aboard

PORTSMOUTH (N. H.) Oct. 21. (AP)—The Navy's new fleet submarine V-5 is believed to have broken all depth records, for American submarines at least, today when she descended to the ocean floor in 332 feet of water. It was her first official deep-sea dive, although she had made other dives during her recent trial run to South America.

Today's dive was made off the Maine coast. While on the bottom, pumps and other equipment were tested and found to function properly, officers reported when the submarine returned to the navy yard.

Aboard the V-5 were Rear-Admiral William W. Phelps, commandant of the Portsmouth navy yard, and seven officers of the industrial department who were among those responsible for her construction.

The submarine remained on the ocean floor three-quarters of an hour. Tomorrow she will be taken into dry dock and prepared for her final trials off Provincetown, commencing the 29th inst.

The V-5 is in command of Lieutenant-Commander John H. Brown, former star of the Navy football eleven. She carries six officers and eighty men.

CALIFORNIAN HONORED

SALEM (Mass.) Oct. 21. (AP)—Joseph Grinnell of the University of California was elected president of the American Ornithologists' Union at its forty-eighth stated meeting today.

HAWKS SETS NEW MARK

Flyer Commutes to Washington

Air Speed King Averages 185 and 212 Miles an Hour in Two-Way Trip

Two Snowstorms and Cross Winds Met on Return to New York

VALLEY STREAM (N. Y.) Oct. 21. (AP)—Capt. Frank Hawks, transcontinental air speed king, shuttled between New York and Washington today in what airmen believe to be the fastest time ever made between those two points.

Leaving here at 10:39 a.m., eastern standard time, he arrived in the capital one hour and eleven minutes later, having made an average speed of 185 miles an hour. Pointing his plane toward New York late in the afternoon, he landed here after a sixty-three-minute trip. His average for this hop was 212.5 miles an hour.

ENGAGEMENT KEPT

Hawks made the trip to Washington to keep a luncheon conference with David S. Ingalls, assistant Secretary of the Navy for aeronautics. He flew the mystery low-wing monoplane in which he established cross-country records in both directions.

The flyer recently traveled, from Boston to New York in fifty-five minutes and from Detroit to New York in two hours and forty-one minutes, both of which flights were hailed as record performances.

TWO SNOWSTORMS

Capt. Hawks said he encountered two snowstorms on the return journey today, one near Wilmington, Del., and the other near Philadelphia.

He had slightly unfavorable cross winds on both laps, he said, and a head wind on the outbound trip, which aided him when he turned around. His automobile ride from here to a New York hotel consumed fifty minutes.

SUSPECTED MAN TO BE HYPNOTIZED

Court in New York Case Permits Unusual Test to Learn About Crime

NEW YORK, Oct. 21. (Exclusive) All other methods having failed, the State of New York, for the first time in its history, today ordained that a man accused of murder be subjected to hypnotic tests to bring forth history of the crime.

The man is Vincenzo Calise of Brooklyn. He is 61 years of age and the father of a large family. Against him stands the charge of the murder of his son during a fit of maniacal rage which carried him back through the centuries to the primitive.

Doctors are sure he has forgotten. The alienists, Drs. Carroll L. Nichols and John F. W. Meagher, have failed to awaken him to any realization of what he has done.

So, reaching forward into science to the point where the old and new are one, Dr. Nichols today suggested an ultra-modern course which resembles nothing so much as it does the methods of primitive justice. He asked permission to put Calise into a hypnotic state and the court agreed to it.

TIA JUANA SIGNS TO BE IN SPANISH

Haste Made to Comply With "Mexicanization" Order of Gov. Bernal

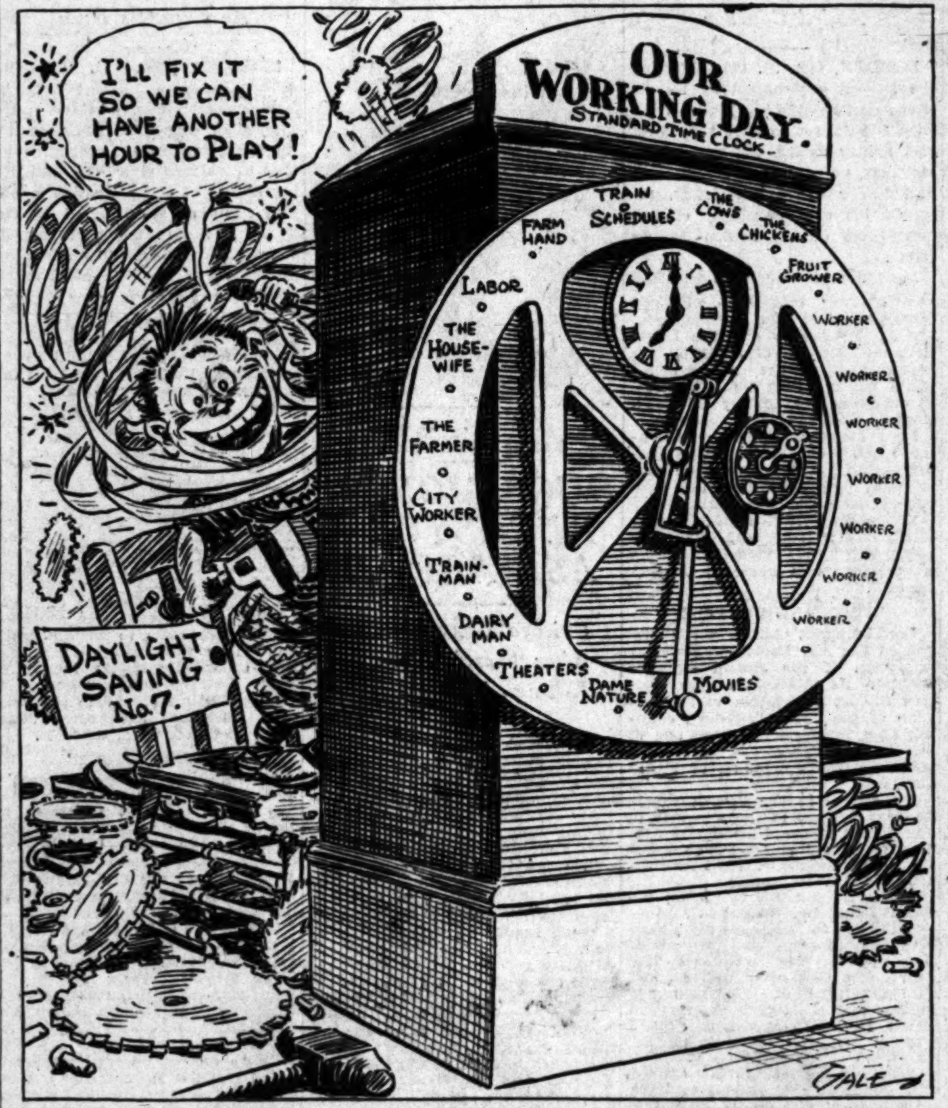
SAN DIEGO, Oct. 21. (AP)—Sign painters and electricians worked hard today at Tia Juana, to change advertising signs to conform with an order issued by Arturo Bernal, new Governor of the Northern District of Lower California, that signs must be in Spanish. To save some of the electrical signs, which are elaborate and costly, a committee has been sent by merchants to Mexico City to seek some change in the order.

It was reported in Tia Juana that the new Governor will demand that Mexican currency be used exclusively at the border town, but no order to that effect has been made. The new Governor, however, has made it known that his administration wants to have Tia Juana as nearly Mexican in every way as possible, and that he is utterly opposed to its "Americanization" in recent years.

RECURRENT FLOOD HITS MEXICAN CITY

MEXICO CITY, Oct. 21. (AP)—Dispatches today from Pachuca, Hidalgo, to the newspaper Excelsior, said that rain, falling almost constantly since last Saturday night, has caused the River Avenidas to overflow and inundate the city for the second time within a fortnight. Water is far above the street level and has flooded many houses.

Are We Going to Let Him Tinker With It?



PLANE CHASES ITS OWN TAIL

"Backward Flying" Monoplane Looks Like Huge Duck as It Skims Over Grass Tops

BERLIN, Oct. 21. (AP)—German and foreign press representatives and a crowd of aviation fans flocked to Tempelhof Airport today and watched a new "backward flying" monoplane apparently chasing its tail through the clouds.

Actually it was not flying backward. It was the latest Fockewule "ente," which carries its tail where an ordinary monoplane carries its engine, while the forward stabilizer protrudes twenty-one feet in front.

Flying near an ordinary monoplane the new ship looked almost like its companion except it seemed to be flying backward. Only when taxiing along the field at some distance did the reason for its name, "ente," meaning duck, become apparent. With the forward stabilizer scooping the grass the plane looked like a large duck with outspread wings and outstretched neck running along and scooping the grass top with its bill.

The advantages claimed for the design are (1) it is impossible to nose over when landing, because the front wheel beneath the forward stabilizer is well in front of the center of gravity; (2) it is proof against tail spins, and, (3) its brakes can be applied after landing with the same abruptness as on an automobile, making landings on smaller fields possible.

CHINA REDS TAKE LIFE OF PRIEST

Twelve Other Catholic Missionaries Held for $5,000,000 Ransom

KIUKIANG (China) Oct. 22. (Wednesday) (AP)—Authoritative reports from Pengtze, Kiangsi Province, which Communists captured Monday, today stated the bandits murdered Father Vonaix, a French priest.

A refugee Italian Catholic bishop and one Chinese priest whom Reds at Kian, Kiangsi, captured along with fourteen other Chinese and foreign Catholic missionaries, arrived here today with the information they had been released by the bandits with instructions to obtain ransom for the others held.

The refugee ecclesiastics said the Communists demanded $10,000,000 (Mexican) for the release of the hostages.

League Changes on War Drafted

LONDO, Oct. 21. (AP)—The Imperial Conference reached an agreement today both on the principle of the amendments and the texts designed to bring the covenant of the League of Nations into harmony with the Kellogg pact forbidding all wars.

Announcement of the accord among the British dominion and colonial delegates was made through the committee on arbitration and disarmament which completed its discussion of the proposed amendment, accepted tentatively at Geneva recently.

Australian Ace Completes Hop From England

SYDNEY (N. S. W.) Oct. 22. (Wednesday) (AP)—Completing a flight of 12,000 miles from England to Sydney in an hour less than thirteen days, Wing Commander Charles Kingsford-Smith landed here at 2:55 p.m. today (8:55 p.m. Tuesday Pacific time.) after a 450-mile hop from Brisbane, Queensland.

CHILE HAS EARTHQUAKE

COQUIMBO (Chile) Oct. 21. (AP)—Strong and prolonged earth tremors were felt here at 7:30 o'clock tonight. The shocks followed a rainstorm which was accompanied by high winds, seldom experienced in this region.

REALTY VALUES GAIN FAST

Assessed Worth of Land and Improvements Grows Twice as Swiftly as Personal Property

SACRAMENTO, Oct. 21. (AP)—The assessed value of California real estate increased twice as fast during the past ten years as the assessed value of personal property. This was announced here today by Fred E. Stewart, Oakland, member of the State Board of Equalization, upon completion of an analysis of assessment rolls.

"In the past ten years the total assessed value of land and improvements taxed locally has increased to $6,010,915,425 from $3,064,825,378, marking a gain of 96.13 per cent," Stewart said. "During the same period the value of all tangible personal property similarly taxed has grown $299,233,407, with the result the present total of $959,637,883 represents an increase of only 45.31 per cent over the corresponding figure for 1920."

The current assessed value of solvent credits, corporation stocks and bonds is much larger than before, but due to "low preferential rates" at which this property is taxed it is actually contributing less toward the support of government than formerly, Stewart declared.

He said estimates of income from taxation of intangibles this year are about $3,000,000, compared with $2,000,000 in 1920. In 1928, the last year when such property was taxed at the same rates as other property, the revenue was estimated at $3,800,000.

"Since 1920 ad valorem taxes on real estate have increased 159.66 per cent, while the relative taxes on tangible personalty have grown only 92.25 per cent," Stewart said. "It is apparent the added tax burden has fallen most heavily on land and improvements."

SUN STUDY EXPEDITION SUCCESSFUL

Forty-one Pictures Taken of Total Eclipse in Fair Weather at "Tin Can" Isle

NIUAFOU ISLAND, Oct. 22. (Wednesday) (AP)—Weeks of patient waiting and construction by American astronomers on this tiny island in the South Pacific were rewarded today when forty-one photographs of a total eclipse of the sun were taken successfully. The eclipse and weather were excellent.

The eclipse began at 7:55 a.m. (11:38 a.m. Tuesday Pacific time,) became total at 9:09 a.m. and ended at 10:31 a.m. Duration of the total eclipse was 93½ seconds.

The New Zealand expedition announced its observations of the eclipse also were entirely successful.

The New Zealand expedition confined itself principally to spectographic work, while the American expedition's work ranged from coronal photography with cameras of various sizes to spectographic and photometric observations.

EFFECT ON RADIO REMAINS MYSTERY

NEW YORK, Oct. 21. (AP)—The effect of eclipses of the sun on radio communication is one of the scientific mysteries that waits for solution.

Radio engineers, apprised of the fact that receiving sets at Honolulu acted strangely today, distorting messages about the eclipse, said tonight the effect of eclipses is a puzzle that radio experts have struggled in vain to solve.

Berlin Jailing Colored Shirts

BERLIN, Oct. 21. (AP)—Brown shirts and blue shirts are red rags to the Berlin police because they are the forbidden uniforms of the Fascists and Young Communists, respectively.

Thirteen Fascists and six Young Communists were arrested tonight for wearing the banned garments, while twelve adult Communists were jailed for chanting the forbidden "Red Front" song.

Catholic Group Hits Birth Curb

KANSAS CITY, Oct. 21. (AP)—Walter T. Johnson of Kenton, O., today was re-elected to his sixth term as president of the National Council of Catholic men. Other officers were re-elected.

Resolutions passed by the council included one against the proposed Federal Board of Education. Another opposed birth control.

King to Attend Indian Parley

LONDON, Oct. 21. (AP)—Importance attached by Great Britain to the forthcoming India round-table conference was exemplified tonight by announcement that King George personally will inaugurate the discussions by attending the opening session November 12.

FEDERAL UNEMPLOYMENT RELIEF DIRECTOR NAMED

Col. Arthur Woods Appointed by Hoover's Cabinet Committee; Idle Total 3,500,000

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, Oct. 21. (Exclusive)—Col. Arthur Woods, former Police Commission of New York, today was appointed director of unemployment relief by the President's Cabinet conference.

Col. Woods accepted the post immediately and will be in Washington tomorrow for a conference with the President and Secretary of Commerce Lamont, chairman of the conference.

The President and Secretary Lamont will outline to Col. Woods what the Federal government proposes to do in co-operation with States and municipalities for relief of the millions out of employment.

NUMBER OF JOBLESS

An official estimate of 3,500,000 is placed upon the number of idle workers throughout the country. Of this total 1,000,000 represents seasonal unemployment—that is, unemployment due to changes in occupation necessitated by weather conditions and other natural and unavoidable factors.

It is understood that Col. Woods will be requested, as a first step in the campaign against unemployment, to set up a clearinghouse as was done when he operated in a similar capacity in 1921 for the co-ordination of relief activities of States, municipalities, industries and welfare organizations.

Col. Woods will be informed, it is understood, that the Federal agencies will be unable to go further than to lead the way in co-operation with other agencies seeking to ameliorate unemployment. Later it is planned to seek the release of additional Federal funds for construction but such action cannot be taken until Congress convenes.

HOOVER TELLS PLANS

The selection of Col. Woods to lead the relief work under the supervision of the Cabinet conference was the first action taken by that conference after it organized with the President participating. In fact the regular Cabinet meeting was turned into an unemployment relief meeting since the only member of the Cabinet present not a member of the conference was Atty.-Gen. Mitchell.

The President sketched his unemployment program to the conference. He made an estimate of 3,500,000 as the number of unemployed. He suggested that the Cabinet members in the conference serve as an advisory body to Col. Woods, giving him all possible assistance and such data and guidance as might be found possible.

The conference, it was said today, realizes the necessity of leaving relief plans largely to the States and divisional communities.

WOODS'S RECORD

In Col. Woods, whose previous service in an unemployment crisis was noteworthy, the President feels he has obtained the services of the most capable man in the country to deal with the problem. After the armistice in 1918 Col. Woods, as assistant to the Secretary of War, undertook the task of finding work for demobilized soldiers. In 1921, when unemployment throughout the country was at high levels, Col. Woods was brought to Washington by President Harding, and Mr. Hoover, then Secretary of Commerce, and was put to work on a task similar to that he will undertake tomorrow.

Col. Woods, a Harvard graduate, had been police commissioner of New York and had a creditable record in that office. His work there and afterward for the Federal government attracted the attention of John D. Rockefeller, Jr., and the White House said today that he had been engaged by the Rockefeller Foundation for some time.

TREMENDOUS TASK

It was said today that a problem of real proportions has to be faced in dealing with unemployment and that Col. Woods will probably strengthen his clearinghouse organization by creating a committee of industrialists, one to represent each phase of manufacturing or distribution.

Secretary Lamont in discussing the matter of creating new jobs said that he was doubtful if any considerable number of such places could be expected. He said, however, that it will be quite possible to expedite the work on government jobs if on no other thereby keeping a greater number of men employed. This system already is in effect on flood-control work and is strongly recommended by the Sec-

(Continued on Page 2, Column 1)

SCORES DIE IN BLAST

Mine in Germany Shattered

Ton of Dynamite Set Off at 1200-Foot Level by Gas Explosion

Eighty Bodies Recovered and Many More Feared Dead; Scores Injured

ALSDORF (Germany) Oct. 21. (AP) The explosion of a ton of dynamite in the No. 2 shaft of the Anna coal mine here early today killed probably 100 men. The number has not been definitely established with the Prussian Government Press Bureau estimating 100 and mine officials calculating the total at less, but sixty bodies had been recovered by 9 o'clock tonight and twenty more were taken from a collapsed building on the surface.

In addition seventy-six miners are in the hospital with the likelihood of some of them dying, while about 150 others still are awaiting rescue from a gallery beneath the scene of the explosion.

OTHERS BELIEVED DEAD

Relief experts believe a number of these, who will be reached from neighboring galleries not damaged, will be found dead.

The explosion, which occurred 1200 feet below the surface, dealt death and destruction for miles around, and brought grief to the 10,000 inhabitants of this mining town. All day long weeping wives and children waited outside the pit mouth.

Apparently there were three explosions. The first, a gas blast, caused the dynamite stored in one of the shafts to explode. The great force of this upheaval blew up gasoline tanks in a building on the surface, and the administration building also collapsed, this latter inflicting a score of casualties.

CHECK DIFFICULT

Mine officials said part of the difficulty in estimating the casualties lay in the fact many of the 666 miners who went down on the day shift escaped safely, but were so frightened they did not check out with the company.

The 150 imprisoned men are at a depth of 1550 feet and ceaseless efforts are being made to reach them. Damaged ventilation and pumping machinery have been repaired to facilitate the work.

Representative Otis Wingo of Arkansas Dies

BALTIMORE, Oct. 21. (AP)—Otis Wingo, member of the House of Representatives from Arkansas, died tonight at Johns Hopkins Hospital, where he had been undergoing treatment for a fortnight.

Hospital officials said he underwent a gall bladder operation yesterday. He was born in 1877 and leaves his widow, a son and daughter.

POLISH NOVELIST DIES

WARSAW, Oct. 21. (AP)—Vlodimir Perzynski, noted Polish novelist and playwright, died today from heart disease. He was 55 years of age.

CHICAGO MUSICIANS STRIKE

Radio Show Program Called Off Because Pianist Employed to Play Had Been Discharged

CHICAGO, Oct. 21. (Exclusive)—The radio show in the Coliseum was without radio musicians tonight as the result of a strike called by James C. Petrillo, president of the Chicago Federation of Musicians. The strike, which prevents radio stations from presenting their stars at the show, was called because a piano player hired to perform there had been dismissed.

The walkout was called late in the afternoon just as several stations were preparing to put their performers in a glass-inclosed studio where the crowds at the show could watch them. As fast as the programs started the musicians were called out and the broadcasting soon ceased.

G. Clayton Irwin, general manager of the show, then made a trip to the City Hall and shortly thereafter Petrillo was called on the telephone and informed that "a committee from Mayor Thompson" was on its way to see him.

Twenty minutes later Judge John Sbarbaro and Mr. Irwin arrived at the federation offices.

"This piano player, Herbert Mintz, was hired by some one who had no authority to do so," explained Irwin. "We already have one man, Art Kahn, and we didn't need another. We really didn't hire Mintz."

"But," retorted Petrillo, "here is your program with Mintz's name on it. He was booked for the show and you won't have any radio musicians down there unless you come across with the one hundred and fifty coconuts you promised to pay him for a week's appearance. It can't be done."

There was some more argument but Mr. Petrillo was not to be moved and the "Mayor's committee" retired.

JOBLESS RELIEF LEADER NAMED

Col. Woods to Have Charge of Federal Program

Director Has Fine Record in Past Crises

He Aided War Veterans to Find Employment

(Continued from First Page)

tary of War Hurley, a member of the Cabinet committee.

PART-TIME WORK

Illustrating the benefits of the "stagger" system of employment, Secretary Hurley said today he considered it wiser to employ 2000 men for three days a week rather than 1000 men for six days. Such a system, he added, "would at least provide a meal ticket for the greater number." He added that he is considering the expansion of this system through his department's entire construction operations as an emergency measure for winter employment.

It is understood the President has certain definite steps in mind in connection with direct Federal assistance. When Congress convenes in December he undoubtedly will ask that it lift restrictions on appropriated funds so that they may be available for immediate construction work. Funds were spent during the past year up to the authorized limit but engineering estimates and architectural designs on other projects are now awaiting release of other funds.

ERIE RAILROAD HEAD SAYS BUSINESS BETTER

PORTLAND (Or.) Oct. 21. (AP)—Business is on the upgrade in all parts of the United States, in the opinion of Charles E. Denney, president of the Erie Railroad.

Denney arrived here today on his first western trip as president of the road. He was here last year as vice-president.

"There will be a gradual increase in business in this country from now on," Denney said. "It has started and while I believe there will be no sudden upward move, conditions generally are getting better."

Carl Howe, vice-president of the Erie, is with Denney. They will leave tomorrow for Hood River and then go into Washington to contact apple shippers.

FEDERAL DIRECTOR OF AID FOR JOBLESS

Col. Arthur Woods

BAN ON MACHINES URGED TO CREATE WORK FOR IDLE

TOPEKA, Oct. 21. (AP)—A move looking to substitution of man power for machine power on city construction jobs was launched today by Mayor Rigby as a means toward relieving unemployment. Mayor Rigby suggested all city contracts for construction work include a clause providing for use of man power.

UNIONS SEEK SIX-HOURDAY IN INDUSTRY

Rail Brotherhoods Plan to Launch Move at Meet in Chicago November 12

CLEVELAND, Oct. 21. (AP)—A movement to bring about a six-hour working day in American rail transportation industry will be inaugurated in Chicago November 12, next, when 700 representatives of seven union labor organizations in the field meet to consider unemployment relief and establishment of a shorter working day, it was learned tonight.

Representatives of all railroad labor groups in the United States and Canada will attend the conference.

The six-hour day campaign is to follow the movement by which the eight-hour day came into effect, it is understood. The latter movement was climaxed in 1916 by passage by Congress of the Adamson bill just before a threatened strike of the "Big Four" brotherhoods was scheduled to go into effect.

In connection with the shorter day campaign it is recalled that establishment of the eight-hour day in the railroad industry by Congressional action in 1916 was followed by its general adoption.

The likelihood is seen that the railroad unions are now leading the way toward possible general adoption of the six-hour day.

Calling of the Chicago conference was announced by David B. Robertson, president of the Brotherhood of Locomotive Firemen and Enginemen.

BLAST KILLS CZECH GIRLS

PRESSBURG (Czecho-Slovakia) Oct. 21. (AP)—Seven young girls have died from internal injuries and burns caused by an explosion in a cartridge factory.

BRITON RESIGNS PALESTINE POST

Lord Melchett Hits English Zionist Policy

Says Ministry Has Broken Faith With Jews

Weizmann Issues Appeal for Added Courage

LONDON, Oct. 21. (AP)—Asserting the British government by its attitude on Palestine has broken faith with the Jews who gave their lives and money during the war, Lord Melchett, noted British industrialist and leader of British Jewry, resigned his chairmanships of two committees of the Jewish Agency today.

His letter of resignation was sent to Dr. Chaim Weizmann, who yesterday resigned the presidency of the Jewish Agency and the International Zionist organization in protest against the government's white paper, which he interpreted as curtailing the activity of Jewish work in Palestine.

Lord Melchett said the government had been aided by Jews during the war, but the way the government had "wrecked" the loyal support of the Jews is incredible.

"It is an act of almost unparalleled ingratitude and treachery committed by a government toward a credulous and harassed people," he said.

WEIZMANN PROTEST

Lord Melchett (Alfred Mond) succeeded the late Louis Marshall as chairman of the Jewish Agency's council. As president of the English Zionist Federation and chairman of the Jewish Agency's council, Lord Melchett has been one of the leading figures in the movement for the upbuilding of Palestine.

An appeal to the Jewish people to bear witness to their loyalty to the Jewish national home in Palestine by heightened energy and redoubled achievement was issued tonight by Dr. Weizmann.

Under the heading of "In an Insolent hour" Dr. Weizmann said he has decided to resign his two offices and has informed the government of his action. The fact that he had taken this step after twelve years of leadership of the Zionist organization and the Jewish Agency "in itself expresses the view that I take of the government statement," he said.

"It is my emphatic protest against the one-sided and unjust criticism of our work and of my refusal to accept a policy which is a direct contradiction to the solemn promises of the British nation and of the text of the Palestine mandate."

ANSWER PLANNED

The Zionist Congress and the council of the Jewish Agency will be given an opportunity without delay to answer the statement of the government in the name of the Jewish people, Dr. Weizmann asserted.

A statement by the executive council of the English Zionist Federation said tonight it "notes with deep sorrow that the mandatory power now has definitely declared itself opposed to the further development of the Jewish people in its national home."

The council also urged the summoning of an extraordinary congress of the Zionist organization and a special meeting of the Jewish Agency to consider the "very grave situation that has now arisen and its bearings upon the future destiny of the Jewish people."

BRITAIN SCORED BY ZIONIST PRESIDENT

Commenting on the announced new policy of the British government with regards to Palestine, Aaron Riche, president of the Zionist organization of Los Angeles, made the following statement:

"The position now taken by Great Britain, as reported in The Times, seems to me to be a complete repudiation of that government's legal and moral obligations to the Jewish people and to Palestine.

"The Balfour declaration was the first official commitment made by Great Britain to the Jewish people and to the world of its feeling of responsibility for the rebuilding of a Jewish Palestine, and its later acceptance of the mandate for Palestine was merely a legal affirmation of its expressed willingness to undertake and discharge that responsibility in the name of the civilized nations of the world.

"Now the Balfour declaration becomes but a scrap of paper in the eyes of the British government and its mandatory responsibilities are to be subordinated to the British program of colonial development. The cry of 'Perfidious Albion' will undoubtedly again be raised at this repudiation of solemn pledges and the liberal nations of the earth must protest against this betrayal of the Jewish people.

"Zionism has received a body blow, but it will recover and, with the sympathy of the world and the united support of the Jewish people, will go forward to ultimate success in rebuilding the ancient Jewish homeland."

WARBURG RESIGNS FROM ADMINISTRATIVE COMMITTEE

NEW YORK, Oct. 21. (AP)—The Jewish Telegraphic Agency tonight made public a statement by Felix M. Warburg, banker, denouncing the British declaration of policy in Palestine as a "cruel and unfair betrayal" and announcing his resignation as chairman of the administrative committee of the Jewish Agency for Palestine.

Warburg has called a meeting of the American members of the committee for tomorrow and will then present his resignation. His statement charges that Lord Passfield, British Colonial Secretary, "had misled him, and caused him to be the innocent vehicle of misstatements" to the executive meeting of the administrative committee in Berlin last summer.

An all-day meeting today in the committee room of the Zionist organization of America laid plans for a protest demonstration.

TITLED LABORER WED

LONDON, Oct. 21. (AP)—The marriage of Sir John Fagge, Massachusetts auctioneer and day laborer who last January inherited a Baronetcy, to Mrs. Murdock of Boston, widow of the wealthy patent-food manufacturer, was disclosed here today by a relative, Noel Goss.

RACKETEER SEIZED AS "PUBLIC ENEMY"

[P. & A. photo]

George (Bugs) Moran

BUGS MORAN IN CUSTODY AS VAGRANT

Chicago Gangster Caught After Search Since June Killing of Lingle

CHICAGO, Oct. 21. (AP)—The law caught up with George (Bugs) Moran today, harassing him with such charges as vagrancy and carrying concealed weapons, and questioning him about numerous slayings and other major crimes.

The search that started June 9, when Jake Lingle, Tribune reporter, fell mortally wounded in a pedestrian tunnel, ended early today in a small roadhouse west of Waukegan, Ill. The Lake county State's Attorney and five private detectives made the raid, and Moran, after he saw who it was, made no resistance.

Lingle was a close friend of "Scarface Al" Capone, so when the reporter was shot down from behind the police inclined to the theory the gang headed by Capone's archenemy, Moran, might have had something to do with it.

Moran had disappeared, however, and when Jack Zuta, Moran's lieutenant, was killed as a supposed sequel to the Lingle slaying, the plot thickened and the search for the gang leader intensified.

There were numerous other things the police wanted to talk to Moran about, including the unsolved St. Valentine's Day massacre of seven of his henchmen last year.

Moran was charged with vagrancy and carrying concealed weapons by Waukegan authorities and released on bonds of $10,000 into custody of Chicago officials who brought him here on one of the "public-enemy" warrants issued several weeks ago for major gangsters.

What he told the police, if anything, was not revealed, but Moran told reporters in Waukegan the vagrancy charge was "ridiculous."

Moran said he has "been out of the booze business and all other rackets for four years."

Ehrman Named Regent of U. C.

SACRAMENTO, Oct. 21. (AP)—Sidney M. Ehrman of San Francisco was appointed by Gov. Young today to the Board of Regents, University of California, succeeding Regent A. W. Foster, deceased.

The Governor said that three years ago he received many letters urging the appointment of Ehrman to the board but at that time there was no vacancy. One of those recommending Ehrman was Foster, whose death left a vacancy.

Boy Who Killed Father Freed

CLAREMORE (Okla.) Oct. 21. (AP) Jay Bonner, 14 years of age, Chelsea High School boy who shot and killed his father, C. C. Bonner, the 13th inst., in defense of his mother, was freed today by Hartley Brown, judge of the Rogers County Juvenile Court.

The court ruled the boy's act in firing when he believed his mother's life to be in danger, was "justifiable homicide."

Testimony was to the effect that Jay came upon his father beating and choking his mother.

Daniels Makes Dry Prophecy

TULSA (Okla.) Oct. 21. (AP)—Josephus Daniels, Secretary of the Navy under Woodrow Wilson, declared here today the Democratic party "will not swing wet in 1932."

"Those who think it should have never read the election returns of 1928," he said. "That year we espoused the wet cause to the extent of supporting a wet candidate. No party can win with a liquor barrel on its banner."

SENATOR ASHURST'S WIFE IN HOSPITAL

SANTA BARBARA, Oct. 21. (AP)—Mrs. Henry F. Ashurst, wife of United States Senator Ashurst of Arizona, has been a patient at the Cottage Hospital here for three days, it was revealed tonight. Attendants at the hospital said she entered for diagnosis and treatment. They said she is "getting along nicely."

ADVERTISING MAN ENDS LIFE

SAN FRANCISCO, Oct. 21. (AP)—Charles A. Horne, head of an advertising agency and formerly a newspaper man, committed suicide here today.

RUSSIA HURLS TRADE THREAT

Retaliation for Projected Barriers Planned

United States, in Particular, Receives Warning

"Dumping" Cry Declared to Be Capital's Ruse

MOSCOW, Oct. 21. (AP)—The newspapers Isvestia and Pravda, in leading editorials, today voice threats of economic retaliation by the soviet government against countries which may pass laws prohibiting import of cheap Russian goods. The editorials are inspired by the decision of the council of people's commissars to reduce to a minimum purchases in any country which "places obstructions to soviet imports."

While the editorials and the commissars' decision do not mention the United States there is said to be little doubt that the warning is intended primarily for America.

WARNING VOICED

Isvestia says:

"This responsive measure of the soviet government must force the authors and supporters of the so-called soviet dumping cry who have not yet completely forgotten the ABC's of world economic relations, to think over the results of their blind hatred toward the soviet union.

"The cry about soviet dumping is an organized machination of limited capitalistic circles who continue, under a new form, to prepare public opinion for war against the soviets. The capitalistic circles themselves know that the dumping outcry is nothing but a myth. All capitalistic trusts, combines and concerns dump their goods on world markets.

"MORE IDIOCY"

"The attempt to accuse the soviet of trying to aggravate a crisis which has embraced most countries, by means of dumping its goods, is more idiocy on the part of its initiators because soviet exports compose only 2 per cent of the world's turnover and this small percentage could by no means influence world trade.

"The soviet union exports its surplus production and also certain goods which could be used in the home market because we are in need of foreign raw materials and equipment. Machinery and equipment compose four-fifths of the total soviet imports.

"We force our exports in order to obtain articles for carrying out our industrialization plan. The religious crusade against the soviet having failed, capitalistic speculators are taking another chance at inciting the peasants in their countries against the soviet states by raising the howl of soviet dumping.

PROOF OFFERED

"The refusal of the soviet government to purchase in countries which obstruct our export will serve to prove to the laborers of these countries that the speculators and military adventurers not only raise the cost of their bread, but also deprive them of work.

"The decision of the council shows that the soviet government does not intend to remain a passive observer of the campaign abroad directed against the interests of the workers and peasants in soviet Russia."

ANTIDUMPING ORDINANCE ISSUED BY RUMANIA

BUCHAREST, Oct. 21. (AP)—An ordinance was issued today against the dumping of foreign products, the understanding being that it was directed particularly against Russia.

Under the new decree, all goods imported from abroad must bear the stamp of the country of origin and must be accompanied by a permit issued by the local Rumanian trade attache.

NAVY SUBMITS HUGE PROGRAM

(Continued from First Page)

battleship replacement under the Washington treaty after 1936, when the London treaty expires, the fourteen-year board program arranges for laying down replacements for the fifteen American battleships, all of which will have reached the age of obsolescence by 1945.

Other ships included are replacements for the ten six-inch gun cruisers now commissioned, the additional 73,000 tons of six-inch gun cruisers permitted by the London pact, 150,000 tons of destroyers which reach the age limit by 1936, 40,000 tons of submarine replacements and 55,200 tons of carriers allowed by the London and Washington treaties but which this country has not built up to date.

WILL PUSH BILL

It is considered most likely that the Navy Department will recommend to the President that the first three or five years of the above program should be included in the new authorization bill and pushed when Congress opens. Such a bill, if for a five-year period, would include the 55,200 tons of aircraft carriers, at least part of additional 73,000 tons or six-inch gun tonnage permitted by the treaty, 50,000 tons of destroyers so an orderly replacement program could be commenced and from 20,000 to 30,000 tons of submarine tonnage. This program would cost less than $500,000,000, but would not include warships already authorized.

The tonnage allowed the United States by the London treaty is 1,114,000 tons.

PRINCE GEORGE SAYS LIGHT CRUISERS TO STAY

LONDON, Oct. 21. (AP)—Prince George, youngest son of the British rulers, said in an address at the Navy League dinner tonight he thought it will be a long time before light cruisers and other small naval craft can be dispensed with because they shoulder most of the monotonous but important job of police and ambulance work in peacetime.

WOMAN CRUSHED TO DEATH

DENVER, Oct. 21. (AP)—Crushed beneath a ton of cabbage when she attempted to leap from a truck as it overturned, Mrs. Mary Parr, 61 years of age, of Golden, was killed here tonight.

RADIO STATIONS TO LEARN RULES

Federal Commission Moves to Curb Offenders

Transgressors Get Permits for Thirty Days Only

KMPC, Beverly Hills, One to Explain Variations

WASHINGTON, Oct. 21. (AP)—Severe action to compel radio broadcasting stations to adhere to its rules and regulations was taken today by the Radio Commission when it granted temporary licenses to a number of important stations, pending investigation of charges of misuse of the air by them.

The charges largely constitute deviations in use of power, time, failure to give signals and lesser infractions of the rules. None of the specific charges against the stations was made public.

Chairman Saltzman of the commission said each of the stations accused would be notified of the charges within a few days by letter.

MONTH LIMIT SET

In the meantime these stations, along with others against which charges have been lodged, are to operate on a thirty instead of a ninety-day license. With few exceptions the commission granted ninety-day license renewals to all other stations.

Included in the exceptions are eleven stations which failed to file application with the commission twenty days before expiration of licenses on November 1. Temporary ninety-day licenses were granted, however, to seven stations, which have instituted injunction proceedings in the District of Columbia Court of Appeals against commission actions.

TEMPORARY LICENSES

Temporary licenses for ninety days were authorized for five stations against which charges have been filed and the commission today ordered their hearing set as early as possible.

In addition to granting a thirty-day renewal to ten stations previously cited to show why they should stay on the air, the commission later announced it had extended for a month temporary licenses to eleven stations against which charges are pending, including KMPC, Beverly Hills, Cal.

BEVERLY HILLS STATION EXPLAINS CHARGES

Officials of radio station KMPC, operated by the Macmillan Petroleum Corporation in Beverly Hills, last night said the first complaint against the station was made about three months ago for asserted variations in wave length, but added that as soon as the charge was filed a crystal control device was installed to correct the condition. The station has filed an application for full-time broadcasting which now is pending in Washington.

SAND SLIDE BURIES TWO WORKMAN ALIVE

CONCORD (N. H.) Oct. 21. (AP)—Albino Pinto of Ludlow, Mass., and Thomas Hayes of Pittsfield, N. H., were buried alive here today in a 100-foot sand slide on the new Concord-Dover highway. Both bodies were recovered. Mario Pia, steam-shovel operator, was also buried, but managed to dig himself to safety.

ROAD PARTY TALK GROGGY

Adjective Uppercuts and Pronoun Straights From Powerful Jaws Put Delegates on Ropes

BY HARRY CARR
"Times" Staff Representative

BARSTOW, Oct. 21. (Exclusive)—The delegates—both Mexican and Yankee—on the highway inspection tour are staggering to their knees, groggy from listening to oratory. They have been orated to at breakfast time, overwhelmed with eloquence at luncheon, and sent to bed woozy from after dinner banquet speeches. Gov. Gomez has been asked to speak so many times that he begged off at breakfast at El Centro this morning. His larynx had gone on a strike.

The Los Angeles Chamber of Commerce could make the hit of its life if—at the coming luncheon—the chairman said, "Gentlemen, you are welcome," and sat down. But nothing like this will occur. The chairman of the committee on ventilation and acoustics, who will be the thirty-eighth speaker, is probably putting the finishing touches on a deathless oration, and the third vice-president of the committee on delinquent membership is, no doubt, rehearsing before his wife.

SPANISH SPOKEN

The banquet breakfast at El Centro had one shining virtue—nearly all the speakers addressed the Mexican delegates in their tongue. At San Diego, most of the speakers could not correctly pronounce Tia Juana.

Today was spent in inspecting desert roads. Gov. Gomez was so much impressed that he got out and drove one of the caterpillar tractors himself in Box Canyon, out from Mecca.

This experience of viewing new roads, half-finished roads and old roads, has proven to be of such value that Gov. Gomez said this morning he intends to organize an expedition as soon as he gets to Mexico and try to induce the governors of all the States through which the International Pacific Highway will pass, to our the entire route under the guidance of American engineers from the Automobile Club of Southern California. His idea is to buy modern road machinery before they start and drop it off at such points as the engineers recommend.

BOX LUNCH ENJOYED

The party stopped for luncheon on the open road. The box lunches were unexpectedly reinforced by the graciousness of a Coachella date packing-house which sent out six very beautiful little Mexican girls in white starched uniforms. The arrival of the lovely senoritas with dates created no noticeable animosity, but did nothing to contribute to the speed of scheduled departure.

At Indio the party was shown through a date packing-house, it being the height of the best packing season in the history of the valley. Arrangements have already been made by Gov. Gomez to buy several thousand off-shoots and send to Mexico for planting. As the result of this visit, Mexico is very likely to undertake date raising in a big way.

The loveliest party of the entire trip is going on at the Hotel Beacon in Barstow tonight. One of the great needs of the new highway to be built in Mexico is a system of good hotels. For that reason they were brought here to see a hotel that is a little gem set in the desert. A Mexican cabaret has been brought in from the Mission Inn at Riverside and the dinner is gay with Pablano costumes, the click of castanets and the lilt of Mexican songs.

AMERICANS ARRIVE IN ABYSSINIA

Delegates to Coronation of Emperor of Ethiopia Given Warm Welcome

ADDIS ABABA (Abyssinia) Oct. 21. (AP)—After a torrid five-day voyage from Port Said down the Red Sea and an equally hot trip by rail through French Somaliland and Abyssinia, the American delegation to the coronation of Ras Tafari, Emperor of Ethiopia, which takes place November 2, arrived here today. They were cordially greeted by the Crown Prince.

Throughout the 500-mile run over a narrow-gauge railroad, the Americans were welcomed with lavish hospitality and kindness by native princes, tribal chieftains and government officials.

The special train carrying the Americans was decorated with the Stars and Stripes, flags made specially for the occasion by the Abyssinian government, which fluttered alongside the Abyssinian national colors.

At all stations along the route tribal leaders and many of their warriors, armed with rifles, medieval scimitars, lances, spears and shields of hippopotamus hide embellished with gold were lined up as a guard of honor for the American delegation.

The envoys were the first of twelve groups to arrive in Abyssinia.

None of these mountain dwellers ever before saw an American. All appeared struck with wonder by the white faces and modern garb of the visitors.

Score Injured in Indian Riot

BOMBAY (India) Oct. 21. (AP)—Twenty persons were injured today when the police fired and charged with their staves into a crowd in the Perel district.

The throng surrounding a speaker refused to disperse, although a recent decree makes public meetings unlawful.

Miss Omji, new president of the War Council of the All-Indian National Congress, who had addressed the crowd, was arrested with four others.

Adams Denies "Leak" on Bid for Navy Job

WASHINGTON, Oct. 21. (AP)—Secretary Adams today denied there had been a "leak" from the Navy Department regarding the estimate of the Brooklyn navy yard in its bid for the construction of the Navy's new aircraft carrier.

Representative Celler, Democrat, New York, in a letter to Secretary Adams, charged the Secretary had revealed the bid of the Brooklyn navy yard and a subsequent lower bid of the Newport News Shipbuilding and Dry Dock Company had been accepted.

"There are no grounds for the charge," the Secretary said. "The bid was kept secret in the files of the Navy Department."

HURRICANE TIES UP TRAFFIC IN VERA CRUZ

MEXICO CITY, Oct. 21. (AP)—Dispatches from Vera Cruz today said a hurricane with winds ranging up to 100 miles an hour struck that city yesterday, tying up traffic in the port. No great damage was reported from the wind, which was accompanied by heavy rainfall.

KIN AND AIDES M'RAE HEIRS

Publisher's Will Makes No Bequest to Charity

Daughters Left Holdings in Corporation

Grandson, Sister and Many Employees Benefit

DETROIT, Oct. 21. (AP)—Relatives and employees will share exclusively in the estate of Milton A. McRae, publisher, who died on the 11th inst. at San Diego, Cal., according to the will filed today for probate. He made no bequests to charity, explaining in the will that all his life he had been making substantial contributions to welfare organizations.

A grandson, John Paul Scripps, 18 years of age, whom Mr. McRae had raised since the boy's parents died in 1914, is bequeathed all the personal possessions and real-estate holdings in San Diego. In addition, he created a $50,000 trust fund for youth's education and expressed the wish that he become a newspaper man. It is explained in the will that the youth already is heir to $1,000,000 left him by his parents.

To the grandson's tutor, Miss Alice Wares, he left a life income of $125 a month and a gift of $3500.

To a sister, Mrs. Margaret E. Lindsay, Cincinnati, is left $50,000. A trust fund is created which will assure the late publisher's son, Lidsay S. McRae, an income of $6000 a year. Of this income, however, a grand-daughter, Maryann McRae, is to receive $150 a month. Miss McRae, the will explains, already is heir to the estate of Charles B. Kelsey.

Except for numerous bequests to employees, the remainder of the estate is divided between two daughters, Mrs. Helen M. Henderson of Mount Clear, N. Y., and Mrs. Marie McRae Temple, Grand Rapids, Mich. They are willed specifically his holdings in the Milton A. McRae Corporation.

BRAZIL REBELS TELL OF GAINS

Advances Claimed Despite Torrential Rains

Two Columns Said to Be in Sao Paulo State

Federal President Hurries Up Combat Troops

PORTO ALEGRE (Brazil) Oct. 21. (AP)—Despite torrential rains, Brazilian insurgent leaders tonight claimed further advance against the Federal army, asserting two columns of insurgents are in the State of Sao Paulo, having crossed the border this week.

The insurgents also claimed the large State of Matto Grosso had joined the revolution and a governmental junta has been formed at Cuyaba with Maj. Rabello at its head. Anibal Toledo, former Governor, is said to have been deposed.

Getulio Yargas, head of the present revolutionary movement, made a trip to Curityba, where he was greeted by more than 20,000 persons. The city capital of the State of Parant greeted him with ceremony and enthusiasm.

COMBAT FORCES ORGANIZED BY PRESIDENT

RIO DE JANEIRO, Oct. 21. (AP)—With the military situation along the Parana-Sao Paulo frontier inactive because of heavy rains, President Washington Luis is devoting particular attention to the organization of combat forces to take the field as soon as possible.

The aviation service has been particularly active, conducting many reconnaissances and bombing insurgent forces wherever possible. The purpose of these activities has been to keep the rebel forces disorganized and prevent them from gathering in large numbers.

The State of Minas Geraes is reported quiet, as is the Parana-Sao Paulo frontier, and Federal patrols said they have been unable to make contact with the enemy.

Suicide Burns Self at Stake

SAN JOSE, Oct. 21. (AP)—Achilles Alloggi, 60 years of age, a cigar maker tired of life, committed suicide by chaining himself to a stake in an unfrequented creek bottom near here, drenching himself with gasoline and setting himself afire.

His charred body was found today. Alloggi left a note to a daughter saying his death would "be better for all concerned."

He used a dog chain to fasten himself to the stake.

STEEL COMPANY SUES REVENUE COLLECTOR

SAN FRANCISCO, Oct. 21. (AP)—The San Francisco Iron and Steel Company brought suit in Federal court here today against J. P. McLaughlin, collector of internal revenue, for $400,000 damages. The steel company asserted McLaughlin confiscated two steamships and a quantity of iron and steel owned by the company for asserted unpaid income taxes for 1918, 1919 and 1920, although the company had paid its taxes for that period. McLaughlin's action, the complaint set forth, left the steel company on the verge of bankruptcy.

PARTIES REPORT CASH EXPENDED

Outlay of G.O.P. $573,173 Up to 20th Inst.

Democrats Used $22,085 Since September 1

Heflin's Opponent Aided, Hitchcock Passed Up

WASHINGTON, Oct. 21. (AP)—The Republican National Committee reported expenditures of $573,173 in the campaign this year up to the 20th inst., in its detailed statement submitted today to the clerk of the House.

The Democratic Senatorial Campaign Committee in its report listed expenditures of $22,085 between September 1 and the 20th inst. Bernard M. Baruch, New York financier, was chief contributor to this committee with a gift of $20,000.

Reports for this period, which are required by law, have not been received so far from the Republican Senatorial Campaign Committee nor from the Democratic National Committee.

HOUSE FUND CREATED

Of the $500,000 Republican campaign chest, $120,000 has been turned over to the Republican Congressional Committee which is in charge of the drive for Republican members of the House; and $55,000 has been given for the Republican Senatorial Campaign Committee.

The heavy contributors to the Republican National Committee fund were William Wrigley of Chicago, and Julius Forstmann of Passaic, N. J., with donations of $10,000 each. Other Republican contributors included Ogden Mills, Undersecretary of the Treasury, $5000; Dwight Morrow of New Jersey, $5000; Mrs. Elizabeth C. Morrow, $5000; William H. Crocker of San Francisco, $5000; Lammot Du Pont, Wilmington, Del., $5000; F. V. Du Pont, $5000; Dwight Davis, Governor-General of the Philippines, $1000; Henry M. Robinson, Los Angeles, $2500; Harry J. Bauer, Los Angeles, $2500; H. and M. H. Fleishhacker, San Francisco, $1000, and Wallace M. Alexander, San Francisco, $1000.

EDITOR PAID

The Republican report also showed payment of $2000 in salary to David Hinshaw, the editor of Washington, a tabloid newspaper being issued "to tell the story of the Hoover administration," and a payment of $1500 to Hinshaw for postage.

The Democratic Senatorial Committee reported the following allotments of funds to candidates:

Thomas J. Walsh, Montana, $1000; H. H. Schwartz, Wyoming, $1000; Edward P. Costigan, Colorado, $1000.

HITCHCOCK FUNDLESS

While contributing to the candidate opposing Senator Heflin in Alabama, the Democrats have so far sent no funds to Gilbert M. Hitchcock, Democratic nominee in Nebraska opposing Senator Norris, insurgent Republican.

The Democrats also sent $1500 to C. A. Hatch for the New Mexico Senatorial campaign.

Report was made of a $2000 contribution for the campaign of Gov. Bulow of South Dakota who is running for the Senate on the Democratic ticket. Hubert H. D'Autremont, chairman of the Minnesota Democratic Central Committee, made this contribution, which was forwarded to A. L. Putnam, chairman of the Democratic State Committee at Pierre, S. D.

Pinchot Claims Hoover Support in Radio Talk

WASHINGTON (Pa.) Oct. 21. (AP) President Hoover stands for the election of the entire Republican ticket in Pennsylvania in the November 4 election, Gifford Pinchot, Republican gubernatorial candidate, declared in a radio address here today.

"And no one who has the slightest knowledge of national affairs can doubt that the election of the whole Republican ticket in Pennsylvania is most necessary," Pinchot said.

Pinchot's declaration was in direct conflict with that made yesterday at Uniontown by Secretary Davis, United States Senatorial nominee. Davis said: "The President has not indorsed any candidate and he cannot even indorse me and I am a member of his Cabinet. The late President Wilson got himself in a devil of a fix in this respect several years ago."

speaking of really fine overcoats

yes—you may pay $250, or a flat $175 less than that—and either will be a fine coat

—and it is not always a matter of price preference—many men who well know they can afford limit-height prices really prefer the lower ends—that is why we have equally fine diversity at both ends and in the middle of this thing called price limits, with emphasis on the quality-edge at every price

NEWS OF SOUTHERN COUNTIES

LOVE'S DREAM IS NIGHTMARE

Santa Ana Maid Asks Court for Heart Balm

Sets $75,000 as Amount for Proper Repairs

Girl Says That She is Under Physician's Care

SANTA ANA, Oct. 21.—He told her that she was made for him and that he was madly in love with her and wanted to marry her.

Since she was madly in love with him, that made her the happiest woman in the world and they set the wedding date for "late in July" of this year.

Then he betrayed her and, as the marriage date neared, he turned cool and broke their engagement, telling her that it would break his mother's heart if he should wed.

Such was the tale of spurned love brought to Superior Court here today by Louise Taggart, a business girl, against A. Ponick, who, she says is substantially wealthy, and prominent in business and social circles. She demands $75,000 damages for asserted breach of promise.

Planning joyfully on her marriage, Miss Taggart told her friends of her happiness. Then her world crashed about her ears, she said, and she faced humiliation, ridicule and jest. She changed her employment to another neighborhood to avoid her friends, she became morose and despondent and finally went under a physician's care. Ponick, she charges, never had any intention of marrying her.

Protests Rise on Mexicanizing of Tia Juana

SAN DIEGO, Oct. 21.—Efforts of Gov. Arturo Bernal of Lower California, to "Mexicanize" Tia Juana are meeting with storms of protest from business men, particularly Americans, in the border town, advices from Tia Juana today stated. Rumors there are to the effect that the Governor has passed, or is contemplating an edict, which will make only Mexican money legal tender in Tia Juana. Business men there say that this will not only hurt business, the American visitor having to change his money for Mexican and spend it all there, but will necessitate removal of all cash registers, some of them costing as much as $800, and substitution of registers which can record transactions in the Mexican monetary system.

Oberlin College Oldest Alumnae Yields Her Cane

REDONDO BEACH, Oct. 21.—Funeral services were conducted here this afternoon for Mrs. Mary Katherine Hanby, widow of Benjamin Hanby, author of the ballad, "Darling Nellie Gray," who died at the home of her daughter, Mrs. F. D. Jones early Sunday.

Mrs. Hanby was 95 years of age, the holder of the traditional cane of Oberlin College, which now passes into the hands of the next eldest graduate. She had made her home with her daughter at 214 Avenue C for several years.

Besides the daughter, she leaves a son, William Hanby of Mt. Vernon, Ind., and a brother, W. S. Winter of San Jose.

Services were from Niland's Chapel of the Flowers, and were private.

CRESCENTA SCHOOLS MAY JOIN GLENDALE

LA CRESCENTA, Oct. 21.—The Glendale School Board has approved the expenditure of funds for a survey of the Crescenta school district with the view of consolidating this school district with Glendale. Within two or three weeks the result of the survey will be made known.

As Crescenta is virtually one of the northern suburbs of Glendale, it is conceded that the funds of the Glendale schools should be partly expended in the upkeep of the Crescenta system. The agreement to a consolidation probably will mean more and better schoolhouses and a better financial arrangement for the employment of more teachers.

GOLDEN WEDDING OBSERVED

Redlands Couple Congratulated

Mr. and Mrs. Fulton G. Feraud in Double Anniversary

SEVEN BIDS FOR COUNTY JOBS TAKEN

Ventura Courthouse and County Jail Structures to Be Started Soon

VENTURA, Oct. 21.—Accepting bids on seven of the eleven contracts for the Courthouse addition and County Jail building, the Board of Supervisors today launched a building program valued at a total of $314,665. Low bids on three of the other contracts, totaling $4903, were taken under advisement, while the board reserved final decision on the jail steel contract until November 5.

All contractors named by the Supervisors already have expressed their intentions to use Ventura county labor and pay the prevailing local wage scales, according to Harold Burket, architect for the structure.

The general contract went to the Union Engineering Construction Company of Los Angeles, whose bid was $259,528. Henry W. Schluefer, actual low bidder on the project with an estimate of $258,490, formally withdrew his bid, stating he had been awarded a large contract in Hollywood and would be unable to do both jobs at once.

Distiller Gets Prison Term

RIVERSIDE, Oct. 21.—Charles Miller, San Jacinto distiller caught with a small liquor-making apparatus, was given one of the most severe sentences the offense has ever drawn here when Superior Judge Morton committed him to San Quentin penitentiary and fined him $1000. Officers said he will not be eligible for parole until the fine is paid, the term being one to five years.

Miller received the long sentence because of a previous brush with the law. He was arrested last year by Sheriff's officers and with his wife was charged with bootlegging and maintaining a common nuisance at their San Jacinto restaurant.

BUILDERS MEET FRIDAY

REDONDO BEACH, Oct. 21.—The Southern California conference of builders' exchanges is scheduled to be held here next Friday, when delegates will meet for afternoon and evening sessions. James F. Collins, registrar of contractors, will be one of the principal speakers. Both sessions will be at the Masonic Temple and at 6:30 p.m. a banquet will be served.

REDLANDS, Oct. 21.—Mr. and Mrs. Fulton G. Feraud of this city yesterday celebrated the fiftieth anniversary of their wedding and also the thirty-second anniversary of their coming to Redlands, for they are well-known pioneers here. A reception in their honor was held at Trinity Episcopal Church last night.

They have been active in Trinity Episcopal Church since its beginning. Mr. Feraud served as a member of the vestry, was clerk and treasurer and Mrs. Feraud has taken an active part in the women's work.

Mr. and Mrs. Feraud were playmates in their school days and the friendship continued until in 1880, when they were married in New York City, Rev. John Steen, rector emeritus of Ascension Memorial Church, presiding.

Their only daughter is a native of Redlands, but has gone back east to live. She is Mrs. W. G. A. Warner of East Orange, N. J., wife of the chief of staff on the board of surgeons at the East Orange Community Hospital.

Mrs. Feraud has been in public service here for eighteen years and for three terms has been the Recorder of San Bernardino county.

The staff of the Recorder's office gave a big party yesterday for Mr. and Mrs. Feraud with a dinner and many special guests.

Corona Youth Gets Five Years in Road Camp

RIVERSIDE, Oct. 21.—The longest term in the history of the county road camp was handed out to a young Corona offender, Verne Russell, today by Superior Judge Morton, when Russell appeared before him for sentencing on a charge of resisting arrest by striking a Corona officer in the head.

Russell was committed to the camp for five years. With good behavior he will cut this down to three years, as a prisoner wins ten days "good time" a month.

A report filed by County Probation Officer Mathews in Russell's case assertedly disclosed one of the worst minor-offense records ever read in the court records.

Besides having been committed to the Preston School of Industry, a State institution for incorrigible boys, Russell has been in trouble on checks, petty theft, assault with deadly weapons, simple assault and a variety of other charges, the report said.

On a charge preferred against him last spring at Corona he was given a jail term and it was suspended on condition he leave town. This he had failed to do when he was arrested again on a small charge by the Corona police. On the way to the City Jail he suddenly struck the officer, evidently in an attempt at escape.

Legion District Quota Received

HUNTINGTON PARK, Oct. 21.—Lawrence Klinker of this city, commander of the nineteenth district of the American Legion of California, has received information from the State department that the quota for the 1930-31 membership drive for the district has been placed at 4900.

The membership quotas of the various posts of the district are set as follows: Bell, 100; Catalina, 70; Compton, 120; Belvedere Gardens, 230, Bellflower, 65; Downey, 100; El Segundo, 115; Florence, 95; Gardena, 70; Huntington Park, 450; Hawthorne, 80; Hynes, 70; Lynwood, 165; Long Beach, 1200; Maywood, 325; Montebello, 65; North Long Beach, 80; Norwalk, 30; Pico, 45; Redondo, 235; San Pedro, 365; South Gate, 175; Torrance, 125; Wilmington, 130; Watts, 100; Whittier, 250; Fred Whitaker, 250; Woman's Post, Long Beach, 25.

BELL CHAMBER WILL GIVE ANNUAL DINNER

BELL, Oct. 21.—Plans are being made by the Bell Chamber of Commerce to hold a membership dinner at the Ebell clubhouse on the evening of the 28th inst., which will be the starting of a membership drive. A speaker from Los Angeles will be present.

COURT ACTION COURTED

Pasadena Man Breaks Game Law in Order to Have Test Case Finally Decided

CHINO, Oct. 21.—Seeking a definite court ruling on shooting game birds protected by law that are assertedly ruining truck gardens, the I. H. Jacobs Company of Pasadena is breaking into the courts by carefully planned violation of the law. Recently R. A. Jacobs, secretary for the Jacobs company, owners of ranching property in Chino Valley, sought to rid the place of pheasants which he says were destroying tomato crops. C. F. Kolb was hired to shoot a pheasant in order to get a test case started, and C. R. Stead, Pomona attorney, was retained to fight the case for the ranching company.

Justice of the Peace Ralph Homan found Kolb guilty of violating the game laws only, and fined him $25, of which $15 was suspended. No decision having been made, the ranching company through Attorney Stead, hired Albert Nicolett to shoot another pheasant or two in order to start court action again.

Accompanied by Attorney Stead, Constable W. J. Tebo, Agricultural Inspector C. C. Delphey and Supt. Platt from the State game farm at Chino, Nicolett went to the company's ranch property and shot two pheasants, and was immediately arrested.

The contents of the birds' craws were taken out and studied, and, it is asserted, disclosed tomato pulp and seeds.

At the trial before Judge Homan Supt. Platt and other tomato growers, testified that the pheasants, which had been released from the Chino game farm, did no harm to tomato patches. Others said considerable harm was done.

According to the plan of procedure, Nicolett will be tried in Judge Homan's court, and if found guilty the case will be carried by the company to San Bernardino county Superior courts, and then to the State Supreme Court if necessary, in order to get a decision on the right to shoot destructive game birds, according to the Jacobs company.

The pheasants are protected by law, but the Jacobs company believes they are justified in destroying game birds that destroy crops.

MARINE CORPS FLYER KILLED

Lieut. C. R. Neil Dies as Chute Tangles in Plane

Lieut. J. P. Adams, Pilot, Burned, Leaps Safely

Falcon in Flames Crashes South of El Cajon

SAN DIEGO, Oct. 21.—Lieut. C. R. Neil, 26 years of age, Marine Corps flyer here, was instantly killed today when his OC-2 Falcon plane, in which he was flying as passenger with Lieut. J. P. Adams, also of the marine unit, burst into flames and crashed about two miles south of El Cajon. Adams used his parachute and made a safe landing. Cause of the crash was being investigated by other marine flyers, who left North Island in a second plane when word of the mishap was learned. Neil and Adams were making a reconnaissance flight over the back country when the plane fell.

Neil had been with the marine aviation unit here only three months. He arrived in July, having lived in Oklahoma before coming to the Coast.

The plane burst into flames as it spiraled earthward, according to report by Coleman D. Hinkle, real estate man, who witnessed the accident. The crash occurred as the plane was heading back toward San Diego. At an altitude of approximately 2500 feet Adams sent the plane into a spiral in an attempt to make an emergency landing, having discovered that his oil gauge registered zero, said Hinkle. Hinkle found Adams soon after the crash occurred. He said the flyer incurred burns on one foot, which were treated by a doctor summoned from San Diego. The plane crashed into a hillside.

Examination of the wreckage showed Neil apparently had attempted to leap to safety, but his parachute was entangled in one of the wings of the plane. It was partly open. Adams told Hinkle that he signaled for Neil to jump just before he made his leap. At the time he leaped, he said, the flames were coming into the cockpit.

Grapefruit Men of Coachella to Hold Back Crop

REDLANDS, Oct. 21.—Mark D. Anderson, manager of the Redlands-Highland Fruit Exchange, says that 60 per cent of the growers of grapefruit in the Coachella Valley, at a meeting held last night at the M. H. Whittier clubhouse, agreed not to harvest their crop or ship grapefruit until it gives perfect eating quality.

It was the opinion of the growers present that while the fruit at this time tests much more than the State requirements, yet nothing is to be gained by loading the market with the desert grapefruit until it is as sweet as it will be a couple of weeks later.

November 1, next, was the date agreed upon as the earliest date on which the fruit for this season should be picked.

The fruit grown by this group will amount to about ninety cars. It is all packed at the Redlands Heights Groves packing-house of which George Musson is the manager.

Another large group of growers here started picking of their fruit yesterday and it will be packed in the Crafton Mutual house here.

Reseda District Busy in Sending Harvest to East

RESEDA, Oct. 21.—The fall movement of truck crops from the Reseda section is at its peak. At this time from fifteen to twenty carloads of tomatoes are being shipped to eastern points. The tomato acreage in and around Reseda this season is the largest in several years and yield and quality are above average.

Lettuce in the fields is growing under perfect conditions and some of the earlier sorts will be ready for harvest within two weeks. The new packing shed at Tarzana, in this district, is now ready for the rush shipping season.

It is estimated that 500,000 crates of lettuce will be shipped from the Reseda-Tarzana district to eastern markets this fall. The product will come from about 3000 acres that have been planted in this part of San Fernando Valley.

Dr. Brown Dies at Fillmore

FILLMORE, Oct. 21.—Dr. Frank T. Brown, 50-year-old dentist of this city, died last night from pneumonia at his home here. The dentist, a past president of the Fillmore Lions Club and a member of the Masonic Lodge of San Francisco, had been a resident for five years, coming here from Hayward. He was born in San Francisco.

He leaves a widow, Mrs. Minnie B. Brown. Funeral services will be conducted at 2 p.m. Wednesday with the Lions Club in charge. The body will be sent Wednesday night to San Francisco for burial.

POST AUXILIARY ELECTS

RESEDA, Oct. 21.—Mrs. Helen Ayers was elected president of the local post of the American Legion Auxiliary at the annual meeting here. Other officers are Mrs. Ruth Hile, Mrs. Genevieve Nelson, Mrs. Cathren Schroeder, Miss Marie Schroeder, Mrs. Ruth MacDonald, Mrs. Ruth Pierson, Mrs. Vera Olson, Mrs. Ethel Parker, Mrs. Doris Hedrick and Miss Eleanor Denham. All officers will be installed on the 28th inst.

ECHOES OF THE PAST

Post Card Written From Alhambra Twenty Years Ago Tells Story of City's Rapid Growth

ALHAMBRA, Oct. 21.—A twentieth century Rip Van Winkle story has come to light through the medium of a return postal card issued in 1910 by the Alhambra Board of Trade and mailed back to Alhambra recently from Nashville, Tenn. It was delivered to the Alhambra Business Men's Association, as the Alhambra Board of Trade has been out of existence for many years.

The card was prepared twenty years ago as publicity for the little town of Alhambra, the Board of Trade at that time serving as a Chamber of Commerce. Its return was a request for an illustrated booklet about Alhambra and the San Gabriel Valley. Alhambra in 1910, according to the data printed on one side of the card, had an area of nine square miles, a population of 5027 ("composed mostly of enterprising eastern people,") four auto roads, free mail delivery, a new system of street lighting including several blocks of ornamental lights, four schools, eight churches, six fraternal orders, and "no saloons or disreputable associations." "The moral tone of the community is carefully safeguarded by the authorities," the card assured.

The card was signed by Mrs. C. D. Lacy, 3806 Princeton avenue, Nashville, Tenn. James B. Scullin, manager of the Alhambra Business Men's Association, curious to learn where the card had been for the past twenty years, wrote Mrs. Lacy. The latter explained that the card had been mailed by a friend, a woman who had formerly lived in Alhambra and who had retained the card among her possessions after moving away. Recently it was discovered and mailed.

Scullin has sent Mrs. Lacy the latest literature concerning Alhambra and has called her attention to the changes which have taken place since the card was issued.

PILOT HELD NOT GUILTY OF CHARGE

John W. Thurman Cleared of Asserted Violation of State Air Navigation Laws

POMONA, Oct. 21.—A jury in Justice U. E. White's court this morning brought in a verdict of "not guilty" in the case of John W. Thurman, accused of violating State air navigation laws as the result of an accident several weeks ago in which he smashed the undercarriage from his machine while racing another pilot.

Thurman suffered injuries in the crash, which, however, did not prove serious.

Thurman was arrested on charges of not having proper licenses to operate his plane, but testimony presented by the defense, and substantiated by William L. Shields and Robert Hazen of the Department of Commerce, to the effect that it was not necessary to possess other than a Federal certificate for pleasure flying, resulted in his being freed. Thurman was arrested last week by operatives of the county aeronautical detail.

Three Reported in Confession of Forgeries

SANTA BARBARA, Oct. 21.—With the arrest of two men and a woman in Los Angeles, and their reported confessions to forgery charges here today, local police believe they have rounded up all of an asserted check-forging gang of six persons, whose activities extended throughout the State, and which cost local merchants at least $250. The first of the gang, Leandro Esparzo, was arrested several weeks ago, convicted and sent to San Quentin, and two others, Paulino Trejo and R. E. Sheets, were arrested in Fresno last week and returned here.

It was through the confession of Trejo and Sheets the three other members of the asserted gang were found in Los Angeles, according to Capt. Dave Burnam. The local officers took Trejo to Los Angeles with them to locate and identify the trio.

The three gave their names as Nellie Rodriguez, 516 Colton street; Cerdio C. Gilberto, 876 North Bunker Hill avenue, and F. Perez, 457 North Fremont avenue, all of Los Angeles.

Capt. Burnam said last night that they all admitted participating in the forgeries. He brought back a typewriter and check protector found in one of the rooms of the men.

The asserted method of the gang was to send a couple of men into a town, collect as many blank checks as possible, and return them to Los Angeles, where the name of some fictitious construction company was printed on the blanks, according to Capt. Burnam. The checks were then made out in various amounts and passed on to unsuspecting merchants, he said. The gang is asserted to have operated in Los Angeles, Santa Barbara, San Diego and a number of other cities in Southern California.

In connection with another forgery charge, William Kelly, 210 West Carrillo street, was booked by police yesterday for investigation.

New Rector in Ventura Pulpit

VENTURA, Oct. 21.—Rev. T. L. Lallance, for two years in the Fresno district, has been appointed rector of St. John's Methodist Church here to take the place of Rev. James T. French, it was learned today.

Rev. Lallance was appointed at San Diego Sunday night by Bishop Arthur J. Moore at the close of the annual conference of the Pacific area of the Methodist Church, South.

It is not known yet whether the new pastor will be in the local pulpit next Sunday. Rev. French was forced to retire because of ill health.

LEGION MUSICIANS TO BE REORGANIZED

ONTARIO, Oct. 21.—Having been practically disbanded for one year, the Ontario American Legion drum and bugle corps is to be reorganized and put into active service again this winter, "Buss" Snyder, director of the corps, said today. All former members of the corps and new material are being recruited for rebuilding the organization. The Legion post has uniforms and equipment for the entire corps.

The first reorganization meeting is called for Wednesday night at the Legion clubhouse.

CADADA EDUCATOR TO WED

TORONTO (Ont.) Oct. 21. (AP)—Dr. James L. Hughes, educator, is to marry soon Miss Estelle Rounding, teacher at the Hospital for Sick Children, he announced today. Dr. Hughes is 84 years of age; the age of his prospective bride was not mentioned.

Thanksgiving Game in Rain, Gillette Says

SAN MARINO, Oct. 21.—Spectators at Thanksgiving football games should wear rubbers and carry umbrellas, according to Halbert P. Gillette, noted engineer and local weather prophet, who today announced his predictions of rain in Southern California up to the Christmas holidays.

Gillette, who has devoted his wealth during recent years to a systematic study of weather forecasting based on a rather complicated electromagnetic theory, believes that the next precipitation in this vicinity will occur early next week and that it will be a "very heavy rain."

Other heavy rains, he forecasts, will occur November 3, November 27 (Thanksgiving Day,) December 5, and December 22. The heaviest rain of all, he calculates, will fall during Thanksgiving week.

These predictions are based on his theory that rain in Southern California follows rain in Alaska by 105 days. Alaska, he thinks, is the breeding place of rains for the Pacific Coast.

"Rainfall in Alaska in August was the greatest precipitation in ten years, and based on the Alaskan storms of August and September, I believe we shall have a very wet Thanksgiving period."

Gillette holds that increased electrical charges in the atmosphere are manifested over the Pacific Ocean and later in Southern California by way of Alaska.

In recent years, Gillette's forecasts have been so accurate as to cause widespread comment.

Besides his meteorological research, he has evolved a new theory regarding the formation of the earth's topography. It is his opinion that magnetic whirls above the earth in its molten state may yet be traced in the map of the world.

Last Rites for Mrs. Price Today

SANTA BARBARA, Oct. 21.—Funeral services will be conducted tomorrow at 10 a.m. for the late Mrs. Mary M. Price, prominent resident here and mother of Francis Price, well-known attorney, and of Mrs. Dwight Murphy, who died last evening in her home at 2430 State street. She was 77 years of age. Born in Ohio in 1853, she spent her girlsood in that State, coming west in 1882, some time after her marriage. Her husband was the late S. S. Price, who became one of the prominent attorneys of Santa Barbara, serving as District Attorney in the early '80s. He died in 1901.

Mrs. Price was well known in social circles of early Santa Barbara but in later years had led a retired life. She was a member of the First Methodist Episcopal Church and had been a most active worker in its ranks over a period of many years.

Besides her son and daughter here, both of whom are prominent in the city, she leaves a daughter, Mrs. Ailene S. Barnes of Los Angeles. Another son, the late Judge Joseph J. Price of this city, died in 1907. There are five grandchildren living.

ONTARIO CHEST OUT FOR ADVANCE GIFTS

ONTARIO, Oct. 21.—The goal set at $15,000, Ontario Community Chest advance gift team was in the field today, to be followed next week by workers to the number of 175, hoping to have all the funds pledged before the close of next week. The advance gift team is calling on the large business firms and manufacturing plants this week for the bulk of the $15,000 fund. E. H. Richardson is captain of the advance gift team. Others on his squad are Isaac Jones, Charles Latimer, Taylor Peterson, Fred Fallis, J. S. Armstrong, Harry Nelsen, Thomas P. Logan, H. M. Shattuck, R. J. Kideney, H. S. Bailey, W. A. Freemire, Walter Moore, R. D. Newton, R. C. Williams, N. E. Trautman, and J. O. Henderson. Eight agencies will share in the Community Chest fund this year.

SLAYING OF INDIAN NOW ADMITTED

William Wilson, on Eve of Second Trial for Killing of Ranger, Pleads Guilty

SAN BERNARDINO, Oct. 21.—As attorneys prepared to select a jury to try him on a charge of murder, William Wilson, 64-year-old paroled moonshiner, today pleaded guilty to a charge of manslaughter involving the slaying of Franklin Hooma, Indian forest ranger, at the Wilson ranch on the desert side of the mountains two months ago.

Wilson, who had once been tried for murder, entered his plea to the manslaughter charge as court opened before Superior Judge Charles L. Allison this morning. In the first trial, the jury disagreed as to his guilt, six to six.

Wilson, because of his previous conviction as a moonshiner, must serve a minimum of seven years in San Quentin of a one-to-ten-year sentence. The plea of guilty came as a surprise, the State having prepared to again present its case and ask a verdict of guilty of murder.

Wilson shot Hooma, a full-blooded Mohave Indian, after an argument at the Wilson ranch in the Rattlesnake Canyon district of the San Bernardino Mountains. Wilson maintained at his first trial that he killed Hooma when the Indian attempted to attack Mrs. William Watkins, a neighbor, and testified that Mrs. Watkins saw the shooting. She denied, however, that she was at the Wilson ranch when the slaying occurred. Wilson surrendered to officers at Victorville on the following day.

Wilson was granted three years' parole six months ago when he was found guilty of possession of a still which officers seized in the desolate country on the desert side of the mountains.

PASADENA TO EXHIBIT FLOWERS

Annual Show Opens Today in Observance of Silver Anniversary of Project

PASADENA, Oct. 21.—Forty cities and communities and 600 private exhibitors will be represented in this city's annual fall flower show, which opens tomorrow afternoon in the Southern California Telephone Building, 338 North Hudson avenue, marking the silver anniversary of the first flower show here.

A novel method of transporting exhibits to the show was revealed today by Mrs. Pearl Meyers, president of the Garden Club of Santa Barbara, who arrived by airplane with her extensive collection of pink and bronze chrysanthemums. The plane was piloted by Donald Robertson of this city. The flowers were delivered in perfect condition an hour after the plane took off from Santa Barbara.

Including the commercial entries, there will be more than 1100 displays for flower lovers to feast their eyes upon tomorrow afternoon, according to Ernest Pfadenhauer, exhibition secretary. The building has been decorated with vines and smilax streamers, while rustic paths lead to flower-draped pergolas.

The elaborate entries of garden clubs throughout Southern California, which have provided brilliant backgrounds for previous shows, promise to be of surpassing beauty this year, in the opinion of S. T. Jarvis, manager of the 1930 show. There are twenty-three clubs entered.

The chrysanthemum classes, also, will provide the largest display of its kind ever held here, more than twenty amateur growers who never before have entered their blooms having decided to do so this year.

Dahlias will be shown by leading private growers, including Dr. Leroy B. Sherry, Adolph Laeser, Robert Welles, Mrs. H. A. Fuller, Mrs. A. M. Kaime, Armin Thurnher, Mrs. Charles Seeberger, Mrs. Marshall Neal, Thomas Milbank, Hugh Spaulding and Garetson Dulin.

A distinctive feature this year will be the collection of orchids and lilies of the valley entered by Malcolm McNaughton.

The show will close Friday night. Judging will start tomorrow morning, when a preview for Horticultural Society officials will be held.

CAR TURNS OVER BUT DRIVER UNSCATHED

UPLAND, Oct. 21.—When his automobile plowed through a wooden railing guarding Foothill Boulevard at Mountain avenue and then turned completely over, H. C. Brown, 852 Ninth street, Pomona, stared into death's face, but emerged unharmed. Brown was driving at normal speed, he reported to police, and as he approached the intersection the car swerved and plunged through the fence and overturned in an orange grove. The car was totally wrecked.

REDLANDS CITY PLANNERS QUIT

Lack of Sympathy With Their Efforts, Reason Given

Last Straw, Permit for Gas Station in Home Zone

Chairman Moore Criticizes Mayor Lelan's Stand

REDLANDS, Oct. 21.—Redlands official circles were thrown into an uproar today, when the City Planning Commission, as a body, resigned, giving as a reason lack of sympathy with their efforts by the City Council.

Those in the know say the climax to the flare-up was reached last week, when the Council went over the heads of the commission and gave a permit for a gasoline station in the residence zone at Citrus and Beacon. All but the City Council members of the commission signed. The formal resignation reads:

"To the Honorable Common Council of the City of Redlands, City Hall, Redlands, Cal. Gentlemen:

"Since August 1, 1927, when this commission was appointed, its members have given much time and thought to the zoning of the city and preparing a master plan to guide in its future development. Members of the commission have informed themselves in regard to the work through reading, lectures, and attending conventions at the city's expense.

ONE DISSENTING VOICE

"During this period, certain fundamental principles have been accepted by this commission as necessary for the success of any plan as a whole. Until the present time these opinions of principle have been unanimous on the part of the commission, and the only dissenting vote at the present time came from a member of the Council who automatically became a member of the Planning Commission by virtue of his office, and since his election this member has attended only three of the eight meetings held.

"It now appears that this commission and the majority of the City Council, are not in accord on these points, and it would therefore seem to be to the best interest of our city for the present members of the Planning Commission to resign. We, therefore, herewith tender you our resignation, to take effect immediately. Assuring you of our every assistance and interest in the continuance of this work, we remain, very truly yours,"

[Signed.]
"E. A. MOORE,
"G. S. Dexter,
"L. W. BUTTERFIELD,
"ISAAK FORD,
"H. S. WILLIAMSON."

Today Chairman Moore stated: "There is no venom or spite in the determination to resign. Most of us have put in three years of work and study of the future plan for Redlands, have attended conventions and have sacrificed a great deal of personal time and effort toward making the city a better place for home and business.

ALL BUT ONE AGREED

"The decision not to rezone the Citrus-avenue and Beacon-street lot for business came only after mature consideration of all factors and a number of meetings. We were all agreed except Mr. Lelan.

"Mr. Lelan is one of the most recent members of the commission, holding position because he is Mayor. He has attended only three meetings out of the eight since coming on the board, but seems determined that his way shall rule despite the findings of every other member. If he had played loyal to the commission it wouldn't have made so much difference, but he has carried a minority opinion to the Council and forced it through against the judgment of not only the commission, but a divided City Council."

Redlands Priest Goes to Springs

REDLANDS, Oct. 21.—Announcement was made today that Rev. Father John Rudden, formerly assistant pastor at Sacred Heart Church here, who just recently returned from a visit to his old home in Ireland, has been appointed pastor of the Church of Our Lady of Solitude at Palm Springs.

The appointment was made by the Rt. Rev. John J. Cantwell, Bishop of the Diocese of Los Angeles and San Diego.

The Church of Our Lady of Solitude was dedicated only last February. It was projected in [illegible] when the growing population of Palm Springs required another and larger church than the chapel on the Cahuilla Indian Reservation.

Since his return from Ireland Father Rudden has been assisting at the Holy Cross parish in Los Angeles.

NEW GOOD INQUIRY ASKED

F. W. Hale, Political Opponent of San Diego County Supervisor, Petitions Attorney-General

SAN DIEGO, Oct. 21.—U. S. Webb, State Attorney-General, today was asked to reopen investigation of malfeasance charges against Dr. Charles L. Good, chairman of the County Board of Supervisors. The request was made by F. W. Hale, political opponent of Good at the August primary. Hale contends both the District Attorney here and the county grand jury were biased when they conducted an inquiry into the charges.

The inquiry ended last week with the grand jurors reporting to Superior Judge C. N. Andrews that they had investigated all angles of the case and failed to find facts to substantiate the charges. An indictment of Dr. Good was not warranted by the facts, they reported. Hale, however, complained to Atty.-Gen. Webb that the grand jury had overlooked some of the several charges against Dr. Good. Good had been accused of mismanagement in supervision of the County General Hospital, of illegal business transactions between his ranch and the County Poor Farm, of favoritism in County Hospital contracts, in a Mattoon Act district formed for paving of Market-street extension and also of pay-roll padding in the Fourth County District, which he has represented for sixteen years.

PACIFIC FLIGHT OFF FOR WHILE

Bromley Relinquishes Plans Till Next Spring

Stores Plane and Takes Ship For Seattle

Partner Gassed in Attempt, Remains in Tokio

YOKOHAMA (Japan) Oct. 21. (AP) A ship instead of an airplane was taking Harold L. Bromley, Tacoma (Wash.) aviator, back to the United States today, just a little more than a month after his attempted trans-Pacific flight from here to Tacoma failed.

The aviator embarked for Seattle, Wash., aboard the liner President Jefferson, leaving his monoplane stored in the Tachikawa Airdrome near Tokio.

Bromley, however, in the face of several disheartening experiences, announced he will reattempt the flight.

The next attempt, he told the Associated Press, will be made in the spring of 1931.

Bromley sailed today without his flying companion, Harold Gatty remained in Tokio, still ill from effects of gas poisoning both he and Bromley suffered on the attempted flight.

DRY STAND TOLD BY CHURCHMEN

Evangelical Convention to Vote on Resolutions

Prohibition, Sabbath-keeping and Divorce Mentioned

Tobacco Advertising Comes in for Condemnation

MILWAUKEE, Oct. 21. (AP)—The National Evangelical church in convention here was asked today to reaffirm its "unswerving loyalty to the principles of total abstinence from liquor for the individual and total prohibition for the State."

In a resolution presented by the committee on morals the church was asked to go on record as urging better observance of the Sabbath, better law enforcement and condemning divorce, companionate marriage, gambling, use of tobacco by women and youths and "exploitation of sex appeal."

BAN ON DIVORCES

The committee recommended that the convention "request our pastors to refuse to officiate at marriages of divorced persons except where the divorce has been granted on Scriptural grounds."

"Man in his puny strength cannot rescind annul or repeal the biblical law of the seventh day spent in rest and worship," the resolution held.

The resolution if adopted will say, "As a church we are unalterably committed to enforcement of the Eighteenth Amendment and the Volstead act and hereby express disapproval of the widespread and insidious agitation calculated to bring about modification or repeal. . . .

TOBACCO ADS

"We greatly deplore the ruthless exploitation of our youth and womanhood by the conscienceless tobacco interests and vehemently denounce tobacco advertisements in magazines and billboards as a menace to society and an insult to decency and intelligence," the resolutions continued.

They carried a "note of alarm" at the "freedom with which sex appeal is exploited in literature, the stage and the screen of today in stories, illustrations and billboards, often condoning transgressions of the Seventh Commandment and its spirit, leading, as it always has, to nervous tension, a fertile ground for immoral conduct and breakdown of the holiest sanctions of life."

Railroads Will Continue Aiding Drought Areas

WASHINGTON, Oct. 21. (AP)—President Hoover announced today the railroads of the country have agreed to continue until December 1 the 50 per cent decrease in rates upon live stock being moved out of drought-stricken areas and feed being moved into these areas for live stock.

Although the December 1 date has been set, the Chief Executive said the aid of the railways will not necessarily end at that time.

In the next six weeks an exhaustive inquiry into actual needs of the drought-stricken farmers is to be undertaken both by the government and the railroads to permit a revamping of the relief measures.

Hoover Greets Church Group

WASHINGTON, Oct. 21. (AP)—President Hoover was host today to nearly 5000 Disciples of Christ at an informal reception on the White House lawn.

The President and Mrs. Hoover were photographed with the group and, in addition, met the church officers privately. The organization is holding a world convention here.

Later the delegates conducted a memorial service at the monument to James A. Garfield in honor of the former President of the United States, who was a member of the organization.

CRACK ARMY FLYER FACES STUNTING FINE

WASHINGTON, Oct. 21. (AP)—Jimmy Doolittle, former crack army flyer, who crashed into an army plane while stunting over the Kansas City Airport several weeks ago, has been notified by the Commerce Department he stands liable to a fine of $500 for breaking regulations against acrobatics in flying. He is entitled to appeal from the notice and will be given a hearing before the Secretary of Commerce or a special representative in case he does appeal. Doolittle, however, has not completed the preparation of a defense and will be allowed time for doing so before any attempt is made to enforce the penalty.

HUDSON BAY FOUND TO BE WITHOUT FISH

OTTAWA, Oct. 21. (AP)—The residents of Hudson Bay are, according to a government report made public today, poor fish. The Hudson Bay fisheries expedition, sent out by the Dominion Department of Fisheries last July, reported to the Minister of Fisheries that in twenty-two days of actual fishing operations using trawls, nets and lines, not a single fish of commercial value was caught. The report put an end to widely entertained hopes for the development of a large fishing industry in the bay.

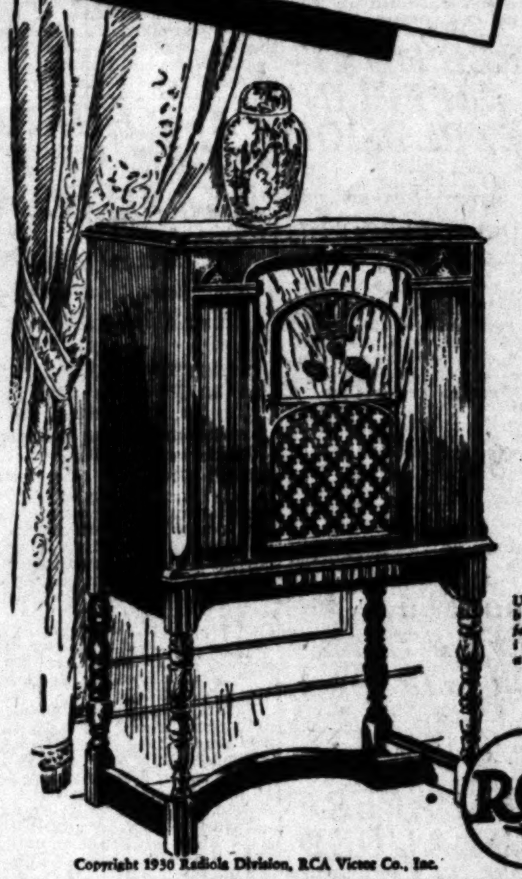
Hear the Radio MARCONI praises

"I think the new RCA Radiola Super-Heterodyne represents a great advance in radio reception. The Radio Corporation of America has again made a splendid contribution to the art of radio."

G Marconi



Unless it bears this famous mark, it is not a Radiola.

RCA

Copyright 1930 Radiola Division, RCA Victor Co., Inc.

Ask your Radiola dealer today to demonstrate sensational new instrument acclaimed by the inventor of radio himself

Praised by the great Marconi... acclaimed by the inventor who sent the first "wireless" message... hailed by the scientist who has stood at the peak in radio for 36 years!

And so Marconi heads the list of enthusiastic experts ...radio engineers...broadcasting officials...broadcasting artists...and musicians who have marveled at the thrilling tone and power of the new Radiola Super-Heterodyne.

The world's most brilliant group of radio engineers created it—the same experts who build so many of the great broadcasting stations! Seven years of research and millions of dollars went into its development. Based on the same dependable Super-Heterodyne principle relied on to intercept the all-important SOS, the new Radiola is 4 times more alert than any recent model in bringing you a wide range of the finest programs... 3 times more selective in getting any *one* station you want without interference from others.

Remarkably low in price!

Four years ago, a Radiola Super-Heterodyne console cost $570. Today, with every tested feature known to radio science, the exquisite new model illustrated here can be yours for the remarkably low price of $142.50, less Radiotrons.

The best now costs no more. See your Radiola dealer today. He is a dependable merchant selling the world's most dependable musical instrument—the RCA Radiola.

NEW RADIOLA SUPER-HETERODYNE model 80 illustrated—with screen-grid, nine tuned circuits, latest electro-dynamic speaker, illuminated precision dial, push-pull amplification, improved "local-distance" switch, no A.C. hum, and beautiful new cabinets by famous designers.

ROYAL SOCIETY TO SEE WEDDING

Two Reigning Kings Will Be at Giovanna's Nuptials

Queen and ex-Queen Also to Witness Ceremony

Many of Lesser Lights Will Lend Their Presence

ASSISI (Italy) Oct. 21. (AP)—Two reigning kings, Boris III and Victor Emanuel, one reigning queen, Elena, one queen-to-be, Giovanna, and one former queen, Sophie of Greece, will gather in St. Francis's city for the wedding of Princess Giovanna and Boris Saturday morning. In addition there will be present no less than thirty-five princes and princesses of the blood.

All of those of the house of Savoy with their consorts will be present except the Prince of Undine who is representing the King at the Abyssinian coronation, and the Duke of Spoleto, who is still convalescent after a motor boat accident at Venice recently.

MARKED CONTRAST

This is in marked contrast to the wedding of Crown Prince Humbert and Princess Marie Jose of the Belgians last January where the number of former monarchs exceeded those actually reigning. The reason for this is that Giovanna's wedding is considered more of a family affair than the marriage of the heir to the throne, and the speed with which arrangements are being completed and the smallness of the hill top on which the wedding will take place precluded more being asked.

The Greek former royal family will be well represented. Prince Christopher, former husband of Mrs. William B. Leeds, will be there with his second wife, who was born Princess Francoise of France, daughter of the pretender, the Duke of Guise, and the Princesses Catherina, Maria and Irene.

There will be few commoners present, but among them there will be an English girl, Miss Brown, a personal friend of Giovanna, and two nuns, Sisters Barbara and Maria Gabrielle.

Relatives of Giovanna's mother who have been invited include the Prince and Princess Romanoff of Russia, the Princess Petrovitch, and the Princess Helen of Russia. The Princess of Battenburg and a swarm of Italian nobility complete the roster of those who will be present.

CHANGE IN PROGRAM

A last-minute change in the program of the wedding transferred today the ceremony from the lower church at St. Francis to the larger upper church.

The marriage and benediction, with a low mass, will be celebrated before the high altar. After this the bridal couple with the other members of the royal families and their followers, will proceed to the lower church, to pay their respects to the tomb of the venerable Maria of Savoia, one of Giovanna's ancestors.

The wedding party then will go by automobile to the City Hall where the matrimonial act will be signed, President Federzoni of the Senate acting as notary of the crown.

The upper church, completed in 1253, is a more cheerful edifice than the lower, and considered the more suitable for the wedding.

SCOTTISH FISHER GIRLS "KID" PRINCE OF WALES

YARMOUTH (Eng.) Oct. 21. (AP)—The Prince of Wales has been cheered by many types in many lands but he got a new thrill today when he received an enthusiastic reception, mixed with a little good-natured chafing, from the famed Scottish fisher girls who come here each year during the herring season.

Despite his many public appearances, the Prince remains delightfully bashful. He took his courage in hand on this occasion, however, and invaded the stronghold of the fisher girls who, picturesquely garbed in oilskins and slush boots, their heads covered with gay handkerchiefs, were cleaning and packing the silvery fish.

These girls drive the average man to cover quickly with their wit but they gave the Prince a rousing cheer and treated him so gently he seemed to get as much fun out of the encounter as they did.

THREE HURT IN ZEPPELIN EXPLOSION

Two Crew Members and Passenger Hurled Forty Feet to Ground

TOMS RIVER (N. J.) Oct. 21. (AP)—An explosion on Capt. Anton Heinen's baby Zeppelin, Air Yacht, today hurled three men forty feet to the ground and wrecked the dirigible's engine and gondola.

The airship, recently completed by the designer and pilot of dirigibles, was tied to a temporary mooring mast in preparation for a flight when the explosion occurred. Two members of the crew and a man who was going for a ride were seriously lacerated and bruised by the fall.

The gas bag was undamaged, however, and a few hours after the accident Capt. Heinen deflated it for transportation to the Heinen Air Yacht Corporation's hangar at Cape May. Officials of the company said repairs will be completed soon.

Those injured in the accident are Chester Lee, Cape May, and Joseph Heck, 17 years of age, Atlantic City, members of the crew, and John K. Fall of Seaview Park, the passenger.

Physicians at a hospital in Lakewood said they will recover.

NEWSPAPER ADS LAUDED BY PACKER

Swift Says Consumers Shown How to Get More for Their Money

CHICAGO, Oct. 21. (AP)—How "advertising helps the consumer to make better use of his dollar" was explained today in a report by G. F. Swift of Chicago, vice-president of Swift & Co. and chairman of the committee on public relations of the Institute of American Meat Packers.

"By continually advising the housewife through their advertising and news columns of the increased purchasing power of her money the newspapers have performed a real service during the last year, when economical buying has been essential in many cases," said Mr. Swift, addressing the twenty-fifth annual convention of the institute. "By bringing bargains and opportunities for economical purchases to the attention of the consumers, advertising has made it possible for the consumer to spend his money where he can get the best returns for it."

William Whitfield Woods of Chicago was re-elected president of the institute and F. S. Snyder of Boston, Mass., chairman of the board.

PREMIERS AND HOOVER MAY CHAT

Triple Conversation Over Wireless Phone Planned as Part of Treaty Rites

WASHINGTON, Oct. 21. (AP)—Tests looking toward a three-cornered wireless telephonic conversation between President Hoover, Prime Minister MacDonald of Great Britain and Premier Hamaguchi of Japan are being made by communications experts of the three countries.

The occasion would be the ceremony of the deposit of ratifications of the London naval treaty in London. The definite date of the ceremony will be announced by the British government, but it has been tentatively set for next Monday.

The telephonic conversation will be rebroadcast if arrangements can be made.

NAVAL ENGINEER GOLD MEDALIST

Rear-Admiral Taylor Wins John Fritz Award

Bestowal for High Merit as Marine Engineer

Bow-Wave Propulsion One Notable Achievement

NEW YORK, Oct. 21. (AP)—Rear-Admiral David Watson Taylor, retired, has been awarded the John Fritz Gold Medal, highest honor of the engineering profession in America.

He receives it "for outstanding achievements in marine architecture, for revolutionary results of persistent research in hull design, for improvements in many types of warships, and for distinguished service as chief constructor of the United States Navy during the World War."

OTHER MEDALISTS

Others who have been given the medal in the past are Herbert Hoover, Ralph Modjeski, John J. Carty, Elmer A. Sperry, Edward Dean Adams, John F. Stevens, and Ambrose Swasey. The award is made by representatives of the four American societies of civil, mining and metallurgical, mechanical, and electrical engineers.

One of Admiral Taylor's most notable achievements was the utilization of the bow wave for ship propulsion, a practice which cut the United States Navy's coal bill in half and has been adopted by every navy in the world.

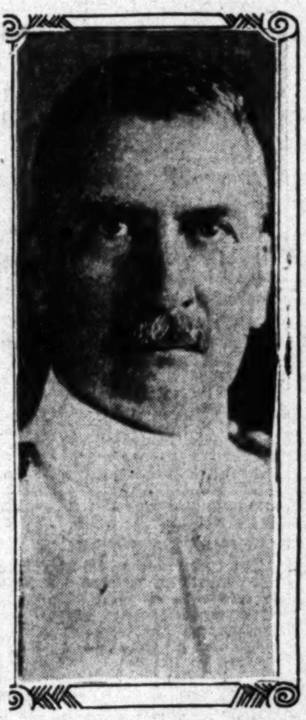
DESIGNED FLYING-BOAT

He also, while chief of the bureau of construction of the Navy, inaugurated the design of a giant flying boat which could proceed to Europe by air. This resulted in 1919 in the first flight across the Atlantic by the NC-4.

The dirigible Shenandoah also was designed under Admiral Taylor's direction.

Admiral Taylor was born in Virginia in 1864. He is a commander of the Legion of Honor of France and was awarded the distinguished Service Medal for his work as chief of the Bureau of Construction and Repair during the World War.

HIGH HONOR PAID ENGINEERING GENIUS



Rear-Admiral David W. Taylor

VAST HOARD GIVEN UP BY DEATH HOME

Hidden Money, 500 Pairs of Shoes, Antiques and Other Objects Discovered

EDGERTON (Wis.) Oct. 21. (AP)—Mrs. Ida Fields was active in the social life of Edgerton, but she never received visitors at home.

People wondered why. They obtained a clew today. Mrs. Fields, 78 years of age, died the 1st inst. Administrators of her estate, poking into musty rooms, unopened for years, today found these things:

A roll of bills in the basement totaling $5370. Other packages of money ranging from $250 to $1161 in out-of-the-way places.

Thousands of packages containing rare antiques and chinaware dating back to the seventeenth century.

Bonds and securities worth many thousands of dollars.

Five hundred pairs of shoes.

In some rooms the merchandise was piled almost to the ceiling. Alongside chinaware and delicate objects of art were clothing, heaps of unused rugs, groceries that had spoiled, and countless tin cans.

She bequeathed her estate to Masonic lodges at Dousman, Wis.

Realty Brokers at Santa Cruz for Convention

SANTA CRUZ, Oct. 21. (Exclusive)—More than 500 realty brokers from throughout California arrived here today for the opening session tomorrow of the California Real Estate Association. Approximately 300 brokers are from cities in southern portion of the State. The convention will take up a program for tax relief.

Man Kills Five and Then Self

WASHBURN (Wis.) Oct. 21. (AP)—George Froseth, assistant postmaster here, killed his wife and four children with a hammer and then slashed his throat at his home today.

The dead, in addition to Mr. Froseth, 60 years of age, are: Mrs. Froseth, 45; Neil, 10; George and William, twins, 9, and Adelaide, 5.

Officers said Froseth apparently became suddenly insane.

PETTENGILL TO HEAD NAVY MINE SQUADRON

WASHINGTON, Oct. 21. (AP)—Rear-Admiral George T. Pettengill of Boise, Idaho, has been ordered to command mine squadron one of the newly organized mine force of the United States fleet. The squadron will base at Pearl Harbor, Hawaii, and operate with the battle fleet annually from October 1 until the completion of fleet concentration in southern waters.

DEATH-CASE REPORT CORRECTED BY DOCTOR

CHICAGO, Oct. 21. (AP)—The Associated Press carried in its report yesterday an item that Edward Paulson died of burns inflicted by a hot iron applied by his wife to relieve a stomach pain. Dr. Luther M. Lorance reported today, however, that Paulson himself applied the iron and died from a blood clot on his brain, and not from burns from the iron.

ALIEN RUSH BECOMES STAMPEDE

Immigration Authorities at Bay City Swamped by Deportation Applications

SAN FRANCISCO, Oct. 21. (AP)—Aliens who want to go back to their native lands are giving themselves up to immigration authorities, in the hope of being deported, in such large numbers they can't be handled, it was learned here today.

J. D. Nagle, commissioner of immigration, said today only the most undesirable of deportable aliens are being sent out of the country, due to lack of funds for that purpose.

The immigration bureau is deporting aliens who have become public charges either because of crime, poverty or illness. Self-supporting, law-abiding aliens, even if in the United States illegally, are being put off when they apply for deportation.

Laborites Lose Seats in Norway

OSLO, Oct. 21. (AP)—Returns received thus far from the triennial parliamentary elections held yesterday show that the Labor party has lost nine seats, while the Conservatives made considerable gains.

The Laborites stand for a proletarian dictatorship and the abolition of the Christian religion.

ABILITY TO PAY, TAX BASIS PLEA

Farm Bureau's Head Speaks at Conference

Property Levy Blamed for Bad Government

Assessing Autos for Federal Roads Recommended

KANSAS CITY, Oct. 21. (AP)—Sam H. Thompson, president of the American Farm Bureau Federation, asserted today the income tax, based on the principle of "ability to pay," is the only equitable form of taxation. He spoke before the American Tax Association conference.

"Indifference to good government," Mr. Thompson said, "can be attributed partly to the general property tax.

"Dependence on the property tax almost wholly exempts the majority of citizens from direct taxation," he asserted. "It is inevitable that citizens who pay no direct taxes should be careless of the quality of their public officials."

Taxation of motor vehicles to pay a proportionate share of the $2,000,000,000 expended annually for highways in the United States was recommended in a report to the conference tonight of Prof. James W. Martin, director of the University of Kentucky.

The report advocated continuance of the gasoline and registration taxes, while urging graduation of the registration fee on the basis of vehicles' gross weights and capacity loads.

A business tax levied to impose substantially the same burden as that borne by railroads and transportation agencies was another suggestion.

Statistics were presented to indicate motor transportation had borne less of the cost of highways than the expense that resulted from the necessity of providing for it.

Pastors Told to Unionize

NEW YORK, Oct. 21. (AP)—Formation of a union of ministers with possible affiliation with the American Federation of Labor was advocated today by Prof. Harry F. Ward of Union Theological Seminary at a conference on the relation of labor and the church.

Warmth Without Waste

"If I had known at 25 What I discovered after 40"

"GUARD health most carefully between 25 and 40," urges the medical profession.

Age 40 is the average turning point in health. Over half of men and women past this age discover they are afflicted with a prevalent ailment...*kidney breakdown*. Unfortunately, there are no warning symptoms.

Kidneys, through constant passing off of 75% of poisonous waste from the system, are overworked. Congestion occurs, throwing back into the system poisons which should be eliminated. This is the forerunner of more serious ills.

How to Protect Health Before and After 40

Begin now to protect health against the years past 40. Use one of the most effective preventives that medical science knows. Drink 6 glasses of Puritas Water daily.

Puritas flushes kidneys, dilutes poisonous waste and carries it away. Ordinary water fails, in large measure, in these results, because of *minerals* it contains. These deposit in kidneys, adding further to congestion. But Puritas, through scientific distillation, is both *mineral-free, impurity-free;* drinking water in its purest form.

Thus Puritas leaves no mineral content to add further to congestion. Puritas protects the normal functioning of kidneys in the most efficient way.

Although Puritas tastes *different* at first, each drink you'll increasingly enjoy.

For health protection, before and after 40, order Puritas today. 'Phone WEstmore 0381 for immediate delivery to your home, anywhere in Southern California. A Puritas iceless cooler furnished free.

FIRST NATIONAL POLICY CHANGED

Studio Taboos Remakes; New Stories to Be Filmed; Marie Dressler to Star in "Toast of Town;" Olympic Games Background for Comedy

BY GRACE KINGSLEY

It begins to look as though the picture companies, who had fondly hoped to be able to realize a lot of money by turning their old silent films into talkers, will have sadly to shelve the stories instead.

DOROTHY MACKAILL

First National is coming out flat-footed and declaring against any more remakes of old silent picture stories as talkers. And this too, in spite of the fact that the organization owns many stories which formerly were successes as silent movies.

The styles in story telling change, say First National officials, and also the public, which for some reason doesn't seem to care about seeing even its former most popular raves resuscitated, preferring something brand new.

Richard Barthelmess, therefore, will not appear in "Fury," as his next talking vehicle, nor will Dorothy Mackaill play in "Lost Lady," as heretofore announced.

Instead, Barthelmess will star in a story now being written by John Monk Saunders, the name and nature of which are not yet announced.

Dorothy Mackaill will have as her next story, as formerly announced by us, "The Shooting Gallery," adapted from a play which she witnessed in Vienna during her recent trip abroad. Following that she will appear in a talking film version of the novel, "A Lady for Love," written by Alan Brenner Schultz.

Barthelmess and his wife are now in New York, following their vacation in the Canadian Rockies. They will return about December 20.

WOOLF WRITES FOR MARIE DRESSLER

That incorrigible cut-up of the talking movies, Marie Dressler, is to be the lone star of a story just written for her by Edgar Alan Woolf, we learned recently.

MARIE DRESSLER

The story is titled "The Toast of the Town," and promises to afford Miss Dressler every opportunity for the display of her ample comedy gifts. Metro-Goldwyn-Mayer is planning to produce the picture on an elaborate scale.

Woolf is widely known for his numerous clever vaudeville sketches, which have furnished vehicles for headliners during the past several years.

It was in his salad days at college that Woolf wrote the historical melodrama, "Master Willie Shakespeare," which Oliver Morosco produced at the old Burbank here, with Marjorie Rambeau, Walter Catlett, Edmund Lowe and other now-famous stars in the cast.

It is not set as to who will direct "The Toast of the Town," but we shouldn't be at all surprised to learn that Chuck Reisner has been given the assignment.

Joe Brown Home Soon

It is, of course, inevitable that there will be no end of picture stories written around the Olympic Games events while the same are transpiring in our midst.

Those forehanded producers, the Warner Brothers, are to be one of the first picture concerns to take advantage of the various obvious opportunities thus presented. No less gifted writers than Messrs. Bert Kalmar and Harry Ruby are indeed even now at work on their first story under their First National contract, and said story has to do, we learn, with the Olympics.

This isn't all the news, either. Joe E. Brown is to star in the Kalmar and Ruby story, and Mervyn Leroy will direct.

Just at present Leroy is over at Metro-Goldwyn-Mayer, where he is to direct one picture, "Gentleman's Fate," after which he will return to the First National fold.

Joe E. Brown and his wife are in New York at present, but he wired First National yesterday that he is leaving shortly for Hollywood via the Panama Canal, and expects to be at home on November 8.

The new Brown starring vehicle will be a comedy and will naturally, being written by Kalmar and Ruby, contain several musical numbers. No title has yet been chosen.

Merna Kennedy Signed

One by one our picture actresses, more or less silenced by the stage actresses, seem to be coming back to the kliegs, as producers discover that, no matter what the cleverness of the latter, those players trained in the silent pictures really do know how to act.

MERNA KENNEDY

All of which is by way of introduction to the news that Merna Kennedy, who formerly distinguished herself in the silent drama, has been engaged to play the leading feminine role opposite Glenn Tryon in Chesterfield Productions' picture, "The Midnight Special." She will indeed be featured along with Tryon in the picture.

This isn't the first time that Tryon and Miss Kennedy have appeared together, you may remember; they played opposite each other in Universal's "Broadway." Duke Worne will direct the new picture, which is to be made at Tec-Art studios.

Sally Blane With Fox

That promising little actress, Sally Blane, has been signed by Fox, we learn, to play the ingenue lead in "Once a Sinner."

Miss Blane has lately been associated with Universal, playing a lead or two with Hoot Gibson.

Dorothy Mackaill is being starred in the picture, being loaned by First National for the part.

John Halliday, who has an important role in the picture, is, by the way, planning a trip to Europe as soon as he finishes his part.

R.-K.-O. Gets Nancy Dover

Nancy Dover, bright little ingenue of stage and screen, is to win new laurels for herself.

The actress has just been signed for a nice featured role in "Cimarron," which Wesley Ruggles is directing for R.-K.-O., with Richard Dix as star. Miss Dover began her career on the stage as a child actress. She was under contract to Fox for a time, and then began a free-lancing career.

OF THE COMMUNITY CHEST

G. W. OLSON SAYS:

"I am heartily in favor of the Community Chest plan of financing the charitable relief and service agencies which are necessary in every large community to care for the many and varied needs which the tax-supported agencies set up by law do not provide for, because through this plan genuine co-operation by every citizen who is able to contribute is made possible.

"Whether my gift is large or ever so small I may have the satisfaction of pointing to every one of the agencies comprising the list of Chest beneficiaries and say: 'I was privileged to help, I have a share in their work.'"

Marie Prevost Sued for Legal Fee Balance

Marie Prevost, film actress, failed to pay in full the attorney who obtained her a divorce from Kenneth Harlan, film actor, last year, according to a suit filed against her in Municipal Judge Baird's court yesterday.

The suit was filed by George Cohn as assignee for Roger Marchetti, Miss Prevost's attorney. Cohn asserts that Marchetti's fee was $2000 and that the film actress has paid only $400 of that amount. He asks $1600 and costs.

NOTED STAR COURTED BY FAMOUS MEN

Even George Bernard Shaw Grew Romantic About Mrs. Campbell

BY ALMA WHITAKER

The "loviest, doviest, babiest, Your gabiest G.B.S." is how the coldly intellectual George Bernard Shaw used to sign some of his 150 love-letters to "Stella" . . . Mrs. Patrick Campbell, starry beloved one of the English stage.

Nor was he alone among her famous and distinguished admirers, for Sir James Barrie, Forbes-Robertson, Burne-Jones were all love-letter writers to this Stella, in addition to her two distinguished spouses, Patrick Campbell of Aryle, and George Cornwallis West of the House of Westminster.

The lady who could inspire slightly over 1000 reckless love-letters from such men, will give a lecture at the Vine-street Theater Friday afternoon at 3 o'clock entitled, "Beautiful Speech and the Art of Acting." This is no ordinary lecture . . . New York was crazy about it, for she points her remarks with excerpts from her more famous roles in "Pelleas and Melisande," "The Second Mrs. Tanqueray," "Magda," "Ghosts," "Pygmalion" and so on . . . and it's fascinating from beginning to end. Mrs. Campbell came out here to appear in talking pictures. She has once or twice given parts of this lecture at home parties among friends in Hollywood, when everyone was thrilled.

As Shaw once wrote, while she was ill:

"Say, oh, fairest, you are up and about. If you are it is your duty to write to me. I hope you have lost your good looks, for whilst they last any fool can adore you . . . and the adoration of fools is bad for the soul. No, give me a ruined complexion, sixteen chins, a farmyard of crow's feet and an obvious wig . . . then you shall see me come out strong. . . . I haven't been quite the same man since our meeting. I suppose you are a devil . . . they tell me so when I go on raving about you. Well, I don't care. . ."

And again later: "Oh, brave, high-souled lady and cleanser and inspirer of my trampled spirits . . ." and again . . . "Let us work together and quarrel and come upon all sorts of incompatibilities."

Oh, by all means, Shaw wrote the best love letters . . . shameless, too, for he edited them himself for publication in her book, "My Life and Some Letters," published a few years ago.

Why wouldn't the woman who inspired all this be able to give a first-class lecture . . . if she only would be just a little indiscreet, just here and there?

FARCE BY STARLING RETURNS

Dorothy Mackaye Stars in "Cup of Sugar," Showing at Figueroa Playhouse

Patrons of the footlights last night accorded a warm welcome to Dorothy Mackaye in "A Cup of Sugar," Lynn Starling's farce, which makes merry with modern married life, at the Figueroa Playhouse.

The sprightly comedy, poking fun at inhibited affections, psychic neuroses and other modern theories, was given the same enthusiastic reception accorded it during an engagement at the Vine-street Theater and later in Erlanger's Columbia in San Francisco.

The story of "A Cup of Sugar" concerns a young architect who is dominated by a wife who dabbles in psychology, and who attributes his failure to attain her ambitions for him to a hidden neurosis. Miss Mackaye, as the neglected wife, and Lorin Raker, as the husband, are supported by a capable cast, including Douglas Gilmore, Miami Alvarez, Dina Smirnova, Boyd Irwin, Charles Moore and Maurice Brierre.

Warner Plans New Revue for Mayan Theater

"The Temptations of 1930" is to go into its second edition at an early date, according to plans announced yesterday by Franklyn Warner, managing director of the Mayan Theater, where the footlight revue is now in its fifth week. Paul Gerard Smith, who, with Billy K. Wells wrote the sketches for the current version, has the second edition well under way, it is reported.

Elated by the reception Los Angeles gave "Temptations," Warner has decided to give it a twin sister to start at the Mayan when the present production is sent on a road show tour. It will be at least three weeks before the new show is ready.

Each week new people are added to the current show; the chorus is given new ensemble effects, and new musical numbers are introduced. Warner believes this responsible for the larger number of "repeaters" his executives are discovering in nightly and matinee audiences.

"Brothers" to Start Thursday

Columbia's version of "Brothers" starts tomorrow at the R.-K.-O. Theater. It features Bert Lytell, who enacted the starring role in the stage play, and Dorothy Sebastian.

"Brothers" is said to be a gripping melodrama of twins reared in different environment. The crisis on the story is reached when the two are brought together, one wealthy and educated, the other poor.

The new variety show will be headlined by Count Berni Vici and his girls. Featured are Ted Leslie, Cecil Miller and Darby Brown. Other acts are Bob Carleton and Julie Ballew in "Laugh Through Life," and Dozano Retter, "the man who wrestles with himself."

"Big Fight" Takes Film Form

James Eagle and Lola Lane
Two of the principal players in the James Cruze production which starts on the screen of Pantages Hollywood Theater tomorrow.

"MISTER ANTONIO" BOOKED

Leo Carrillo in "Mister Antonio" will be the attraction to reopen the Hollywood Playhouse under the supervision of Henry Duffy Thursday night, the 30th inst. In this whimsical comedy, based on a story by Booth Tarkington, Carrillo plays the role of an Italian hurdy-gurdy man whose vivacious personality radiates a quaint philosophy.

With the opening of the play, Henry Duffy will have assumed the supervision of four of his former Pacific Coast theaters; El Capitan and the Playhouse in Hollywood, and Alcazar and President in San Francisco.

Friends and business associates of the showman who are familiar with the difficulties which have beset his theatrical enterprises during the past year, are preparing to have the reopening of the Playhouse under his supervision take the form of a welcome home.

Casting of "Mister Antonio" is now being completed and the names of those who will support the star will be announced in a few days.

Parlors Prove Stepping Stones for John Litel

Parlors have figured prominently in the acting career of John Litel.

Not long ago he scored playing opposite Pauline Frederick in "The Queen Was in the Parlor," and had no sooner finished the engagement than he found himself in another parlor . . . "Parlor, Bedroom and Bath," this time with Charlotte Greenwood at El Capitan Theater, where the farce is now in its fifth week.

As a memento of his engagement with Miss Frederick, Litel "rolls his own" from a handsome leather tobacco pouch with the name of Pauline Frederick in a gold scroll across the front.

In addition to the actor, Charlotte Greenwood's supporting cast in "Parlor, Bedroom and Bath" also includes Johnny Arthur, Sally Starr, Grace Stafford and Mia Marvin.

Players Signed for Fanchon and Marco Offering

Will King and Willard Hall have been signed by Fanchon and Marco to head the cast of the forthcoming idea, "Way Back When," which will occupy the stage starting Thursday at Loew's State Theater. This is the second show to be staged by LeRoy Prinz.

Rube Wolf will introduce the Emperors of Harmony, the Albertina Rasch Dancers and other principals.

"Love in the Rough" will be the new screen attraction, with Robert Montgomery, Dorothy Jordan and Benny Rubin featured. This is a comedy of golf and romance from the stage play, "Spring Fever."

CONCERTS PLANNED AT PHILHARMONIC

Dr. Artur Rodzinski

Tomorrow night and Friday afternoon the Philharmonic Orchestra, conducted by Dr. Artur Rodzinski, will give the first pair of smphony concerts at the Philharmonic Auditorium.

Manager George L. Smith announced that these concerts are attracting the attention of various circles in Southern California and the opening concert promises to be the most brilliant in the history of this organization.

Dr. Rodzinski has built up an interesting program for the occasion, opening with "Passacaglia," followed by Brahm's Symphony No. 4 and Debussy's "La Mer." The Bolero by Ravel will also be given.

Advance Styles Shown in Film at Fox Circle

"What the well-dressed man of 1980 will wear" is having its first fall showing at the Carthay Circle Theater now, with the screening of "Just Imagine."

The picture takes place fifty years hence, and costume designers were allowed full sway in conceiving comfortable and yet attractive raiment for the period.

Men wear one-button coats cut very short and without lapels. They resemble sweaters more than suit coats. Trousers are full and wide, with no cuff. Shoes are made of soft leather after the manner of the old Congress gaiters, minus laces or stiff caps.

All men in the cast, including El Brendel, Frank Albertson, John Garrick, Kenneth Thomson and Hobart Bosworth, wear soft, long-pointed shirt collars, "a la Barrymore," regardless of the social position they are supposed to have.

Women's outfits are less radical, running to extremely low-cut backs, comfortable sandal slippers, and fronts of dresses much the same as those of the present time. The feminine portion of the cast includes only Maureen O'Sullivan and Marjorie White.

Actor Strays, Then Returns to Footlights

The hectic, jumbled and meaningless patterns of life which form the warp and woof of the theater have been the long lot of Actor Alan Mowbray.

Born the scion of an aristocratic old Scottish family and apparently destined for the quiet life of the English country gentleman, Mowbray, at an early age, turned to the raucous tinsel and heartbreak of the stage.

No sooner established as a star in London, the actor left his work and joined the British army to crawl in the mud of Flanders, an ordinary infantryman. Then he turned to the air force, where he became an expert flyer.

Later, in Canada, he established the first wireless station in the Dominion, being granted a license to operate in Toronto. A ship's license, with the words "home port" changed to "airport" and the name of the ship changed to the name of the station, had to be substituted, for, at that time, the Canadian government had no forms of wireless licenses.

Then Mowbray returned to his first love, the theater. He has attained his former position in the front ranks of the art and will play the lead is "The Apple Cart," by George Bernard Shaw, at the Music Box Theater, starting November 3.

William Craft Will Guide New Universal Film

Universal studios has decided to make a sequel to "The Little Accident," the current film at the Million Dollar Theater, according to an announcement.

William J. Craft, responsible for the direction of "The Little Accident," will also guide the new vehicle, tentatively called "Many a Slip." Craft has an enviable list of films to his credit, it is said, his latest being "See America Thirst," starring Harry Langdon and Slim Summerville.

Douglas Fairbanks, Jr., and Anita Page head the cast of "The Little Accident," which closes its run today at the Million Dollar.

MIDNIGHT PREMIERE ARRANGED

Special Showing of Amos and Andy Film Announced for Friday Night

Marking an innovation in local premieres, the Orpheum Theater announces that a midnight matinee Friday will precede the first regular showing Saturday of Amos and Andy in "Check and Double Check."

In anticipation of the team's radio followers who are anxious to see the duo on the screen, the Orpheum also has arranged for the regular opening at 8 o'clock Saturday morning, and the doors will open on the two following days at the same early hour. On both Saturday and Sunday, too, there will be an extra midnight showing.

"Check and Double Check" is the first motion picture to have a simultaneous premiere throughout the country, starting Saturday in 250 R.-K.-O. theaters.

The picture is concerned with the further adventures of the blackface team as partners in the Fresh Air Taxicab Company, as members of the Mystic Knights of the Sea, and as friends of Mme. Queen and Ruby Taylor, respectively.

Dunsany Play Presented by Pasadenans

BY KATHERINE T. VON BLON

Perhaps nowhere in America could be found a more sympathetic atmosphere for the development of that imaginative fantasy of the theater, "If," by Lord Dunsany, than the Pasadena Community Playhouse.

"If" lifts one from the dull, the commonplace routine of life into the realms of fancy, in fact, into a veritable Arabian Nights dream, wherein the magic of Aladdin's lamp is performed through the necromancy of a sparkling bit of crystal from the hands of the mysterious Ben Ali. Into the snugly practical and highly respectable menage of a young British couple, Dunsany introduces with a certain delicately satirical gesture, Ben Ali, an enigmatic stranger from the mystic East, who reveals in poetical language the open sesame to that adventurous land of dreams.

Upon the contingency of the capricious little word, "If," Dunsany with masterly astuteness has built his story. Who in the world has not pondered "if" he or she had done this and so at such a time, how different life would have been. And in this particular instance it all hinges upon the missing of a certain train.

In this intriguing play the hero through the mere catching of that certain train is thrown from the confines of a properly conservative English atmosphere into the mysterious recesses of the Sybaritic East With inimitable humor and exactitude the playwright symbolizes the eternal ego of the proverbial Englishman, who with magnificent calm walks into this land of age-old tradition, tearing down the old gods of the country and substituting his own.

Dunsany gives the women rather a bad go at things. Ironically enough, the author discovers in a typical London flapper all the concomitants of primitive woman, and transferring her to the elemental atmospheric reaches of the East, she becomes the Amazonian creature, the female of savage instinct.

Janis Muncis who stands with Gordon Craig as a scenic genius of the theater, contributed the settings, which reflect the color, the pageantry and mystery of the East.

Ralph Freud was delightfully natural as the naively decorous hero flung into the unconventional regions of far Arabia.

Betty Jenks, youthful ingenue, achieved convincing characterization, embued with a certain sinuous charm. Mora Martin was a cosy little English wife, and Sharley Simpson a suspicious Cockney maid. As Daoud, commanding figure of the East, Murray Yeats managed an interesting characterization. The Ben Hussein of Morris Ankrum was a terrifying picturization, and Hafiz as imagined by Harold Enfield convinced with its vigor. As the timid English brother, Harry V. Warren contributed several amusing scenes. The dancing of Katherine Edson and Jai Marchon was weirdly elemental.

Billie Dove Vehicle Next at Warner's

BILLIE DOVE

"One Night At Susie's," starring Billie Dove, is the next attraction at Warner Brothers' Downtown Theater, starting Friday. The story concerns the romance between a young man who is the adopted son of a "fence"—buyer of stolen goods in the underworld — and a chorus girl. The young man is played by Douglas Fairbanks, Jr.

Helen Ware has an important role as Susie, and James Crane is also prominently cast. The story is by Frederick Hazlett Brennan. John Francis Dillon directed the picture.

"Monte Carlo" to Close Run

With "Monte Carlo" terminating its engagement with tonight's showings at the Fox Wilshire Theater, "The Santa Fe Trail" is scheduled to open a three-day run tomorrow.

Richard Arlen is starred in "The Santa Fe Trail," and the cast also includes Eugene Pallette, Mitzi Green and Rosita Moreno. The story is adapted from Hal G. Evarts's "Spanish Acres."

WARWICK IN FILM

Resplendent in the uniform of one of the King's officers, Robert Warwick recently made his initial appearance before the camera in a talking picture, "The Queen's Husband," for R.-K.-O.

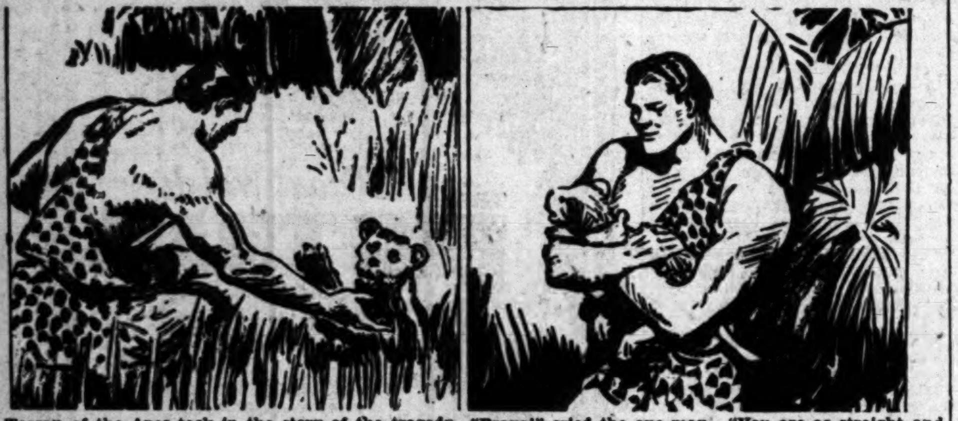
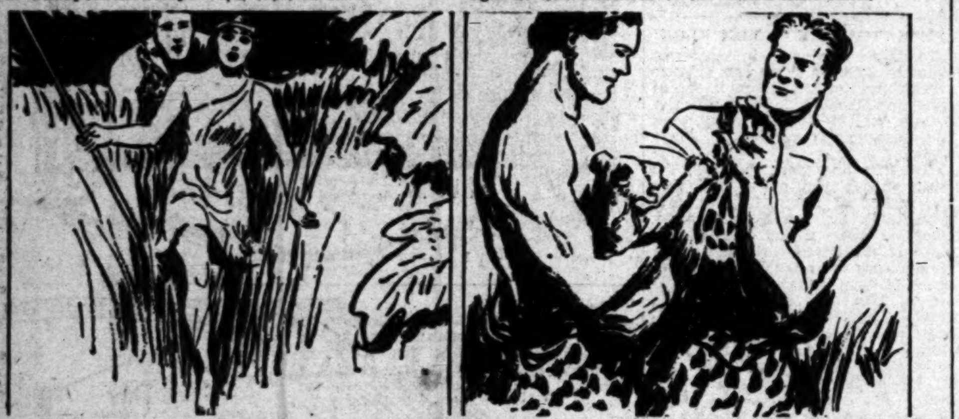
TARZAN AND THE GOLDEN LION

By Edgar Rice Burroughs



Tarzan of the Apes took in the story of the tragedy at a single glance. With the sound of the ape-man's approach, the cub opened his eyes, rose, flattened his ears and, snarling as best he could with his baby voice, back close against his dead mother. Tarzan smiled. "Plucky little devil!" he said, and approached the cub, expecting it to run away. Instead it did nothing of the kind, but growled more bravely and struck at Tarzan's hand as the ape-man stooped and reached for it.

"Bravo!" cried the ape-man. "You are as straight and strong as an arrow. Lucky little orphan—you've found a friend." Reaching out suddenly, he caught the little lion by the scruff of its neck, stroked it gently and talked to it in a low, soothing tone. Strange words. Perhaps the lion understood, for presently it ceased its struggles and no longer bit or scratched the caressing hand. It did not seem afraid now as Tarzan held it against his broad chest. Nor did it bare its fangs against this closeness of the hated man-scent.



Upon this scene came Jane, the wife of Tarzan, and their son Korak the Killer. Homeward bound were the three, after many months of thrilling adventures in the mysterious land of Pal-ul-don. "Are you, Lord Greystoke, playing nurse to the son of Numa?" said Jane, smiling at her husband. "Perhaps he is going to adopt him," teased Korak. Nothing the ape-man did could astonish his family. "I am," returned Tarzan. "He will need milk for a couple of months," Korak laughed, "and how are you going to feed him?" "Wait and see," was the ape-man's answer.

The cub renewed his snarls when Korak attempted to touch him. "How do you tame these savage beasts?" asked the boy. Tarzan shrugged his broad shoulders. "They are my kind," he replied. "They are not afraid of me when I give them the sign of friendship. Remember, I was born among beasts and reared by beasts." "Stop saying such things, John," said Lady Greystoke. "You know perfectly well that Kala the ape was only your foster-mother." Tarzan winked solemnly at his son. "Your mother never can appreciate the fine qualities of apes," he said "nor believe that she married an unregenerate wild-man!"

AUTO UNIT SETS RATE ON COMMON

Pierce-Arrow Company Pays Initial Quarterly on Class A Stock

NEW YORK, Oct. 21.—Pierce-Arrow Motor Car Company today declared an initial quarterly dividend of 50 cents on Class A common stock, placing the issue on a $2 annual basis, and the regular quarterly dividend of $1.50 on the preferred. Both dividends are payable December 1 to stock of record November 10.

Net profits of the company for the September quarter today were announced at $278,070 after costs, expenses and depreciation, equal after 6 per cent preferred dividends and after allowing for regular dividend requirements on Class A stock to 29 cents a share on 230,125 shares of Class B stock.

These earnings compare with net profits of $719,498 in the third quarter last year, equal under participating provisions of Class A and B shares to $1.08 a share on Class A and $1.66 a share on Class B stocks. All Class B stock is owned by Studebaker Corporation.

Net profits for the first nine months of this year aggregated $1,308,748, equal under participating privileges of the shares to $2 a share on Class A and $2.50 a share on Class B stocks, as against $2,456,673, or $3.89 a share on Class A and $6.28 a share on Class B stocks in the 1929 period.

New Industrial Compact Looms in Negotiation

Herbert E. Linden, just returned from four months in Europe, is concluding negotiations this week for an outstanding industrial compact between important interests of the United States and Scandinavia, he stated yesterday. An announcement of the program, which will outline the scope of the investment, is anticipated within a few days.

Mr. Linden will continue as vice-president of Commercial Instrument Corporation, in which he is third largest stockholder. He has accepted the proposal to devote his time to financial matters in connection with that corporation, in which Vincent E. Bendix is the largest shareholder.

"In spite of general depression, each subsidiary of Commercial Instrument Corporation reports improved earnings," said Mr. Linden. "Although it has been recently decided to consolidate development operations of the corporation at its eastern factories, I shall continue my residence in Beverly Hills, and direct my business operations from Los Angeles offices in the Bendix Building."

Mid-West Utility Merger Pending

CHICAGO, Oct. 21. (AP)—A proposal to merge the American Public Utilities Company into the Midland United Company will be submitted to stockholders of the two companies at special meetings November 19 and 20, next, it was announced today.

The Central Indiana Power Company, now controlled by the American Public Utilities Company will become a directly controlled subsidiary of the Midland United Company, if the merger agreement is approved. The Central Indiana Power Company controls a number of public utility companies operating in Central and Western Indiana.

DIRECTORS ELECTED

NEW YORK, Oct. 21.—Percy H Johnston, president of Chemical Bank and Trust Company and Victor N. Roadstrum, attorney, have been elected directors of the Pennsylvania-Dixie Cement Corporation.

CASH NEEDS BEHIND SELLING

Liquidation by Investment Trusts and Large Investors Under Pressure Chief Reason for Decline

BY EARLE E. CROWE

Sharply lower prices in the last few weeks for many of the standard investment stocks are traceable in numerous instances to liquidation by investment trusts or individual holders of large blocks of shares. As a rule the liquidation of these large lines of stock has been forced by financial emergencies, although some of the selling is the result of alarm and hysteria.

Caterpillar Tractor's descent from the middle 40's to the 30's was due, it is understood, to urgent liquidation of this character. A large investment trust holding a block of Caterpillar is supposed to have sold the stock on the scale down in order to fortify its liquid position.

UTILITIES HIT

Southern California Edison's decline below 50 is ascribed to the same kind of operation. Almost in unison a number of investment trusts seemed to have decided that public-utility shares were not returning sufficient income at prevailing prices. The whole list was affected through this reasoning, despite the fact that utility shares as a group are generally regarded among the soundest of investment stocks.

The surprising supply of Union Oil Shares around 30 is logically explained the same way. Union has been one of the most popular oil in the portfolios of investment trusts, as well as Standard Oil of California. Both stocks have suffered marketwise from the tendency to eliminate the oils from the lists of investment stocks.

Corporations have also been large sellers of stocks lately from investment accounts. Most companies accumulated large lines of investment stocks last year, when it was necessary to employ surplus funds profitably. The exigencies of business depression called for the sale earlier in the year of the less desirable stocks in order to replenish working capital, and now the more desirable stocks are coming out in reflection of still further needs for ready money.

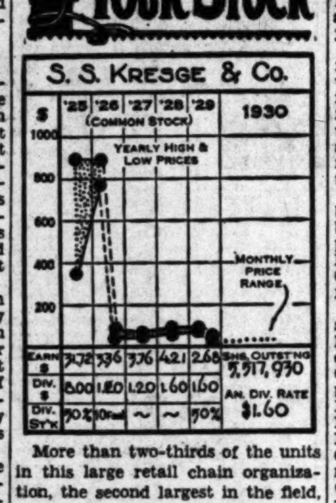
LOANS IMPAIRED

Some of the liquidation of investment shares is undoubtedly the result of pressure from banks on security loans. As a whole, however, this source of the selling is probably greatly exaggerated, as the banking policy generally is to show as much leniency as possible on stock loans made to desirable borrowers. Still, the recent declines have seriously impaired the security behind many loans of this character and the lender naturally demands more protection or calls the loan.

Margin calls by brokers also are playing a part in the current liquidation but it is not likely that this supply of stocks is as important a factor as it was several months back. Some part of the selling, however, probably represents the dying gasp of valiant but long-suffering bulls.

The important point is that selling of long stock rather than operations on the short side is more of an influential factor in recent price declines. The short interest is large, of course, but it is hardly the determining item.

WHAT'S BEHIND YOUR STOCK



More than two-thirds of the units in this large retail chain organization, the second largest in the field, are operated as 5 and 10-cent stores with the remainder selling goods at prices ranging from 25 cents to $1. Six hundred and twenty-seven stores are located in the United States while Canadian stores now total twenty-nine. Expansion has been very rapid in the past few years, additional outlets amounting to seventy-one in 1928, ninety-one in 1929 and a total planned for 1930 around seventy-five.

The large expenses entailed by the opening of so many new stores in 1929, plus the poor trade situation in the last quarter of that year, resulted in a slight decline in earnings from 1928 results. The same tendencies combined to make per-share earnings for the first six months of 1930 5.3 per cent below those of a year ago, results equaling $1.19 and $1.26, respectively.

CAPITALIZATION

Funded debt	$17,513,419
7% cum. pfd. ($100 par)	2,000,000
Common stock ($10 par)	55,179,295

Current data: Although there have been rumors circulated to the effect that a merger was being negotiated with S. H. Kress & Co., these have not been verified by dependable sources.

[All rights reserved. Cambridge Associates, Boston.]

Net Earnings of Investment Trust Register Slump

NEW YORK, Oct. 21.—American International Corporation reported today September quarter net profits of $413,180 after all charges, against $1,268,114 in the third quarter last year, a decrease of $854,934 or about 66 per cent. Capital stock consists of 1,040,152 no-par shares.

Net profits for the nine months ended September 31, last, amounted to $3,082,407. This compares with $3,649,593 reported for the same period last year and represents a decrease of $567,186 or about 15 per cent.

As of December 31, last, the corporation set up $4,100,000 out of earned surplus as a special contingent reserve for securities. Since that time the company has sold certain of the securities for which the reserve was created and as a result has charged the reserve with $2,683,049.

Five Companies Pass Dividends

NEW YORK, Oct. 21.—Four industrial companies and one investment corporation today failed to take action on regular quarterly dividends due at this time. Among the industrials are two oil companies.

Pure Oil Company passed the usual quarterly of 37 1-2 cents a share due on the common stock, declaring only the regular payments on its three preferred stock issues. North Central Texas Oil Company omitted its regular quarterly of 15 cents a common share. National Pumps Company passed the quarterly of 75 cents due on the common and Bigelow Sanford Carpet Company failed to declare its quarterly of $1.50 on the common. Chain Store Investment Corporation took no action on the quarterly of $1.62 1-2 cents a share on its preferred stock.

NET OF HOWE SOUND COMPANY SHADE OFF

NEW YORK, Oct. 21. — Howe Sound Company for the September quarter today announced net profits of $456,865, after charges and taxes, but before depletion, equal to 92 cents a share on 496,038 shares as against $459,260, or 92 cents a share in the preceding quarter and $940,034 or $1.89 a share in the third quarter of last year. Net profits for the first nine months of this year totaled $1,639,155 before depletion, equal to $3.30 a share as against $2,959,001 or $5.96 a share in the like 1929 period.

Water Utility of California Tells Profits

American States Water Service Company of California, subsidiary of American States Public Service Company, yesterday reported for the twelve months ended September 30, last, profits of $624,827 available for interest, depreciation and Federal taxes, an increase of 5.76 per cent over profits of $589,799 on the same basis in the preceding year.

Gross revenues for the period amounted to $1,157,374, as against $1,146,603 in the preceding year. Operating expenses for 1930 amounted to $532,547, compared with $556,805, a decrease of $24,257.

For the month of September the company reported a profit of $65,160 on the foregoing basis, compared with $61,607 in the same month last year, while September gross revenue was shown at $116,062, compared with $111,094 in the same period last year.

Small Producers Cut Crude Price

NEW YORK, Oct. 21.—According to private wire advices, two other small independent companies, White Oak Refining Company and Tulsa Crude Transportation Company have made a reduction in crude oil prices in Oklahoma.

The cut affects the Seminole area and amounts to 50 cents a barrel. It follows a recent cut by Champlin Refining Company, another small purchaser of crude, which applied to Oklahoma City, Seminole and other areas where it purchases. There has been no reduction in the Mid-Continent fields by a major company.

Trio of Rails Report Traffic

NEW YORK, Oct. 21.—Carloadings reported today include the following:

	Week Oct. 18.	Previous week.	Year ago.
M. K. T.	10,460	10,604	13,154
Missouri Pacific	33,810	32,669	41,427
Wabash	17,922	17,993	22,334

STERLING SECURITIES PROFITS SHOW DROP

NEW YORK, Oct. 21.—Sterling Securities Corporation reported today net profits for nine months ended September 30, of $1,306,349 against $2,812,912 for the like 1929 period. Net asset value of the company as of September 30, amounted to $26,366,740 after deduction of depreciation, expenses, taxes and dividends against market value of investments the same date of $23,822,452, the company stated.

ANALYSIS ISSUED

Drake, Riley & Thomas yesterday issued for general distribution an analysis of the twenty-three companies included in the Standard Oil group.

NEW YORK CITY SELLS STOCK ISSUE

Chase Syndicate Awarded $50,000,000 Block; Sale by Detroit Pends

Public offering of the $50,000,000 issue of New York City 4 per cent corporate stock, which was awarded yesterday to a syndicate headed by Chase Securities Corporation on a bid of 100.03 for all or none, will be made today at a price of 101 and interest to yield about 3.95 per cent, according to an announcement made yesterday.

The issue consists of $27,000,000 for rapid transit, $16,000,000 for water supply and $7,000,000 for dock improvement purposes. It will not increase the debt of the city as it will take up or retire an equal amount of outstanding short-term notes. The entire issue is due October 1, 1980.

At 100.03 the premium on the bonds amounts to $15,000. Other bidders were Liberty National Bank, par for $500,000; William Phillips of Dillon, Read & Co., 100.125 for $100,000, and Kings County Trust, 100.25 for $500,000.

Other members of the offering syndicate are Harris, Forbes & Co., R. W. Pressprich & Co., Barr Brothers & Co., Inc., Manufacturers Trust Company, the Marine Trust Company of Buffalo, American Express Bank and Trust Company, F. S. Moseley & Co., A. B. Leach & Co., Inc., Otis & Co., Inc., Batchelder & Co., Wells-Dickey Company (Minneapolis,) Schaumberg, Rebhann & Osborne, Mississippi Valley Company, Inc., the Milwaukee Company, Wood, Gundy & Co., Inc., and American Securities Company, Los Angeles.

DETROIT, Oct. 21.—City of Detroit will open bids November 21 at 11 a.m. on $19,692,000 city bonds, proceeds of which will be used for retiring a majority of the $22,000,000 in short-term notes which fall due December 31. The bonds are divided as follows: Schools, $7,000,000; water, $8,000,000; fire, $1,530,000; lighting, $1,887,000, and general public improvement, $1,275,000.

Daily Average Output of Oil Gains Slightly

NEW YORK, Oct. 21. (AP)—The daily average gross crude-oil production in the United States increased 3950 barrels for the week ended the 18th inst., totaling 2,370,750 barrels, says the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,783,150 barrels, an increase of 6550 barrels.

Refineries representing 96.6 per cent of the estimated daily potential refining capacity, operating at 66.2 per cent of their capacity reported daily average run of crude oil to still as 2,360,000 barrels. Daily average the previous week was 2,371,000 barrels for refineries representing 95.6 per cent of potential capacity operating at 66.5 per cent of their capacity.

Daily average imports of petroleum at principal ports for the week were 274,429 barrels, compared with 311,714 barrels for the previous week, and 268,000 barrels for the four weeks ended the 18th inst.

Daily average receipts of California oil at Atlantic and Gulf coast ports for the week, were 77,428 barrels, compared with 53,143 for the previous week, and 64,679 for the four weeks ended the 18th inst.

COTTON MARKET

NEW YORK, Oct. 21. (AP)—Trading in cotton here was comparatively quiet today, but there was sufficient trade and commission house or local buying to absorb moderate offerings from the South and impart a generally steady tone of prices. Fluctuations were comparatively narrow, with new December selling around 10.49 and March 10.88 at 2 o'clock, or about 7 to 9 points net higher.

RANGE OF PRICES

NEW YORK, Oct. 21.—Cotton futures:

	High.	Low.	Close.
Jan., old	10.65	10.60	10.65
Jan., new	10.64	10.60	10.64
March	10.88	10.84	18.85
May	11.11	11.05	11.09@11.10
July	11.30	11.25	11.29@11.30
Oct., old	10.34	10.32	10.35
Oct., new	10.31	10.25	10.30@10.31

SPOT PRICES

NEW YORK, Oct. 21.—Spot, quiet; middling, 10.50.

NEW ORLEANS, Oct. 21.—Spot cotton closed steady, 5 points up. Sales, 8783; middling, 10.25.

COTTONSEED OIL

NEW YORK, Oct. 21. (Exclusive)—The cottonseed oil market was quiet and generally steady today, with prices higher on the few sales recorded. Locals bought on the firmness in cotton and early strength in grains, but the weak stock market discouraged aggressive support. Old contracts closed 15 points lower to 3 net higher and new unchanged to 2 points higher. Three tenders were issued on October. Total sales, 1550 barrels including 1100 in old. Prime crude, 6.12½c; prime summer yellow, old, spot, 7.60c; October and November, 7.45c; December, 7.53c; new, December, 7.20c; January, 7.32c; March, 7.41c; May, 7.50c.

GRAIN EXPORTS

WASHINGTON, Oct. 21. (AP)—Grain exports last week were 1,508,000 bushels against 2,260,000 the week before and 2,714,000 the same week last year.

FEED SHORTAGE FORECAST

Thomas Campbell, Montana Wheat King, Bullish in Views on Present Price of Staple

[Copyright, 1930, by the North American Newspaper Alliance]

BY JOHN F. SINCLAIR

NEW YORK, Oct. 21.—"The United States is faced right now with a feed shortage of major proportions. Indirectly that spells a wheat shortage! Such words sound strange, I know, but they are true," said Thomas D. Campbell of Montana, America's largest wheat farmer, in discussing the wheat problem with this writer.

"Look at the facts—the authoritative governmental facts. Corn is short 800,000,000 bushels. Feed, another 300,000,000! That totals 1,100,000,000 bushels. Now what can take the place of this huge shortage? Just 350,000,000 bushels of wheat. That's all. In a word, for every three bushels of grain short, wheat can supply but one. Does that look bad for wheat? Quite the reverse. Wheat is cheap—dirt cheap today.

"Now mark my word," continued Mr. Campbell, who looks more like a prosperous business man than the farmer of 95,000 acres of wheat land. "Mark my word, the United States will be on a domestic basis before we can produce another wheat crop,—no wheat available for export.

WHEAT CHEAP

"No man can make a more bullish statement than that with reference to wheat. Wheat is cheap—very cheap today, and American business interests would know it now if business men were thinking straight. But they seem to be terribly confused in their economic thinking these days, not only in the farm problem, but even more in other phases of industry."

"But how about Russia—isn't she demoralizing the world price of wheat by dumping in Europe and short selling in the United States?"

Mr. Campbell smiled. "Russia! Everybody blames the soviet government for everything bad that happens. Just think a minute! The total wheat grown in the world for 1930 is approximately 4,000,000,000 bushels, including wheat grown in China and in India. Now of this amount, 850,000,000 bushels is exportable—that is, it is sent out of the country which grows it to those countries which need more wheat than they raise.

PROBLEM TRIFLING

"Russia will send about 20,000,000 bushels of wheat into the world market this year. But say that figure is too small. Say it is 50,000,000 bushels! Such an amount would have no perceptible effect on world prices. It's foolish to discuss such an incident seriously. It's not even a problem."

"But what about selling wheat short?" I asked him.

"Selling wheat short? That's not an evil in itself. The grain exchanges should be regulated and the rules should be just as fair to the buyer as to the seller. But when the United States raises but 850,000,000 bushels yearly and a total of 18,000,000,000 bushels is traded in on American grain exchanges annually, then the short selling of 7,000,000 bushels by soviet Russia was not even a drop in the bucket, so far as it had any effect on wheat prices."

"But Canada—what about its wheat crop? Has it any effect on American wheat prices?"

CANADA FACTOR

"Decidedly! Canada raises from 250,000,000 to 300,000,000 bushels annually for export. A great portion of Canada's crop is purchased in Canada, to be delivered to England and Europe and sold short in the United States. That condition has existed for years. There's no duty on shorrt sales—so American farmers have been compelled to absorb all of this European hedging pressure each year without any duty protection. There is a short selling problem for you, if you want one."

"But is there not a duty of 42 cents a bushel on wheat? And is that not sufficient to protect the American farmer?" I asked.

TARIFF DISCUSSED

"Yes, the United States has a tariff of 42 cents a bushel on wheat. That is certainly high enough for anyone. But most of the wheat imported is milled in bond and 40 cents a bushel is rebated. I know there are many learned economists and business men who hold that this grain, if it did not come to American mills, would go to Europe from Canadian mills so that the rebate makes no difference. This would be true if the United States produced enough hard spring wheat, high in protein, similar to what it imports from Canada, but does not.

"As a matter of fact, a reduction of this rebate would increase the price of American dark, hard northern spring wheat. And it's the first law of merchandising that if the better goods are increased in price the other grades will increase accordingly, or in proportion.

FARMERS' POSITION

"Let me make one point clear," went on Mr. Campbell. "The American farmer is no angel. He wants no special privilege from the United States government. He wants only to be put on a par with other industries which have been organized effectively in the last fifty years. Labor gets protection through restricted immigration; capital is well supported by the Federal Reserve; railroad companies have the benefit of an organized transportation act; public utilities are so organized they can charge rates that pay a fair rate on their investment; but the farmers have nothing yet in the way of organized protection.

"Now the Farm Board is trying to organize the farmers collectively. It needs the support of the business interests as well as the farming interests. When the farmer is organized he will work out his problem as every other group has worked out its problem. Can anyone conceive of a more ridiculous condition than the fact that flocks and herds throughout the drought area are being liquidated right now at ruinous prices for want of feed, and in other parts of the United States wheat is selling for about 50 cents on the farm because of a surplus?

AMERICANS PANICKY

"Ewes sold in Montana this fall for $1 each and I sold high-grade wheat for 45 cents a bushel. Such a condition might happen in China, but surely it should not in the United States with its wonderful transportation facilities and reduced rates. Surely with all its government agencies the United States can solve such an uneconomical balance.

"No, wheat prices in the United States are demoralized because Americans themselves have become demoralized. Instead of pointing the finger of conviction at some foreign power, better point a finger at the concerted short selling by the professional bear and the foreign buyer, assisted by the present rules and regulations, which are all in the seller's favor, and at the world wheat surplus handled by an archaic system of distribution.

"In spite of this condition, don't sell wheat short now, for it's a buy, not a sale," Mr. Campbell concluded.

MARKET HIT BY SHARP RELAPSE

Upturn in Monday's Trading Proves Short-Lived

Prices Ease Down Steadily to Saturday Level

Electric Equipment, Coppers and Oils Weakest

NEW YORK, Oct. 21. (AP)—Fatigued by the exertion of Monday's ambitious rally, the stock market suffered a relapse today and crawled back to bed.

After only momentary hesitation at the opening, prices went into a slow slump that erased all but a shade of yesterday's recovery. Net losses ran from 2 to 6 points in a turnover of 2,421,900 shares.

Weakness was general, although it was most conspicuous in the electrical equipment, oil and copper shares. The decline met little resistance until last Saturday's lows were approached. Then there was a weak rally that lifted the market moderately from its minimums. General Electric, Westinghouse, Standard Oil of New Jersey, Texas Corporation, Anaconda, Kennecott, American Water Works, Public Service of New Jersey, International Harvester, Nash Motors, Hudson, Studebaker and several investment rails went to new lows for the year or longer.

The drop pointedly showed Monday's rally had been quite technical. News hardly had a bearish cast, except for rumors of further cuts in crude oil prices in the mid-continent petroleum field and the generally unsatisfactory character of the earnings statements. The Westinghouse third-quarter report revealed the company failed to earn its dividend in the third quarter and the heavy offering of the stock had a distinctly unsettling effect on the entire list. The company is strongly fortified with cash, and Wall street confidently looks for maintenance of the regular dividend payments, in expectation of improvement next year.

There was some solace in the condition statement of the Federal Reserve member banks for the week ended October 15. "All other" loans, in which commercial borrowings are classified, soared $61,000,000, making the gain $155,000,000 in the past three weeks.

The collateral loan item dropped $10,000,000 compared with last week's $215,000,000 deflation. This reduced the total gains for the year to $383,000,000.

Selling pressure against stocks carried many favorites lower. General Electric dropped 4 to 50, but recovered a point, closing 2 7-8 lower. Standard Oil of New Jersey lost 3 to 53 1-8 before coming back fractionally. American Can failed to receive much support until it had tumbled 5 points. Its net loss was 4. Westinghouse, down 8 3-4 at the bottom, recovered 2 points and American Telephone regained a point of a 4-point loss. Allied Chemical, which had been 9 1-2 lower, finished 6 1-2 below the Monday close.

United States Steel sagged to 144 3-4, within 1-4 of the year's low, and then rallied 3-4 to close at 145 1-2, off 3-4. There were 2 to 3-point net declines in American and Foreign Power, American Water Works, Public Service of New Jersey, Penney, Case, Du Pont, American Tobacco "B," Paramount, Union Pacific and Sears-Roebuck. Eastman Kodak and Houston Oil lost nearly 6 and Safeway Stores 7.

Foreign exchanges held firm.

AN INVESTMENT that has Weathered Successfully Wars, Panics and Depressions

CORPORATE Trust Shares
represent an ownership interest in these 28 great companies.

MOODY'S COMPOSITE PORTFOLIO RATING A

In times like these, the cautious investor chooses only those securities which have established a record of strength and dependability regardless of economic changes, wars, panics and depressions. Corporate Trust Shares offer just such an investment. These shares constitute a proportionate ownership in a fixed unit of the common stocks of the 28 great companies listed at the left.

The average age of these companies is 58 years and the youngest is the United States Steel Corporation with a record of 28 years. Dividends have been paid by each of them without interruption for an average of 33 years.

As the leaders of American industry, these corporations are the best able to meet periods of reduced earnings and are the first to reflect business improvements. Their continued growth and prosperity is as sure as the progress of the nation itself.

Price Market, about 7⅛ per share, yielding over 7% minimum return.

Every investor owes it to himself to investigate fully Corporate Trust Shares. Let us send you full details without obligation.

NEW YORK BOND PRICES

NEW YORK, Oct. 21. (AP)—A slightly easier tone in the money market proved of no value as a stimulant to bond buying today. Trading in domestic issues was dull and price movement displayed about the same characteristics as in recent sessions. Declines slightly exceeded advances.

Activity in foreign issues was of a more constructive nature although progress was somewhat marred by the divergent trend of a few active issues. The greatest activity centered in German municipal and industrial bonds, which generally were higher. Latin-American issues continued their climb to higher levels.

The city of New York found only a single bidder for the entire $50,000,000 in 4 per cent fifty-year bonds which it sold. The Chase Securities Corporation with its "all or none" bid of 100.03 obtained the issue and is offering it at 101 to yield 3.95 per cent.

A few foreign issues reached new highs for the current advance.

Turnover of Germans was the largest. The government 7s, bank issues, German General Electric 6s and Berlin City Electric 6s were about a point higher and German Electric 7s reached par on a 4-point advance.

Warner Brothers 6s, Atchison 4½s, Alleghany Corporation 5s, and General Theaters 6s declined a point or more.

If last price omitted, low and last are same. If low and last are omitted, high, low and last are same.

SAN FRANCISCO

SAN FRANCISCO, Oct. 21. (AP)—Resistance of Transamerica to a sharp attack launched at the opening was the feature of trading on the stock exchange today. Otherwise the market moved irregularly, with thirteen new lows being registered against one new high.

Transamerica opened at 17¼, yielded to 16½, a new low, and closed at 17½, after 57,000 shares changed hands.

Other new lows were reached by Atlas Diesel, General Paint "A," Olliver Filters, Southern Pacific, Western Pipe and Steel, Richfield common, Standard Oil of California, Shell common, Tidewater preferred, Union Associates, Union and North American Investment.

Magnavox at 2¼ moved up ½ to sell at 2¼.

Certificate

6% WITH INSURED SAFETY

Have you a sum of money to invest—no matter how large or how small?

Do you want to place it where you will be absolutely sure your principal is safe and that you will receive a liberal income regularly every six months unaffected by market fluctuations?

Then investigate our 6% First Mortgage Assignments. These Assignments represent actual proportionate ownership in a group of selected first mortgages deposited with a trustee. Payment of principal and interest on these deposited liens is insured and guaranteed by this company, operating under the strict supervision of the California Insurance Commissioner.

You cannot afford to overlook the safety and high return this investment offers. We will be glad to supply full details without obligation. Send name and address below.

Can You Recognize An Investment Bargain?

For example, the 6½% First Mortgage Bonds of one of California's leading industrials are now selling at a material discount to yield over 8%. The value of the securing property is appraised at over $4000 per $1000 bond, and current earnings show a substantial margin above interest requirements of this issue. The company also has oustanding a considerable issue of debentures junior to these bonds.

In view of the ample security, satisfactory earnings and outstanding position of the issuing corporation, these bonds appear to be substantially underpriced in comparison with other issues of comparable strength. We believe they merit close consideration of every investor.

This is but one of a number of highly attractive bargains in seasoned California bonds to be found in the market today. We shall be pleased to discuss these opportunities with you in person at your convenience.

NEW YORK CURB STOCKS

NEW YORK, Oct. 21. (AP)—The curb market slipped still lower today, losing most of yesterday's gains, and recording many new minimum levels. Trading, however, was moderate, with a turnover of 565,700 shares, somewhat less than that of the preceding session.

Oils were unsettled by the reports of further softening of gasoline and crude oil prices. Cuts in Mid-Continent crude prices by a few small producers were regarded as possibly foreshadowing similar action by large companies. The Standard shares were distinctly heavy. Standard of Indiana sagged nearly a point to a new low for the year at 40⅝. Standard of Nebraska tumbled nearly 3 and Standard of Ohio more than 4 to new bottoms. Gulf declined more than 3, also to a new low. Cities Service closed off ⅝, at 24.

Several utilities were again under effective selling pressure. Electric Bond and Share dropped about 3 points to within a shade of its recent low then rallied fractionally. American Gas tumbled 5 to a new minimum and Associated Gas common and United Light A each lost 2. Nevada California gained about 3 points. Natural gas stocks eased.

In the industrials, Aluminum Company, Babcock and Wilcox and Sheaffer Pen dropped 2 to 3 to new lows, and Perfect Circle 5. National Steel Car, rarely traded, sold at 32, off nearly 20 points from the preceding transaction.

Continental Shares convertible preferred sold at 50, off 18 points.

The closing price is omitted when same as the low and both low and close when same as the high.

WOOL MARKET

BOSTON, Oct. 21. (AP)—Ohio and similar 64's and finer strictly combing fleece wool are selling in moderate quantities at prices in the range of 20 to 31 cents, in the grease. Manufacturers are purchasing limited quantities of 58-60's. French combing fleece wools at 25 to 26c in the grease. Practically no inquiries are being received by dealers for fleece wools at 56's and lower grades.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press.)

Carlot shipments of California citrus, compiled from railroad passing reports for the California Fruit Growers' Exchange were announced as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
October 20	13	15
Season to date	39,748	12,805
Last season to date	61,474	14,289
CENTRAL CALIFORNIA		
October 20	0	0
Season to date	5,998	132
Last season to date	9,837	176
NORTHERN CALIFORNIA		
October 20	0	0
Season to date	378	27
Last season to date	484	47

California oranges were lower at eastern and middle western auction centers yesterday. Lemons 300s were steady and the balance lower. Sales totaled fifty-nine cars of oranges and seventeen cars of lemons.

The price range per box:

LOS ANGELES MARKET

CATTLE—The moderate Tuesday supply ran largely to she stock and mixed loads, only one load and a few odd lots of steers being included. Trade was fairly active and generally steady with the week's opening session. A good clearance was made on killing cattle.

A load of low good 839-pound Utah steers scored 8.25, and a few odd head turned at 7.00@7.50 with a package of 1191-pound Californias at 6.75.

The better grades of she stock were scarce, a load of intermountain cows and heifers going at 6.15. A few odd cows sold at 6.00, with bulk of common to medium kind making 4.75@5.75. Low cutters and cutters scored 2.50@4.50, with some stock cows at 3.60. Medium to good bulls ranged from 5.25@6.10.

CALVES — Southwestern calves furnished bulk of the supply in the cattle division and notwithstanding the large supply, trade was active and fully steady. Desirable milk vealers were confined to a few odd head of plain lightweights at 10.00@10.50, with one animal at 13.00. A few of the southwesterns averaging 271 pounds cashed at 11.00 with bulk of the 211 to 346-pound weights at 8.00@9.75, heavier weights going at 7.50@7.75. A few inferior vealers sold down to 6.00 and below.

HOGS—With only three loads offered, trade was soon over, sales being made on a weak to 15c lower basis. Two loads of desirable weight eastern butchers topped at 11.10, with a load of 153-pound averages at 11.00, sorted twenty head of 107-pound weights out at 10.00. A package of 176-pound local feds made 10.50, and a few packing sows brought 8.50.

SHEEP—A shipment of Utah lambs moved in fair season at fully steady rates. A deck of medium to good 77-pound weights brought 7.60 with fifteen head out at 6.00. A deck of thin 63-pound weights brought 6.25, sorted 15 per cent at 5.00. A few head of good 113-pound ewes brought 3.50.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 600 to 900 pounds, medium, 7.00@8.00; common, 5.75@7.00; 900 to 1100 pounds, good, 8.25@8.75; medium, 7.25@8.25; common, 5.75@7.25; 1100 to 1300 pounds, good, 8.00@8.60; medium, 7.25@8.00. Heifers, 550 to 850 pounds, good, 7.00@7.75; medium, 6.25@7.00; common, 5.00@6.25. Cows, good, 5.85@6.50; common and medium, 4.50@5.85; low cutters and cutters, 2.50@4.50. Bulls, yearlings excluded, good beef, 5.50@6.50; cutter to medium, 3.75@5.50. Vealers, milk fed, good and choice, 10.75@12.50; medium, 8.75@10.75; cull and common, 6.00@8.75. Calves, 250 to 500 pounds, good and choice, 7.75@10.50; common and medium, 5.75@7.75.

Hogs, light light, 140 to 160 pounds, good and choice, 10.25@11.10; light weight, 160 to 180 pounds, good and choice, 10.50@11.10; 180 to 200 pounds, good and choice, 10.25@11.10; medium weights, 200 to 220 pounds, good and choice, 10.00@10.90. Packing sows, 275 to 500 pounds, medium to good, 7.50@9.00. Slaughter pigs, 100 to 130 pounds, good and choice, 9.75@10.75. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Lambs, 75 pounds down, good and choice, 7.25@8.00; medium, 6.50@7.25; 76 to 90 pounds, good and choice, 7.00@8.00; medium, 6.00@7.00; all weights, common, 5.00@6.50. Ewes, 90 to 120 pounds, medium to choice, 2.75@3.75; all weights, cull and common, 1.25@2.75.

OUTSIDE MARKETS

SAN FRANCISCO, Oct. 21. (AP)—Hogs, 600, 15c lower; two loads 155-pound Utahs, 10.85; weighty kind, 9.50. Packing sows, 8.50@9.00.

Cattle, 425. Good thick over 1100-pound steers absent, quotable up to 7.75; two loads common 933 to 1100-pound Oregons, 6.00@6.50. She stock slow, load good 920-pound California cows, 6.00; few packages medium, 5.00@5.50. Bulls absent, 5.50 down.

RUBBER MARKET

NEW YORK, Oct. 21. (Exclusive)—Crude rubber prices in the outside market today lost a portion of their striking gains of the previous day, closing ⅛c lower at 8¼c for ribbed smoked sheets. Other grades and contracts were lower in proportion. Nevertheless, the performance of the market in the last two days shows a net gain of ¼c. London closed quiet with prices unchanged to 1-16d advance.

	Spot-Oct.	Nov.-Dec.	Jan.-Mar.

Per ton, Missions, Carignanes, Alicantes, 30.00@35.00; Muscats, best, 30.00@32.50; poorer, 25.00; San Joaquin Valley, pound, Ribiers, 2½@3; Ladyfingers, 2@2½; fancy, 4; Tokays, fancy, 3½@4; seedless, 1½@1¾; Escondido, Muscats, pound, 2½@3.

GRAPEFRUIT—Local, boxes, fancy 48s, 6.50@7.50; 64s, 7.00@7.25; 80s, 6.00@7.25; 100s, 6.00@7.00; market pack, 48s, 5.00; 64s, 5.50; 88s-100s, 6.00; Imperial Valley, fancy 64s, few 6.00; 80s, 5.25@5.50; 100s-126s, 5.00; market pack, 80s-100s, 5.00@5.25; mostly 5.00; 120s, 4.75@5.00; Arizona, Salt River Valley, 48s-64s, 4.00.

LEMONS—Local, loose, standards and tree-ripes, boxes, best, 2.25@2.50; poorer, 1.00@2.00; fancy 300s, 5.25@5.50; 360s, 4.50@5.25.

LETTUCE — Crates, Iceberg, Salinas, iced, 4-5 dozen, 3.00@3.25; few low as 2.75; fair quality and condition, 2.00@2.25; poor and slimy, low as 1.00; dry pack, Lompoc, best, 2.50@2.75; few 3.00; ordinary, 1.75@2.25; Santa Maria, Guadalupe, fair, 1.50@2.00; few best, 2.25; poor low as 1.00; Salinas, mostly 2.00@2.25.

MELONS—Local, Honeydews, standard cantaloupe crates, 12s-16s, 75@85; 24s-27s, 40@50. Per ton, Persians, best mostly, 25.00; Casabas, 18.00@20.00.

ONIONS—Local, street sales, Spanish, sacked cwt., 85@90; few 1.00; lugs, 30@35.

ORANGES — Local, boxes, Valencias, fancy, 100s, 6.75@7.00; 126s, 7.50; 150s, 7.75; 176s, 8.25@8.50; 200s-216s, 8.50@8.75; loose, orchard run, medium size, 4.25@4.50; standards, 3.25@4.00; navels, off-bloom, loose, small, 3.75; medium, 4.00; large, 4.25@4.50.

PEAS — Lompoc, pound, sacked, 8@9; few 10; poorer, 5@6; Oceano, crated, best mostly 12; few 13; ordinary, 9@10; Visalia, best, 12@13.

PEARS—Bartlett, pound, Lake county, 3¾@4½; Little Rock, 2½@3; few best, 3½@4; poorer, 2.

PEPPERS—Local, lugs, California Wonders, 35@50; Chinese Giant, 25@30.

PERSIMMONS—Pound, local, 4@5; best, 6@7; San Joaquin Valley, 4@5; poorer, 2@3.

POMEGRANATES—San Joaquin Valley, pound, 1½@2.

RHUBARB — Cherry, packed, 20-pound flats, mostly 65; 40-pound boxes, 1.15@1.20; Winter, apple boxes, 50@60.

STRAWBERRIES — Watsonville, 12-cup trays, 1.75@2.00; few 2.25; poorer, 1.50; Berros, 1.00@1.25; few 1.35.

RASPBERRIES—12-cup trays, Watsonville, 2.00@2.25; some poorer low as 1.50.

BLACKBERRIES—12-cup trays, Watsonville, 1.00@1.25; few 1.35@1.40.

SQUASH—Local, lugs, Summer, 75@85; Italian, 75; yellow, 1.00@1.25.

TOMATOES—Stones, lugs, 75@85; ordinary, 50@65; Globes, 85@90; few higher; ordinary, 60@75.

POTATOES — Closing Monday, opening Tuesday, brokers' sales, Stockton, sacked cwt., Burbanks, 2.00@2.10; best special marks high as 2.35; fair quality, 1.60@1.75; Idaho, sacked cwt., Russets, U. S. No. 1, 1.85@1.90; mostly 1.90; Utah, sacked cwt., Russets, U. S. No. 1, 1.75@1.85; unclassified, 1.50@1.55; mostly 1.50.

PERMITS ISSUED

The following permits have been granted by Arthur H. Garland, Commissioner of Corporations:

Speak-O-Phone Chain Studios, Ltd. Sound recording devices. Directors, C. A. Owens, Roya Clements, Thomas Forsyth. Capital, 25,000 shares, par value $10. Permitted to issue all.

Howard M. Jay and Eunice M. Jay. Oil developing. Permitted to issue 10 per cent landowner's royalty interests.

Houck Motor Coach Advertising Co., Ltd. Advertising. Directors, Joseph G. Houck, Florence L. Houck, Mary Gibbs, L. M. Mull and B. M. Cantrell. Capital, 100,000 shares, no par value. Permitted to issue 10,004 shares.

Larry Kaford, Inc. Auto accessories. Directors, L. E. Kaford, L. H. Hepburn and L. A. Smith. Capital, 25,000 shares, par value $1. Permitted to issue all.

Enid Oil Co., Ltd. Oil developing. Directors, W. E. Marley, Jr., Nephi A. Anderson and W. E. Marley. Capital, 100,000 shares, par value $1. Permitted to issue three shares.

Mox Wrecking Company, Ltd. Lumber and wrecking. Directors, Gustave Mox, Louis Hoffman and L. H. Pritchard. Capital 1000 shares, no par value. Permitted to issue all.

Hornaday & Lindsay, Inc., Ltd. Miniature golf course. Directors, Lincoln L. Lindsay, M. J. Gordon and Eugene Roy Hornaday. Capital, 800 shares, par value $10. Permitted to issue all.

Delano Motor Co., Ltd. Auto agency. Directors, C. E. Houchin, W. E. McFaddin and L. P. Lake. Capital, 50,000 shares, par value $1. Permitted to issue 15,003 shares.

Hill & King, Ltd. Undertakers. Directors, W. J. King, E. O. Newman, H. O. Hill, Ada Belle Hill. Capital, 100 shares, par value $100. Permitted to issue all.

METAL MARKETS

CLEVELAND, Oct. 21. (Exclusive)—Daily Steel today says: Specifications for most finished steel products clearly demonstrate that demand is holding its own. Sales show some marked increases over a month ago, due largely to the rail and track fastening tonnages that have been booked lately. Steel sellers are making much over the low inventories of users. Mills generally hold the view that most of the customers have two or three weeks stocks.

METAL PRICES

NEW YORK, Oct. 21. (AP)—Copper, quiet; electrolytic spot and future 10.

Iron, quiet, unchanged.

Tin, firm; spot and near-by, 27.12; future 27.30.

Lead, quiet; spot New York, 5.10; East St. Louis, 4.95.

Zinc, quiet; East St. Louis, spot and future 3.95@4.00.

Antimony, 7.37.

COFFEE MARKET

NEW YORK, Oct. 21. (AP)—Coffee, spot steady; demand, light; Rio, No. 7, 8⅝; Santos, No. 4, 14.

Rio futures, closed steady; approximated sales 25,000 bags. December, 7.49; March, 6.00; May, 5.73; July, 5.60; September, 5.53.

Santos futures, steady; approximated sales 16,000 bags. December, 12.00; March, 10.11; May, 9.48; July, 9.11; September, 8.90.

DRIED FRUITS

NEW YORK, Oct. 21. (AP)—Dried fruit steady.

OIL NEWS

BY EDWARD KEGLEY

[illegible] of the State-wide oil [illegible] program, to bring about [illegible] of crude oil stocks in Pa- [illegible] territory, is being real- [illegible] to figures just re- [illegible] by the American Petroleum [illegible].

[illegible] for September dis- [illegible] the decrease for the [illegible] 799,938 barrels of crude [illegible]. The total stocks at [illegible] of the month were 180,433,- [illegible], or a total decrease up [illegible] 30 of 4,329,781 bar- [illegible].

[illegible] to this report, the to- [illegible] of crude in Califor- [illegible] September was 17,984,306 [illegible] average of 599,477 bar- [illegible] day. This is a decrease of [illegible] per day below August [illegible].

[illegible] a decline in all stocks [illegible] in Pacific Coast ter- [illegible] the report shows that stocks [illegible] crude of 20-deg. gravity [illegible] increased 504,470 bar- [illegible] September. This up- [illegible] due to curtailment of refin- [illegible], which naturally built up [illegible]. Forty-seven wells were [illegible] during the month for an [illegible] daily production of 52,043 [illegible] compared with fifty-nine [illegible] brought in during August with [illegible] initial flow of 53,066 barrels of [illegible].

[illegible] Plant

[illegible] of the Superior Oil [illegible] new casinghead gasoline [illegible] on Sec. 30, 21-17 on the north [illegible] the Kettleman Hills field is [illegible] under way. Work on the plant [illegible] being rapidly pushed to enable [illegible] to treat a daily flow of [illegible] cubic feet of gas from its [illegible] No. 1.

[illegible] well has been producing in [illegible] 11,000 barrels of 46-deg. [illegible] oil per day for the last three [illegible]. It is offset by the Union- [illegible] combination's King No. 1, [illegible] drilling below 1050 feet.

[illegible] Site

[illegible] Standard Oil Company is [illegible] foundation for its No. 34 to [illegible] drilled on Sec. 29, 21-17 on the [illegible] at Kettleman Hills. It [illegible] Superior's Huffman No. 1, [illegible] No. 65 on the same sec- [illegible] is making progress with the [illegible] below 6000 feet and the com- [illegible] is grading location for No. 85.

[illegible] Road

[illegible] has been completed by the [illegible] Major Oil Company to its [illegible]-Annex No. 4 well at Lom- [illegible] and preparation of site for the [illegible] project is expected to start in [illegible] days. Derrick is up for the [illegible] Union-Annex No. 3. Va- [illegible] Major's No. 2 was recently [illegible] for an initial yield of 500 [illegible] of oil a day from a depth [illegible] feet.

[illegible] lack of market at present, [illegible] Major has been obliged to [illegible] in Union-Annex No. 2, its first [illegible] at Lompoc. This proj- [illegible] at the rate of 1000 bar- [illegible] daily. The company's lease is [illegible] a short distance of leases [illegible] by the Union Oil Com- [illegible] and which have had produc- [illegible] for many years.

[illegible] Down

[illegible] production of oil from the [illegible] Fe Springs field has dropped [illegible] barrels and at the present [illegible] of decline may reach 90,000 [illegible] daily, the desired quota. [illegible] natural decline at Santa Fe [illegible] is expected to care for any [illegible] wells that may be brought in. [illegible] few projects are active.

[illegible] Deepen

[illegible] are under way by [illegible] Richfield Oil Company to deep- [illegible]-Hobson No. 4, a project [illegible] in the Seacliff field. Oil [illegible] was recently cored in this [illegible] and an attempt was made [illegible] it on production at about [illegible] feet. At the end of a 600-foot [illegible] at Seacliff, Richfield's Hobson- [illegible] No. 3 continues to flow ap- [illegible] 200 barrels daily. This [illegible] will be extended soon to permit [illegible] drilling of another well.

[illegible] North Dome

[illegible] syndicate headed by E. J. Preston, independent oil operator, recently bought thirty acres in fee on Sec. 36, 21-17, on the north dome of the Kettleman Hills field and is understood to be making preparations to start drilling operations there within sixty days.

Preston's lease is near the Midland Exploration Company's property and acreage controlled by Richfield, Elsinore and North American oil companies and just east of the Shell Oil Company's Dixon No. 1, drilling below 6000 feet.

Tests Gasser

A recent test of the General Petroleum Corporation's More No. 2 near Goleta indicated that it is good for 8,000,000 to 10,000,000 cubic feet of dry gas a day. This project was cleaned out to 4280 feet with bottom of the hole at 4340 feet, where it started flowing. After establishing its potentialities General shut in More No. 2 and it will probably remain capped until a stronger market is supplied. It is thought that the gas may eventually be used in the Elwood oil field at some future date, when depleted wells may be repressured.

Doubles Yield

The Pacific Western Oil Company's new Tideland Permit No. 92-6 in the Elwood field yesterday was producing in excess of 15,600 barrels a day from a depth of 3516 feet. The initial flow was 4600 barrels daily. The project will be allowed to flow wide open for five days to establish its potential before being beaned back.

Brings in Two

Two new wells were placed on production yesterday by the Standard Oil Company. The company's No. 68 on Sec. 5 at Maricopa Flat was completed at the rate of 190 barrels daily from a depth of 2197 feet, and in the Midway district Standard's No. 67 on Sec. 3 came in for an initial yield of 150 barrels daily with bottom at 4190 feet.

Maintains High Mark

After recording a brief decline for one day, the Venice field's daily average production jumped to more than 27,000 barrels yesterday due to the completion of four new wells. The Ohio Oil Company's H-1 and I-1 came in for 500 barrels each from the shallow zone. J. W. Todd's No. 1 was completed at the rate of 600 barrels daily and Thomas Kelly's Gage No. 1 had an initial flow of 500 barrels daily. The Venice field reached the 27,000-barrel-a-day mark on a previous occasion.

LOS ANGELES EXCHANGE

New Selling Wave Strikes Local Stock Market Which Uncovers Sixteen Record Bottom Prices

Hope for any sustained improvement of prices on the Los Angeles Stock Exchange was blasted yesterday when a renewal of selling broke out to check a rally of one day's duration and again plunge the market into depths heretofore uncovered. Banks, finance companies, utilities and oils all suffered in a deluge of liquidation, the severity of which hammered sixteen stocks to new record bottoms.

Losses ranging from substantial fractions to more than 2 points caused record lows to be established for Transamerica, Security-First National Bank, Citizens' National Bank, California Bank, Pacific Finance, Pacific Mutual, International Re-Insurance, Southern California Edison, Pacific Lighting, Standard Oil of California, Union Oil, Union Associates, Barnsdall, Richfield, Pacific Western and Macmillan. Some measure of encouragement, however, was derived when near the closing hour a number of the more popular traders indicated a rallying tendency.

Nearly 25,000 shares of Transamerica crossed the board. The issue flopped to a bottom at 16½ and scored the best recovery on the board with a rally to 17 5-8, where it closed unchanged for the day. No other prominent issues succeeded in regaining all of the earlier losses.

Security-First National hit 96 and finished at 97½, off 2⅛ points net. California Bank sank 2½ to 97½ and ended at 98. Citizens' National dropped 1 point to 99; Pacific Finance, ½ to 15; Pacific Mutual, 1-4 to 65 and International Re-Insurance, ½ to 32½.

Edison struck a new low at 48 and closed at 48½, off 3-4 net and Pacific Lighting broke 1½ to 64½. Pacific Public Service yielded 3-4 to 25.

Standard of California hit bottom at 51 1-4 and recovered to end at 52, down 3-4 net. Union Oil fell to 28 3-8 and finished at 28 5-8 off 1 7-8 net, and Union Associates after striking 27 rallied to end at 27 1-4, down 1 5-8 net. Richfield hit a new minimum at 6 3-4 and closed at 7, for a net loss of 1-4. Macmillan dropped ⅛ to 5⅛ and Barnsdall, 1-4 to 15 3-4.

Sales totaled 48,998 shares valued at $1,339,528; previous day, 19,997 shares valued at $705,662.

CASTLE COMPANY IN EARNINGS DECREASE

CHICAGO, Oct. 21.—A. M. Castle Company for the September quarter today reported net profits of $81,111 after all charges including Federal taxes, equal to 67 cents a share on 120,000 common shares as against $136,638, or $1.13 a share in the preceding quarter and $237,645, or $1.98 a share in the third quarter last year. Net profits for the first three quarters aggregated $352,204, equal to $2.93 a share on the common stock as against $666,402, or $5.55 a share in the same period last year.

INCOME OF LEATHER CONCERN IMPROVES

NEW YORK, Oct. 21.—United States Leather Company for the nine months ended September 30, last, today reported a net loss of $180,654 after charges and taxes, as against a net loss of $1,820,829 in the 1929 period. September quarter net loss was $376,842, as against net profits of $148,609 in the third quarter last year.

LORD AND TAYLOR DECLARES EXTRA

NEW YORK, Oct. 21.—Directors of Lord & Taylor declared today an extra dividend of $5 on the common stock payable December 10 to stockholders of record November 17. In two preceding years similar special dividends were paid.

DIVIDEND DECLARED

Garner Royalties Company, Ltd., declared yesterday a cash distribution of 12½ cents a share on the class A stock payable the 31st to stockholders of record the 20th inst.

Motor Vehicle Registrations Show Decline

DETROIT, Oct. 21. (Exclusive)—New passenger-car registrations for the first twenty-one States reported to date total 55,664, against 64,443 in August and 99,877 in September, 1929. Ford registrations in the same States numbered 20,392 in September, against 24,338 in August and 36,914 in September, last year. Chevrolets numbered 13,066, against 15,414 in August and 20,019 in September, 1929.

September motor-vehicle production in the United States and Canada totaled 230,288, against 232,840 in August and 429,729 in September, 1929. For nine months this year the production aggregated 3,066,513 vehicles, against 4,874,676 for the like 1929 period.

September passenger-car output in the United States and Canada totaled 186,170, against 193,983 in August and 374,181 in September, last year. The nine months' production totaled 2,599,533, compared with 4,179,453 a year ago. Truck output totaled 44,309 in September, against 38,606 in August and 54,683 in September, 1929, and for the nine months, 461,558, compared with 681,632 a year ago.

Stout Air Lines Ends Agreement

DETROIT, Oct. 21.—Voting trust agreement of the Stout D. & C. Air Lines, Inc., the company which last year floated $1,000,000 worth of stock to operate flying boats between Buffalo and Detroit, has been terminated. The dissolution is construed to mean that the company will ask stockholders themselves whether it is feasible to continue or dispose of the assets. Operations were blocked when the Dornier flying boats purchased abroad did not pass government standards.

It is understood that directors will submit to stockholders a proposal made by one of the larger aviation companies to acquire stock of the line through an exchange of securities. Holders have been directed to deposit voting trust certificates with the Marine Trust Company. Litigation is now under way to recover under the purchase contract with the Dornier company.

Campbell Trial Jury Not Filled

WASHINGTON, Oct. 21. (AP)—After eleven jurors had been selected for the trial of Herbert M. Campbell, real estate operator, on a charge of murdering Mary Baker, a Navy Department clerk, the jury list was exhausted in the District of Columbia Supreme Court today and court was halted to obtain more veniremen.

Two hundred additional prospective jurors will be summoned for tomorrow when court resumes.

All jurors thus far selected are men.

Rail Equipment Earnings Told

NEW YORK, Oct. 21.—Symington Company for the quarter ended September 30, last, in a report issued today, showed a net loss of $68,189 after depreciation, taxes and reserves as against net profits of $36,452 in the third quarter last year, or 18 cents a share on Class A stock.

Net profits for the first three quarters of this year aggregated $208,420, equal to $1.04 a share on 200,000 Class A shares as against $192,494, or 96 cents a share on Class A stock in the like 1929 period.

SLUMP RECORDED IN WESTINGHOUSE NET

NEW YORK, Oct. 21. (Exclusive) Westinghouse Electric and Manufacturing Company in the first nine months of this year earned $4.25 a share on 2,666,315 combined preferred and common shares as against $7.32 a combined share in the like 1929 period, the company's earnings report today revealed. September quarter net profits were equal to $1.12 a combined share, as against $1.43 in the preceding quarter and $2.40 a share in the third 1929 quarter.

TRANSIT CORPORATION NET INCOME GAINS

NEW YORK, Oct. 21. — Brooklyn-Manhattan Transit Corporation, including Brooklyn and Queens Transit Corporation, today reported for the September quarter net income of $1,612,567, after taxes, charges and minority interest, equal after dividend requirements on the $6 preferred stock, to $1.61 a share on 769,911 shares of common stock as against $1,376,124, or $1.30 a share in the 1929 period.

LIPMAN TO ATTEND BANKER CONCLAVE

J. C. Lipman, vice-president of the Union Bank and Trust Company, left yesterday to attend the annual fall meeting of Robert Morris Associates to be held at Briarcliff Manor, N. Y., from the 27th to 29th inst., inclusive. Robert Morris Associates is a nation-wide group of bankers interested in the development of bank-credit practices.

GASOLINE PRICE CUT IN TWIN CITIES

MINNEAPOLIS, Oct. 21. — Gasoline prices were cut 1 cent today by the larger oil companies in Minneapolis and St. Paul, making filling-station prices 17 cents a gallon for the low test and 20 cents for the high test. Independent dealers have not reduced their prices and the cut in prices has not extended outside the Twin Cities.

SPSPECTED SHIP SEIZED

NEW YORK, Oct. 21. (AP)—The Canadian auxiliary schooner Thorndyke, suspected for many months of being a rum-runner, was captured today near Absecon, N. J., by a Coast Guard patrol boat.

LOS ANGELES CURB

With the addition of the newly listed amusement stocks, the volume of trading on the Los Angeles Curb yesterday showed a sharp increase over the previous session. Closing prices of most of the dollar issues were lower.

Fox Film A, General Theaters, Loew's, Inc., Paramount-Publix, and Warner Brothers, were the new issues added to the list and the trading in them aggregated 2300 shares. Fox Film A led in volume with 800 shares, followed by Paramount-Publix with 700 and Loew's with 500 shares.

Four dollar issues hit new bottoms. Grigsby-Grunow was off 7-8 to a new low at 5½, Gladding-McBean dropped 2½ to a new low at 30½. Interstate Trading touched a new bottom at 9½, closing at 9 7-8, off 1-4, and Tidewater Associated fell to a new low at 10, off 1-4.

Ambassador Petroleum in the cent stocks made a jump of 70 cents to $2, Italo preferred advanced 5 cents to $1 and Lincoln Drilling moved up 10 cents to $1.70 while Universal Consolidated Oil dropped 25 cents to $4 and Mt. Diablo Oil lost 10 cents to 40 cents. Claude Neon Lights dropped 30 cents to $4.95. Tom Reed Mining advanced 1 cent to 76 cents.

Sales totaled 13,910 shares, valued at $221,541; previous day, 8657 shares, valued at $77,497.

WEYLER'S FUNERAL STARK ONE

But One Carriage Follows in Rain Behind Corpse of Ex-Ruler of Cuba

MADRID, Oct. 21. (AP)—In a simple wooden casket, borne by a hired hearse, the body of Capt.-Gen. Valeriano Weyler, whose Cuban administration thirty or more years ago was one of the causes of the Spanish-American War, was taken today to its grave in San Lorenzo Cemetery, through a heavy downpour. There was only one carriage, containing relatives, in the funeral procession.

The burial ceremony at the Weyler home had been performed two hours earlier than scheduled to escape the gaze of crowds.

The ceremony was to have begun at 4 o'clock in the afternoon. Instead it started at 2 o'clock. The bishop of Teneriffe said mass in a chapel improvised in Gen. Weyler's former workroom, where the body had been placed in a plain wooden coffin. Among the general's many titles was that of Marquess of Teneriffe. It happened the bishop of that name was visiting in Madrid and he was called upon for the ceremony.

Among the notables passing the coffin was Gen. Alberto Borbon, who is Duke of Santa Elena and a cousin of the King. He leaned reverently over the casket, kissed Weyler upon the forehead and tiptoed away in tears.

Spanish Flyer Ordered Seized for "Politics"

MADRID, Oct. 21. (AP)—The government today ordered Capt. Ignacio Jimenez, trans-Atlantic aviator, arrested for violation of the law prohibiting military officers from making political declarations.

Capt. Jimenez and Francisco Iglesias flew from Seville for Rio de Janeiro on March 27, 1929. They were forced down at Bahia after successfully spanning the South Atlantic.

Maj. Ramon Franco, Spain's premier flyer, who in 1926 flew across the South Atlantic from the Cape Verde Islands to Pernambuco, was arrested for "breach of military discipline" the 12th inst. It is announced a revolutionary movement has been quashed.

GLASS EARNINGS OFF

PITTSBURGH, Oct. 21.—American Window Glass Company for the year ended August 29, last, today reported a net loss of $393,575 after taxes and depreciation and after deducting $288,385 for obsolescence of inventories. In the preceding year net profits were $4380, equal to 11 cents a share on 39,950 shares of 7 per cent preferred stock.

Ex-Convict Held in Swindling of Bay City Girls

SAN FRANCISCO, Oct. 21. (AP)—Police arrested a man today suspected of being the swindler who, posing as Royal Brown, writer, has robbed several San Francisco girls.

The man under arrest, revealed as an ex-convict who has served one term at San Quentin prison and two at Folsom, gave his name as Royal Stevens, alias Roy Hamilton. He has been arrested several times at Pasadena and Los Angeles and conviction again would send him to prison for life as a habitual criminal.

Miss Elizabeth Burke, 23 years of age, Chicago girl, charged she was robbed of $300 when walking through Golden Gate Park with Stevens.

SUIT FILED OVER HOW'S TRUST FUND

Brother of "Millionaire Hobo" and Adopted Son Here Made Defendants

ST. LOUIS, Oct. 21. (AP)—A suit to determine who is entitled to the $300,000 trust estate created for the benefit of the late James Eads How, "millionaire hobo," was filed in St. Louis Circuit Court today by Frank B. Coleman, as attorney for former Judge Jesse McDonald and the St. Louis Union Trust Company.

The suit is directed against How's brother, Louis How, of New York, and Holger Sorenson How, 13 years of age, of Los Angeles, reputed to be an adopted son of James Eads How, who died at Staunton, Va., last July.

The trustees aver they are wholly impartial and disinterested as to whether either claimant is entitled to the trust estate and are only concerned in doing their duty as trustee under the will of the late Mrs. Eliza How, mother of James and Louis, who created the trust. The family was a famous one of St. Louis in ante bellum days and How's maternal grandfather, James B. Eads, constructed Eads Bridge across the Mississippi River here.

'Chuck' Wiggins in "Solitary" as Sequel to Rows

INDIANAPOLIS, Oct. 21. (AP)—Charles (Chuck) Wiggins, local heavyweight boxer whose pugilistic ability has brought him fame and at times misfortune, sat in solitary confinement in the City Jail today as the result of "a little training."

He was arrested late last night after he is asserted to have "cleaned out" a restaurant, chasing patrons into the street. Police said he gave them no trouble, although on a previous occasion he soundly drubbed three officers who attempted to arrest him in a North Side holtel lobby.

"Just getting a little training, that's all," Wiggins remarked as he climbed into the patrol wagon. After he had fought three prisoners in the City Jail he was removed to solitary confinement.

Chief of Police Accused in Red Plot on Rumania

BUCHAREST (Rumania) Oct. 21. (AP)—The authorities have arrested the Police Chief of the state intelligence department and a colonel in the active army force in connection with disclosures regarding espionage in the interests of Russia. Police have arrested a beautiful Russian woman as implicated in the espionage plot. They claim she acted as courier between Communist agents here and headquarters in Vienna.

Arrests in connection with the plot now total 140, most of them civil engineers. Some of the prisoners told police the organization had unlimited funds, the budget for 1929 amounting to $600,000.

GERMANY'S DRINKING SHOWS GREAT DROP

BERLIN, Oct. 21. (AP)—A 50 per cent reduction in the consumption of alcohol in Germany since last year was disclosed today by a report in the official Reichsanzeiger. The report shows that the government's alcohol monopoly closed the year with a large deficit. The government's balance sheets show that 356,000 hectolitres (slightly less than 84,000,000 gallons) were consumed between October 1, 1929, and Sept. 30, 1930, as compared with 624,000 hectolitres in the same time of the previous year.

GERMANY'S DEBT PLEA EXAMINED

Schacht Speaks Before Foreign Policy Group

Moratorium or Extension of Trade Needed, He Says

Reports Abroad of Recess on War Payments Denied

WASHINGTON, Oct. 21. (AP)—The assertion by Dr. Hjalmar Schacht in New York that Germany would be forced to declare a moratorium on reparations payments unless other countries helped extension of her foreign trade was examined from various viewpoints today in Washington.

The former president of the Reichsbank, whose comment was made last night before the Foreign Policy Association, had been in touch with President Hoover, Secretary Mellon and Secretary Stimson during the day. Both White House officials and he said the visit with the President was a formal call only and no German-American problems were discussed. His talk with Mr. Mellon also lasted but a few minutes, and was said at the Treasury to have been purely personal. The same was said of the talk with Mr. Stimson.

Reports printed abroad that officials of this government were considering a moratorium of the war debts owed by Allied nations were met with an official denial that such a proposal had been made officially. It was noted none of the war debts to this country has any connection with German reparations payments. The United States is not a party to the Young plan, and it was said in governmental quarters the Allied war debts were based solely upon each nation's ability to pay without distress and without reference to German reparations.

Mooney Case Evidence Given Supreme Court

SAN FRANCISCO, Oct. 21. (AP)—Affidavits and photographs designed to substantiate the claim that Thomas J. Mooney and Warren K. Billings are innocent of the San Francisco Preparedness Day bombing in 1916 were filed with the State Supreme Court here today by Edwin V. McKenzie, attorney.

Among the affidavits was one from Kelly Kent, Los Angeles automobile repair shop owner, to the effect that John Crowley, Billings prosecution witness, was under an automobile in a repair shop when he said he saw Billings.

IMPORTANT FACTS ABOUT PREFERRED STOCKS

An effective compromise for the investor who wishes to improve his income, without sacrificing security, will be found in the preferred stocks of established and growing companies, particularly public utilities.

Baseball, Wrigley Field, 2:15 p.m. Hollywood vs. Los Angeles.

"TIMES" THEATER GUIDE

MOTION PICTURES

Bard's, Eighth, between Broadway and Hill—"Anybody's Woman." Ruth Chatterton and Clive Brook enact romance pleasingly.

Boulevard, Washington at Vermont — "Soup to Nuts." Ted Healy and other farceurs clown to their heart's content.

California, Main, near Eighth—"El Dios del Mar." An adventure of the sea which is sometimes slow. Rosita Moreno and Ramon Pereda.

Carthay Circle, Carthay Center—"Just Imagine." A fantasy and simply swell. El Brendel and Maureen O'Sullivan.

Chinese, 6925 Hollywood — "The Big Trail." Spectacular in setting and photography, this production demonstrates the power and sweep of Grandeur film.

Criterion, 642 South Grand—"Up the River." A funny satire on prison life with a fine cast, headed by Spencer Tracy.

Egyptian, Hollywood Boulevard—"Dough Boys." Buster Keaton's new and funny comedy.

Figueroa, Figueroa at Santa Barbara—"Animal Crackers." Mild, but delightful insanity by the Marx Brothers.

Filmarte, 1228 North Vine—"Dark Red Roses." An English drama. More tiresome than interesting.

Forum, Pico at Norton—"Dixiana." Nice music and Bebe Daniels might attract.

Loew's State, Broadway at Seventh—"So This Is London." Will Rogers and his wit are again good for a couple of hours.

Majestic, Broadway at Ninth—"The Squealer." Jack (he-man) Holt in one of these virile crook things which are so familiar.

Million Dollar, Broadway at Third—"The Little Accident." Douglas Fairbanks, Jr., gives his best performance and that's about all.

Pantages, Hollywood at Vine—"The Spoilers." That epic again and still good. Gary Cooper.

Paramount, Hill at Sixth—"Play Boy of Paris." Chevalier's personality is reflected from the screen again to good effect.

Ritz, Wilshire at La Brea — "Follow Thru." The musical comedy becomes a rather dull picture, even with Buddy Rogers in it.

R.K.O., Hill at Eighth—"Africa Speaks." An asserted sound film of adventure in the Dark Continent.

R.K.O. Orpheum, Broadway at Ninth—"Lady Surrenders." An interesting film, with excellent portrayal by Genevieve Tobin and Rose Hobart.

Tower, Bdwy. at 8th — "Men of the North." A tale of the frozen country which ends quite happily.

Uptown, Western at Tenth — "Follow Thru."

United Artists, Broadway near Ninth—"Whoopee." Eddie Cantor in the best of screen musicals.

Warners' Downtown, Hill at Seventh—"Sinners' Holiday." Good atmosphere and fine performances, especially by James Cagney.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"Maybe It's Love." Or maybe it's college, anyway you can see the All-American football team, and if you like, Joe E. Brown.

Wilshire, 8440 Wilshire Boulevard — "Monte Carlo." A delightful Lubitsch satire with Jack Buchanan and Jeanette MacDonald.

STAGE

Belasco, Hill at 11th—"Young Sinners." Maze of youth; wild doings, which should prove popular. John Darrow.

El Capitan, Hollyw'd Blvd. nr. Highland—"Parlor, Bedroom and Bath." Charlotte Greenwood strides onto the stage, and the play matters not at all. Destined for a healthy and wealthy run.

Figueroa Playhouse, 840 S. Figueroa—"Cup of Sugar." Dorothy Mackaye return with this farce in which she recently scored a personal hit.

Hollywood Playhouse, Vine near Hollywood Blvd.—"Little Orchid Annie." Fast farce about a naive gold-digger. Betty Bronson and a veteran supporting cast.

Mayan, Hill near 11th—"Temptations of 1930." A modern revue exhibiting some tuneful songs, clever dancing and colorful ensemble work.

Vine St., Vine near Hollywood Blvd.—"My Girl Friday." A fast and funny farce about the business man at play, with John T. Murray.

BURLESQUE

Follies, Main at Fourth—Burlesque.

Arrests Reveal Smuggling Ring

SYRACUSE (N. Y.) Oct. 21. (AP)—The Post Standard says operations of a smuggling ring which during the past year has moved contraband—chiefly liquor and furs—valued at hundreds of thousands of dollars from Canada into the United States, have led to the recent arrest of four border patrolmen and five civilians.

At the time of arrests at Ogdensburg, Plattsburg and other places, Federal officials disclosed only that conspiracy was the charge.

PRINCESS GETS FIRST GLIMPSE OF LONDON

LONDON, Oct. 21. (AP)—Little Princess Margaret Rose, daughter of the Duke and Duchess of York, came to London town for the first time today, traveling on the Aberdeen Express with her parents and sister Elizabeth. A crowd of women and girls gathered at Euston station. The object of their curiosity and homage took but one glance at London, turned over in her white Shetland shawl and was fast asleep as a motor car carried the family off home to 145 Picadilly.

STATE CANDIDATES TALK TO PATROLMEN

DEL MONTE, Oct. 21. (Exclusive) Mayor Rolph and Senator Frank F. Merriam, Republican candidates for Governor and Lieutenant-Governor, spoke here today at the opening session of the California Association of Highway Patrolmen. The candidates praised the traffic officers for increased efficiency in preventing automobile accidents and pledged support to the association's program for uniform traffic regulations.

WEATHER REPORT

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Oct. 21.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 30.05; at 5 p.m., 30.01. Thermometer for the corresponding hours showed 55 deg. and 66 deg. Relative humidity, 5 a.m., 88 per cent; 5 p.m., 72 per cent. Wind, 5 a.m., northeast, velocity 3 miles; 5 p.m., west, velocity 6 miles. Temperatures, highest, 73 deg.; lowest, 54 deg. Rainfall for season, .11 of an inch; normal to date, .59 of an inch; last season to date, .32 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS. — Oct. 21: Light showers have occurred during the past twenty-four hours in Florida and in Kansas, Oklahoma, Northern Texas, New Mexico and Colorado, and snow flurries were reported at some points in the lake region and in Iowa and Nebraska. It was very cold this morning in the Northern Rocky Mountain country and in the great central valleys and eastward to the Atlantic Coast, but temperatures were generally near the normal west of the Rocky Mountains. In Southern California partly cloudy, cool weather prevailed yesterday. It was foggy or cloudy this morning at many stations near the coast, but it was clear at most points in the interior. Temperatures were a little below the normal. Fair weather may be expected in Los Angeles and vicinity Wednesday, with somewhat higher temperature. Gentle variable winds will prevail.

SUN, MOON AND TIDES.—Los Angeles, Oct. 22: Sun rises 6:04 a.m., sets 5:11 p.m. Moon rises 6:56 a.m., sets 5:45 p.m. Los Angeles Harbor, Oct. 22: High tides, 9:08 a.m. and 10:05 p.m.; low tides, 2:53 a.m. and 3:55 p.m.

LOCAL TEMPERATURES. — Oct. 21: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	89	50
Los Angeles Harbor	67	53
Mt. Wilson	70	48
Pasadena	71	45
Pomona	67	47
Porterville	75	40
Redlands	64	44
Riverside	70	44
San Bernardino	67	49
Santa Ana	75	45
Santa Barbara	70	46
Sierra Madre	69	50

LOCAL FORECAST

For Los Angeles and vicinity: Fair Wednesday and Thursday, with fog near the coast in the morning; moderate temperature will prevail.

STATE FORECAST

SAN FRANCISCO, Oct. 21.—Weather forecast:

San Francisco and vicinity: Fair Wednesday and Thursday but with fog; mild; gentle changeable winds.

Northern California: Fair Wednesday and Thursday but with fog on the coast; mild; gentle changeable winds offshore.

Sierra Nevada: Fair and cool Wednesday and Thursday; gentle changeable winds.

Sacramento and San Joaquin Valleys: Fair Wednesday and Thursday; mild; gentle changeable winds.

Santa Clara and Salinas Valleys: Fair Wednesday and Thursday but fog at night; mild; gentle changeable winds.

Southern California: Fair Wednesday and Thursday but fog at night extreme west portion; mild; gentle west winds offshore.

Nevada: Fair Wednesday and Thursday; moderate temperature.

ARIZONA FORECAST

PHOENIX (Ariz.) Oct. 21.—Forecast for Arizona and New Mexico: Wednesday and Thursday fair, little change in temperature.

COLORADO RIVER

YUMA (Ariz.) Oct. 21.—(Exclusive Dispatch from the U. S. Reclamation Service.) Gauge height Colorado River, 18.70 feet. Discharge: Tuesday, 5800 cubic feet. At Grand Canyon, gauge height, 6 feet. Discharge Tuesday, 9000 cubic feet per second.

Crossing Crash Fatal for Pair

SAN ANSELMO, Oct. 21. (AP)—James Maloney, 50 years of age, Fairfax taxicab driver, and Mrs. Louise Sutton, 35, of Fairfax, were killed today by a Northwestern Pacific train at the Ross-avenue crossing here.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

Sólo un Carruaje Acompaña la Carroza Fúnebre de Weyler

MADRID, Octubre 21.—En sencillo ataúd de madera y sobre un carro fúnebre alquilado, fue conducido hoy a su última morada, en el cementerio de San Lorenzo, el cuerpo del capitán general don Valeriano Weyler, quef ue hace treinta y tantos años el jefe supremo de las tropas españolas que combatían en Cuba contra los rebeldes. Llovia a torrentes, y la procesión fúnebre se redujo a un solo coche en el que iban parientes del difunto. Los funerales comenzaron en la casa de Weyler dos horas antes de lo anunciado para evitar se congregara la multitud de curiosos.

El obispo de Tenerife comenzó la ceremonia a las 2 p.m., diciendo misa en una capilla improvisada en el gabinete de trabajo del general Weyler, donde se había colocado el cadáver en ordinaria caja de madera. Entre otros muchos títulos, tenía el difunto el de marqués de Tenerife, y como acertara a hallarse en Madrid el obispo de tal isla, fue invitado a oficiar en la ceremonia. Entre los personajes que desfilaron ante el ataúd estaba el general Alberto Borbón, duque de Santa Elena y primo del rey. Se inclinó reverentemente sobre el féretro, besó a Weyler en la frente, y se retiró de puntillas con los ojos bañados en lágrimas.

Aeroplano que Parece Volar Hacia Atrás

BERLIN, Octubre 21.—Representantes de la prensa alemana y extranjera, y multitud de aficionados a la aviación se congregaron hoy en el aeropuerto de Tempelhof para observar el vuelo de un nuevo monoplano, que parece ir persiguiendo su propia cola por los aires.

Por supuesto que el vuelo hacia atrás no es más que aparente. Trátase del último "ente" Fockewule, que lleva la cola donde los demás monoplanos llevan el motor, y cuyo estabilizador anterior sobresale veintiún pies hacia el frente.

Volando al lado de un monoplano ordinario, el nuevo aparato tenía casi el aspecto de su compañero; sólo que daba la impresión de ir volando hacia atrás. Al verle rodar sobre su tren de aterrizaje, comprendía uno la razón porque se le ha puesto "ente", que significa "pato", pues cuando el estabilizador anterior rozaba la hierba, parecía el avión un enorme pato con las alas abiertas y el pescuezo extendido, corriendo y arrancando con el pico la parte superior del pasto.

Dícese que éstas son las ventajas del nuevo diseño para aviones: (1) Es imposible voltear sobre la nariz al tomar tierra, porque la rueda frontera, que se halla debajo del estabilizador anterior, queda muy adelante del centro de gravedad. (2) Está el aparato a prueba de giros sobre su eje; y, (3) Se le puede frenar inmediatamente que toque tierra, con el impulso brusco y repentino con que se frena un automóvil, lo que permite aterrizar dentro de espacios muy pequeños.

El Príncipe de Gales Afronta el Buen Humor de las Pescadoras Escocesas

YARMOUTH (Inglaterra), Octubre 21.—El príncipe de Gales ha sido aclamado por muchedumbres de muchos tipos y en tierras muy diversas; pero hoy tuvo una impresión enteramente nueva al recibir entusiasta bienvenida, no carente de bien intencionada broma, por parte de las famosas muchachas pescadoras escocesas, que cada año vienen aquí con motivo de la temporada del arenque.

A pesar de sus muchos presentaciones en público, el príncipe sigue deliciosamente tímido; pero en esta vez, hizo de tripas corazón e invadió la fortaleza de las pescadoras, quienes pintorescamente vestidas de impermeables de mar y de botas, con alegres pañolones en la cabeza, estaban limpiando y envasando el plateado pescado.

Es fama que esas muchachas hacen tomar el olivo al más pintado con sus cuchufletas; pero al príncipe lo recibieron con bulliciosa ovación, y lo trataron con tanta indulgencia, que gozó tanto como ellas de su visita.

Los Negociantes en Propiedad Raiz Luchan Contra el Candado

DETROIT, Octubre 21.—Los de la directiva del Detroit Real Estate Board (Consejo de Propiedad Raiz de Detroit) han anunciado hoy la inauguración de una campaña tendiente a afiliar a todos los consejos de propiedad raiz del país en un movimiento encaminado a hacer que se deroguen los artículos de la Ley de Prohibición que hablan del candado a los edificios donde se viole dicha ley.

Los directores discutieron ayer el asunto en una conferencia a la que asistieron el diputado McLeod y el señor Leonard P. Reaume, presidente de la Sociedad Nacional de Consejos de Propiedad Raiz. Se hizo ver que desde Septiembre de 1929, y sólo en Detroit, se había echado el candado a más de 500 propiedades urbanas.

Los negociantes en inmuebles atacaron las disposiciones relativas, fundándose en que hacen sufrir injustamente a los dueños de casas por las violaciones de sus inquilinos.

NOTAS LOCALES

Encuesta para Deslindar las Responsabilidades en un Choque

El médico forense va a abrir una encuesta en lo del funesto choque entre un tren y un automóvil, que costó el lunes dos vidas, la de Nick D. Chianes, de la avenida Ridgewood Norte, 838, y la de la señora Sam Makros, de la avenida de Lincoln, 1305, ambos de Pasadena. La investigación se hará esta tarde a la 1:30 en la funeraria de Turner, Stevens & Turner, en Alhambra.

Los dos recibieron lesiones mortales al ser atropellado el auto en que viajaban por un tren de mercancías del Pacific Electric, en el cruce del bulevar de San Gabriel y la línea de Covina. Chianes murió muy poco después del accidente, y la señora Makros, ayer mañana. En un parte del sheriff, aparecía la señora Makros como esposa del señor Chianes; pero después se supo que ambos iban a visitar al marido de la señora Makros, enfermo en la granja del condado.

FRAUD LAID TO CHICAGO VETERANS

Group That Urged Hearst to Seek Presidency Said to Be Racketeers

CHICAGO, Oct. 21. (Exclusive)—State's Attorney's detectives today raided the headquarters of the Veterans of All Wars, the organization which recently petitioned William Randolph Hearst, publisher, to become a candidate for President. The prosecutor's anti-racketeer department declared the "veterans" are racketeers collecting money under false pretenses.

"Col." Nicolas Korngold, "commander-in-chief," was said by Assistant State's Attorney Charles E. Lounsbury to have been a private in the Spanish-American War.

"Maj." J. Elroy Lundy, chief of staff, was described by Lounsbury as "just plain Solly Weinberg."

A staff of girls making telephone solicitations for contributions, ostensibly for the Veterans' Hospital, was taken to the State's Attorney's racket bureau for questioning. It was then learned that the "official publication, "American Veteran," had one issue last April and another is in prospect for Armistice day.

Prize Awarded to Mrs. Catt

NEW YORK, Oct. 21. (AP) — Mrs. Carrie Chapman Catt, now in her seventy-second year, was announced today as winner of the 1930 Pictorial Review achievement award of $5000 given annually to the American woman who has contributed most to the national life in letters, art, science, philanthropy or social welfare.

Percy Waxman, editor, said the judges were moved by her recent efforts in the interests of international peace and her activities in obtaining for women a greater share in public life.

JAPANESE CRUISER DAMAGED IN CRASH

TOKIO, Oct. 21. (AP)—The Japanese cruiser Abukuma, while participating today in grand naval maneuvers off the southern coast of the main island of Hondo, collided with an unidentified warship and was badly damaged. No casualties were reported, but the Abukuma was taken in tow for the Yokosuka naval base in Tokio Bay. She will be unable to engage in further maneuvers or the imperial naval review off Kobe Sunday.

BRIAND'S COLD PROVES UNEXPECTEDLY SEVERE

PARIS, Oct. 21. (AP)—Foreign Minister Briand's illness, described officially as a severe cold and by medical circles as an attack of pulmonary congestion, today was proving more difficult of eradication than had been expected. M. Briand has been confined to his apartments in the Quay d'Orsay for three weeks and some uneasiness was expressed in political circles as to his ability to face the scheduled interpellation of the Tardieu government's foreign policy at the opening of Parliament November 4.

EXAMINERS ELECT CHIEF

RICHMOND (Va.) Oct. 21. (AP)—T. Keith Legare of Columbia, S. C., was elected president of the National Council of State Engineering Examiners at the annual meeting today.

What A Woman OF 50 AND OVER Should Weigh
Keep The Fat Away

This is interesting — the figures given below are correct according to the leading authorities—women over 50 should beware of fat—if your weight and height below in the table below you are in luck—and should be thankful—Weigh yourself today.

Ages 50 and Over	
4 Ft. 11 In.	131 Pounds
5 Ft. 0 In.	133
5 Ft. 1 In.	135
5 Ft. 2 In.	138
5 Ft. 3 In.	141
5 Ft. 4 In.	144
5 Ft. 5 In.	148
5 Ft. 6 In.	152
5 Ft. 7 In.	157
5 Ft. 8 In.	162
5 Ft. 9 In.	166
5 Ft. 10 In.	170

Weights given include ordinary indoor clothing.

If you are overweight cut out pies, pastries, cakes and candies for 4 weeks—then weigh yourself—go light on potatoes, rice, butter, cream and sugar—eat less meat, chicken, fish, salad, green vegetables and fruit.

Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast—this is the easy, safe and sensible way to take off fat—an 85 cent bottle of Kruschen Salts lasts 4 weeks—get it at any Owl and Liggett Drug Store or any drug store in the world—you'll be gloriously alive—vigorous and vivacious in 4 weeks.—[Advertisement.

7 Trains to New York daily in less than 21 hours

THE Pennsylvania now offers four 20-hour flyers from Chicago to New York every day—three others make the trip in less than 21 hours.

There is no faster way to travel except by air. And yet, because the route of the Pennsylvania is more than 50 miles shorter than that of any other railroad with trains of comparable schedule, you enjoy a wide margin of safety and comfort.

12 trains leave daily for New York, 10 for Washington and Baltimore.

Women Tell Grand Jury of Frame-up Plans

Ten Witnesses Testify to Asserted Schemes

Helen Lee Says She Told "All" of Conspiracy

Wholesale plans to dispose of various city commissioners by luring them into compromising positions with women and then placing them under arrest were told to the grand jury yesterday by at least one witness during the inquiry into the asserted plot to "frame" Police Commissioner Walkup with Helen Lee, pretty blond, as the lure.

Miss Margaret Johnson, an informant, who in a previous statement to the authorities told of the plans of a high city official to ruin Commissioner Walkup and others by "framing" them with women, repeated her story to the grand jury.

"I told the grand jury my complete story," declared Miss Johnson as she hurried from the grand jury room. "I have nothing else to say."

PRICE MENTIONED

But from other sources Miss Johnson's amazing story, told under oath in the grand jury, became known and it fixed the price which the city official was ready to pay for the scalps of commissioners as [illegible] a day while the investigation was under way, and $50 when the commissioner had been arrested.

In her statement to the authorities, taken before she entered the grand jury room, Miss Johnson declared that she was called to the City Hall early last May and told of the plot to "get" Walkup and others. Terms and methods in general were discussed, the woman said, when she declined the offer.

It was from Helen Lee, however, that the grand jury learned of the complete and detailed scheme which developed, the witness declared, late in August to "get rid of Walkup."

Repeating her story, already related to the police and the District Attorney, Miss Lee told of having been employed by Conner M. Shawn, a taxicab official, to lure Walkup to her room in a downtown apartment.

"TOLD IT ALL"

For more than an hour the young woman remained in the grand jury room and according to her own statement before being rushed out of the Hall of Justice by Policewoman Kirkpatrick and Detective [illegible], "told it all."

Under the direction of Chief Deputy District Attorney Stewart, [illegible] witnesses testified during the day. The first to be called was Miss Lee and then Commissioner Walkup, Chief of Police Steckel, Miss Johnson, Frank Croucher, C. E. Tainter, [illegible] Patterson, Joe Buchta, W. [illegible] and Miss Olive Anthony followed each other into the grand jury room.

Stewart announced that the investigation will be continued tomorrow morning.

"With one exception all of the witnesses to appear before the grand jury testified as to their knowledge or part in the Walkup affair," declared Stewart. "A number of witnesses remain to be heard [illegible] and they will be called Thursday."

ONE MAN EXCUSED

Croucher, according to his own statements, was the one witness who did not testify. Once inside the grand jury room and before any questions were put to him he told the grand jury that he wished to stand on his rights and refuse to testify on the grounds that what he had to say might tend to involve him in the affair. He was excused.

From what could be learned from Tainter, who is the head of a building and loan company, he told the grand jury of a $500 loan made to [illegible] Mosher, confidential investigating secretary to Mayor Porter, about the time the Walkup affair was under way. The money was loaned on Mosher's unsecured note and has not been repaid, according to Tainter. He denied all knowledge of the asserted effort to [illegible] Walkup. The loan, according to Tainter was "personal." Mosher, according to reports, was mentioned in connection with the Walkup matter by a number of the other witnesses called yesterday.

HISTORY OF CASE

The whole Walkup affair got under way a number of weeks ago when the police were informed that an effort was being made to "get" the Commissioner. Miss Lee was taken into custody some time later and told her complete story to the police. Still later Shawn and Ed-

John Van Ryn and Miss Marjorie Gladman

"LOVE SET" WON BY CUPID

Marjorie Gladman and John Van Ryn, Tennis Stars, to Be Married in Santa Monica Today

By a "Times" Staff Correspondent

SANTA MONICA, Oct. 21.—A wedding of national interest, and one on which the eyes of the world of tennis celebrities will be focused will take place at 8 p.m. tomorrow in this city when Miss Marjorie Gladman becomes the wife of John Van Ryn, the ceremony to take place at the Episcopal Church of St. Augustine's-by-the-Sea, 1223 Fourth street, Rev. Wallace N. Pierson reading the service.

"Midge" Gladman, winner of a junior and national women's intercollegiate championship, is the daughter of Mr. and Mrs. Alfred Gladman of 3581 Centinela Boulevard, Mar Vista, at whose residence a reception for about 150 relatives and friends will take place immediately after the ceremony. Many tennis "greats" will attend, including leaders of the Los Angeles tennis colony.

At the wedding the bride will be attended by Miss Bonnie Glindenning, maid of honor; Miss Doris Gladman, the bride's sister, and Miss Peggy Henry, bridesmaids. Hyde Braly will be best man and the ushers will be George Bixler and George Betterlin. The bride will be given away by her father.

Miss Gladman is said to be one of the most poplar girls in the Southern California tennis group, starting her tennis career on Santa Monica courts and leading her team at the local high school, where she captured the coveted Dudley Cup twice. She is as well known on eastern tournament courts. At the University of Southern California she is a member of the Alpha Delta Pi Sorority.

John Van Ryn is one of the country's Davis Cup aces, and during his court conquests here and abroad met the girl who tomorrow becomes his wife, friends revealed. He hails from East Orange, N. J., and was tennis champion at Princeton University prior to his rise to international prominence in the game. The young couple plan to live in Philadelphia. They would not reveal where they will go for a honeymoon.

ALLEY NOW "PLACE"

An ordinance establishing the name of an alley east of Avalon Boulevard between J and Anaheim streets as "Avalon Place" was adopted yesterday by the City Council.

HEROISM OF INJURED MAN RECOGNIZED

Court Awards Damages of $15,349 to Operator of Runaway Steam Shovel

Injuries received while saving another from injury entitle William U. Henshaw to $15,349 damages, it was decided yesterday by a jury in Superior Judge Keetch's court. The judgment is against B. W. Belyea and the Belyea Construction Company.

The trial brought out that Henshaw was operator of a steam shovel owned by the defendants, and which was transported August 28, 1928, to a building site. Near Budlong and One Hundred and Thirteenth streets the shovel started rolling backward downgrade. Henshaw tried to block the wheels with a big timber, which was smashed against his right leg, breaking it and the ankle. He sued for $35,349.

The defendants moved for a nonsuit, asserting that Henshaw was hired merely to operate the shovel, and that he acted outside that capacity and was guilty of contributory negligence when he tried to stop the shovel and was hurt. Henshaw replied that he acted to save a boy bicyclist who was in the path of the back-rolling machine.

Judge Keetch denied the motion for nonsuit and held that Henshaw's claim was legitimate as he acted to save another.

LID PLANNED FOR MYSTICS

Police Commission Considers Absolute Ban on All Forms of Peering Into Future

An absolute ban in Los Angeles on all forms of clairvoyance, spirits, mediumship, talismans, charms, potions and mysteries or magic of any kind, covering practically everything except a forecast of the weather, is contemplated by the Police Commission, according to announcement by President Thorpe yesterday.

The commission has received copies of a similar ordinance, passed in San Francisco in 1909 and still in force, which the commissioners pronounce an excellent measure and which will be the subject of conferences this week with a view to action next Tuesday.

The subject came up when Meyer Davis, a barber at 4955 Melrose avenue, who stated he is an Arabian Hebrew born in Rumania, asked for a permit to practice clairvoyancy on the ground that during the five years he has been in Los Angeles he has had plenty of experience and feels that he knows the business. He explained he graduated as a barber in Paris.

The commissioners, who frequently have expressed skepticism as to the ability of anybody being able to peer into the future, but who find it hard to turn down applications in view of the fact that the City Council has passed an ordinance permitting clairvoyants to practice in the city, deferred action on Davis's request for one week.

The San Francisco law on the subject follows:

"It shall be unlawful for any person or persons to advertise by sign, circular, hand bill or any newspaper, periodical or magazine, or other publication or publications, or by any other means, to tell fortunes, to find or restore lost or stolen property, to locate oil wells, gold or silver or other ore or metal or natural product; to restore lost love or friendship or affection; to unite or procure lovers, husbands, wives, lost relatives or friends, for or without pay, by means of occult or psychic powers, faculties or forces, clairvoyance, psychology, psychometry, necromancy, or other craft, science, cards, talismans, charms, potions, magnetism or magnetized articles or substances, oriental mysteries or magic of any kind or nature, or to engage in or carry on any business the adver-

(Continued on Page 2, Column 6)

MISS SWANSON SEEKS DIVORCE

Marquis Sued on Grounds of Abandonment

French Husband Will Not Fight Action

Separation From Actress Set as September, 1929

Gloria Swanson, motion-picture actress, yesterday took her first step to win marital freedom from her titled husband, the Marquis de la Falaise de la Coudraye, when she filed suit for divorce in Superior Court. She asks for a decree on the simple ground of abandonment and desertion.

Miss Swanson will get her divorce, that is, if she presents sufficient evidence, it was indicated yesterday when the Marquis reiterated his statement, as exclusively told in The Times, that "if she wants a divorce I will accede to her every wish."

"If Miss Swanson wants to put a legal stamp on a situation that has existed for some time it is all right with me," declared the Marquis, whom Miss Swanson married in Paris January 28, 1925. "I wish her every happiness in the world and if it is a divorce that she wants she may have it if the court will give her one."

MARQUIS AT R.-K.-O.

The Marquis was notified of the filing of the divorce at his desk at the R.-K.-O. studios in Hollywood where he is in charge of foreign productions. In his first statement concerning the contemplated divorce action of Miss Swanson the Marquis declared Hollywood is no place to be married in "as things are too hectic and move too fast."

Miss Swanson sued her husband under the name of Marquis Henry la Bailly de la Falaise de la Coudraye, charging that he "willfully and maliciously abandoned and deserted the plaintiff, and has persisted in said abandonment and desertion against the will of the said defendant."

The date of their actual separation is given in the complaint as September 18, 1929. It was not generally known, however, that Miss Swanson and her French husband had actually come to the parting of the ways until last August when he made another of his many trips back to Hollywood from his native France only to register at a Beverly Hills hotel instead of going to the Swanson domicile in the same city. At that time Gloria admitted they had separated and that she intended filing a divorce bill.

NO COMMUNITY PROPERTY

The complaint, filed by Attorneys Milton Cohen and C. O. Bacon, indicates there is no community property involved. The entire divorce bill is written on two pages. It says they were married four years, seven months and twenty-one days in all.

Her marriage to the Marquis was her third, her former husbands being Wallace Beery and Herbert K. Somborn.

Since he separated from Miss Swanson it has been rumored in Hollywood the Marquis will marry Constance Bennett, actress, as soon as divorce makes it possible. The Marquis admitted yesterday he and Miss Bennett are friends and that they have attended social functions in Hollywood together but that it is "entirely ridiculous for me to think of marriage again when I am not even divorced."

Storm-Drain Project Will Await Revision

Due to a concerted protest upon the part of the property owners in the district, the City Council yesterday abandoned proceedings for the construction of the Jefferson-street storm drain, Sec. No. 4. The project was returned to the Public Works Committee for revision. Councilman Davis said he believes the design was too comprehensive, with a greater number of laterals than necessary, thus running up the costs.

Protests against the installation of lighting appliances in Western avenue between Jefferson Boulevard and Santa Barbara avenue were denied and the improvement ordered.

WRITER'S MOTHER DEAD

A dispatch from Marceline, Mo., yesterday announced the death and interment there of Mrs. Loma E. Morrison, widow of Col. Joseph B. Morrison, Civil War veteran, and mother-in-law of Mrs. Florabelle Muir Morrison, Los Angeles, writer of 2258 La Grande Drive. She was 81 years of age.

JURY OF BLACK CROWS HEARS OUT-DOOR COURT

Twelve black crows sat in a sycamore tree. They looked very judicial, if a trifle solemn. They sat, jury-like, in the branches, blinking down on a novel court which Superior Judge McLucas convened in Zuma Canyon, Santa Monica Mountains, yesterday.

It is against the peace and dignity of the State, and particularly County Ordinance No. 1769, to fire a rifle having a range of a half-mile. Dr. R. C. Eshelman, Santa Monica dentist, had been accused of violating this. Incidentally, it is asserted he violated it with such accuracy, recently, that he brought down a five-point buck, but that was not the issue at trial.

There being no facilities in the Los Angeles Courthouse for trying out a rifle that shoots a half-mile, and taking other evidence, the dentist was taken to the scene of his asserted shooting offense and court was declared in session.

The twelve raven-hued birds settled in the tree as if they had determined to pass judgment on these curious human beings; an unhinged door was laid across two boxes for a judicial bench and Judge McLucas stood behind it.

The testimony was taken. The twelve black crows listened attentively. Clerk Jerry Williams swore in the witnesses. Dr. Eshelman, who is challenging the constitutionality of County Ordinance 1769, new series, indicated where he had stood when he discharged the long-range rifle and thereby brought down the five-point buck. Surveyor Bainum set up a compass and took measurements. Supt. Martin of the Rindge ranch, who arrested Eshelman, told where the buck had fallen dead in Zuma Canyon. F. L. Gompert, ballistic expert for the Sheriff, testified the rifle was a 30:30 with a range of 2500 yards.

Judge McLucas ordered Attorney Roy Linn for Eshelman and Deputy County Counsels Pritchard and McFadden to submit briefs to aid him in returning a decision.

What decision the twelve black crows reached could not be learned because, when the testimony ended, they flew away.

Film Star's Third Marriage on Rocks

Gloria Swanson and Marquis de la Falaise de la Coudraye

EXPLOSION VICTIM TO TALK

Hyman Schulman, Injured in Garment Capitol Blast, Well Enough to Tell Story, Say Doctors

Information that may solve the mystery of the blast which last Friday wrecked the Garment Capitol Building may be gained by the police today, when they expect to interview Hyman Schulman, proprietor of the shop in which the explosion originated.

Schulman, with I. Chavin, a presser, was on the fifth floor of the building when the detonation took place and has since been a patient at the Hollywood Hospital. So far his condition has been so serious that physicians declined to let him talk about his experiences but by today, it was thought, he will be sufficiently improved to go over the circumstances of the blast again.

Detective Lieutenant Katzenberger and Fire Inspector Wolfe, scheduled to talk to Schulman, who have been handling the official investigation for the police and fire departments, yesterday were busy on two different angles of the case. Katzenberger made a determined attempt to locate a plumber known to have been the last workman to work on the gas fixtures on the fifth floor, where Schulman's factory was located, to ascertain if a gas pipe, found open after the explosion, had originally been capped. The detective declared that he had ascertained the plumber's name and expected to locate the man himself today.

The second angle under investigation yesterday was a thorough check on supposed clews supplied in a number of anonymous letters received by the authorities since the explosion. No information of value has developed from the statements so far, however, the police declare.

A report on the blast from a scientific standpoint was promised for today by Police Chemist Welsh, who has made various tests to determine, if possible, the exact constituents of the explosive material. It is rumored that the chemist will report that in his opinion the blast was not wholly caused by illuminating gas but that another heavier-than-air ingredient was present.

Elks to Greet National Head Here on Tour

Elks of Los Angeles and the Southland today will welcome Lawrence H. Rupp, Grand Exalter Ruler, on his first official tour of the Pacific Coast. Mr. Rupp will spend the remainder of the week in Southern California and will receive the official welcome of Los Angeles Elks tonight at a dinner and reception in the Elks' Temple, at which exalted rulers of the south central district or their representatives and the officers and past exalted rulers of No. 99 will attend.

Mr. Rupp is a resident of Allentown, Pa. Throughout the East his fame as a lawyer and an orator is outstanding. He comes to Los Angeles following attendance at the State convention in Monterey last week.

REPORT OF AQUEDUCT BOARD NEAR

Engineers Will Arrive November 20 to Finish River Project Survey

Members of the Colorado River aqueduct engineering board of review, headed by Thaddeus Merriman, chief engineer of the New York City water system, are scheduled to arrive in Southern California on or about November 20 to complete their aqueduct studies and render a final recommendation upon the best and most economical route to bring domestic water from the Colorado River to the cities in the Metropolitan Water District.

This announcement was made yesterday by Chairman Whitsett of the Metropolitan Water District board of directors. Chairman Whitsett's announcement was made following action of the board yesterday in officially authorizing the city of Torrance to vote upon the question of entering the Metropolitan Water District.

With Merriman as its chairman, the engineering board of review includes A. J. Wiley, consulting engineer of Boise, Idaho, and Richard R. Lyman, consulting engineer of Salt Lake City, Utah.

Chief Engineer Frank E. Weymouth is expected to place before the district board of directors prior to the arrival of the Merriman board of review, an exhaustive report covering the two-year survey and study of the Colorado aqueduct project that has been continuously under way since the establishment of the district in December, 1928.

HAWAIIAN FETE TONIGHT

Hawaiian night will be in order tonight at the American Legion Post, No. 388, dance marathon at Pacific and Leonis Boulevard in Vernon, the proceeds of which are to go into a new post building. Princess Le Lukulani and twenty-five native Hawaiian hula dancers and steel guitar players will perform between marathon dance numbers.

CHRISTMAS SPIRIT WAKES

Downtown Merchants Prepare to Decorate City and to Display Toys in Windows

Encouraged by the upswing in business and memories of a beautiful 1929 holiday season, the interests of downtown Los Angeles are combining to launch a program of pre-Christmas festivities, according to an announcement yesterday by E. C. Mitchell, secretary of the Retail Dry Goods Merchants' Association.

The initial event will be the removal of curtains from window displays Friday evening, the 31st inst. Toys and gifts of all kinds of interest to children will be revealed in gorgeous settings.

Santa Claus will make his first appearance Saturday morning, November 1, when he will open the toylands of the large stores.

Elaborate programs are planned for this official opening of the holiday season. Store auditoriums and toy departments will be the scenes of lavish entertainment for the children. Holiday ornamentation in all departments of the downtown stores will be installed simultaneously November 17.

Street decorations in the central retail area will transform the metropolitan district into a radiant Christmasland. On Thanksgiving Day 230 fir trees, each thirty feet high, will be placed from First to Twelfth streets on Broadway, from Fourth to Ninth streets on Hill street, from Spring to Figueroa streets on Seventh street, and from Seventh street to Eighth street on Flower street. The foliage will be silvered and the branches will be decorated with brilliant baubles and electric lights.

At the intersections in the same district, each of the four electroliers at the corners will be ornamented with a large holly wreath, bells and a huge candle.

"The Christmas festivities for Los Angeles are being backed by civic-spirited business men in the downtown district, with our organization taking the lead," said Mitchell.

"Last year, Los Angeles won wide renown for the beauty, originality and effectiveness of its holiday program, and the same co-operative spirit which made this possible is back of the plans for this season.

"Merchandise for Christmas will be lower in price than it has been for many seasons past, and there is every indication that the stores will enjoy a splendid holiday period."

OIL ENGINEERS DISCUSS QUOTA

Kettleman Hills Proven Acreage Increased

Equitable Proportion for Each Operator Sought

Double-Unit Plan Regarded Likely to Be Adopted

Among the important features discussed yesterday by the engineers of the various oil companies controlling property in the Kettleman Hills oil field was the amount of proven acreage and the percentage of production to be credited to the operators from the flowing wells.

According to a reliable report, the engineers have worked on a basis that 13,700 acres will be proven, which would give the participating operators a 1-137 cut of the total production. With the completion of the Superior Oil Company's Huffman No. 1 on Sec. 29, 21-17, the proven area was increased and the total proven area now is expected to exceed 14,000 acres.

NO END OF WORRY

Agreement upon a definite figure, fair to all operators, has caused no end of worry to the Kettleman Hills oil and gas conservation committee, let alone the many legal problems that will have to be clarified before a double-unit plan can be put into execution. The question of cut to each operator is a matter strictly for the engineers of Kettleman Hills to settle, according to officials in close touch with the entire situation.

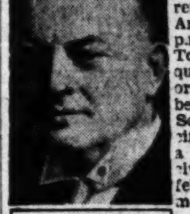
William Reinhardt, chairman of the Kettleman Hills oil and gas conservation committee, presided at a session of this group earlier this week. The meeting was attended by Dr. George Otis Smith, chief of the United States Geological Survey. He assured members of the committee that any plan agreed to by its members would be acceptable to him and undoubtedly to Dr. Ray Lyman Wilbur, Secretary of the Interior.

BOARD OF GOVERNORS

It is believed that the double-unit plan, which so far is thought to be the most practical, will be adopted by the operators, since the Standard Oil Company is willing to handle its acreage under a separate board of governors and agrees to abide by any method of curtailment that may be adopted. A central board of governors is expected to be created to guide and advise the participating companies of the double-unit plan.

Late yesterday evening announcement was made that the engineers meeting in the assembly rooms of the California Oil and Gas Association would continue their deliberations well into the night.

Chief Ranger of Foresters Coming Home



FRANK E. HAND.

Frank E. Hand, Supreme Chief Ranger, Independent Order of Foresters, who recently completed an inspection of European lodges, is due to return to Los Angeles at 5 p.m. today from Toronto, headquarters of the order. He will be met at the Southern Pacific station by a delegation of civic leaders and fellow-lodge members.

Formal welcome will be tendered Hand Saturday at a banquet at the Alexandria. Mayor Porter, Dist.-Atty. Fitts and Superior Court Judges Schauer, Valentine, Baird and McComb are to be among the guests.

During his stay here Hand will inspect the order's sanatorium and cancer clinic at San Fernando. He has been a resident of the city for twenty-five years and is the first Californian to head the order.

BAZAAR SET FOR FRIDAY

The Hillside Parent-Teacher Association announced yesterday it will hold its annual bazaar Friday evening in the school at North Griffin avenue and Avenue 35. Proceeds will be devoted to child-welfare work.

The Lancer

by Harry Carr

THE report of the Noise Abatement Commission in New York fills 300 pages — and includes everything from squeaky street cars to barking dogs.

I am willing to let the street cars squeal on and even endure the bark of motorcycles if they will stop the automobile horns. The traffic cops do not seem to have discovered that there is on the statutes a State law forbidding the tooting of a horn except as an actual traffic signal.

A scientific examination of horn tooters by a university in the East discloses the fact that horn tooters in traffic jams are drunk on carbon monoxide gas.

WHERE'S THE SOMBRERO?

"A. T. Platt," who offers to send me a Stetson hat if I will tell him of one clean Indian household, turns out to be a bold critic who signs a fake name.

He can send along the Stetson. I can give him the names of enough Indians with spotlessly clean houses to keep a hat factory running overtime. If he can find me one dirty house in the little Hopi town of Moenkopi, at Tuba City, Ariz., I will send him a Stetson.

Bathing is a part of Indian religion. The tribes where water is reasonably available are taught to take daily baths from early childhood. There is a certain spiritual significance that I do not suppose any anonymous letter writer would be able to understand.

TRAVEL

Some one writes in high indignation—having heard a lecture in which a young lady lecturer described a tour to Italy. She said that she couldn't find anything but dirt and old piles of brick. It is not clear just what I am to do about it.

Travel anywhere is just what you put into it. Those looking for dirt and piles of brick see dirt and piles of brick.

The Colorado River at Yuma is a muddy, vicious little desert river —or the historic crossing of Juan Bautista de Anza—whichever way you want to look at it.

THE FALLEN HERO

The way of the football transgressor is surely a hard and bitter path.

It is true enough that the fans perch them up on pedestals when they win, but the white-faced wretch skulking down shadowed alleyways and dodging at sounds is the grid hero who has booted the ball.

It is said that university education is rather a training for life than an accumulation of knowledge. I should say that the U.S.C. team beaten at Pullman got considerable training for one phase of life—the fate of the loser. Had they murdered all their collective grandmothers and strangled babes in their cradles the scowls that have greeted them for two weeks could not have been greater. Stanford will know how they felt about it in their aching hearts. A good football team smarting from a licking is no engine for the light-hearted to mingle with.

PURCHASE OF FLAGS PLEASES VETERANS

Quentin Roosevelt Chapter, No. 5, Disabled American Veterans of the World War, yesterday reported gratifying public response to its appeal to home owners and business establishments to purchase American flags for display on Armistice Day and other national and State holidays. "Old Glory" and a staff may be obtained from chapter headquarters in Patriotic Hall, 1816 South Figueroa street.

DANCER SHIELDS HER ASSAILANT

"Influential Man Shot Me," Says Yvonne Le Blanc

She Keeps His Name Secret to Prevent Scandal

Charge Against ex-Husband Admitted Unfounded

An influential man whose reputation would suffer and whose family would be subjected to great humiliation if his name were disclosed, was the one who shot Yvonne Le Blanc, 22 years of age, dancer, according to her latest story to police.

When Miss Le Blanc was found Monday night at her home, 715 South St. Andrews Place, with a not-dangerous bullet wound in the left hip, she is asserted to have charged her former husband, Max Goff, with having fired the shot.

CHANGES STORY

Yesterday after the young dancer's wound was officially diagnosed as superficial and she had been taken from the Georgia-street Hospital by Dr. E. W. Wehle, her physician, she was interrogated further by Detective Lieutenants Bain and Moran of the Wilshire station.

Goff accompanied them after having produced five witnesses who swore he was at work at the time he was supposed to have shot his ex-wife. Miss Le Blanc broke down, say Bain and Moran, and admitted Goff had not shot her.

SEALS HER LIPS

"But I will not tell who did," the young woman cried. "I will never tell, never, never. It would ruin him, because he is very influential in Los Angeles."

The detectives thereupon decided, after consulting their superiors, to drop the case.

SUSPECT IN LOVE KILLING CAPTURED

Gun Wielder in Fatal Quarrel Over Woman Caught Seeking Attorney

Arrested after a search of several weeks, Jose Campos, 51 years of age of Los Nietos, yesterday was held in the County Jail on the accusation of having fatally shot Jose Puebla, 28, of Belvedere Gardens, in a quarrel over a woman near Campos's home last September.

Campos, on whose property officers reported an oil well is being drilled, was arrested by Deputy Sheriff Sepulveda when he sought to visit his attorney in Los Angeles.

ARMY PROMOTES TEACHER

Prof. Joseph M. Cormack of the school of law, University of Southern California, has been notified of his promotion from captain to major in the Judge Advocate-General's Department of the Officers' Reserve Corps, United States Army. During the World War, Maj. Cormack served as an enlisted man in the field artillery and as a second lieutenant in the air service.

POLICE COMMISSIONER WALKUP AND CHIEF OF POLICE STECKEL (RIGHT) — HELEN LEE — FRANK CROUCHER

WOMEN TO TAKE PART IN AIR TOUR

Four Feminine Pilots Will Assist in Second Annual Junior Chamber Trip

Four women air pilots have forwarded their entries to the Junior Chamber of Commerce for the second annual California good-will air tour, to be held the 29th inst. to November 2. The women are Pancho Barnes, Margaret Perry, Sarah Toney and Gladys O'Donnell.

Miss Perry is probably the only airport operator in the United States. She is in charge of the Culver City Airport.

Two entries have been received from San Francisco, one from Bakersfield and three from inland cities.

Sixty planes will leave from Los Angeles Municipal Airport on the five-day tour, stopping at twenty-two cities en route.

An aviation preview heralding the tour will be held Sunday afternoon at Grand Central Air Terminal starting at 2 o'clock.

Aircraft of every type will be on exhibition. A special section will be reserved for the ships which will participate in the tour.

Court Awards Hill New Trial

Frank C. Hill, former official of the California and Eastern Steamship Company, recently convicted of four counts of embezzlement, was granted a new trial by Superior Judge Tryon yesterday.

The motion was made on the ground that the evidence against Hill was insufficient for conviction. Attorneys A. I. McCormick and Guy Crump defended Hill.

PLOTS RELATED IN WALKUP QUIZ

(Continued from First Page)

ward S. Ward, a close personal friend of Mosher, both charged with being connected with the asserted plot by Miss Lee, fled from the city and could not be located to testify yesterday.

Following the police investigation Chief Deputy District Attorney Stewart took personal charge of the investigation and questioned all of the witnesses before the grand jury. Chief of Detectives Taylor with Detectives James, McMullin and Nolan investigated the case and gathered the witnesses.

Six Candidates Take Oral Test for Police Chief

Behind locked doors in the City Hall yesterday six candidates for Chief of Police of Los Angeles each were subjected to a half-hour of questioning by members of the City Civil Service Commission and civil service examiners.

The oral examinations were conducted separately and followed by two weeks the eight-hour written examinations given the original eleven aspirants to the Chief's position.

Those who took turns before the questioners were Acting Chief Roy E. Steckel, Capt. Laurence Ammon, in charge of central division; Capt. E. R. Cato of the business office at central; Inspector David A. Davidson of central homicide squad; Detective Lieutenant A. R. Kallmeyer, acting captain of detectives at Venice division; Capt. William H. Behrendt, in charge of Venice division.

Coincident with the examination it was announced that the Civil Service Commission, at the request of the Police Commission, approved another sixty-day extension of the emergency appointment of Steckel as Chief.

Masons Report State Business Now on Up Grade

California business conditions are on the upgrade, according to the consensus of opinion of the 1700 delegates to the Grand Lodge of California Masonic bodies, representing every section of the State, who attended the annual meeting last week in San Francisco, Frank M. Wise, secretary of the United States Building and Loan Association, who is a member of the board of control of the Grand Lodge, stated yesterday on his return from the Bay City.

Mr. Wise said practically every profession and all lines of commercial activities are represented in the personnel of the Grand Lodge.

Mate Arrogant, Wife Declares

Mrs. Margaret B. Anakin of Santa Monica yesterday sued her wealthy husband, Walter N. Anakin, for divorce, asserting that she had been cruelly treated during her two years of married life.

Mrs. Anakin declared that her husband was "domineering and bossy," and that she was humiliated by his acts of arrogance in the presence of others. Her husband also objected to her attendance at church services, Mrs. Anakin said, and on another occasion beat her dog with a window blind.

CHILD CAN'T LEAVE STATE

Though her parents are divorced, Gena May Nevlin, 9 years of age, must not be taken from California, it was ruled yesterday by Superior Judge Hazlett. He granted Mrs. Myra L. Nevlin a divorce from Walter J. Nevlin, business man, on grounds of desertion and nonsupport. The father was ordered to pay $40 a month for the support of the child, and both parents are restrained from taking her out of the State.

FIGHT SEEN ON REHIRING OF LAWYER

Supervisors Not Unit on Renewal of Contract for Special Attorney

Whether the county should renew its contract with Atty. Vincent Morgan of the law firm of Hill, Morgan & Bledsoe, as special counsel for the flood-control district at an annual retainer fee of $12,000 is expected to precipitate spirited contest among members of the Board of Supervisors when the matter comes up for action November 3, next.

Certain members of the board are opposed to hiring outside counsel for the flood-control department, it has been said. Their argument is that among the nineteen lawyers in the office of the County counsel, all well-trained men, there is sufficient talent to handle any legal matters that may confront the flood-control department.

The contract with Attorney Morgan as special flood-control counsel for the district expired several weeks ago. At the time the matter of renewing it was laid over until November 3 for consideration.

Sailor Seeks to Cut Loose From Consort

Either an annulment of his marriage or a divorce will suit Alfred P. Hackenberg, he told Superior Judge Hazlett yesterday in asking the jurist to dissolve the bonds of matrimony with Mary C. Hackenberg. Annulment is preferable, the husband intimated.

Hackenberg said he was in the Navy when he married November 17, 1917, at Philadelphia. After their first few days of marriage, he complained, she became a wife in name only, and on March 26, 1918, she left, saying she was through with him.

The plaintiff was given until tomorrow to produce a corroborating witness.

Sleeping Cars Run From Here to Mexico City

New triweekly through sleeping-car service between Los Angeles and Mexico City, effective November 2, was announced yesterday by the Southern Pacific. Existing sleeping-car service down the west coast of Mexico to Guadalajara has been extended by arrangement with the National Railways of Mexico, over which lines the Los Angeles sleepers will enter and leave Mexico City.

Through sleeping cars will leave Los Angeles each Sunday, Tuesday and Thursday. North-bound sleepers will leave Mexico City on Mondays, Wednesdays and Saturdays.

Mrs. Metcalf's Rites Tomorrow

Funeral services for Mrs. Eliza H. Metcalf, resident of Los Angeles for the past fifty years, who died early yesterday after a brief illness, will be conducted at 2 p.m. tomorrow at St. Matthias Church, Washington street and Normandie avenue. Interment will be in Rosedale Cemetery. Arrangements are in charge of the W. A. Brown mortuary, 1815 South Flower street.

Mrs. Metcalf was 85 years of age. She came here in 1880 from Council Bluffs, Iowa, with her husband, Henry H. Metcalf, prominent clothier. He died seventeen years ago.

She leaves two nieces, Mrs. Louis J. Oriva, with whom she made her home at 1138 South Windsor Boulevard, Mrs. Frederick Howland, Glendale, and three nephews, Truman H. Metcalf, Los Angeles; Arthur Crittenden, Sioux City, and Thomas D. Metcalf, Phoenix.

Allied Veterans to Be in Parade Armistice Day

Men of the Allied powers will march in the Armistice Day parade on November 11.

Maj.-Gen. Charles S. Farnsworth, U.S.A., retired, will be the grand marshal of the parade, with Col. Ray Follmer as his chief of staff. Capt. Karl Marks has been appointed parade adjutant. Three aides representing the Army, Navy and Marine Corps will assist the grand marshal.

According to J. N. Shrader, chairman of the Elks' Lodge, No. 99, Armistice Day committee, the "Minute of Memory" service will again be observed this year.

At 11 a.m. November 11 buglers from the R.O.T.C., Boy Scouts, military schools and other organizations will sound "Taps" at important street intersections. From 11 until 11:01 all traffic will stop for one minute during this service.

Local radio stations will broadcast "Taps" at the same time.

Distribution of Power Data by Pupils Refused

Co-operation of the school system in propaganda work in favor of the power bond issue to be voted on at the coming election has been refused by the Board of Education.

The Citizens' Water and Power Committee asked the board for permission to distribute "strictly informative literature" to the school children to take home to their parents, and also for permission to allow speakers to address the school faculties in favor of the bond issue.

In refusing the request of the committee the board adopted a report of its committee of the whole, which said the matter of the bond issue "is highly controversial" and that "we believe the subject cannot be presented through the schools to the parents without introducing elements of severe controversy inimical to the best interests of the schools."

Pioneer Woman Builder Buried

Mrs. Louela B. Squires, pioneer Los Angeles builder who died last Saturday after a year's illness, was laid at rest yesterday in Forest Lawn Memorial Park, Glendale, following services in the Wee Kirk o' the Heather. She was 69 years of age.

Born in Rome, O., Mrs. Squires came to this city in 1900 with her husband. On his death five years later she envisioned the rapid growth of Los Angeles and engaged in the real-estate-and-building business. She built and sold hundreds of private dwellings and apartment-houses in all sections of the city during her career, remaining active until stricken with her fatal illness a year ago.

Mrs. Squires made her home at 3092 West Ninth street, the residence of her daughter, Mrs. Rae Clarke. She leaves another daughter, Mrs. Zella Vogt.

Coynes Receive Damage Award

A judgment for $2742 damages yesterday was awarded to Mrs. Myrtle Coyne and her husband, William R. Coyne, Hollywood real estate dealer, by a jury in Superior Judge Hahn's court. The judgment is for injuries received by Mrs. Coyne in a motor accident October 16, 1928, at Clinton street and La Brea avenue, and is against J. P. Whiffen, C. U. Whiffen and the National Cash Register company.

J. P. Whiffen drove a register company's car which collided with an automobile in which Mrs. Coyne was riding. Mrs. Coyne received a compound fracture of the nose and severe shock.

MRS. WHITAKER NEAR COLLAPSE

Maintenance-Trial Ordeal Proves Too Severe

Husband Called to Stand for Liquor Testimony

Denies Wife's Assertion of Excessive Drinking

Hysterical after a long cross-examination, Mrs. Margaret P. Whitaker was unable to resume the witness stand late yesterday at the trial of her suit against Francis Whitaker, Beverly Hills retired capitalist, for separate maintenance. Judge Guerin excused her temporarily, and Whitaker was put on the stand. He is seeking a divorce, asserting that his wife was too friendly with her cousin, Cleon Plato.

After a long session, during which Mrs. Whitaker sought to show that she built up $300,000 worth of community property from a $7000 stake given by her husband, the latter's attorney, W. I. Gilbert, questioned her about drinking. Mrs. Whitaker had testified that Whitaker has been intoxicated most of their married life. Under cross-examination, she admitted that she, too, had indulged to excess. She appeared agitated as recess was declared.

WIFE EXCUSED

Following this recess Attorney Marchetti informed the court that Mrs. Whitaker was being attended by a woman friend in an adjoining room and was unable to return to the stand.

Attorney William J. Barnhill, for Mrs. Whitaker, then called Whitaker to the stand. He said he is 46 years of age, lives at the Jonathan Club, and has been in California since his marriage in 1920. He denied bringing $9000 worth of liquor under government permit from Allentown, Pa., saying he brought only $200 worth. Whitaker said he had been drunk only twenty times in his life.

LAST LIQUOR ORDER

He said the last time he ordered liquor was just before he went to the hospital October 6, 1929. He said he had liquor in the house most of the time "because Mrs. Whitaker wanted it. We both wanted it."

"Were you ever drunk in the home?" he was asked.

"Oh, about a dozen times," said Whitaker.

"Isn't it a fact that during the last five years you have been drunk most of the time?" asked Barnhill.

"No," cried Whitaker, positively. When asked why he went to a diet sanatorium, he explained: "Because of my home life. I was run down nervously because of Mrs. Whitaker and Plato. I ordered him out of the house dozens of times."

"Did you both drink on your wedding night?" he was asked.

"We did," replied Whitaker.

The case resumes today.

BAN PLANNED ON MYSTICISM

(Continued from First Page)

tisement of which is prohibited by this ordinance; provided that nothing in this bill or ordinance shall apply to any ordained or duly accredited minister or any form of religious belief, or to the faith, practice or teaching of any religious body; provided that fees, gratuities, emoluments or profits therefor shall be paid solely to or for the benefit of said religious body."

The ordinance provides penalties of from $100 to $300 or six months in jail, or both, for violations.

Cotton Pickers Can Get Free Rides to Jobs

Irrigated districts of the San Joaquin Valley and Arizona have reported the need of several thousand more cotton pickers to harvest the current crops, the United States Department of Labor announced yesterday through J. H. Fallin, local employment service superintendent. Persons of all nationalities are acceptable and the wages are commensurate with the prices being received for the crops.

Free transportation in motor trucks is offered families without cars, and a refund of gas and oil expense to families using their own cars. The employers make no charges for shelter, water or fuel, and employment will last until February, 1931.

Further information may be obtained from employment service headquarters, 901 North Alameda street.

Parrish Seeks Parking Space for Undertakers

Stating that he came "to praise the the commission and not bury it," Dr. George Parrish, city health officer, yesterday appeared before the Police Commission and requested that parking space be set aside on Spring street, near Temple street, for the cars of undertakers seeking burial permits.

When the undertakers are in the health building getting permits, he said, traffic officers tag their cars. He said that in many cases permits are required in a rush in order to allow the removal or shipment of bodies and to find parking space elsewhere takes too much time.

Traffic Engineer Dorsey reported the City Attorney ruled that space cannot be set aside for any particular kind of business because it would be class legislation.

The commission asked Dorsey to figure some way out to help the undertakers.

KIWANIS PROGRAM LISTED

Charles E. Millikan, governor, California-Nevada district; William O. Harris, international trustee, and John F. S. D'Aule and Dr. Ernest G. Bashor, past presidents, will be the speakers at today's luncheon-meeting of the Kiwanis Club at the Biltmore. Paul A. Jesberg, past president, will be chairman.

MILEAGE OF MAIL PILOT NOW 500,319

Fred Kelly, Former Star Athlete at U.S.C., With Air Express Four Years

Fred (King) Kelly, former holder of the world's record for the high hurdles and prominent University of Southern California athlete fifteen years ago, has completed 500,319 miles of flying the air mail, night and day, for Western Air Express, it was announced last night.

During the four years he has been with the air company Kelly has rolled up 4929 hours and 37 minutes' flying time. This brings his hours in the air to around 6000, a number achieved by few pilots in the United States.

The vigorous physical condition which Kelly earned when competing in many events for U.S.C., has served him well on many a stormy night. Kelly pilots the night air-mail planes leaving Los Angeles at 7 p.m., for Salt Lake City. It is pointed out by Clifford Mutchler, superintendent of operations of Transcontinental Air Transport and Western Air, that 100,000 miles of the total traveled by Kelly has been at night.

The only other pilot in the W.A.E. organization who has come close to the record held by Kelly is Jimmie James. James, a former night air-mail pilot, is now assistant superintendent in charge of operations. He has rolled up a total of 4200 hours in the air while with W.A.E., and his total hours in the air approximate 6500.

Valentino Will Dispute Finds Way to Court

Attempts to settle out of court the dispute between relatives of the late Rudolph Valentino, film star, and his executor, S. George Ullman, have failed, it was indicated yesterday with the announcement that Superior Judge Stephens will today set a date for the hearing of the contest in probate court.

Alberto Guglielmo and Maria Guglielmo Strata, brother and sister of the decedent, have asserted that their brother's estate was worth $1,000,000. Ullman contends that he saved the estate from insolvency and made it yield a substantial income. Valentino died August 23, 1926.

NAVY AIRMEN TO MEET

A meeting will be held this evening at Patriotic Hall, 1816 South Figueroa street, to form an American Legion post composed of men who served with the United States naval air forces during the World War. All United States naval war veterans who served with or were attached to the United States naval air stations, United States naval plane carriers or who have since taken up aviation are invited to attend this meeting.

For Coughs Too Deep To Risk A Lesser Help

Creomulsion was made to deal with coughs from colds which hang on. A three-day cough is a danger signal. There the utmost should be done.

But a trifling cough may develop into something deep and difficult. Don't you think it wise to use the utmost help, even if a lesser help might do?

Creomulsion combines seven major helps in one. The seven best helps known to medical science. One is best for one type of cough, one for others. Nobody can tell in advance. So the best way seems to be to combine all in one prescription.

Creosote stands first. Here it is blended, emulsified and tasty. For soothing membranes and combating cold germs, the world knows nothing better.

But some coughs best yield to other things, some to white pine tar, some to menthol, some to [illegible] bark, etc. So we combine all those formulas at their best in a single formula.

For some coughs Creomulsion is better than you need. One of the factors might do. But don't you feel safer when a minor cough is treated in the utmost way?

If so, get Creomulsion. It costs a little more than lesser helps, $1.25. But your druggist guarantees it. He returns your money if you are disappointed. You will feel safer in any cough if this help combats it. Use it promptly.

CREOMULSION for Difficult Coughs from Colds

FRUIT ACT HELD ILLEGAL IN PAR

Appellate Court Decides Grapefruit Contest

Commission Merchants Habeas Corpus Writ

State Law Said in Opinion Be Discriminatory

Provisions of the California Fr Nut and Vegetable Standard Act under which two Los An commission merchants were co victed in Municipal Court for sertedly mislabeling grapefruit a offering the fruit for sale were unconstitutional yesterday by vision Two, District Court of Ap peal.

The opinion, written by Ju Schmidt, pro tem, declares the p visions under which prosecution had to be class legislation, discr inatory and unreasonable therefore, violative of the State co stitution.

"It amounts to the taking of pro erty without due process of la the opinion recites.

The men figuring in the case George Mefferd and Joseph W man. They were convicted on counts and appealed to the App late department of the Superi Court, where their conviction affirmed. Later, they appealed the District Court of Appeal fo writ of habeas corpus.

Yesterday's decision granted writ and ordered the petition discharged.

The first count assessed to the pair was for unlawfully grapefruit. The second was selling and offering for sale gra fruit containers, subcontainers wrappers which were asserted statements. The third was for ing and offering for sale packs of grapefruit by mislabelin the article "Imperial" and perial Valley Grapefruit."

Another complaint charged with selling and offering for grapefruit juice which did not tain soluble solids equal to excess of five and one-half to every part acid.

The act, as set forth in its amble, was designed to promote development of the California nut and vegetable industries State, interstate and foreign kets, to protect the State's tion, to establish standards standard containers and to deception in the packing, and sale of fruits, nuts and tables.

"There can be no question an act such as the one here consideration, if it restricts the sonal liberty of a citizen, unless such restriction for the protection of public public health or public morals" opinion says in its approach to question.

It is pointed out that the provides that no provision should be construed as restrict the grower in the sale of product to packers. The court that the provision is class tion, for it excludes the grower any sales he may make, but vides penalties for anyone sales other than the grower.

HEARING DATE SET

The ordinance of intention the installation of lighting ances in Fletcher Drive San Fernando Road and River Drive was adopted yesterday by City Council and set for the ing of protests November

PILOTS CLEARED IN DEATH CRAS

Wreck at United Airpo Called Accident

Decapitation Described Drivers of Planes

Violation of Rules Due Bad Engine Excused

No blame was placed on the pilots involved and the unusual crash which took the life of a dent flyer at United Airport Sunday was held to be accidenta a verdict returned by a Coron jury at the Pillback mortuary, bank, yesterday morning.

It was brought out at the inqu however, that the efforts of the kept on duty at the airport to nal planes in such an emerge were of no avail to prevent an collision, although he testified realized several seconds before mishap that the ships would c together.

The inquest was conducted the death of C. W. Cushman years of age, former University California athlete. Cushman killed by the propeller of a bipl piloted by Don McKee, 415 S Benton Way, when the lat ship settled on top of the plan which Cushman was flying as were attempting to land.

FORCED LANDING

D. D. Santry, who had taken the controls from Cushman in lower plane during the attem forced landing; the Misses and Cecilia Graves, sisters, sengers in McKee's plane, and Kee all escaped uninjured.

Santry testified he was Cushman instruction in the biplane which the latter had chased the day before the acci and that when they reached Un en route to Grand Central Terminal, the plane's motor power.

"I knew I was violating a rule by not circling the field left turn," Santry stated. engine was going bad and I ha get down. I did not see Mc plane because when I was ban in a right turn to land he w a left turn—placing us each in 'blind spot' of the other."

McKee bore this out in his ment, pointing out that he coming in after taking the two dent nurses for a pleasure hop made his approach in the orth manner.

"The first time I realized was a ship near me was wh felt the propeller wash from plane below. I only had time to my ignition switch before my caught up with and landed o other one," he said.

SIGNAL USELESS

It was brought out that the plane was about fifteen feet of ground when the other's pro dipped into the top of the fu and decapitated Cushman. planes remained together an in and then nosed over on the gr

Steven J. Burns, 1560 Nort Andrews Place, field dispa under questioning of Deputy ner A. P. Kane, said he believe planes would come together that he waved a red flag a pilots. He was on the opposit of the long runway and it wa dent landing pilots could not signal from where he stood.

Because of motor trouble in try's plane it was pointed o witnesses that a plane in di has the right of way over all planes and that although the violated the landing rules o field he was acting according instructions in attempti land as quickly as possible.

Cushman's body was shipped terday to his father, E. B. man, 355 Perry avenue, Oa The student flyer also leave widow in Oakland. He was ant manager of the San Luis ing Company at Durango, M

Today's Bible Text

Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead, to an inheritance incorruptible, and undefiled, and that fadeth not away, reserved in heaven for you. Who are kept by the power of God through faith unto salvation.—1 Peter 1:3,5.

THE UNDERDOG

The world is tremendously interested in the underdog and is eternally taking its side. But all too frequently it turns out to be one of the pups of the latest litter of the dogs of war.

GETTING A HAIR CUT

In a Michigan county the barbers will not only cut the hair of any farmer bringing in a bushel of wheat, but will pay the rancher 30 cents in addition. Maybe the barbers do not care to see any accumulation of the bearded grain. But this is an example of facial service that will carry quite an appeal.

MARS BY RADIO

A scientist explains that we could communicate with Mars or Venus by radio if we had instruments of sufficient power or sensitivity. Possibly what we have here now would be ample, but the dumb-bells on these planets haven't kept pace with us. Since we don't know yet that the planets are inhabited, there is hardly any use in fussing about it, anyhow.

HOW TAXES KEEP UP

During the last ten years the population of California increased 65 per cent, the heaviest advance of any State in the Union. In the same time the assessed valuation of all property was boosted more than 122 per cent. Trust the assessors to do their duty. At the same time the tax collections increased 146 per cent. Neither population nor wealth can keep up with the demands of the collector. All this is in the name of progress. We are getting so we like it.

THE LONG ROAD

Seems that this broad highway from Alaska to Argentina is very much in the making and there are motorists even now in our midst who will be able to negotiate its full length before they wind up their adventures. It will be a trip of more than 10,000 miles and is the greatest road project ever essayed. There will be scenic wonders to keep the tourist thrilled every foot of the journey. Naturally California and Mexica will be the greatest beneficiaries of the enterprise.

NARROWCASTERS

Some broadcasters are broader than others and some are not so broad. They have considerable human nature and see but one side of an event.

If newspapers warped the news as badly as some announcers describe the game or the fight, the public would lose confidence in the sheets. Some papers do give what may be seen through their own little slits and according to their own slants. But as a rule news is news and is published regardless of the editorial policy of the paper.

Radio has not arrived at that stage of perfection. In the broadcasts of the football games on a recent Saturday the air reporter of the California-St. Mary's contest was so evidently pro-California, that in one crisis he suddenly shouted, "We win! We win!"

In the Washington State-Trojan game at Pullman, the broadcaster was definitely Washington State. He always gave the yardage gained by Southern California short and Washington State long. Several brilliant Trojan plays were passed over in dense silence. Trojan rooters at the radio at home might have supposed their team was not only offside, but off color.

In the Stanford-Minnesota game, the radio reporter continually called Stanford Vanderbilt, and gave the western players scant praise. Everything was flaming with the colors of Minnesota. And yet Stanford held them to a tie on their home grounds.

It is easy to understand how an announcer in the heat of description may lean to one side or the other in his emotions. But if he is to be a dependable concern, he will have to submerge his feelings and give news without bias. Radio will have to learn that its offerings go to fans and folks on both sides. Else broadcasters will be narrowcasters.

NO SUNDAY BLUE LAW

California already has a law requiring that every worker be given one day's rest in seven. An effort to modify this wholesome and legitimate provision, by a badly drawn and complicated initiative statute which it would require an army of Philadelphia lawyers to interpret, is to be made at the November election in Proposition No. 26. The initiative, for a large variety of reasons, should not pass. It is sponsored by the Master Barbers Association and the Journeyman Barbers Association and some of the arguments they offer for it might be sound enough if it applied to barber shops alone. But it covers so many other fields that it is indefensible. It could only be adopted in violation of principles to which the voters of California have repeatedly expressed their allegiance, and it would be an entering wedge for other Sunday legislation of the type which this State was well rid of forty years ago. It is not necessary in order to get the barbers a day off; they have that now so far as the law can provide it for them; and it is not desirable to clutter up the statute books with vague and ambiguous enactments, merely to provide the barbers with a particular day off.

Judging by the motor-accident reports that appear in every Monday's papers, too many people have Sunday off in California now, and it would be obviously better, from a traffic standpoint, to have days off distributed evenly through the week. This consideration alone is enough to raise doubts of the wisdom of any such measure. Such a distribution the present law permits and it ought not to be changed. This present law does everything which the State, which is a purely secular institution, can properly do. The field of religion is one which the State cannot invade without danger to itself and to religion.

The proposed law is objectionable on general principles and also because of its specific provisions. As an example of the strange anomalies in this innocent-appearing proposal may be mentioned the fact that it permits a farmer to do agricultural work or care for live animals on Sunday, but not to paint his barn, overhaul his tractor or bury a dead animal; that it permits the sale of fruit but not vegetables or nuts; that confectionery may be sold, but not sugar; that milk and cream may be vended, but not ice cream, malted milk, buttermilk and other milk products; that tobacco is allowed to be sold, but not bread; that one may lawfully purchase a "surgical appliance," but not a hot-water bottle; that newspapers, periodicals and magazines can be bought, but not Bibles; that necessities for the comfort of tourists at automobile camps are excepted from the prohibition, but not necessities for other tourists or for citizens in their homes; that persons and commodities may be transported, but not animals or furniture; that airplanes may be operated, but not balloons or elevators. A strict construction of the proposed statute would bar operation of an oil well on Sunday or apparently any work of any nature in an oil field.

"Necessary work for the care and upkeep of the residence or place of abode" is permitted, but no work could be done around the car without violating the law; an automobile is not a residence or place of abode.

Such are a few of the jokers in this bill which is being advertised as one to provide a barber's holiday. There are others. If this bill is adopted, no householder or housewife will be able to do anything on Sunday without fear of bringing a policeman to the door; washing out of handkerchiefs on Sunday would be a penal offense.

To argue that everyone ought to have a day off once a week is one thing; to argue that this disguised blue law called a barber's Sunday bill ought to be adopted is quite different. No such invasion of private rights is wanted in California. Vote "No" emphatically on No. 26, the last proposition on the State ballot.

BUILDING TO GO ON

The ruling of the Comptroller-General at Washington that he sees no reason for holding up the Boulder Dam appropriation made by Congress is coupled with acceptance by the Supreme Court of Arizona's suit for an injunction and its setting of January 5 next as the time limit for an answer. This, however, may be filed much sooner. While trial of the very important issues involved will presumably not be hasty there is no reason to expect unreasonable delay, and the decision of the high court may normally be expected within a few months, especially if an early hearing is granted.

In the meantime Secretary Wilbur, his hands untied, will proceed with construction. Had the Comptroller-General's ruling been adverse, the work would have had to stop until the tangle was untangled, or possibly until the Supreme Court had passed upon the matter. But the Comptroller-General found no merit in the Arizona contentions that the proceedings so far taken had been illegal and the money appropriated therefore not available. The same contentions, he found, had been urged in Congress and before the Interior Department.

While the suit in the Supreme Court is in part based on the same contentions, its basis is in reality so much broader that the ruling of Comptroller-General McCarl is in no sense a prejudgment of that action and in no way indicates what attitude the Supreme Court is likely to take. Government officers usually proceed on the assumption that acts of Congress are valid and do not attempt to pass on constitutional questions.

The Supreme Court suit will be pressed, it is announced, so that if additional appropriations are required of the next Congress there will be nothing in the way. But there is no reason why Congress should hold up appropriations for construction, merely because the money may not be spent. Its appropriations in any case are subject to Supreme Court action, and it would not even need to insert a contingency drawback clause to prevent the Treasury from putting out money on a law ruled unconstitutional by the Supreme Court.

To be sure, Congress does not always proceed logically, and the pendency of a suit of this character might have its effect even though it should have none. A more cogent reason for hastening the suit is that contractors might hesitate to bid on a project involving so many years and requiring so much investment in machinery and materials if there were any doubt about its being carried to completion.

It is expected that the city, the Metropolitan Water District, the Southern California Edison Company and others interested in the dam will join the government and the States that are parties, in defense of the legislation. The suit will be watched with interest by all States, since important questions of State rights are involved and the decision may well be far-reaching.

In the meantime a report by the California Colorado Commission, just filed with Gov. Young, shows Arizona's demands for water in a by no means favorable light. The State is already developing new agricultural land faster than California. Arizona is aided by money expended and work done on her irrigation projects by the United States Reclamation Service, while such enterprises in California are financed by private capital.

Under the circumstances the commission considers Arizona's demands for more Colorado water to be exorbitant and not justified by engineering reports. In fact, it is fairly evident that water is not the crux of the objections posed by Arizona. What that State is more interested in is revenue, especially revenue that may be obtained from the installation of power plants. The report also points out the importance of an agreement among the lower-basin States so that an equitable settlement may also be made with Mexico on the excess water which will flow into her territory from the Colorado River.

AN FRANCISCO HARBOR

Voters in this end of the State may think it strange that they are asked to vote bonds for the improvement of San Francisco Harbor, unless they are acquainted with the fact that San Francisco Harbor is not owned by San Francisco, but by the State of California. The Bay City, therefore, is not enabled to vote its own bonds by itself, but must ask the State generally to lend its credit the enterprise. Of the present merits of this set-up there are various opinions, but these have nothing to do with the present matter.

The point at issue now is that $10,000,000 is needed to construct new passenger and commercial piers, and that the interest and sinking fund requirements for the issue can readily be met from the harbor's earnings, so that voting the bonds will cost the State taxpayers nothing. The San Francisco Harbor indebtedness is not now, and has not been at least for many years, any burden upon the State at large; the port is fully self-supporting.

The local interest in having these improvements made arises from the fact that Pacific Coast shipping in general will benefit from them, and anything which improves conditions for Pacific Coast shipping helps Los Angeles Harbor. The bond issue, submitted as No. 9 on the November ballot, should be carried with no dissenting votes. There is no opposition to it and no reason for opposing it.

JUST GEORGE

When England wanted to make George Bernard Shaw a lord, or earl, recently, that old war horse of literature said he had gotten along some seventy winters on just George and he would try and weather it out without any handle on his name to pull him through. There are times when you like Shaw.

SEEING AMERICA—2030 A.D.

By James J. Montague

Some day an antiquarian
May lean upon his spade
And through his great round glasses scan
The hole that he has made,
Observing with a sigh: "Well, well!
This startles me, I own,
I wonder that a race could dwell
In homes of steel and stone.

"Why these poor ancient folk took trips
Across the rocking main
On crude contrivances called ships
One cannot well explain,
And why they hived themselves, like bees,
When there was so much land—
Wide, pleasant tracts of grass and trees
I cannot understand.

"But most of all they indicate
By what they had for food—
And by the quantity they ate
That they were dull and crude.
Small wonder that their lives were short
Despite their healthful clime!
Poor men, they must have had resort
To eating all the time.

"I do not marvel that their span
Of life was brief, indeed
They lived upon a savage plan
Did this peculiar breed.
Such men, of course, were bound to be
Swept swiftly to their fall.
The only thing that puzzles me
Is that they lived at all!

(Copyright, 1930, by The Bell Syndicate, Inc.)

The LEE SIDE o' L.A.

BY Lee Shippey

WALT WHITMAN wrote "Leaves of Grass," Bob Ingersoll wrote a tribute to grass, Don Marquis wrote "The Strong Grasses," and so it shouldn't be beneath the lofty dignity of this colyum of chaste literary effort to enlighten and perhaps inspire the world with an essay on grass.

AH! 'TIS A GRASS!

Besides which, it is fitting and proper that a Southern Californian should write the essay on one kind of grass, for who but a California home gardener could do it justice. We refer to the common or garden variety, devil grass.

Why Bermuda Onions are Mild

Officially, devil grass is known as Bermuda grass. Bermuda is known for only two products, Bermuda grass and Bermuda onions. Bermuda onions are famous for their mildness. Oh, of course, you frequently buy "Bermuda onions" at the grocery which aren't mild, but that is because they were grown in Texas, not in Bermuda. Real Bermuda onions have no strength at all. The reason is that Bermuda grass grows in the same island and takes all the strength out of them. Bermuda grass will take the strength out of any thing on earth except a gardener's language. It will take the strength out of sturdy young trees, flowers, shrubs, resolutions and gardeners' backs. It daily brings more people to their knees than do all the revivalists in California, but they do not arise refreshed and strengthened. Yet it is just the opposite of the well-known root of all evil. Its roots are as hard to get rid of as that one is to keep.

Bermuda grass makes Bermuda onions mild, but has a quite different effect on Southern California gardeners. It fills them with impotent frenzy. It baffles and it mystifies. You build a lawn of sifted soil you are assured has no taint of Bermuda grass. You plant blue grass and clover or Washington bent grass. You build walls about it to keep out any vagrant seed. You water it with care and weed it with ardor. It rewards you with a sudden upspringing of green down more delicate than a high school girl's boy friend's first mustache. You rejoice and slap your fatted calf—

ALL THE WAY FROM BERMUDA, TOO! MY! MY!

And then suddenly you discover that the trail of the serpent is over it all. Weaving over and under it are threads as fine as spider web. Devil grass!

It Bloweth Where It Listeth

Down on your knees you fall to eradicate it at once. It is early in the morning when you take that resolution. When you arise the shades of night are falling fast. You have grubbed out enough devil grass to ruin all the yards in town. But you know that ten thousand roots have broken off in the ground and will work on undiscouraged.

No man can say whence it cometh. One garden enthusiast in Eagle Rock is convinced that the seed is in the water with which we sprinkle. But that doesn't satisfy us. We believe that if one watered with distilled water it would be just the same.

Don't Blame Bermuda

We prefer to call it devil grass, instead of Bermuda grass, for not only is that its fitting name but it seems pretty hard to lay all that on one poor little island like Bermuda. The encyclopedia says Bermuda grass is a creeping, perennial grass found in practically all tropical and subtropical countries. But you know how conservative encyclopedias are. Our own theory is that it was in a vain effort to keep out Bermuda grass that the Chinese wall was built. We also believe that it was from its roots the aboriginal peoples first learned the art of weaving matting. If Bermuda grass came to California from any other land it must be honored as the hardiest of all our pioneers. But we don't believe as much devil grass as we have here could have grown up in less than 500 years.

SOME CALL IT DEVIL GRASS
HARSH WORD!

Friend of Man

To the purist in lawn-making, Bermuda grass is a sore trial. When he gets angry at any other lawn tender he doesn't have to swear at him. The strongest malediction he can think of is "Go to grass," meaning Bermuda grass. But once one gets resigned to his fate, Bermuda grass is a friend of man. He can let his lawn grow full of it and be happy. When he goes away for a vacation he doesn't have to engage a wet nurse to sit up with his lawn for Bermuda grass will resist drought and neglect. If he waters and rakes it frequently it will remain green and thick, and no soil can wash out of it. The children can run and jump and skid on it without damaging it a particle. Fire can sweep over it, and the water which puts out the fire will make the roots give forth new green beauty. It is unconquerable. It is full of the spirit of the West.

So after we've tried a few years to lick it we give in and jine it. We're all like the Kentucky colonel now living in Pasadena who vowed, when he first settled here, that he would have a lawn of pure Kentucky blue grass. The other day we asked him about his lawn. "Oh, it's a regular California lawn now," he said. "It's gone Republican."

AAAY THE SPIRIT OF THE WEST!

But he seemed happy about it. He had quit struggling and worrying. He had resigned himself to the inevitable.

Don't Forget Your Packages!

B.A.V. reports that this warning sign, which even the most absent-minded should heed, is displayed in Beverly busses:

Do Not Leave Arms in Door After Alighting.

GATLING GUN GOVERNMENTS

BY FRED HOGUE

I

There may have been a time when the pen was mightier than the sword; but our civilization has evolved into an era when three-fourths of the population of the world are the helpless victims of machine-gun government.

With the exception of the French and Anglo-Saxon peoples, government with the consent of the governed has come to be considered bad form, an anachronism.

Self-governing peoples have not been able to protect themselves against the encroachments of military dictators. Representative governments are steadily collapsing, to be replaced by military despotisms.

Demagogues have proved deadly to democracy. Over half the earth's surface representative government has been talked to death. The civilian populations of nearly a score of states in the last twenty years have grown weary of the eternal vigilance which is the price of civil liberty.

Three generations shed their blood and treasure to dethrone despots and conquer the right of self-government. But now comes a generation that seems imbued with the idea that self-government by elective representatives is not a sufficient improvement over machine-gun government to be worth fighting for.

The good example which we have tried to set for more than a century has not been held from the outside to be good enough.

The British commonwealth, the United States and France are the only populous nations in which there has been no surrender of civil right, in which representative government has neither tottered nor fallen.

Government of law still persists, but the laws are no longer enacted by elective legislative bodies. They are dictated by an imperium in imperio, backed by machine guns. The ballot box has not, in all cases, been abolished, but the ballots are deposited, collected and counted by the henchmen of the dictator.

Where the label on the bottle has not been changed, the bottle itself has been emptied and refilled.

Legislative assemblies that refuse to do the will of the dictator are dissolved.

Fascism and Communism, new forms of government, are crowding out democracy. Partisans are many; patriots are few.

It is not perhaps that the sword has proved mightier than the pen; but too many pens have been placed at the service of the manipulators of machine guns.

A free press has been, and still is, the bulwark of democracy. A free press is alone feared by the dictators; and wherever a country has passed from civil to military government, the independent press has been driven from its citadels by machine guns. Independent publishers are imprisoned or executed, and their plants demolished or turned over to the venal sycophants of the military despots.

Before this could be accomplished, the rights of a free press were encroached upon by venal publicists, venders of mental narcotics.

Representative government was ridiculed and incorruptible public servants were maligned as corruptors of public morals and civil rights.

Of all the nationalities, the Anglo-Saxons and the French have alone proved themselves capable of defending their public liberties.

The present year has, perhaps, proved the most disastrous of all the years of historic record to representative government under elective institutions. This result is an effect of multiple causes. But every effect is in turn a cause. Nations, like individuals, are free to make decisions; but they cannot free themselves of the consequences of those decisions.

The importance of what happened today is measured by its influence upon tomorrow. What will be the effect of this collapse of representative government on the destinies of the peoples who have been deprived of their civil rights?

Their immediate future is no longer in their own hands, but in the hands of their dictators. These dictators assert that the peoples have proved themselves incapable of self-government; that they seized the reins of government because the industrial and economic structures of the states were crumbling; that the elective representatives and executives denied them a substance; that government by the people was government by demagogues who were wasting the substance of the people; that democratic states were socialistic states; that the people were ignorantly and fanatically ruining themselves through uneconomic experimentation under laws of their own making.

What answer shall we make in defense of representative institutions? What answer?

What new arguments shall we induce to make the world safe for representative government? Will any arguments prevail? For arguments must be expressed in words; and words have been misused until their edge is dulled, and three-fourths of the world has grown weary of government by conversation.

I do not exaggerate when I assert that the laws by which more than half the people of the world are governed are written with dagger points dipped in blood.

Our own government stands firm, fortified by the example of misgovernment in the world outside; but representative governments are crumbling all about us.

A wave of military revolt has swept the whole of South America. The German government, while still representative in form, is becoming Fascist in fact. Russia, as a political entity, has ceased to exist. The very name is anathema to the soviets. The remnants of what was one Russia are known as the Union of Socialist Soviet Republics. A letter bearing the word "Russia" on the envelope will not be delivered by the soviet postal service. The recognized procedure is to open the envelope, confiscate whatever of value it may contain and destroy the communication.

The Republic of China is a travesty on the name republic. Imagine a nation, claiming to have a representative government, in which a national election has never been held. China is a geographical conception, but not a political entity. There is no central authority. In most of the eighteen provinces south of the wall there is not even a competent state authority. I found last summer sixteen independent governments in a single province.

The military governor of one province announced that, on a given date, an election would be held for the selection of a governor and a state cabinet.

Ballot boxes were provided at the provincial capital. They were filled with as many ballots as each village should cast. The boxes, duly stuffed, were taken to the villages by his lieutenants. They were placed on exhibition on a prominent corner in each village. But the soldiers were in control and no civilian was permitted to cast a ballot. The next day the ballot boxes were returned to the provincial capital; and the result of the election, from tallies made in advance, was duly announced. The Governor continues to rule, supported by his machine guns and the unanimous consent of the populace.

Could aught be more Gilbertian in the name of representative government?

One unacquainted with Chinese characteristics might ask why all this mummery. I have been assured that it was one of the most popular gestures ever made by the governor of a Chinese province. A missionary from the provincial capital supplied me with the details. There were no protests. The naive Chinese of the villages were convinced that this was the manner in which all elections are held. The procedure was one that had been followed in other western provinces. H. C. Franck, in his delightful volume, "Wandering in Northern China," writes of similar elections held in Honan and Kansu.

These western provinces are independently governed. They pay nothing for the support of a central government. They observe no Federal law. Each is ruled by its military dictator. In fact, in eleven of the eighteen provinces the territory is divided among from two to twelve or sixteen military satraps.

The Chinese republic exists only in a little pamphlet printed in Shanghai and distributed by the Kuomintang at Nanking. It has no more actual existence than More's Utopia or Plato's Republic.

Perhaps a majority of Americans will ask themselves, "Why should we worry about China?" and will add "The Chinese have a right to live their own lives; and no people on the outside have any right to interfere."

And how many are aware that they are repeating in essence the response of Cain: "Am I my brother's keeper?"

We of the Southwest are living in what may be termed the Pacific area. There are only 10,000,000 of us, from the Rocky Mountains west. And in the Pacific area live about 600,000,000 people, one-third the population of the world. In this whole territory, the Pacific slopes of the United States and Canada comprise the only territory where the will of the people is the sovereign will.

American missionaries, American educators and America's example are responsible for the overthrow of the Manchu Dynasty in China. Our exhortations and our example were responsible for the creation of the South American republics, which are lapsing back into military dictatorships.

Our ancestors carried the torch of liberty far afield; and our foundries supplied most of the machine guns with which the dictators have established and fortified their military despotisms. One reads two or three times a week in the Pacific cables that machine-gun nests along the Yangste River are firing upon American gunboats as they pass. Most of those machine guns are of American manufacture. Most of that ammunition is American made.

During the last twelve months the chief American imports at Hankow on the upper Yangste have been automobile trucks and implements of war for the use of the armies of the military governors. The Chinese are testing on American gunboats the efficiency of the weapons and the ammunition that American manufacturers have sold them. We are shipping yearly to China fewer Bibles and more machine guns. The number of missionaries is growing steadily less and the number of American soldiers of fortune acting as advisers to the war lords and training and commanding Chinese troops is steadily increasing.

The rule of the war lords, from Mukden to Canton, is fortified by the product of American arsenals. The American mother who sings "I did not raise my boy to be a soldier" sends this same boy, without a twinge of conscience, to seek employment in an industry that manufactures ammunition and implements of war with which other women's sons will be maimed or blasted into eternity.

GREAT INVENTIONS

The scientists serenely
inventing new designs in
they're making rubber out of
and paper out of cast-off
Waste products are no
waste, they're useful for
purpose high; the savant
them up in haste, and make
fine synthetic pie. Dire fore
used to chill the soul;
prophet sprung his
wheeze; the world would
run out of coal, and then
multitudes would freeze
now we know it's vain to
o'er such an idle, empty
the scientists will meet
threat, and fashion coal
cast-off stuff. They'll gather
the wornout boots, the old
penders, socks and hats
make the sort of fuel that
from rusty cans and old
cats. They used to tell
and then the oil supply
fizzle out, and we were
stricken men, the future
a thing of doubt. How would
manage when our wad
buy no pint of gasoline?
thoughts of panic were
and all our gills were
green. But now the
uprear, and say such words
no grass; they gently
make it clear that we shall
ways have our gas. For they
make that precious juice
any junk they chance to
they cut us from our
loose, and we enjoy the
mind. So far the savants
in vain to make the
obey, but some day they
bring us rain just when we
it for the hay. There's
science cannot do, if we'll be
tient for a while; so it is
to look blue, and it is
sing and smile.

Dry Goods
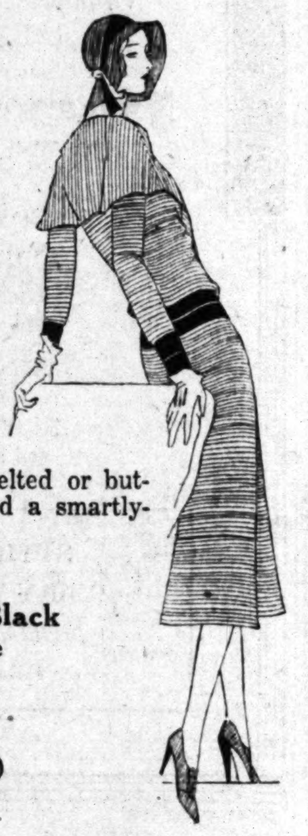
Store in
Los Angeles

Buy Now—The Knitted Garments You Want

Your Boucle Suit—Your Knit Dress, with or without a Coat



The New One-Piece Frocks — with or without an accompanying coat, are fashion's last word in such garments; one is sketched — one type has a beret to match.

Three-Piece Suits—with Cardigan coat, belted or buttoned; sleeveless or sleeved blouse, and a smartly-tailored skirt.

Each in Fall Shades of Chestnut Brown, Rubytone, Black Bottle Green, Monet Blue

In sizes 14 to 42
Sale-Priced at

$39.50 to $65.00

(Third Floor—Coulter's)

Bedding Reduced One-Fourth

St. Marys White Blankets

The entire assortment of these famous blankets in white, now

$12.75 to $27.20 a pair

Fine Comforts

All silk-covered, wool-filled or down-filled comforts, reduced during the 52nd Anniversary to

$18.75 to $37.15 each

Automobile Robes

All imported motor robes and steamer rugs on special sale now at

$9.35 to $18.75 each

(Second Floor—Coulter's)

New Suits With the Longer Coats

Coats that may be worn separately, if desired, represent a new development in fashionable Fall suits—you will like them! $39.50

The materials are handsome mixtures in wools—brown, green, blue and black; and some garments show a matching beret that completes a delightful ensemble.

Wool Ensembles, Too

In rich plain shades or mixtures—these, also, show long or shorter coats, to benefit your particular type, and may be had in black, navy, brown, green or wine; also specially priced during the 52nd Anniversary.

(Third Floor—Coulter's)

Underbelt Corsettes $5.95

These are higher-priced garments taken from regular stock — made of brocade with firm Swami brassiere front; the back and underbelt are firmly boned, making them comfortable and of the utmost value in controlling and giving the figure the new lines.

Girdles $3.95

Medium or long models in this group, in side hook type; either lightly or more firmly boned as you prefer; you will like them.

(Fourth Floor—Coulter's)

500 Boxes Stationery

Foresighted gift-seekers are already taking advantage of specials such as these in the 52nd Anniversary— 95c

Novelty Cretonne Covered Boxes — containing one and two quires of high-grade writing paper in white and tints—plain and fancy finishes.

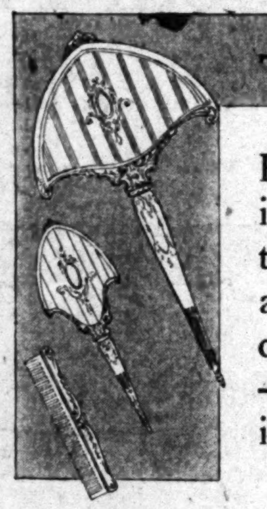
Playing Cards

In twelve really new designs:

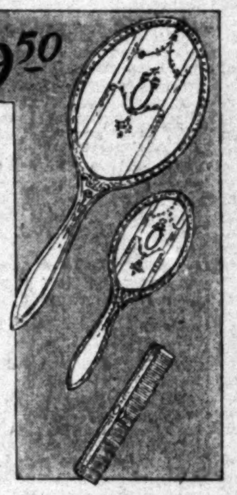
Single Packs	60c
Double Packs	$1.20

(Main Floor—Coulter's)

Three-Piece Sterling TOILET SETS $29.50



Heavy sterling silver sets in several exquisite patterns—gift articles that are always of unquestioned quality and forever valued—at a tremendous saving in the 52nd Anniversary!



(Main Floor—Coulter's)

100 Frocks for Little Girls Featured at $3.95 and $5.95

Silk—Velveteen—Wool Frocks For Girls of 2 to 6 years

Really exceptional are these values, for the 52nd Anniversary, in frocks for party, dress, kindergarten wear.

Of Interest to Women

Society

by JUANA NEAL LEVY

Mrs. James Rufus Martin and her daughter, Margaret, of Carlwood Drive, Holmby Hills, left last night on the Chief for an extended trip in the East. They plan to be gone for about six weeks and after visiting in New York City, where they will be domiciled at the Plaza, they will go on to Washington, D. C., and return home by way of the Panama Canal.

For Bride-elect

Miss Ethel Chesire, assisted by Mrs. Anne Myers, Miss Erma Grant, Miss Hazel Adams and Miss Charlotte London, entertained with a luncheon and shower last Thursday in honor of Miss Gene Asquith Smith, whose wedding with Walter Baker of Van Nuys will take place Saturday morning in the Wee Kirk o' the Heather, Glendale.

Church Ceremony

The marriage of Miss Delvia Wood, daughter of Mrs. Wallace Wayland Wood of Glendale, to Kenneth J. Wilson was solemnized Tuesday evening, the 14th inst., the ceremony taking place in First Baptist Church, with Rev. James Whitcomb Brougher, Jr., officiating. Yellow chrysanthemums with clusters of blue delphinia in tall baskets with soft candle light throughout the whole church, added an artistic touch to the effect. Mrs. H. Park Arnold sang, accompanied at the organ by Mrs. Eva Kurtz Ghrist, who also played the wedding marches.

The bride's gown of eggshell satin was made with a deep lace yoke and embroidered with pearls and the lace veil was embroidered in pearls, falling from a wreath of orange blossoms. She carried a shower bouquet of white orchids, Joanna Hill roses and lilies of the valley.

Mrs. Fred Estes of Riverside was matron of honor in a frock of orchid satin, and she carried a sheaf of Claudius Pernet roses tied with yellow satin ribbon. Miss Marian Everett of Elsinore was maid of honor, wearing pink satin and carried Briarcliff roses with streamers to match her gown.

Other attendants included Miss Carolyn Roberts and Mrs. Allen Lloyd of Glendale. Their frocks were of green and peach-colored satin and their bouquets of Talisman roses.

Fred Estes was best man and Elton George, John Judd, Maurice Miller and Allen Lloyd ushered.

Mrs. Wilson is the daughter of Mrs. Wallace Wayland Wood. She is a native of Ohio, but has lived in Glendale for a number of years. After being graduated from the Glendale High School she attended the University of Southern California and the Chouinard School of Art. Mr. Wilson was graduated from a technical school in Ohio. After a motor trip north they will reside in Glendale.

Sorority Items

Alumnae of Psi chapter of Alpha Delta Pi Sorority assisted Miss Olga Nelson when she entertained the City Club of the organization Saturday at her home, 1140 South Norton avenue. Miss Lucille Huebner, president of the active chapter at the University of Southern California, received an award for the highest scholastic standing in the sorority. She is also president of the women's self-government association.

Concluding an intensive rushing season, Alpha Chi Omega at the University of Southern California recently held their preference dinner in the green room of the Women's Athletic Club. Pledges of the organization are the Misses Burns Browning, Virginia Bowker, Madge Davidson, Thais Schofield, Alice Rendall, Eloise Thompson, Helen Slabaugh, Bettie Williams and Billie Jack. At an early meeting of the season Miss Meredith McKee of Detroit passed the traditional box of candy announcing her engagement to Melvin Arbuthnot of La Verne.

Mrs. Frances Penturf Pennington of Honolulu, who is visiting her mother, Mrs. Thomas Penturf of Bonnie Beach Place, was at home to her Delta Theta Tau Sorority sisters recently. The affair was in the nature of a farewell party as Mrs. Pennington sailed Saturday on the City of Los Angeles for Honolulu. Guests at the affair were the Misses Maxine Yeakey, Helen Sprague, Margot Pulfer, Hazelle Fleck, Gladys Lynch, Clymenia P. Smailes, Dorothy Brod, Margaret Bryan, Angela Pictor, Erma Neville, Freda Hawkins and Christine Welch.

Pledges of Upsilon Alpha are the Misses Virginia Hill and Marian Van Velzar. The ceremonials were held recently at the home of Dr. Alice Frey, 2562 South Van Ness avenue.

Kappa Sigma Phi closed their rush week with a preference breakfast at the Garden of Allah. Attendnig the affair were Miss Sally Morre, Vera Toma and Anne Mullarkey, guests of the sorority, and the following members: Misses Helen Sehrank, Melba Farren, Marguerite Hubbel, Annis Carlock, Doris McPhee, Marriott Dawe, Miriam Kirkpatrick, Merry Gay, Loretta Ely, Roene Alcott, Dorothy Boyer, Blanche Coyne, Mrs. Walter Borkman and Mrs. Ralph Richards.

Alumnae of Kappa Delta of the University of Southern California entertained with a benefit bridge party at the chapter house, 625 West Twenty-eighth street, the 11th inst. with Mrs. Roslyn Lewis in charge of the arrangements with Miss Ferne Grubbs, Miss Inga Gerup and Ruth Mathis assisting.

Celebrating Founders' Day, Kappa Gamma alumnae held a reception at the Ebell Club, 4400 Wilshire Boulevard, Saturday with the new president, Mrs. Fred S. Alberson, presiding.

Phi Mu Delta at the University of California at Los Angeles announces the recent pledging of the Misses Muriel Rehrig, Georgianna Eaton, Elizabeth Goodrich, Marguerite Kraeger, Mary Lou Weeks, Gladys Fisher and Shirley Jennings.

Kappa Delta's lovely new Italian residence on Westwood's Sorority Row, 800 Hilgard, was displayed to friends and relatives Sunday afternoon the 12th at an open-house reception from 3 to 5 o'clock.

Miss Marjorie Moore, chapter president, received with the guests of honor, Miss Katherine Wright, province president, and Mrs. Mildred Gregory, house mother. Tea was served in the sorority's charming patio, with yellow chrysanthemums as decorations to stress the autumn motif.

Miss Moore was in charge of arrangements for the function, and was assisted by Miss Betty Izant.

Members of the Southern California Alliance of Alpha Gamma Delta Sorority held their annual scholarship breakfast at the Town House the same day, with members of the University of California at Los Angeles and the University of Southern California as guests.

This traditional function is the occasion for the awarding of the Alliance scholarship to some member of one of the local chapters alternately. Beta Epsilon chapter at Westwood was distinguished this year, with Miss Erma Fraunberger as the honoree.

Miss Dorothy Day, president of the Alumnae Alliance, who made arrangements, selected wild flowers to carry out a pastel color scheme.

SORORITY GIRL WEDS IN EAST

Couple to Be at Home in Philadelphia

[Gibbon-Allen studios]

Mrs. T. Morris Perot III

THE marriage of Miss Jocelyn Le Clair Baker, daughter of Mr. and Mrs. James Blair Baker of 2137 West Twenty-first street, to T. Morris Perot III, was solemnized Saturday afternoon at 4:30 o'clock, the ceremony taking place in Philadelphia at George Washington Memorial Church.

Only immediate relatives were present and after the wedding trip Mr. and Mrs. Perot will make their home with the former's parents, Mr. and Mrs. T. Morris Perot, Jr., at their home in Chestnut Hill, Philadelphia. The Perots and Mrs. Baker and her daughter toured Europe together this summer.

Mrs. Perot is one of the most attractive members of the younger set here and is a former student at the University of California at Los Angeles and affiliated with Kappa Alpha Theta Sorority there.

Chef Wyman's RECIPES

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

COCOANUT AND COCOA PUDDING

One cupful of scalded milk, three-fourths of a cupful of soft bread one-half cupful of cocoanut, the yolks of three eggs, one tablespoonful of butter, one-half cupful of cocoa, one-half cupful of sugar, one teaspoonful of lemon juice, one-fourth teaspoonful of salt and the whites of the three eggs. Soak the bread in the scalded milk until soft, mix the cocoanut, sugar, cocoa, butter, lemon juice and salt together, and add to them the well-beaten egg yolks combined with the bread mixture, then fold in the stiffly beaten whites of the three eggs, place in a well-oiled baking dish and bake in a moderate oven for thirty minutes.

CREAMED BEETS

Boil eight medium-sized beets until tender, drain, cover with cold water and carefully rub off the skins, cutting off the top and bottom. Cut into small cubes, make a sauce, out of two tablespoonfuls of butter, creamed with two tablespoonfuls of flour, then add to the mixture, one-half cupful of water, in which the beets were boiled, two tablesponfuls of cream, two tablespoonfuls of lemon juice, one teaspoonful of sugar and a seasoning of salt and paprika. Cook the sauce until thick, add the beets to it and when thoroughly heated serve in a hot dish.

MARCARONI AND GROUND STEAK

One-half a package of macaroni, one cupful of tomatoes, three tablespoonfuls of shortening, two onions, one-half cupful of grated cheese, one pound of ground steak, one-half cupful of bread crumbs. Break the macaroni in small pieces and cook in boiling water, to which has been added one tablespoonful of shortening, until tender, chop the onions fine, add them to the steak and season it with salt and paprika, place a layer of the macaroni in a well-oiled baking dish, on this place the steak, cover with the remainder of the macaroni, add the tomatoes, sprinkle with the bread crumbs and cheese and add the remainder of the shortening melted. Place in the oven and bake slowly for one hour.

COCOA BRAN MUFFINS

One cupful of flour, three teaspoonfuls of baking powder, one-third cupful of sugar, one-fourth cupful of cocoa, one-half teaspoonful of salt, one-half cupful of chopped nut meats and one cupful of bran, one cupful of sour milk, two eggs. Cream the butter and the sugar, add the well-beaten eggs, sift the flour, cocoa, baking powder and a half-teaspoonful of soda together, add the salt, add the bran and chopped nut meats to the mixture, then alternate the dry ingredients with the milk. Beat well, bake in muffin pans, in a moderate oven, about fifteen minutes.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

Teachers-to-Be Will Convene

Matters pertinent to candidate teachers will form the basis of discussion at a conference at 4 p.m. tomorrow at University of Southern California under auspices of the school of education. The session will take place in the Student Union.

Among the speakers will be Vierling Kersey, State Superintendent of Schools; Mrs. Evelyn A. Clement, chief of the State division of teacher training; Dr. Lester B. Rogers, dean of the school of education; Miss Ida B. Davidson, social science department, Manual Arts High School; Miss Emma Goodell, candidate teacher, and the following principals: Dr. Albert E. Wilson, Manual Arts High School; Mrs. Nellit I. Potter, James A Foshay Junior High School, and Miss Jessamine Crapser, Thirty-sixth street elementary school.

HOUSEHOLD SUGGESTIONS

Lack of Space

If you lack space in which to store the quantity of jellies and preserves you wish to do up, try this method of conserving space. Paste the labels of the contents on the top of the covers of the jars. Then put the jars in wooden boxes and place boxes on top of each other in a neat pile, covering the top with a thick layer of newspapers. Then as your preserves are used from the preserve closet, the jars from the boxes may be put on the shelves. An unlimited amount of preserving may be done in this manner.

Rough Edges

Paste a narrow strip of adhesive tape across the inside top edge of slipper buckles and save your silk stockings from being pulled and torn on the rough edges of buckles.

They Like Their [illegible]

Unless your party is a [illegible] one and a very formal [illegible] use demi-tasse cups for [illegible] fee. Almost everyone [illegible] cup of coffee after a big [illegible] that tiny cup is just [illegible]

Health and Diet ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

EGGS GOOD EVERY DAY

Men have eaten the eggs of turkeys, geese, ducks, ostrichs and even reptiles, and from a standpoint of nourishment there is very little difference between the eggs of different birds. However, because of economic conditions, the eggs of hens are most commonly used.

It is estimated that every man, woman and child on this continent eats an average of 200 eggs per year. Eggs are undoubtedly one of the most valuable forms of food from which protein or muscle building material can be obtained, and they may be prepared in such a variety of ways that they do not become tiresome. Even those who are attempting to use a vegetable fare usually include eggs and in this way are able to keep up sufficient protein intake to remain well.

Most people will find they are able to use somewhere between one and two eggs daily, and a good average for a week is probably ten to twelve eggs. A very large amount of the white of the egg may be used by anyone. A few people find the yolk of the egg contains such a large amount of sulphur and fat that it gives rise to digestive disturbances if used to excess. However, one or two eggs should not inconvenience anyone in good health.

In buying eggs, try to get them as fresh as possible, as the fresher they are the better the flavor. Eggs may be kept in cold storage in a fresh condition for a long time so that a properly prepared cold storage egg may almost be termed a fresh egg. The color of the shell is immaterial, as it has nothing to do with the nutritive value of the egg.

In choosing eggs it is well to pay some attention to their size for two good sized eggs often weigh more than three pullet eggs. The white of the egg is almost pure albumen dissolved, of course, in water. The yolk contains a large amount of fat, phosphorous, sulphur and also contains lecithin, which is beneficial in promoting growth and building a strong nervous system. Eggs contain vitamins A and B, and also iron. They are an acid-forming food and, therefore, must be balanced with large quantities of alkaline-forming foods and vegetables which, however, need not be taken at the same meal, but should be used sometime during the day. Some patients with a tendency to biliousness believe that eggs are bad for the liver. I find that this is true only when too many other nourishing foods are used at the same meal or when too many kinds of protein are used at the same meal or on the same day that eggs are used.

When cooking eggs, remember that when partially cooked, and are hard to digest when used raw or they are more easily digested cooked very hard. The poorest way to prepare eggs is by frying, as this makes them hard to digest.

STEP UP YOUR ENERGY

Energy comes from food that contains the elements of nutrition in well-balanced proportion and easily digested form. Get into partnership with Nature and step up your energy by eating Shredded Wheat with milk. All the carbohydrates you need to furnish heat and energy, all the mineral salts for bones and teeth. Delicious for any meal with sliced bananas or stewed fruits.

Both Products Now Fresher Thru Flavor-Protection Packing

No coffee but M·J·B is protected by Hi-Test Vacuum

ANOTHER PARALLEL SUCCESS IN MODERN FLAVOR-PROTECTION
Fresher bread is due to invention of the well known waxed paper Flavor-Protection method. Fresher coffee is due to invention of M.J.B.'s exclusive Hi-Test Vacuum Tin, a patented Flavor-Protection Method.

NO OTHER COFFEE is kept completely fresh just as M·J·B is. No other tin excludes air like the Hi-Test Vacuum Tin M·J·B's engineers invented. No other coffee can use this Hi-Test Vacuum Method.

M·J·B owns one of the nation's largest can factories to make these tins. M·J·B is alone among vacuum coffee packers in owning its own factory. It puts savings on tins into better quality coffee.

M·J·B scientifically blends and roasts the world's best coffees. The invention of a superior easy-opening key-type can with a special snug-fitting cover insures better PROTECTION of this fine, fresh flavor.

FLAVOR is everything in coffee. 50 years of coffee specialization developed the rarer, richer flavor of M·J·B. This permits using less of M·J·B than of ordinary coffee.

Ask your grocer today for a tin of M·J·B, the Flavor Protected Coffee.

Hear M·J·B "Demi-Tasse Revue" every Wednesday, 8 to 8:30 p.m., over Columbia network.

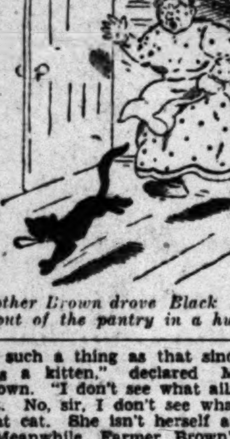
Of Interest to Women

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS



Mother Brown drove Black Pussy out of the pantry in a hurry

BLACK PUSSY GROWS THIN

Who lacks for food will ne'er grow fat;
You may be certain sure of that.
—Black Pussy.

Poor Black Pussy! She was growing thin. Each day saw her a little thinner than the day before. She wasn't her sleek, well-cared-for self at all. Her fur was becoming rough and unkempt. Farmer Brown's boy noticed it. He called his mother's attention to it. "Something seems to be wrong with Black Pussy," said he. "I don't remember ever to have seen her so thin before."

"I've noticed it," said Mother Brown. "I've been trying to fatten her. She eats enough, goodness knows. Every night I put out a great big plate of food and a saucer of milk for her; and every morning the dishes are licked clean."

Farmer Brown's boy rubbed his nose thoughtfully. "You don't suppose that scamp Flip has been stealing her food, do you?" said he.

Flip the Terrier looked up when he heard his name mentioned. Then, as his master said nothing further to him, he dozed off again.

"No," said Mother Brown, "I'm sure Flip hasn't been stealing Black Pussy's food. A couple of times I have looked out in the shed shortly after putting the food out, and when I knew that all the time Flip was here in the kitchen, each time the food was gone. Black Pussy has been getting all that is good for her. I have fed her regularly every night. Of course, she has had some scraps through the day, too. But she's always hungry and she is growing thin. I think there must be something wrong with her."

"Meow!" said Black Pussy, coming up just then. "Meow! Meow! Please give me something to eat."

Mother Brown paid no attention to Black Pussy but went about her work and Farmer Brown's boy went out to the barn. A few minutes later Mother Brown heard a noise in the pantry, the door of which had been left open a crack. She peeked in and was just in time to see Black Pussy jump down from a shelf with a chicken leg in her mouth. Mother Brown drove Black Pussy out of the pantry in a hurry, you'd better believe. However, Black Pussy hung on to that chicken leg. She rushed outdoors with it and there she ate every scrap of meat from the bone.

"I haven't known Black Pussy to do such a thing as that since she was a kitten," declared Mother Brown. "I don't see what ails that cat. No, sir, I don't see what ails that cat. She isn't herself at all."

Meanwhile, Farmer Brown's boy was doing some thinking. He was beginning to suspect that perhaps Black Pussy wasn't getting her dinner each night. It didn't seem reasonable that she should be eating so much, yet remain so thin. No, sir, that didn't seem reasonable at all. He decided that that night he would see for himself just how much Black Pussy did get to eat. The more he thought of it, the more he began to suspect that somehow someone was stealing Black Pussy's food; and the only one he could think of was Flip the Terrier. He had a suspicion that somehow Flip was fooling Mother Brown and was getting the food that was put out for Black Pussy.

So he decided that he would keep an eye on Flip that night and know for certain just where Flip was and what he was doing after Black Pussy's supper had been put out for her. In the meantime Jimmy Skunk was growing fatter and fatter. Never had he had such easy living. Everything was just as Jimmy liked it. He didn't have to work for his food and he had all he could eat with no trouble at all. From Jimmy Skunk's point of view it was wonderful.

Socialist Party Granted Permit to Electioneer

The Police Commission yesterday granted the Socialist party permission to have a truck driven around the streets placarded with advertising for Socialist candidates, their place and time of meetings, until November 5, at the request of W. W. Busick, Socialist candidate for the Assembly, who was arrested by police Saturday night on the charge of blocking traffic at Breed and Brooklyn streets, where he was speaking.

Busick charged that the Socialists are being persecuted by the police by being arrested and declared that they have the same right to speak on the streets the representatives of any other political organization.

In the absence of Chief Steckel, who was taking the civil service test for Police Chief, Assistant Chief Finlinson was called in by the commission to explain circumstances of the arrest of Busick.

Finlinson declared that the police department should not be blamed for the actions of any one man on the force and that Busick should not have been arrested for anything except blocking traffic, of which he was charged.

MISS BISCHOFF TO SPEAK

Miss Florence Bischoff, referee of Superior Court, will talk on "Women in the Legal Profession" before a gathering of University of Southern California alumnae at the first fall meeting of the Bay Sities Trojan Women's Club this evening at the home of Mrs. Jannie Lee Moore, 1038 Pearl street, Santa Monica.

CAFE NEWS

Two weekly features which are gaining outstanding popularity in the schedule of Blossom Room events at the Roosevelt Hotel are the Sunday concerts played by Ted Weems and his augmented orchestra during the service of the chief's special dinner de luxe and the weekly fashion revues on Tuesdays during the serving of the continental luncheon in the Blossom Room. The first event takes place from 6:30 to 9 o'clock every Sunday and has become a rendezvous for many of the smart cinema and social folk of Hollywood and Los Angeles. The fashion revues on Tuesdays take place at noon and, supervised and staged by Martha Dean of the Roosevelt Gown Shoppe, introduce the newest and smartest modes in street, sports, afternoon and evening wear for milady. Other particularly popular events in the Blossom Room, where Ted Weems and his Victor Recording Orchestra play their famous dance melodies nightly, include "Celebrity Night" on Monday and "Collegiate Night" on Friday.

STAR TO BE HONORED

A brilliant array of film notables will gather at George Olsen's new club, Culver City, tonight, to welcome Sue Carol, charming R.-K.-O star, who will be guest of honor. A gala program will be staged as an added highlight with the new fall revue. Frank Richardson, popular comedian of "Sunnyside Up," and "Happy Days," who is appearing nightly at Olsen's this week, will act as master of ceremonies and will introduce many celebrities of the stage and screen. In keeping with the spirit of the occasion, George Olsen and his orchestra will feature a sparkling medley of musical selections from recent picture productions in which Sue Carol has appeared.

OPENING NIGHT

Russ Colombo and orchestra will begin a limited engagement at Mme. Zucca's Silver Slipper Cafe, tonight. There will be dining and dancing both noon and evening with a select group of individual entertainers presided over by Sammy Cohen, eccentric performer, who is scheduled to act as master of ceremonies. According to the management of the cafe early reservations indicate a capacity attendance for this first-night appearance. Popular prices will prevail and there is no cover charge.

NEW ENTERTAINERS

Several new features have been added to the entertainment group of the Paris Inn on East Market street, according to Bert Rovere, manager of the cafe. Fred Germano, San Francisco dramatic tenor; Velas and Angelina, European dancing team, and Francisco, tenor from Boston, will appear nightly in individual numbers. This is in addition to the regular singing waiters chorus of sixteen. The daily luncheon dansant is said to be proving popular.

CHILDREN'S MENU

The Hollywood Plaza Pig 'n Whistle is gay with a number of kiddies these days, attracted by the special children's menu that the management is serving. Wholesome dishes at reasonable prices are offered. Grown-ups seem to be enjoying the special Sunday-night chicken dinner. For on this evening, one finds prominent folk in the cinema and professional world in attendance. Frank Averill, manager, acts as host on all occasions.

Ensenada Cruise Plan Announced

The Emma Alexander, Admiral liner, will make a special cruise to Ensenada for the formal opening of La Playa Ensenada, the new hotel and casino, on Halloween, the 31st inst., according to an announcement by R. B. Schutten, assistant general passenger agent for Pacific Steamship Company.

Sailing from Wilmington at 7 p.m. Thursday, the 30th inst., the Emma will arrive at Ensenada the following afternoon. Because of the fact that Jack Dempsey, president of the hotel corporation, and his wife, Estelle Taylor, are known in the picture world, many cinema celebrities plan to make the voyage.

This cruise will be the liner's last trip to Ensenada this winter, but on Thursday, November 6, the Admiral Rogers, flagship of the Alaska-Seattle fleet, will be placed in continuous service between Wilmington and Ensenada.

OPTOMETRIC DEVICES GIVEN TO UNIVERSITY

Gifts of optometric equipment valued in excess of $2500 have been received by the physics-optics department of the University of Southern California, Dr. E. A. Hutchinson, chairman of the department, announces. The American Optical Company of Southbridge, Mass., is the donor. Precision instruments for measuring the visual defects of the eye, apparatus for curing squinting in small children, and equipment for the manufacture of spectacle lenses are included in the gift.

Science Aids the Deafened

Thousands Hear as Clearly and Keenly as Ever with New, Compact Device

The happy laughter of children, the songs of birds, the voices of friends and loved ones and relaxed enjoyment of the talkies or movies are just a few of the many pleasant sounds that are brought to your ear clearly and distinctly by the new, mellow toned device called SONOTONE. Although compact and practically unnoticeable, SONTONE accurately reproduces the tones and qualities of sound over a remarkably wide range. It is a product of modern science worked out in the laboratories of one of the world's most distinguished authorities on electro-acoustics.

SONOTONE is easily concealed in the clothing and has a tiny button ear piece that nestles comfortably in the ear. The manufacturers are so sure that you will find a happy escape from the aloneness of impaired hearing when you use SONOTONE, that they would welcome an opportunity to have you try an instrument for ten days at absolutely no obligation to yourself. Write the Sonotone Corp., Dept. T, 412 Brockman Bldg., 520 W. 7th St., Los Angeles, Calif., for literature and for their TEN DAY FREE TRIAL OFFER. Hear for yourself, how SONOTONE will bring the many joyful sounds of modern life to you.—[Advertisement.]

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

BEDTIME MUST BE CONSISTENTLY EARLY FOR SMALL CHILDREN

All of us are familiar with the little night owls who sleep on their mother's laps in movie houses, or cry lustily and have to be taken out hastily. We are likewise familiar with the sight of tired, irritable youngsters being dragged home after an evening spent at the home of one of the parent's friends. We feel equally sorry for the parent and the child. There is no real enjoyment for the parent when she must stifle a sense of guilt to take her pleasures at the expense of the child's good habits. Certainly there is no enjoyment for the child, whose physical health and behavior both suffer from lack of sufficient rest.

There is much in this world beside housework and baby care; parents must have recreation, but they cannot put their pleasures before the child's health.

SPOILED BEDTIME HABITS

Mrs. H. M. W. wonders what she shall do. Her boy of 25 months is underweight. He refuses to go to sleep without one or the other of his parents in the room with him. When they go out in the evening he is in the habit of accompanying them, and of going to bed at the same time they do. This spoils his habits when they are at home. He refuses cereal, except small portions. He does take naps of from two and one-half hours to three hours in the daytime.

Except on the farm, it is usually possible to hire some high school student to stay with the boy. Most girls working their way through school or eager to earn money will welcome these small sums. If this arrangement is impossible, then the mother should take a night off to go with her women friends, and the husband take his night off with his own cronies. This is far from ideal, but is preferable to taking the small boy with both of you.

SHORTEN NAPS

The boy's sleeping habits would improve if he had shorter daytime naps. If he sleeps until 7 in the morning, he should nap only one hour, from 1 to 2, followed by a wakeful period to his 7:30 bedtime. Thus he will be sleepy and unable to stay awake to demand constant and unnecessary attention. When long naps are ruining the child's ability to go to sleep early at night, the nap should be sacrificed. Early bed hours are essential.

I have sent you a week's menu for children from 2 to 4 in the self-addressed, stamped envelope you inclosed with your letter. This suggests ways in which you may improve the diet. If the boy dislikes cereal, substitute for breakfast a whole ripe banana, which most children adore. Try all types of cereal; some are better liked than others, and there are so many delicious ones that monotony is unnecessary. At night a baked potato can play the role of cereal, to prevent forcing cereal on the child until he again has an appetite for it.

INHALATOR REVIVES STRICKEN MOTORIST

Ralph D. Morgan, 33 years of age, of 3526 Jasmine street, Palms, was revived yesterday after the rescue squad of the Sawtelle fire station had worked over him an hour and thirty-eight minutes with an inhalator, according to a police report. Morgan was said to have been working on the motor of his car inside his garage when deadly fumes from the exhaust overcame him.

SETBACKS ADOPTED

The City Council yesterday adopted resolutions of intention for setback lines in Brunswick avenue between Los Feliz Boulevard and Glendale Boulevard and in Imogen avenue at Bellevue avenue. They were set for the hearing of protests November 24.

Daughter Is Healthy Now

"My thirteen-year-old daughter Maxine was troubled with backache and pain when she came into womanhood. I knew Lydia E. Pinkham's Vegetable Compound would help her because I used to take it myself at her age. Now she does not have to stay home from school and her color is good, she eats well and does not complain of being tired. We are recommending the Vegetable Compound to other school girls who need it. You may publish this letter."—*Mrs. Floyd Butcher, R. #2, Gridley, Kansas.*

DOCTOR SEIZED IN "DOPE" RAID

Negro Physician Accused of Selling Narcotics

Officers Say They Discover $10,000 in Drugs

Chauffeur Also Arrested on Similar Charge

Accused by police of being the largest trafficker of narcotics on Central avenue, Dr. Darrington Weaver, 40 years of age, Negro physician, was arrested yesterday on a charge of violating the State narcotic law. Search of his office at 5010½ South Central avenue revealed approximately $10,000 worth of morphine and cocaine, according to Captain of Detectives Chitwood, head of the police narcotic squad.

The arrest was made by Chitwood and Detective Lieutenants Sayers and Waymire after they had trailed Weaver, driving a large coupe, to his home at 1456 East Fifty-third street. Five preliminary buys of narcotics were obtained from the physician through an operative, Chitwood stated. Closing their investigation the detectives employed the same operative to make a sixth purchase yesterday. They followed, they said, as Weaver let the operative out of his car at Seventh and San Pedro streets with a bindle containing $75 worth of morphine. Weaver then drove to his home, where detectives took him into custody.

On their return to the physician's office the detectives arrested his chaffeur, Delmus Golden, 22, of 11236 Antwerp street, on a similar charge.

The arrest of Weaver, according to Chitwood, is the most important of the kind since the apprehension of Hymie Cohen last year with $50,000 worth of narcotics in his possession.

Police records show Weaver has been arrested seven times before on misdemeanor charges under the names of James Anderson and Milton Fuller.

DOCTOR TO ADDRESS W.C.T.U.

Dr. M. Len Hutchins will leave this morning for the State Women's Christian Temperance Union convention of the north meeting in Petaluma. It is the celebrating of the fiftieth anniversary of the organization and on the 23rd inst. the doctor will give the golden jubilee address at a banquet. Friday night she will speak at the First Baptist Church in Oakland.

POLICE REINFORCE ARSENAL

New Tear Gas Guns Added to Weapons

Let the Crooks Beware

Captain of Detectives E. R. Cato, Inspector Al Slaten and Captain of Detectives S. J. McCaleb, showing some of newest weapons in police arsenal.

PRINCIPLES of disarmament extolled at the London naval conference have nothing to do with the case when Los Angeles police prepare to make the streets safe for Angelenos. Not only have the local officers made themselves so proficient with the revolver that they won the international pistol championship at Camp Perry recently, but they also have an arsenal at Central Police Station which includes nearly every weapon not mounted on wheels.

Yesterday Chief Steckel added two tear-gas guns to the collection of rifles, single-barreled and double-barreled shotguns, machine guns and grenade-type tear bombs. Looking something like a trench mortar these weapons fire a charge of tear gas 100 yards, or by manipulation of a gadget, loose the charge at forty feet. They are specially effective in cases where criminals barricade themselves, according to Inspector Slaten, who is in charge of the arsenal.

"Gangsters in Chicago and elsewhere have made notorious use of the machine gun in their ruthless warfare," said Slaten. "Recently we had a report of two bandits using one here. There is just one logical answer to such a challenge."

While the arsenal was being rejuvenated yesterday records in the statistician's office showed a total of eighty robberies and 298 burglaries so far this month, as compared with eighty-five robberies and 310 burglaries for the same period last month.

Reinstatement Denied Officer

The application of former Officer Arthur R. McClanahan, colored, for reinstatement to the police department, from which he was removed following indictment on charges of extortion, was turned down by the Police Commission yesterday.

McClanahan was convicted in the Superior Court, but won an appeal for a new trial, after which the charges were dismissed by the District Attorney's office.

MUCH PUBLICITY GIVEN TO CHEST

Every Channel Being Used by Committee

Billboards and Window Space Donated

Boy Scouts Distribute Many Posters

Every avenue of publicity is being utilized to spread the needs of the Chest this year, and many individuals and business firms, co-operating with the publicity committee, are making possible the most comprehensive publicity program in Community Chest campaign history, the committee's report revealed yesterday.

Three hundred billboards were donated by Foster & Kleiser without any cost to the Community Chest. This display, covering the entire city, was arranged for by E. A. Young, chairman of the outdoor publicity committee.

The Los Angeles Railway and the Pacific Electric Railway are carrying 600 street-car banners without cost to the Community Chest. The Pacific Electric Railways Advertising Corporation also donated 2100 inside street-car advertisements.

RADIO STATIONS AID

Through the efforts of Carl Haverlin, manager of KFI and chairman of the radio committee, Chest campaign announcements are being broadcast by fourteen stations.

Among those who have donated window space are: Barker Brothers, Bullock's, The May Company, B. H. Dyas & Co., Robinson's, Broadway Department Store, J. J. Haggarty & Co., Coulter's, Desmond's, Alexander & Oviatt, Silverwood's, Mullen & Bluett, Harris & Frank, Myer Siegel & Co., Colburn's Fur Shop, Parmelee-Dohrmann, I. Magnin & Co., Eastern Outfitting Company, Birch-Smith Furniture Company, Goodan-Jenkins Furniture Company, Harry Fink Co., Swelldom's, Walker's, Inc., Jacoby Brothers; Bedell's, Los Angeles Furniture Company, W. and J. Sloane Company, Wiley B. Allen Company, Richardson's Music Store, Barnes Music Store, Fowler Brothers, Southern California Edison Company, Southern California Telephone Company, Los Angeles Investment Company, Southern Pacific Railway Ticket Office, Security-First National Bank, Western Auto Supply Company, Los Angeles Chamber of Commerce, Owl Drug Company, American Express Company.

Many large business firms are inserting Chest literature in their paid advertisements and pay envelopes.

POSTERS DISTRIBUTED

Outstanding service to the Chest campaign is being rendered this year by the Boy Scouts of America organization. Approximately 2500 Boy Scouts have just completed the distribution of a series of five Community Chest posters, totaling 7000 posters in all.

Marking a new departure in spreading the message of the Community Chest to the citizens of Los Angeles, a series of five talkies are being released through Fox West Coast booking offices.

Testing Police on Constitution Held Good Idea

The Los Angeles Civil Service Commission yesterday sent a letter of thanks to Attorney William Weinstein, attorney and author of a book on the immigration laws and rights of aliens, for drawing its attention to the need for candidates for policemen being familiar with the provisions of the United States Constitution.

The written test for candidates seeking jobs on the police force was held several weeks ago and, while the commission did not signify it will do so, there is a prospect that it may include questions about the Constitution in the oral test to be given soon.

Weinstein told the commission that he is informed that 95 per cent of the police officers know nothing about the workings and spirit of the Constitution and drew attention to the section against unreasonable searches and seizures without warrants.

Police Approve Boulevard Stop Signs in Valley

Installation of new safeguards in the San Fernando Valley for the regulation of automobile traffic, recommended by Capt. C. A. Hodson, commander of the valley division, who points out that twenty-four persons have been killed and 729 injured in the district since January 1, last, were approved by the Police Commission yesterday and sent to the City Council for action.

Installation of thirty additional boulevard stop signs, six danger signs with red reflectors, twenty-eight slow flasher signals, additional traffic buttons and fifteen-mile zone signs are proposed.

Four traffic signals are urged for installation at Weddington and Lankershim boulevards, Laurel Canyon and Ventura Boulevard, Van Nuys and Ventura Boulevards and Sepulveda and Ventura boulevards.

Mrs. Aldersan's Funeral Today

Funeral services will be conducted for Mrs. Mary E. Aldersan at 10 a.m. today at Pierce Brothers' chapel, 720 West Washington Boulevard. Interment will be in Rosedale Cemetery.

Mrs. Aldersan died at her home, 1213 South Hoover street, Sunday after a long illness. She had been a resident of this city for forty-four years. She was the widow of Joshua H. Aldersan, a pioneer of California, who came west with Gen. Fremont and was a prominent figure in the mining and oil industries of California.

Mrs. Aldersan leaves a daughter, Mrs. Edith A. Lindsay of this city.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

—BY THE SENTRY ON HIS BEAT—

For the worthy purpose of getting out the voters on November 4, representative organizations were enlisted yesterday to help in the work of piling up a record vote in the coming election.

"Vote as you please, but vote!" is the slogan of the Register and Vote League. Homer B. Wright, general chairman of the league, has worked out a program of activity for the remaining days before election, in which virtually every civic, fraternal, and religious group in Southern California has pledged active support.

"The Register and Vote League has only the interest of a heavy vote for its purpose," Chairman Wright explained in his appeal for co-operation from industrial and commercial concerns of the Southland. "Every citizen in Southern California should have a personal reason for seeing this section reap the benefits of a heavy vote on November 4."

Proponents of Proposition No. 9 on the ballot November 4 legalizing the San Francisco Harbor Improvement Act and providing for the issuance of $10,000,000 in bonds for construction work and improvements, point out that the voters of the State should understand that San Francisco Harbor belongs to the State. That is why the people of San Francisco and surrounding communities who use the harbor must depend upon the State credit, not State money for financing it. The harbor of San Francisco is considerably more than self-supporting, the interest and redemption fund being paid out of harbor earnings. The bonds will not cost the taxpayers anything.

The Greater San Pedro Taxpayers' Association is urging civic leaders through the mails to vote against the $13,300,000 power bonds, it was announced yesterday. The association contends the issue is not necessary at this time, and charges that the Power Bureau's statement that $2,000,000 for Boulder Dam power line rights of way is necessary at this time is deceptive.

Indorsement of the bonds by the Central Labor Council and the California Oil and Gas Association also was announced yesterday. The council indorsement was made by its joint executive board. Other organizations indorsing the bonds include the Northeast Figueroa Extension League, Fourteenth District Federated Association, Associated Art Stone Manufacturers, Elysian Civic Association, Foreign Trade Club of Southern California and the Pacific Coast Products League.

A group of prominent citizens of Los Angeles and vicinity have organized themselves into a committee to support the candidacy of Superior Court Judges Hartley Shaw, Edward T. Bishop, William Hazlett and Arthur Keetch. Former Superior Judge John Perry Wood is acting as spokesman for the group.

Proposition No. 21 on the ballot, if adopted, will ultimately and adversely affect Los Angeles county property owners, according to a statement from Marvin L. Arnold, secretary of the California Taxation Improvement Association. The act would reimburse some counties out of the State general fund for losses which they assert have resulted from the withdrawal from local taxation of operative utility property upon which the State collects an exclusive tax," Mr. Arnold said.

Indorsement of the candidacy of Judge William Hazlett for re-election to Office No. 10 of the Superior Court was announced yesterday by Klyde Young, manager of the Hazlett campaign.

Approximately $50,000 out of a general fund of $66,000 donated by oil companies and stockbrokers has been spent by a Los Angeles propaganda concern in support of the daylight-savings proposal, the Citizens' Committee of One Thousand announced.

Reported omission of the name of Judge J. Walter Hanby from the list of Los Angeles County Bar Association's indorsements is not authorized, according to Mrs. Stella E. Bryant, manager of the association's judiciary campaign.

"We are anxious to ease the burden of taxation placed on our neighbor counties," was the statement of President Austin of the Los Angeles Chamber of Commerce in forwarding word of the indorsement of his organization of Proposition No. 21, the country reimbursement plan.

Judge Carlos Hardy's candidacy for re-election to Office No. 2 of the Superior Court has been indorsed by the Los Angeles County Council of the United Veterans of the Republic, Carl B. Sturznacker, manager of the campaign, announced.

Superior Judge Hugh J. Crawford, candidate for re-election to Office No. 8, was a guest at the Downey Breakfast Club Tuesday, and gave a talk on the Superior courts of Los Angeles county.

The foot and mouth disease outbreak in California in 1924 emphasized the urgent need for the constitutional amendment permitting the State to reimburse owners for the mandatory destruction of live stock, as provided in Proposition No. 13, according to statements issued by the California Dairy Council and the California Cattlemen's Association. They point out that California, by reason of its large overseas commerce, always faces the danger of introduction of foreign live-stock diseases.

Planning to make the discussion as much like a public platform meeting as possible, Byron Hanna will discuss the candidacy of four incumbent Superior Court judges over KMTR this evening from 8 until 8:45 o'clock. There will be a musical program as well as the speaking, the affair being in honor of Judges Keetch, Bishop, Hazlett and Shaw.

Auto Collision Victim Expires

William Heatherington, 30 years of age, 7681 Whitsett avenue, died at the Roosevelt Hospital last night from injuries received Sunday in a traffic crash at Cypress street and Manchester avenue, Inglewood. He was riding in a car driven by John Jones, 124 West Sixty-third street, when they collided with a car driven by A. M. Davidson, 3028 Ninth avenue.

Jones was held by the Inglewood police on suspicion of manslaughter.

CABLE CHANGED ON MT. LOWE

Replacement Made in Quick Time Without One Mishap

Replacement of the pulling cable on the Mt. Lowe incline railway was successfully completed yesterday, a statement from the railway's headquarters announced.

Coincident with this cable change officials of the railway pointed out that in thirty-six years of operation not even a slight mishap or injury to a single one of the 3,600,000 passengers who have visited Mt. has ever occurred on any portion of the Mt. Lowe railway.

An engineering feat requiring unusual skill and co-ordination by a crew of twenty engineers and mechanics the new cable was put into service without mishap in nineteen hours. The work was in charge of J. W. Haughton, special engineer, who has supervised every cable change on this incline since 1909.

AIRPLANES TO HERALD STORE SALE

Safeway Company's Fall Premiere to Be Marked by Sun Arcs Tonight

Fifty sun arcs and a fleet of airplanes will inaugurate the Safeway fall premiere tonight under the direction of officials of Safeway Stores to encourage normal buying and herald the return of normal times.

All Safeway stores in Los Angeles and Hollywood will observe the premiere by remaining open until 11 p.m. today. Exceptional values will be offered on an hourly schedule, the company officials announced.

The officials add tonight's premiere will be the most pretentious display attempted by any mercantile institution. The concern employs more than 3000 persons in the Los Angeles district and not only has done its share to carry out President Hoover's plan to counteract business depression but has made important additions to its manufacturing plants.

Candy manufactured in the company's own plants will be served visitors to its stores tonight.

CAR DRIVER JAILED ON DRUNK CHARGES

Asserted in a Sheriff's office report to have been driving his automobile while intoxicated, Fred C. Pearce, 42 years of age, yesterday was held in the County Jail. Pearce was arrested by Deputy Sheriff Till after his car collided with one driven by M. E. Russell of the U.S.S. Maryland on Avalon Boulevard, according to the report.

Coach Warner Brushing Up His Offense

BY ED HUGHES

SAN FRANCISCO, Oct. 21. (Exclusive)—Pop Warner has the Stanford boys behind gates closed so tightly that even the campus correspondents can't get in to see the secret practices. He is gettings the boys ready for the big battle with U.S.C. next Saturday.

HARLOW ROTHERT

Nibs Price is busy behind the big green fence at Berkeley getting the Bears in shape to play Washington at Seattle next Saturday.

Hence, both coaches were too busy today to hurl verbal bombs at each other.

The Stanford team has not played up to expectations so far—and here the boys are up against one of the biggest tests of the year on Saturday. The boys will not be battered up from scrimmage, for Warner is putting in most of the time trying to polish plays by running signals. He hopes some of the plays will work against the Trojans.

In the last three years U.S.C. played Stanford a 13-13 tie and beat them 10 to 0 and 7 to 0, so Stanford is smarting for revenge. Stanford will have to show a lot more than was on display last Saturday to beat that smart, well-drilled Trojan team, and no one knows that better than Pop War-

NEW YORKER IN ONE-ROUND WIN

Eastern Welterweight Ring Star Steals Show

Aguirre Victim of Gotham Fighter's Blows

Morgan Whips McDonald in Wind-up at Olympic

BY PAUL LOWRY

Paulie Walker, New York welterweight, stole the show at the Olympic last night. He knocked out Sammy Aguirre in forty-nine seconds of a scheduled ten-round bout, and exhibited more class than any welter appearing in these parts since Mickey Walker was the champion of the division.

TOD MORGAN

Walker and Aguirre were fighting the semi-wind-up to the Tod Morgan-Hector McDonald bout, but Walker's boxing skill and punching power made it the main event.

The New Yorker has a keen eye, his timing is beautiful, he is fast of foot, and he hits an opponent with the same rhythm Bobby Jones smacks a golf ball.

In addition he is not a one-handed puncher. He hits with either hand.

DECISIVE VICTORY

Fighting as a 137-pounder Tod Morgan, the former junior lightweight king, decisively defeated McDonald over the ten-round route.

A cut over McDonald's left eye was opened in the fourth round, and Morgan suffered the same fate in the sixth round. Both bled copiously.

Morgan appeared stronger at his increased poundage, and won with plent to spare from McDonald.

As the rounds went, Morgan emerged with seven to his credit and two for McDonald with one even.

There were no knockdowns and no sensational moments. Lieut. Jack Kennedy refereed.

ERNST STOPPED

There were three ten-rounders on last night's program, the first of which ended in the third round, Bobby Pacho gaining a technical knockout over Charley Ernst, a newcomer.

Ernst was floored with a series of wallops to the head in the first round, and stayed down for the nine count.

In the third he hit the canvas again for nine, and when he took another wallop on the chin that knocked him silly, Referee Steve Nyland stopped the fight.

In the curtain-raiser, Chalky Wright won by a technical knockout over Marin Cano in the fourth round.

A small house saw the bouts.

Zorrilla and Taylor Draw

SEATTLE (Wash.) Oct. 21. (AP)—Bud Taylor, Terre Haute (Ind.) junior lightweight, and Santiago Zorrilla, flashy Panama boxer, fought to a draw in an eight-round bout here tonight. It was the fourth meeting of the two scrappers and their first draw. Taylor won twice and Zorrilla once in their other three matches.

The Panaman bored in on Taylor all through the fight and landed the majority of the blows but the Terre Haute veteran landed the most telling punches. Taylor had his two big rounds in the fourth and fifth. He connected with several smashing blows to the jaw and head but could not stop his opponent.

MOHLER BOASTS BEST GROUND-GAINING MARK

BY RALPH HUSTON

Orv Mohler is Troy's best ground gainer. Carrying the ball eighty-two times in four games for a total of 587 yards, Jones's only brunette quarterback has averaged slightly better than seven yards per effort.

ORV MOHLER

Mohler, however, has had the advantage of going into the games after the opposition had taken a pretty severe beating with Marsh Duffield at the helm. If Mohler had been starting against fresh teams, he might not have piled up that brilliant record.

Only Washington State's Cougars have been able to hold the sophomore quarterback to less than 100 yards. Playing less than fifteen minutes, Mohler gained only ninety yards against the Cougars. He hung up 176 against the Bruins, 180 against Oregon State and 141 against the Utah Aggies.

SHAVER SHINES

Gaius Shaver has the second best average of just a fraction under six yards per crack. He did not play against U.C.L.A., but in the three other games has run up 231 yards, gaining 150 of that against the Utah Aggies.

Duffield has an average of 4.68 for fifty-six tries while Jim Musick has averaged four and one-half yards in seventy-six plunges at the line.

Blanchard Beatty played only against the U.C.L.A. Bruins and the Utah Aggies, and consequently his average of 10.55 yards isn't a real indication of his ability. He has

(Continued on Page 12, Column 3)

Some Punch and Two Recipes to Stop It

Here are four athletes that are expected to play prominent roles in the Coast League championship play-off series between the Angels and Stars that starts today at Wrigley Field. Dave Barbee and Wes Schulmerich provide a lot of the punch in the rival line-ups while Ed Baecht and Jim Turner are slated to be the opposing pitchers in today's opener. Barbee, Hollywood powerhouse, led the league in home runs with forty-one to his credit. Schulmerich, with an average of .380, was the second best hitter in the circuit and also topped the Angels in the matter of rapping homers. Baecht won twenty-six games and lost twelve for the Cherubs this season, while Turner, a rookie from the Piedmont League at the start of the race, hurled the Sheiks to twenty-one victories while losing nine contests.

HORWEEN'S REMOVAL PREMATURE

Nothing to Be Done About Successor Until End of Current Season

CAMBRIDGE (Mass.) Oct. 21. (AP) Unofficial reports that Arnold Horween would be succeeded by Eddie Casey as coach of the Harvard varsity football team at the end of the current season today were described as "premature" by Director of Athletics William J. Bingham.

ARNOLD HORWEEN

"I am not certain," Bingham said, "whether or not Horween is willing to return next fall and nothing will be done about the matter until after next month's Yale game.

Casey, now Horween's backfield coach, said he has not been offered the position and he did not expect the subject would be broached until the season ended; then only after Horween had declined an invitation to continue as head coach for another year.

When Horween agreed to retain command of Harvard football

Wrigley Field's battle of the $10,000, with the Hollywood Stars and the Los Angeles Angels as the principals, starts this afternoon and to the winner goes the 1930 Pacific Coast League pennant as well as the big cut of the "ten grand."

JACK LELIVELT

Although both clubs are not quite in as good shape as they'd prefer to be, the stage is all set with Ed Baecht and Jim Turner, the two best young right-handers in the circuit, due to oppose each other in a mound battle that ought to go a long way toward determining whether it'll be "Hollywood" or "Los Angeles" embroidered on the gonfalon to be donated by President Harry A. Williams. No matter what the outcome, the flag's ultimate roosting place will be on the flagpole out in the far corner of Wrigley Field.

PILOTS CONFIDENT

Chiefly because the Angels will undoubtedly start the play-off battle with a crippled infield, the gamboleers are making the Sheiks slight favorites. Until last Sunday when the Cherubs wound up the second half by taking both games from the Stars, Hollywood was a 10-to-7 favorite to capture the laurels, but after that the odds dropped down to 10 to 9.

Both the rival managers—Jack Lelivelt and Oscar Vitt—are confident of victory, but each one believes it will be a bitter battle that

Manual Arts Favored to Wallop Lincoln

BY IRVING ECKHOFF

Despite the fact that the Hollywood Redshirts have won their first two league starts and are tied for first place with Manual Arts and Lincoln, Coach Vic Kelley admits that his team is the worst he has had for several years.

However, Hollywood must have something on the ball for both Poly and Jefferson, who have been defeated by the Redshirts, are far from being set-ups. Kelley sends his eleven against Frank Hess's Franklin Panthers this Friday in one of the feature games of the City League third round.

MAY SURPRISE

Franklin lost its first two games dropping a 6-2 decision to Sid Withrow's Belmont Hilltoppers in the league opener and being nosed out by Clark DeGroot's Roosevelt Rough Riders, 13-7, last week. Hess has always had pretty fair success against Hollywood teams, however, turning in victories for the last two years and may surprise the dopesters again this year.

The Panthers have a real backfield ace in Bob Held, who is fast and can run with the ball as well as pass and kick a bit. Held stood out like a sore thumb in the Roosevelt game, making most of the tackles, as well as practically all of the Panther yardage.

Kelley in admitting the poor quality of his Hollywood hopefuls puts the other league mentors, especially Jim Blewett of Manual, on the spot. Kelley says, "We are terrible and if somebody doesn't beat us before the end of the season, I can't say much for the caliber of the football in the circuit."

Hollywood and Manual Atrts tangle on November 7. If the Toilers trip the Lincoln Tigers this Friday and the Redshirts get over the Franklin hurdle in good shape the contest will decide the championship of the league.

TWO STARS

Kelley claims that Bill Merrill, his center, and Dave Zabriskie, star tackle, are two of the best prep pigskin players he has ever handled and believes that both warrant places on the mythical All-City eleven.

Much of Hollywood's success so far is due to the fine work of these two players, Zabriskie opening up the holes for the Redshirt backs to slip through on Kelley's noted reverses and spinners, while Merrill, who plays roving center, is a wow on the defense.

Hollywood's backfield isn't as green as some people would have you believe, practically all of them having played on Doc (Rockne) Pash's lightweight squad before graduating to the varsity.

Kahn, Bradley, Verdugo, Scott, Pacht and Frankie Phillips all saw backfield service against Jefferson last week. Phillips isn't in the best of shape, a bad knee hampering him considerably.

In the other feature game Friday Manual Arts takes on the Lincoln Tigers on the Toilers' field. Both are undefeated in league and practice games alike, with the Toilers boasting the more impressive record. After what Blewett's power-plus eleven did to L.A. High, Fremont and Long Beach, the Toilers are heavy favorites to annex the championship.

Four other games are listed: Jefferson at Poly, Roosevelt at Belmont, Fairfax at Garfield and L.A. High at Fremont. Roosevelt, Fairfax and the Romans are favored to win, respectively, while the Democrat-Roosevelt struggle is a toss-up.

BRUINS WORK FOR TECH

Westwood Gridders Preparing for Rose Bowl Tilt Friday Night With Engineers

While President Robert C. Sproul of the University of California is being inaugurated today, Coach Bill Spaulding and his U.C.L.A. football team will take advantage of the academic holiday to engage in a four-hour workout starting at 1 p.m. in preparation for Friday night's game with the Caltech Engineers in the Pasadena Rose Bowl.

Some changes will be found in Spaulding's line-up this Friday night, as a result of performances in the St. Mary's game last Friday evening in the Coliseum. Capt. Eddie (King) Solomon, quarterback, will probably start the Caltech game, replacing Leonard Bergdahl, sophomore signal caller, and "Fat" Norfleet may be paired with Lloyd McMillan at the tackle positions. The 235-pound behemoth played a good game against the St. Mary's Gaels.

The Bruins' stellar ends, Dick Mulhaupt and Leonard Wellendorf, will probably be on the receiving end of a number of passes Friday night. Mulhaupt is recovering from a gash over his left eye and a "shiner" incurred when he threw "Stud" Stennett of St. Mary's for a 10-yard loss.

Three additions have been made to the Bruin varsity squad. They are No. 20, Jordan Lammerson, guard; No. 24, Howard Stoeffen, an end, and No. 38, Walter Stickel, an end. There are now forty-two members of the Bruin varsity squad on the training table.

Coach "Fox" Stanton and his Caltech Beavers can be counted upon to furnish a strenuous battle in opposition to the Bruins Friday night, although they will be outweighed several pounds. The Pasadena boys furnished an upset Saturday night when they defeated the Pomona Sagehens, 2 to 0, at Claremont, a team which the Bruins defeated, 21 to 0, several weeks ago. Stanton has his usually tricky offensive featuring lateral passes used with considerable deception, and his line is good defensively. The backbone of the line is "Fighting Bob" Shuler, Jr., tackle who tips the beam at 180 pounds, while Capt. Dickey, halfback, 175 pounds, and "Red" Watson, fullback, 188 pounds, are the backfield aces of Caltech.

Next week Bill Spaulding and his Bruins will take on the first of a series of four conference games on successive week-ends, playing the big Cardinal machine from Stanford in the Coliseum on Halloween night. Oregon at Eugene, Oregon State in the Coliseum for a night game, and Idaho in the Coliseum for a day tilt complete the Westwooders' schedule.

KIPPER LANDS INSPECTOR JOB

(Continued from Ninth Page)

local office yesterday, replacing Frank Moran.

The new inspector was associated with Jim Jeffries when the ex-boilermaker was heavyweight champion of the world. He was named by Commissioner James Woods, but the choice is said to be suitable to Dr. Harry Martin, slated to take the place of Woods. The latter's resignation is now in the hands of the Governor.

ENTRIES TO CLOSE FOR NET TOURNEY

Entries will close tonight for the annual Sycamore Grove reunion tennis tournament. The play will start Sunday. Two divisions are carded, the men's doubles and mixed doubles, Ray Custer and David Ordway are in charge of the event.

PASADENA ELEVEN TO MAKE DEBUT HERE

Los Angeles soccer football fans will get their first peek at Claude Brown's hustling Pasadena A.C.C. line-up Sunday when the Crown City boys make their debut at Loyola Field. Pasadena's foe will be the Victoria club. The game is billed for 3 p.m. Danny Stevenson's Scots open the Loyola program against Johnny Bain's Richfield Oilers.

Two of the league's undefeated clubs, the title-holding Hollywood Sheiks and the Vikings, meet at Tournament Park at 3 p.m. The L.A.A.C. Mercuries open the Pasadena program against the Sons of St. George.

ROSENBLOOM, BAIN TO TANGLE TONIGHT

NEW YORK, Oct. 21. (AP)—Maxie Rosenbloom, ring clown, Broadway playboy, and light-heavyweight champion, will step around the corner from his favorite thoroughfare into Madison Square Garden tomorrow night to battle fifteen rounds with an almost unknown title challenger, Abie Bain of Newark, N. J.

Searching through the records, the experts are nick-naming Abie "Where-Have-You-Bain" for the Newark youngster never has appeared in a main bout before in the Garden or in other leading fistic centers.

UNIVERSITY READY

The University High lightweight eleven is out to win its fourth straight victory this Thursday when they take on the Beverly Hills Bees on the Warriors' gridiron. Last week the University babes trampled Van Nuys, 24-0.

BOB KLECKNER BOTHERS LIONS

Lieb Figuring Out Way to Stop Grey Fog Ace

Despite the scoring strength of the team as a whole, only one man in the backfield of the University of San Francisco football team is putting the lines of care in the rugged countenance of Coach Tom Lieb of Loyola University, this week. Lieb's Lion eleven faces the Grey Fog on Wrigley Field Saturday night.

Bob Kleckner, a muscle-bound halfback, to whom sports writers have referred at various times as "big," "bad," "battling" and other "bees," is the gentleman in question.

Kleckner, it was, who two years back, led the Grey Fog to a decisive three-touchdown victory over Loyola when the teams went to the mat, apparently on even terms. Naturally, with two years of experience, the Fog star has not deteriorated. His cut-back plays spelled disaster for Gonzaga University and the West Coast Army already this year. His hard-running ways caused the potent St. Mary's College team a fearsome afternoon. He is apt to be a terror to the Lions.

Hence, Lieb will probably give his charges little pieces of chalk when they first go on the field Saturday night. Thereafter, for the remainder of the evening, Kleckner will be a marked man. The Loyola coach is making no secret of his plans; he is designing an offense that should work against the northerners, and his whole defense is pointed in the direction of Kleckner.

WHITTIER FROSH BEAT CITRUS JAYSEE TEAM

The Whittier College freshmen football squad scored a 13-to-12 victory over the Citrus Junior College eleven yesterday afternoon in a game played on the Poets' gridiron. Citrus staged a fourth-quarter rally that netted two touchdowns, but failure to kick goal cost them a tie or a win.

Holliday, substitute back, scored first for the Poet frosh after Citrus had fumbled and Whittier had recovered on the junior collegians' 10-yard line. Chapin ran 35 yards around end to score in the third quarter.

The line-ups:

Whittier Fresh.		Citrus J. C.
Ball	L.E.R.	Mead
Spaulding	L.T.R.	Egan
Wunder	L.G.R.	Parks
Clay	C.	Finnie
Hawkins	R.G.L.	Shearley
Howard	R.T.L.	Welch
Bradshaw	R.E.L.	Lins
Jobe	Q.	Meier
Chapin	L.H.R.	Doty
Elliott	R.H.L.	Parr
Glover	F.	Nagle

SCORE BY QUARTERS

Frosh	7	0	6	0—13
Citrus	0	0	0	12—12

Touchdowns—Holliday, Chapin, Doty, Parr. Conversion—Holliday.

BENNY MILLER SIGNS FOR OSCAR RANKINS GO

Benny Miller and Oscar Rankins were yesterday signed to box one of the ten-round bouts at the Olympic on the 28th inst. show. It will be Miller's first start as a middleweight. He has gained ten pounds since he fought Sammy Jackson.

Rankins subbed for Joe Peregrina against Bert Colima and was getting the better of the argument when fouled by the Mexican.

GOLF BODY OUT OF LUCK

Former Director Believes Association Is Unable to Collect From Local Tournaments

BY EDWARD LAWRENCE
"Times" Staff Representative

AVALON (Catalina Island) Oct. 21.—It seems that Hal Sharkey, director of the National Professional Golfers' Association tournament bureau until last June, when Bob Harlow took over the reigns, has no confidence in the ability of that organization to collect from California open tournaments.

Mike Shahan, newly appointed professional of the Catalina Island Country Club, who is a personal friend of Sharkey's, recently wrote to Hal and asked him for the low down on the situation. Hal's answer hits the nail square on the head, and reads as follows:

"Mike, I don't think you need to worry over appearance money demands. The executive committee of the P.G.A. of America went on record some months ago as opposed to guarantees, with the possible exception of the United States open, British open or P.G.A. champion. As no pro won either open title this year, there is no outstanding pro for 1930, unless it is Armour.

"Aside from that, it is my personal belief that no field such as those in California would miss any one—or any five, for that matter. It would be different if there was one individual who towered above all other pros as Bobby Jones does over the amateurs. As it is, there are eight or ten pros—Diegel, Horton Smith, MacDonald Smith, Hagen, Armour, Sarazen, Farrell, etc.—who are top-dog at one time or another. Your tournaments out there are run for the publicity you can get out of them. You'll get just as big headlines and just about as much space if a dozen of the stars stay away. Tony Manero and Olin Dutra were the stars of the Catalina tournament last year and the tournament derived just as much publicity—may be more—through Manero's winning than if some established star had won. The element of surprise always makes a better story, as when Shute won the Los Angeles open last year. Every paper I filed to last year carried a banner full width of the page on Manero's winning, and the New York Herald Tribune, moreover, used a three-column cut showing a bird's-eye view of the Catalina course and ball park. You couldn't have hoped for a better spread if Hoover had won the tournament."

Shahan is decidedly set against giving the P.G.A. tournament bureau 10 per cent of the $7500 Catalina open purse in December and feels certain that William Wrigley, Jr., and D. M. Renton, vice-president and general manager of the Santa Catalina Island Company, who have the final say, will not dillydally with the professional demands.

Wrigley, who leaves Chicago Sunday for his island home, is due here in three weeks following a stop-over at the Arizona-Biltmore, one of his properties. This will be the first time in the first time in the three years of the Catalina open that Wrigley will be on hand to see the tournament. He was set against meeting the P.G.A.'s request for 10 per cent of the Catalina purse a year ago, and there is no reason to think that he will change his mind.

Few employers hold the respect and admiration of their employees as Wrigley does. His coming visit is general topic of conversation, and the citizens of Avalon are thinking of presenting a medal to the unknown hero who first mentions McCarthy and the Cubs to Bill.

In the meantime the Catalina course is being groomed for the open in December, which is expected to be the finest yet held. Lack of water has ruined the fairways, but a few rains will bring them up in a few days, as some $10,000 worth of seed was sown on the course.

The greens and tees approaches are in beautiful shape and should be as fine as any in Southern California by the time the tournament rolls around.

Those who recall last year's tournament and the fourteenth hole, where Walter Hagen took a putter and drove the green, will find a change this year. Hagen's feat was made possible by the fact that the slope is downhill all the way from the tee to the green and the fairway was hard and dry. A new fourteenth tee has been built, however, and the pros will have to drive over a barranca which will effectively put a stop to the use of putters on this hole.

There is also some thought of making fifteen the finishing hole and making the present sixteenth, seventeenth and eighteenth holes one, two and three, respectively. Fifteen would be ideal from the point of view of the gallery, as the clubhouse overlooks this hole, and several thousand persons could follow the action from the first tee.

Shahan reports that Catalina has been enjoying midsummer weather for the past two months, and that the course has had unusually heavy play. A series of sweepstakes events and tournaments have attracted excellent turnouts and Catalina golfers are thinking of organizing into a regular country club, as there is none in existance at present, the Catalina club being on regular daily greens fee basis.

L. A. OPEN WON'T PAY RANSOM

As far as the Los Angeles Junior Chamber of Commerce is concerned, the National Professional Golfers' Association will not get its "pound of flesh" from the local $10,000 open golf tournament.

Refusal on the part of the local chamber to pay to the association the 10 per cent of the purse it demands was contained in a letter which Clifford Rawson, secretary of the organization, dispatched yesterday to Bob Harlow, director of the golfers' group.

This decision, which appeared exclusively in The Times last Monday followed closely on that of the Long Beach Junior Chamber, which decided to abandon its $3500 open rather than pay the 10 per cent fee.

The letter follows:

"Mr. Robert E. Harlow,
"Manager Tournament Bureau,
"Professional Golfers' Association of America, First National Bank Building, Chicago, Ill.

"Dear Mr. Harlow: Since receiving your letter notifying us of your appointment as manager of the tournament bureau of the Professional Golfers' Association and telling us of the new plan of operation of the bureau, we have held a meeting of officers of our organization and the Los Angeles open tournament committee, which consists of representatives of the Southern California Golf Association, the Pacific Southwest Professional Golfers' Association and the Junior Chamber of Commerce, at which time your letter was discussed.

"The subject of the 10 per cent fee requested by the tournament bureau has elicited considerable conversation out in the West, particularly among these communities who have pioneered open tournaments here for the past five or six years.

"The establishment of the annual $10,000 open golf tournament six years ago was the forerunner to the schedule of open tournaments in the West which you now see each winter season. This sequence of tournaments needed organization, so our Junior Chamber of Commerce took the initiative, setting itself up as a clearinghouse, and, as you are aware, has developed a systematic arrangement of winter tournaments in this section which last year totaled a purse of $[illegible].500.

"In addition our office has been a continued source of information for names and addresses of tournament golfers and in general all other necessary information and particulars relative to a tournament. Our publicity and advertising alone in behalf of the winter schedule has never cost less than $2000 in any year. We call your attention this year to page advertisements in thirteen national publications.

"The attitude of those staging open golf tournaments in this section has been consistently unselfish and above all free from any mercenary motive. Consequently it is the consensus of opinion that a request for 10 per cent on the part of the bureau for tournaments established here, under the circumstances above outlined, is unnecessary and unfair.

"Communities staging these tournaments do so obviously for publicity reasons. The tournaments are put on with a cash prize, but a lot more money is needed for arrangements and advertising. What has been accomplished by our efforts you must agree has meant much to tournament golfers, particularly the professionals of this country.

"Our committee in charge of the Los Angeles open, to be held at the Wilshire Country Club January 9, 10 and 11, has met and discussed your request and has gone on record as opposed to paying any fee. By putting up our purse and sending invitations to golfers to participate, and by the arrangements we have made with other communities to stage tournaments to make it worth while for golfers to come here during the winter season, we take the position that the bureau has not or can not further contribute anything or assist our tournament. Therefore, a fee of any amount could only be given in the form of a donation to your bureau which we, of course, can not afford to do.

"We believe we have done everything possible to make an enjoyable and profitable winter playing season in the West, particularly in California, for professional golfers. We know that the players appreciate this fact.

"For your information the Professional Golfers' Association of the Pacific Southwest has just notified us of their official action, placing them on record as opposed to the payment of any fees to the tournament bureau.

"It is our desire to co-operate with your bureau in every way but we think you will agree, after seeing our picture as we do, that any attempt to place a tax in behalf of the bureau on such tournaments would only stir up dissatisfaction and jeopardize the golf schedule and prize money now offered.

"Yours very truly,
"Los Angeles Junior Chamber of Commerce.
[Signed]
"CLIFFORD RAWSON,
"Secretary-manager,
"Business manager,
"Los Angeles Open Golf Tournament."

CASEY MAY GET HORWEEN'S JOB

(Continued from Ninth Page)

through the 1930 season he said he could spare but one more year away from his Chicago business interests. It is understood Bingham will make a strong effort to make him reconsider.

Casey, one of the Crimson's greatest backfield stars, first served at Mt. Union College, Alliance, O., about ten years ago and then at Tufts College. Five years ago he returned to Harvard as freshman coach and joined Horween's staff in 1928.

WASHINGTON TEAM WINS

Coach Les Heilman's George Washington High School cross-country team defeated both the harrier aggregations of Polytechnic and Fremont high schools yesterday afternoon on the Generals' course. Glen Hotchkiss of Washington was the first man to finish in the fast time of 6m. 12s. flat.

THE COAST'S BEST BACK

THE proximity of the annual Stanford-Southern California gridiron battle brings up the old question of the best back ever produced on the Pacific Coast.

Some stick to Ernie Nevers of Stanford. Others nominate George Wilson of Washington. Still others swear by Morley Drury of Southern California.

Each was an all-American of the first water. All three were great line pulverizers. Nevers could punch the line a little harder, but Wilson and Drury offset this with their shiftiness in an open field.

Each of the trio was a good passer, a good kicker, a good ball packer—triple threat men than whom there have been no better.

They would stack up against the best three produced in any other section of the country—and how!

For my part I like Drury best of the three. Not because of his remarkable ball-advancing ability. That has been told and retold.

It was his smart defensive talent that sticks in my craw.

* * *

FIVE INTERCEPTIONS

AND in that connection the famous 13-13 tie between Stanford and Southern California at Palo Alto in 1927 brings up the point in question.

Drury scored one touchdown that day and made 160 yards from scrimmage—over half of his team's total.

But the factor that counted most was his diagnosis of the Stanford formations and the smearing with a capital S of the Cards' passing attack.

He intercepted no less than five Stanford passes that were ticketed for touchdowns.

And if you don't think the Stanford aerial attack was working that particular afternoon just recall Stanford scored both her touchdowns by passes.

But when Drury was not in the game.

Stanford made her first score the latter part of the second period when Drury had been removed for Saunders. From the Cards own 10-yard line Pop Warner's boys scored in two plays, one a reverse, the other a pass that sailed over Saunders, who had replaced Drury, and nestled in Frankie Wilton's arms.

WHAT A BACK!
DRURY

Wilton ran 40 yards all by himself for the score.

The last Stanford tally arrived thirty seconds before the end of the game—again after Drury had been removed.

A long pass, some bull-like bucking by Fleishhacker—and then a short left-handed pass from Fleishhacker to Louis Vincenti for the tying score.

But those five intercepted passes by Drury. They stand out like monuments. Drury timed them as well as Hoffman fired them.

Small wonder that Howard Jones names Drury as the best back he ever coached anywhere—Syracuse, Yale, Iowa, Southern California.

Drury the great they called him. Drury the great he was.

* * *

THE TROJAN SENIORS

MR. RALPH HUSTON, the red-headed statistician, comes up for air with interesting dope on the current Trojan squad.

Eight seniors—four of them regulars—have never been beaten by Stanford.

The regulars are Duffield, quarterback; Apsit, halfback; Wilcox, end, and Shaw, guard.

The subs are Ev Brown, fullback; Gene Clark, tackle; George Decker, end, and Vaughn Deranian, guard.

As freshmen they won from the Cards, 20 to 12. As sophomores they enjoyed the fruits of a 10-0 victory, and last year they saw a 7-to-0 triumph over the Cardinal foe.

What will they see in their last game against Stanford next Saturday?

GEORGE LACKS TRAINERS

Mat Challenger Unable to Locate Partners Who Have Hooked Up With Sonnenberg

Don George, Hollywood wrestling star, who will meet Champion Gus Sonnenberg, world's mat king, for the first time when they clash in a finish title match at the Olympic next Wednesday night, will have to prepare for this battle without the services of any grappler who has met the mat kind in the past.

George, who was unable to get Bob "Bibber" McCoy as one of his training partners for this bout because the tackle exponent had to leave for the east for several scheduled matches, yesterday tried to obtain Everett Marshall in his stead.

As Marshall is the last topnotcher to have met Sonnenberg, George believed the airplane spin exponent could be of great assistance to him in helping him work out defenses against the mat king's new assortment of punishing holds.

Marshall, however, turned down the offer. He also wired Promoter Lou Daro that he would be willing to return to the Coast at any time to meet George in a finish match here. These two grapplers are recognized as the outstanding young stars developed on the Pacific Coast this year, and George, according to many of the experts and mat instructors of this section, is the more finished, more scientific and more aggressive wrestler of the two.

TROJANS HAVE FINE RECORD

(Continued from Ninth Page)

he is still very much up in the air in regard to his starting line-up. It's Hall vs. Plaehn at one tackle berth and Ernie Smith vs. Tay Brown at the other. Shaw is being given a terrific fight for his guard spot by Rupert Black.

In the backfield Duffield is pitted against Mohler, and Gaius Shaver and Jim Musick are battling it out for fullback. Even Erny Pinckert is not so sure of his job now that Harold Hammack has recovered from injuries. Hammack, when right, would not have any trouble playing better ball than Pinckert did against Washington State. But nobody experts Erny to play another game like that right away.

Hall weighs 215 and is a junior. He played a whale of a game against Stanford last year. Plaehn is a sophomore and weighs 203.

Smith and Brown—where have I heard that before—are sophomores. The former is down at 215, but shapes up as a 220-pounder, while Brown weighs 197. He is the youngest regular on the squad, not having reached his nineteenth birthday as yet.

Shaw is a senior and weighs 210. Black is in his first year as a varsity performer and joggles the Fairbanks at 197.

This is Duffield's last year. Marsh weighs 175 this season and is, perhaps, the smartest boy on the team. He will try for a Rhodes scholarship after graduation from Southern California. Duffield is only 20 years of age. Mohler is a sophomore, weighs 169, and is 21.

Musick and Shaver are juniors. Jim weighs in at 197 and looks heavier. Shaver weighs 188 and is fast at that figure.

Pinckert is also a junior and scales at 195. He is 22 and married. Hammack is in his second varsity season, weighs 180, and is 21.

The Trojan team will leave Los Angeles on a Southern Pacific special train tomorrow night at 7:45 p.m. and reach San Jose, where they will detrain at 7:40 a.m. Friday. The squad will be quartered at the Castlewood Country Club.

Sleeping cars destined to house the roaring herds of Troy on their seasonal rush to Palo Alto already number 180 Pullman cars, all of which will be loaded to capacity when they leave here Friday night.

CARDS BRUSH UP ON OFFENSE

(Continued from Ninth Page)

ner. Hence the intensive drill this week.

It is interesting to note how Stanford looks to those close to the U.S.C. team this year. Down south they think Stanford has been playing under wraps and they expect the Cards to show a lot more Saturday than they have shown so far this year.

The Trojans think Stanford has a more powerful line and better reserves than last year, and the Trojans could score on Stanford only by a forward pass last year.

The backfield is supposed to be not as good as last year on defense, particularly if Simkins, Hillman and Rothert are in the game at the same time. These three are big men and are not active enough to defend against a good passing attack, according to the dope from the south. They don't think Hillman is as good backing up the line as Smalling was last year.

Stanford has tremendous power with Rothert, Caglieri, Hillman and Simkins, and the Trojans have a right to expect that some time during the game this power will be turned on full force for a touchdown.

Moffatt and Rothert have been doing some fine punting all season, but if Kirkwood or Shaver is given a chance to kick from punt formation, the Trojans will not be outdistanced much in kicking.

Duffield did some fine quick kicking against Stanford last year. That was one of his big days. He did not do as well against California a week later.

A great throng will see this battle of the giants next Saturday. The game will be a sell-out, which means a crowd of 88,000. If the Stanford boys get in and play as Old Pop thinks they can play when thoroughly aroused, it will be a battle worth watching for the Trojans are plenty good this year, as usual, and they are all set to make it three in a row over Stanford.

TROJAN HORSE SKITTISH

BY DON THOMPSON
KPO Sports Announcer
(Broadcaster of next Saturday's game.)

The Trojan War Horse seems to be just a bit skittish where "Cards" are concerned. It fears the "cards" may be well played for the first time this year next Saturday.

All one hears on the U.S.C. campus, amongst laity and football players alike, is, "How does Stanford look?" Gloom prevails over the Oregon State game; Messrs. Pinckert, Apsit, Duffield, Mohler, et al, look for the boys from the farm to pick next Saturday for their debut as a real football machine.

Much the same attitude toward the Trojan was evidenced at Stanford Monday afternoon. Each team took last Saturday's contest with one eye pointed a week ahead. Stanford almost took both eyes off its fracas with Oregon State; but that's another story.

There seems little argument over the fact that Stanford has yet to come up to anywhere near its capabilities. On the other hand, U.S.C. has been playing consistent ball, improving some each game. The Washington State contest had to be taken in stride, and no one can condemn the Trojans for losing at Pullman. As a result of this "bringing along" process, Howard Jones has developed several new players whose names haven't penetrated to the Bay region, but who may be heard from Saturday. Blanchard Beatty belongs to one of those names. He's a quarterback, and if you can believe half the things said about him, he does everything well.

Jones has a comparatively green line. By that is meant that he is using the line that served as understudy to last year's forward wall. Williamson at center, Baker and Shaw, guards; Hall, Smith, Brown, tackles; Wilcox and Arbelbide, ends. There's the forward wall roll call. Stanford, with its Bogue, Taylor, Heiser, Dawson, Tandy, Neill and Doub, seems a little better equipped as to individuals. But—

That Stanford line has functioned doggedly, but that's all. The play has seemed to lack interest. And interest is one thing that Howard Jones does not lack. U.S.C. wants to win this, its real "big game." Every man on the squad wants to be in at the death of Stanford. There's a detached, preoccupied air about Jones these days. He has different players in his office, for special conferences. Yesterday afternoon, four different men were viciously practicing place-kicking. There's a tenseness in the air down here, and not a sign of that cockiness that was so manifest a year ago.

Speaking of the place-kicking. It's obvious that Jones is expecting a tough, close game, and he's not going to lose it by one point if it can be prevented. Incidentally, the Trojans have converted two-thirds of their touchdowns this year; a better record than Stanford's.

What little "I betcha" speeches that are heard seem to be even money. U.S.C. wants to win, is doing everything possible to win, and is in the right frame of mind to go at the game in earnest.

Twins Battle on Hollywood Ring Program

Fighting twins will be a feature of the Hollywood American Legion Stadium Friday night. The Burns brothers, Billy and George, are on the card in the four-round bouts. Billy Burns will meet Rito Martinez in the curtain-raiser and George Burns fights Ignatio Manana in the second spot.

Al Fay should beat Royal Elliott in the main event. Fay is managed by Jack Kearns. The three big shots of the Kearns stable are Mickey Walker, Jackie Fields and Al Fay. Of the three Fay has yet to click with the fight fans. He is making a drive on this Coast with the hopes of getting the experience and prestige it will take to land him in the big money. Les Kennedy was the first victim. Dutch Elliott may be next.

The semi-wind-up fighters are rare boys to be found in a spot like that. Jimmy Hannah and Tom Patrick, light-heavyweights, would be main-eventers at many a fight club. Hannah looks like the better fighter. Patrick may have one of his good nights and upset the dope. Johnny De Coursey is favored to beat Frankie Forbes in the special after a wild fight.

NABONNE LIGHTS WIN

The Narbonne High School lightweight football eleven defeated the midgets from George Washington High School yesterday afternoon at Narbonne. The final score was 12 to 6, Narbonne tallying twice in the first quarter and the cherry tree boys scoring once in the final period, when Ferguson carried the ball over.

Firemen Seek Grid Dates on Big-Time Bills

"The big universities along the Coast are beginning to sit up and take notice of our fire-department football players," Bill Blewett, coach of the Smoke Eaters, declared yesterday. He pointed out that the firemen are sure to have a place on the schedule of several of the "big shots" along the slope next season because of their showing this year on the gridiron.

Blewett pointed out that the firemen played the Olympic Club to a 16-to-6 decision, getting none of the breaks and then the Winged-O team dumped California's Golden Bears.

The firemen romped to an easy victory last Monday night by a 58-to-0 score over the Santa Barbara American Legion team. Next Monday they tangle with Oneonta Military Academy. On November 2 the firemen meet the Submarine Base team at San Diego. On Armistice Day they play Arizona State at Wrigley Field.

WILMINGTON STAGES REVIVAL RING CARD

In an effort to revive boxing interest in the harbor district Matchmaker Glascock will tonight offer a thirty-eight-round program at the Wilmington Bowl. Joe Cardoza, hard-hitting Culver City welterweight, will collide with Larry Murphy, veteran San Francisco ringster in the ten-round main event. Zenaydo Chavez, popular Mexican welterweight, tackles Red Grigry, promising Long Beach youngster, in the six-round semi-wind-up. Other bouts carded are Johnny Gonzales vs. Frankie Mann, featherweights, six rounds; Thor Olsen vs. George Lopez, bantamweights, six rounds; Nate Liftin vs. Cliff Campbell, bantamweights, six rounds; Lucky Baldwin vs. Tony Potter, featherweights, four rounds.

DEEP-SEA FISHING ON UPWARD GRADE

HERMOSA BEACH, Oct. 21.—Ocean fishing has been improving for the last two weeks, according to Capt. J. M. Anderson, skipper of the big Olympic fishing barge, anchored two miles offshore here. Large catches of bonita, perch and mackerel are being pulled in daily as well as some record hauls of smelt. The smelt are of extraordinary size, some weighing as much as two and one-half pounds. All-night fishing is still popular, although the hourly all-night launch service on Saturdays has been discontinued. Anglers can make the trip to the Olympic on the last boat at 5 and then come back on the 6 o'clock boat in the morning.

GILLETTE
U.S.A.
WORLD OVER
MADE IN THE U.S.A.
T.M. REG. U.S. PAT. OFF.

Quick Facts
1 New-type Gillette Razor given with your choice of shaving soaps below for 35 cents.
2 Your choice of Palmolive Shaving Cream, Colgate's Rapid Shave Cream or Colgate's Handy Grip Shaving Stick—regular 35-cent size tube or stick.
3 Offer made to win new friends to world's biggest selling shaving soaps.
4 Get yours today at your dealer's. 35c—pay no more.

The New Gillette...The greatest razor improvement in 28 years

GIVEN TO YOU with the purchase of any of these for 35c

WE make this sensational offer for the sole purpose of winning new friends to the world's largest selling shaving soaps: Palmolive Shaving Cream, Colgate's Rapid Shave Cream, Colgate's Handy Grip Shaving Stick.

We want men who are using other shaving soaps to try these. We know from experience the great majority who do will become regular customers.

Go today to your dealer's. He is authorized to give you, with our compliments, a new-type 24-karat gold-plated Gillette Razor with new blade, with your choice of one of these three famous soaps at the regular price—35 cents. Pay no more.

But act immediately, we urge. Your dealer's stock is limited. He is supplied now. Get yours before it is too late. Remember—you buy the soap at the regular price. The new-type Gillette is our gift to you. Act at once!

PALMOLIVE Shaving Cream
Large Size COLGATE'S RAPID SHAVE CREAM
HANDY GRIP SHAVING STICK

Palmolive Shaving Cream
World's largest seller in its field. Embodies 5 great advantages. Built on the olive oil principle to soothe sensitive skins. Softens the beard in 1 minute. Stays creamy for 10 minutes on the face.

Colgate's Rapid Shave Cream
Small bubble lather gives a fast, long-lasting shave. For men whose beards are thick. Small bubbles support the hair so razor cuts closer than with ordinary soap. Fine and bland.

Colgate's Shaving Stick
The finest shaving soap for men who like a stick. A great favorite. Kind to tender faces. Quick softening and lasting. Special famous handy grip.

Sheely Tops Coast Loop Hitters

SCHULMERICH IS RUNNER-UP

Seal First-Sacker Has .403 Average for Season

Seraph Flychaser Finishes Year With .380 Mark

Severeid and Bassler Wind Up Among First Five

Earl Sheely has earned the batting championship of the Pacific Coast League for 1930. His average of .403 has been surpassed by only two players in the twenty-eight seasons of Coast League ball. He is the fifth player to compile a .400 batting average for a complete season. Sheely was the leading manufacturer of safe hits with a total of 289 to his credit, twenty-nine of which were home runs.

Wes Schulmerich, holding second place in the batting averages for ten successive weeks, finished the season with the splendid mark of .380. Ernest Lombardi followed to take third place honors with .370. Hank Severeid finished in fourth place with .367. "Buzz" Arlett and Johnny Bassler finished in a tie for fifth place with .365. An odd feature of the statistics is the fact that three catchers are listed among the first five batters.

The sensational batting of Arnold Statz marked one of the highlights of the closing weeks of the season. He brought his average up to .360, finishing in eighth place.

Dave Barbee won the home-run hitting honors with forty-one to his credit, a goodly number, but fourteen shy of the total registered by Ike Boone in 1929.

Jess Hill, former University of Southern California baseball, track and football star, made an auspicious debut in professional baseball, with the Stars. Playing in 118 games, Hill cracked out a .356 average. He hit eighteen home runs, being headed, on his club, only by those noted four-ply stars, Mickey Heath and Dave Barbee, and stole ten bases.

Hill also tied Arnold Statz of the Angels, for the greatest number of triples, each hitting twelve, and also cracked out thirty-three doubles. On his first trip to the plate, in the first professional game he ever played, Hill hit the first ball pitched for a home run.

Fred Haney pilfered fifty-two bases and would have copped several more had not injury overtaken him. Arnold Statz was second in stolen bases with thirty-seven. Dutch Holland was credited with seventy-one two-base hits.

In team batting, San Francisco was first with a mark of .320. Six teams batted .300 or better. Hollywood's run-scoring total of 1308, is the highest for a Coast League club in five years.

Los Angeles, with 183 pilfered sacks, carried off the base-stealing honors for the second successive season. Hollywood topped all clubs in home runs with 182.

Following are the unofficial figures for the complete season:

PACIFIC COAST LEAGUE BATTING AVERAGES

(For complete 1930 season)

CLUB BATTING

PIRATES, OILERS TO MIX ON ICE TOMORROW

Brother vs. Brother tomorrow night at the Winter Garden Ice Palace, when Al Clamen's Union Oil Pirates meet Doc Claman's Shell Oilers in the fourth game of the Southern California Hockey League. A win for the Shell Oilers tomorrow evening throws all four clubs in a tie for first place. The standings:

Teams	W.	L.	Pts.
Union Oil Pirates	1	0	2
Gilmore Lions	1	1	2
Sunfreze Bears	1	1	2
Shell Oil Pirates	0	1	0

The SPORT LIGHT by Grantland Rice

(Copyright, 1930, by North American Newspaper Alliance)

Deceptive Scores

THOSE judging the full run of the football season by scores to date are bound to receive a number of sudden shocks later on. What may happen in October often has little to do with what may happen in November.

Last fall Yale beat Dartmouth. Dartmouth whipped Harvard, 34 to 7. That was one-sided enough for anyone's fancy. Then Harvard beat Yale in her final game. This is only one sample of what may happen at any time.

Some teams start slowly and gain momentum. Others start too rapidly, reach the peak too quickly and fall away after the manner of the autumn leaf meeting its first raw wind. Teams lose certain stars through injuries in the earlier games and regain them later on.

As for Crowds

There are four games Saturday that will draw something like 300,000 spectators into the open air, sunny or rain-swept. They are Yale-Army, Stanford-Southern California, Fordham-N.Y.U. and Harvard-Dartmouth. If there was room enough to park the populace the attendance at these four games would run well over 500,000.

Applications for tickets to the Yale-Army game were filled weeks ago. Fordham and N.Y.U. look for something close to a sell-out in New York. Harvard's capacity for 60,000 has been overbid. But out on the Coast the meeting between Stanford and U.S.C. would fill two big bowls. Pop Warner hasn't beaten Howard Jones in three years and it has been a long, long time since any rival carried Pop that long through the bleak trails of the barren lands.

Stanford has enough raw power in Rothert and Hillman to crush in the side of a battle ship and plenty of speed with Moffat, Clark and Caglieri, but Howard Jones has had a way of cracking up these wing-back plays before and he may do it again. U.S.C. has a corking pair of backs in Duffield and Mohler and Musick is no slender sapling in a gale.

Notre Dame and Pittsburgh will play to another 60,000 capacity in another great game. It took a strong team to beat Syracuse—a team of high ranking caliber—and Notre Dame is always good for capacity wherever the South Bend Simoon blows. Illinois and Michigan will entertain 60,000 or more, so you can see where a large portion of the United States will be next Saturday afternoon between the hours of 2 and 4.

The Real War

The real war along the Coast just now is among the coaches. Pop Warner, Price and Howard Jones have been in a hotter battle than their teams may be able to play. Accusations of one sort and another have been popping back and forth, which in the long run is going to help football as much as prussic acid helps indigestion.

FILM CITY MONARCHS MEET MAPLE LEAFS

Buster Smith, high-goal scorer in the league last year and now manager of the Hollywood Monarchs, will lead his team on the ice tomorrow night at the Palais De Glace when they tackle the Los Angeles Bruins in the third contest of the Southern California senior circuit. Smith injured his hand in the battle with the Maple Leafs last Thursday and it had been feared that he would be out of the game for several weeks. However, the injury proved less serious than suspected.

The three Proulx brothers—Noel, Gene and Hector—who starred on the Van Fleet-Durkee forward line last year, are now cavorting for the Bruins.

HOLLYWOOD RIDERS TO INVADE ARIZONA

Picked players from the Hollywood Polo and Hunt Club will journey to Tucson today, where the Film City team will stage its intersectional turf battle with the University of Arizona Friday and Saturday.

The Wildcats are rated as possessing one of the strongest fours in intercollegiate ranks. The Hollywood team will arrive in the Arizona city tomorrow and will take a short workout on the field immediately upon debarking from the train. Winslow B. Felix at No. 1, Bill Ray at No. 2, Buddy DuBrock at No. 3, and Johnny Brandeis at back will form the line-up that will oppose the university quartet.

BRUIN FRESHMEN PLAY SUBMEN AT SAN DIEGO

Coach Freddy Oster's U.C.L.A. freshman eleven will engage in its last hard practice this afternoon before traveling to San Diego for a game with the San Diego Submarine Base eleven Saturday afternoon on the service field. The Bruin yearlings are rousing themselves after losing last Saturday to Stanford's freshmen because of not knowing signals and general ragged play, and are pointing for the Armistice Day game with the University of Southern California freshman squad on the Westwood gridiron. Two years ago a U.C.L.A. freshman eleven defeated the Submarine eleven, 13 to 6, in the mud at San Diego.

RED UHLAN STOPPED BY HERMAN RATZLAFF

PORTLAND (Or.) Oct. 21. (AP)—Herman Ratzlaff, Minot, N. D., scored a technical knockout over Red Uhlan, Oakland, Cal., in the fourth round of their ten-round main-event fight here tonight. Ratzlaff led all the way. He dropped Uhlan for a count of four in the third round and knocked him down twice in the fourth round before the referee stopped the fight.

Brunmier and Quinn Enter Ascot Event

The pair of drivers who established new records at San Jose last Sunday, Francis Quinn and Arvel Brunmier, yesterday affixed their signatures to entry blanks for next Sunday afternoon's opening auto racing program of the winter season at the Legion Ascot Speedway.

Quinn, who traveled the 100 laps at the northern five-eighths-of-a-mile track in 47m. 20s., was yesterday pondering over the question which of his two cars he should drive at Ascot. In winning at San Jose he used for the first time in several months his 183-cubic-inch Marine Miller, a car which has been undergoing repairs for some time. However, on many previous occasions this machine has proved harder to handle on the curves of the local course than the No. 3 Gabhart Special, and there is a strong possibility of Francis deciding in favor of the latter mount.

Fans are now hailing Arvel Brunmier as the prevailing sensation of southwestern tracks. The proof of the Whittier Frenchman's ability, it is claimed, was the fact that in setting a new mark of 25.7s. for a lap at San Jose he demonstrated that he can manipulate a mount as well on other ovals as he can on his home course on Alhambra Boulevard.

Brunmier, who is a youngster and has had comparatively less experience than most of the other pilots in this section, has broken a half-dozen records during the past several weeks at Ascot. The No. 48 he drives is a Miller-motored creation.

MOHLER BOASTS BEST AVERAGE

(Continued from Ninth Page)

hung up ninety-five yards in nine plays. Little Al Maloney broke into three games, and in seventeen chances has hung up an average of 4.53.

Accurate figures for this year's Stanford squad are available for only the Oregon State and Minnesota games. Harlow Rothert has been the workhorse, packing the ball thirty-two times for a total of 119 yards, and an average of 3.72. Guido Caglieri, who played against the Beavers, but not against the Gophers, and Rudy Rintala, who did the same, both averaged 4.3 yards in that one game.

The Cards have been forced to resort to passes for most of their touchdowns in recent games, and a survey of their aerial attempts against Minnesota and Oregon State is interesting.

Rothert and Moffatt have done most of the tossing, and incidentally, most of the receiving. The Cards tried twenty passes against Minnesota, completed six for a net gain of seventy-four yards, had two intercepted, and twelve were incomplete.

Against Oregon State they tossed sixteen passes, completed four for a net gain of forty yards, had one intercepted, and eleven incompleted. In the two games, eight out of thirty-six attempts were successful for a net gain of 112 yards, or an average of 3.11 yards gain per pass.

Here are the figures on how the leading Trojan backs have performed this season, for a grand average of 5.6 yards per play:

ORV MOHLER, Q.B.

	Y.G.	C.B.	Avg.
U.C.L.A.	176	19	8.7
Oregon State	180	25	7.2
Washington State	90	21	4.2
Utah Aggies	141	17	8.3
Total	587	82	7.15

GAIUS SHAVER, F.B.

	Y.G.	C.B.	Avg.
U.C.L.A.			
Oregon State	62	15	4.1
Washington State	19	6	3.1
Utah Aggies	150	18	8.3
Total	231	39	5.92

MARSHALL DUFFIELD, Q.B.

	Y.G.	C.B.	Avg.
U.C.L.A.	85	14	6.1
Oregon State	71	16	4.5
Washington State	70	18	4.0
Utah Aggies	36	8	4.5
Total	262	56	4.68

AL MALONEY, Q.B.

	Y.G.	C.B.	Avg.
U.C.L.A.	32	6	5.3
Oregon State	5	1	5.0
Washington State	..	..	...
Utah Aggies	40	10	4.0
Total	77	17	4.53

JIM MUSICK, F.B.

	Y.G.	C.B.	Avg.
U.C.L.A.	87	18	3.9
Oregon State	94	20	4.7
Washington State	67	20	3.3
Utah Aggies	94	18	5.3
Total	342	76	4.50

BLANCHARD BEATTY, Q.B.

	Y.G.	C.B.	Avg.
U.C.L.A.	33	3	11.0
Oregon State	...	..	...
Washington State	...	..	...
Utah Aggies	62	6	10.3
Total	95	9	10.55

Bert Ritchey, F.B., 2 games, 61 yards, 14 plays, 4.36 avg.

Erny Pinckert, H.B., 1 game, 6 yards, 1 play, 6.00 avg.

Marger Apsit, H.B., 1 game, 1 yard, 1 play, 1.00 avg.

Stanford's record in the Oregon State and Minnesota games only:

	G	Y.G.	C.B.	Avg.
Rothert	2	119	32	3.72
Moffatt	2	87	28	3.10
Hillman	2	22	14	1.57
Clark	1	3	12	.25
Caddell	1	18	9	2.0
Rintala	1	43	10	4.30
Simkins	1	2	6	.33
Caglieri	1	48	11	4.3

PASSES

Minnesota—20 passes, 6 completed, 2 intercepted, 12 incomplete.
5 completed gained 77 yards.
1 completed lost 3 yards.
Total gain, 74 yards.
Average gain per pass, 3.7 yards.
Oregon State—16 passes, 4 completed, 1 intercepted, 11 incomplete.
3 completed gained 43 yards.
1 completed lost 3 yards.
Total gain, 40 yards.
Average gain per pass, 2.5 yards.
Total—36 passes, 10 completed, 3 intercepted, 23 incomplete.
8 completed gained 120 yards.
2 completed lost 8 yards.
Total gain, 112 yards.
Average gain per pass, 3.11 yards.

SLATTERY, LEVINSKY SIGN

CHICAGO, Oct. 21. (AP)—King Levinsky, Chicago's rugged, two-fisted light-heavyweight, will get a chance to prove his mettle November 6, by clashing in a ten-round match with Jimmy Slattery of Buffalo. The match, to be fought at catch weights, was closed today as an added attraction at the Chicago Stadium for the Otto Von Porat-Jack Renault battle.

"BABY" STRIBLING WINS

TOPEKA, Oct. 21. (AP)—Outboxing his opponent, Herbert (Baby) Stribling, Macon, Ga., was given a newspaper decision over Joe Trabon, Kansas City welterweight, in a ten-round, no-decision bout here tonight.

VARGAS UNPOPULAR VICTOR

FRESNO, Oct. 21. (AP)—Joe Vargas, local middleweight pride, won an unpopular decision over Indian Joe Rivers of Los Angeles in the main event of the Sun Maid Athletic Club's regular weekly offering of fights.

SHIPPING NEWS AND ACTIVITIES AT LOS ANGELES HARBOR

FREIGHTER LINE ADDITION PENDS

Augmented Westfal-Larsen Service Forecast

Managing Director on Coast for Conferences

Company Already Operating Many Carriers

BY WALDO DRAKE

Expansion of both the express freight services operated by Westfal, Larsen & Co. from the Pacific Coast is expected to follow the visit here next week of George Von Epercom, managing director of the Westfal-Larsen interests and one of Norway's leading shipping authorities. Mr. Von Epercom is due in San Francisco next Friday and after a conference there with Capt. E. Petersen, Pacific Coast manager for Westfal-Larsen, he will come to Los Angeles.

Westfal, Larsen & Co.'s twenty-eight-ship fleet of Norwegian freighters and tankers is operated almost entirely from Los Angeles Harbor. Its oldest service is that operated from California ports to the South American east coast, for which General Steamship Corporation is operating agent. Last month it established monthly service from the Pacific Coast to North Europe, of which the Interocean Steamship Corporation will be managing agent. New motorships, of fourteen-knot sea speed, and with refrigeration and limited passenger facilities, are operated in both services. In addition, Westfal-Larsen operates six motor tankers in charter service from Los Angeles Harbor to all parts of the world.

While in Los Angeles, Mr. Von Epercom is scheduled to confer with both Capt. Harry H. Birkholm, district manager of the General Steamship Corporation, and Edward N. Tormey, district manager for the Interocean Steamship Corporation.

BLUE STAR CRAFT SHUNS BRAZIL PORT

Revolutionary events in Brazil caused the diversion of Blue Star's steamer Napier Star from the U. K.-East Coast of South America service, and the big reefer came in here yesterday, en route to the Pacific Northwest for a complete cargo of apples. She is one of the largest fully refrigerated ships afloat, with 590,000 cubic feet of cooled space for perishables.

Capt. J. B. Hall reported four days of rain and wind off the Tehuantepec, en route up coast.

Many other reefers have been added as extra ships during the seasonal movement of fruit from this coast. The Trojan Star of the same line will precede the Napier Star by a week, southbound, and the Cortena and Corrientes will make their appearances on this coast near the end of the year for Donaldson Line.

Five thousand tons of granite from Riverside quarries have been placed by San Francisco Bridge Company along the east side of the sea wall on Reservation Point, and as much more will be received in approaching weeks. Equal amounts of rock will be recovered from outside the point, where a freak sea undermined the wall several months ago. The job, being done for the Federal government, will be completed within two months. The Federal government is also expected to start a $75,000 job repairing the Long Beach breakwater by December.

Delfin Capeda of Mexico City is expected at San Pedro today following reports he has been authorized to issue bait and anchorage permits to tuna fishermen operating along the Mexican west coast.

All sea travel by football fans coastwise will be shattered this week-end, when the Lassco liner Yale and the Admiral liners H. F. Alexander and Ruth Alexander carry 1400 rooters to San Francisco for the Stanford-U.S.C. game at Palo Alto. The Yale will carry 400 to 500, the H. F. Alexander 600 and the Ruth Alexander 300. The Yale will bring its crowd back Sunday night, followed by the Ruth Alexander. The H. F. Alexander will continue north, however, and her passengers will return on the Dorothy Alexander and the Admiral Peoples. The H. F. Alexander will make her last regular run of the season out of here for Seattle the 31st inst., but will bring San Francisco excursionists here November 8 for the California-U.S.C. game, returning to the Bay City the next day to tie up for the winter.

Panama Mail Line's intercoastal steamer Venezuela will be brought in from New York and Central American ports tomorrow morning by Capt. Walter N. Prengle, with eighty passengers and 3000 tons of freight. Passengers for Los Angeles include W. Appleby, New York novelist, with Mrs. Appleby; Dr. May Meyers of New York and Miss Dorothy Klinger, on a leisurely tour of the world.

Joseph B. Banning, Jr., local manager of the Matson Navigation Company, will return to his desk this morning after a two months' vacation in Hawaii with his family.

The motorship West Honaker, of the South African Dispatch Line, will come in from the north this morning to complete loading for Capetown and East African ports. Sailing tomorrow, she will bunker here and load consignments of cased gasoline for Port Elizabeth and machinery for Capetown.

Christiane Yves, French motion-picture actress who has been working at the Metro-Goldwyn-Mayer studios, will sail for Le Havre this evening aboard the French liner Winnipeg. Other passengers embarking here include Mrs. Emily Grannis and her two children, and Mrs. Jean B. Bonfre, Paris capitalist.

DAILY CATALINA SERVICE
(Except Sunday)
Leave Berth 185, Wilmington district, 10 a.m. and 4 p.m.
Arrive Berth 185, 10:15 a.m. and 6:15 p.m.
SUNDAY
Leave Berth 185, 10 a.m. and 4 p.m.
Arrive Berth 185, 10:10 a.m. and 6:15 p.m.

TRANS-PACIFIC MAIL

Following schedule of sailing is provided by the Los Angeles Postoffice:

Oct. 23, from Los Angeles. Mail for Argentina, Paraguay and Uruguay and specially addressed correspondence for Mexico and Central and South America.

Oct. 23, from San Francisco. Mail for China, Japan, Korea, Siberia, Hongkong, Siam, Canton, Straits Settlements, French Indo-China, Dutch East Indies, Hawaii and Philippines.

Oct. 24, from Los Angeles. Specially addressed correspondence for Mexico and Central and South America.

BUSINESS FAITH RENEWAL URGED

Downtown Association Gets Advice at Gathering

Confidence Held to Be Need in Trade's Revitalizing

"Buy More, Hire More" to Be Campaign Slogan

Business conditions are fundamentally sound and merchants only need confidence and faith in themselves, E. J. Fleming, president of the Downtown Business Men's Association, yesterday told local business men at a dinner meeting at the Alexandria as part of a program sponsored by the association during Business Confidence Week.

"Buy More, Hire More," has been adopted as the campaign slogan during the confidence week, in which all service clubs and civic organizations have combined their forces to bring about the desired result.

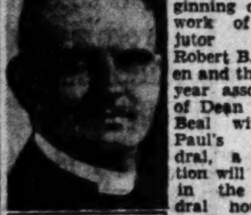
Los Angeles buyers were advised by L. A. Lewin, advertising official, to patronize local manufacturers rather than those from other cities, and thus to inspire business confidence here in Los Angeles. Lewin said that the Board of Supervisors has allocated a fund of $15,000 for the sole purpose of conducting an advertising campaign to boost Los Angeles manufacturers.

Employees of department stores, public utilities, financial institutions and city and county offices should be notified that they are employed for a definite period of time and without wage reduction, the merchants were told in a notice issued by N. P. Alexander, managing director of the Downtown Business Men's Association. When the clerk or laborer feels certain his position is secure he is more ready to buy, the notice read.

General indorsement was given to Proposition No. 9 on the State ballot favoring the passing of harbor bonds for San Francisco when a resolution, proposed by D. Sturges, treasurer of the association, was adopted.

EPISCOPAL CHURCH TO MARK DAY

Triple Anniversary to Be Celebrated Tonight by St. Paul's Cathedral



BISHOP W. BERTRAND STEVENS

Honoring the tenth anniversary of the consecration of Bishop W. Bertrand Stevens as head of the Los Angeles Episcopal diocese, the beginning of the work of Coadjutor Bishop Robert B. Gooden and the four-year association of Dean Harry Beal with St. Paul's Cathedral, a reception will be held in the cathedral house of St. Paul's tonight at 6 p.m., preceding a dinner and program given by the Cathedral Service League.

Speakers of the evening will be Bishop Stevens, Coadjutor Bishop Gooden and Dr. Clinton Wunder, executive manager of the Academy of Motion Pictures Arts and Sciences.

A program arranged through the courtesy of Raymond Paige, musical director of the Don Lee broadcasting station KHJ, will present Mme. Margit Hegedus, violinist of European reputation, accompanied by Will Garroway, pianist, as well as the Hallelujah Quartet, famed for their interpretations of Negro spirituals.

Graves Defends His Record on County Board

Sidney T. Graves, chairman of the County Board of Supervisors and candidate to succeed himself, last night challenged his political enemies to "prove a single charge made against his record as a county official.

"I point with pride to my record as a Supervisor," said Graves. "For three and one-half years I have labored to better the standard of county government and lower operating expenses. I am happy to relate that this year the Board of Supervisors succeeded in bringing about a reduction of 10 per cent in the general tax levy. This is the first tax cut made by the county for several years.

"We are now endeavoring to bring about further reductions and with that idea in mind we have curtailed budget requirements, cutting $6,500,000 from the total for last year. Stringent economy has been introduced into our county government and I challenge any person to show me one example of extravagance by the Board of Supervisors."

YOUNG TEXANS SEEK MOTHER

When Auto Fails They Hitch-Hike Here

William and George Baker

"MOTHER of mine," wrote Kipling a long time ago, and George Baker, 15 years of age, and his brother, Bill, 17, feel that way about it, too.

But yesterday George and Bill were worried. They live in Fort Worth, Tex. Many days ago they'd started from there in search of their mother who, they'd heard, is somewhere in Los Angeles, address unknown.

They'd started in an automobile which carried a limited supply of gas, as is the case, alas, with all automobiles. The gas gave out some place on the way; so did the venerable automobile, and their cash.

They hitch-hiked the rest of the way, and being without cash to go to a hotel wandered about town all Monday night. They were very tired when a University district policeman picked them up and took them to the station.

If their mother doesn't show up George and Bill probably will be shipped back to Fort Worth. Meanwhile they were detained by the police until they hear from Mr. Baker, who is in Fort Worth, and get his advice in the matter.

FILM STAR IN ARIZONA HOSPITAL

Renee Adoree Becomes Pulmonary Patient at Prescott Institution

Suffering from a pulmonary ailment, which she has been fighting for several months, Renee Adoree, film actress, is now in a hospital at Prescott, Ariz., for treatment, according to dispatches last night.

The French actress entered the Arizona health institution on Monday last, and officials of the hospital, where only diseases of the chest are treated, ordered that she have complete quiet and rest. They refused to discuss her condition or allow visitors.

Friends in Hollywood, who confirmed the Arizona reports, said this is the second time the actress has been forced to a hospital for treatment within the past year. Early last March she was forced to delay production on a picture and spend several weeks in a sanatorium at La Crescenta. Her ailment at that time followed a severe cold in her throat and bronchial tubes. She also took a trip to Mexico City in search of relief, but the journey aggravated the trouble.

Marine Band Program For Sunday Issued

Announcement of the program that will be given by the United States Marine Band in the Coliseum next Sunday at 2:15 p.m. was made yesterday by Mrs. Mabel V. Socha, president of the City Board of Park Commissioners. The Park Board is sponsoring the concert, which is to be given under the auspices of the city.

Sunday afternoon's program will begin with the overture "Carneval," Opus 92, by Dvorak, continuing with the morceau characteristic "Pan Americana," composed by Victor Herbert for the Pan-American Exposition at Buffalo; cornet solo, "Hungarian Melodies," Bach; "Second Polonaise," Liszt; grand scenes from "Pagliacci," Leoncavallo; xylophone solo, "Valse Caprice," Wieniawski; rhapsodic dance, "Bamboula," Taylor, and "Reminiscences of Tschaikowsky," by Godfrey. Several other selections will be given as encores.

Winifred Kemp will be heard in the cornet solo and Wilbur D. Kieffer will be the xylophone soloist. Capt. Taylor Branson, who succeeded Capt. William H. Santelmann as leader of the band in 1927, will wield the baton at the Coliseum concert. Arthur S. Whitcomb is second leader of the organization.

DEATH CASE CHARGE CUT FOR HARVEY

Second-Degree Murder Made Manslaughter by Appellate Court

Because intent to kill and malice had not been shown, Division Two, District Court of Appeal, yesterday reduced to manslaughter the second-degree murder charge on which William Ernest Harvey had been convicted in Superior Court for the death of Raymond Gottshal.

Harvey and Gottshal became engaged in a fight in 1927 when the former and Mrs. Harvey were removing furniture from a residence which Mrs. Harvey had purchased and partly furnished prior to her marriage. Gottshal had been a sweetheart of Mrs. Harvey some time before her marriage and was living in the house owned by Mrs. Harvey at the time of the fatal affray.

Evidence was brought out that Harvey had never seen Gottshal before the latter attacked him. In the fight, Gottshal fired four shots at Harvey, but none of them took effect. Gottshal died three days later from the effects of his beating.

Justice Schmidt, pro tem, wrote the decision. Presiding Justice Works and Justice Craig concurred.

Member of Film Crew Injured in Explosion Dies

Cornelius Gieland, electrician, 30 years of age, one of the forty injured in the miscalculated explosion in Dinosaur Canyon seventy miles northwest of Flagstaff, Ariz., during the filming of a scene by Pathe on the 10th inst., died yesterday in Santa Fe Hospital in Los Angeles.

Gieland suffered a fracture of the skull and other wounds. He was brought to Los Angeles and placed in Santa Fe Hospital on the 19th inst. He lived with his brother, Guy F. Gieland, at 1620 South Ninth street, Alhambra.

Collector Files Back-Tax Liens

Three additional income-tax liens were filed yesterday by Collector of Internal Revenue Welch, two against motion-picture people and one against George M. Sunday.

The collector charges that Margaret Philpott, known on the screen as Madge Bellamy, owes the government $3080 additional taxes for 1927; that Ford Sterling owes $202 for 1928, and Sunday $1452 for 1923.

Doctor's Death Cause Assigned

Heart disease yesterday was given as the cause of death of Dr. William B. Bowman, X-ray specialist, who died last Sunday in his apartment at 316 North Rossmore avenue while he slept.

The cause was determined following an autopsy performed at the Coroner's office.

LIBEL CHARGED TO GIRNAU

Criminal Complaint Made Against Pamphleteer Based on "Baby Milk Fund Racket" Accusation

A complaint charging Fred Girnau, editor of a political pamphlet, with criminally libeling Carlin G. Smith, former candidate for Mayor, and Charles Burke, private detective, was filed in Municipal Court yesterday.

The complaint, signed by Smith as complaining witness, charges that an article was published in Girnau's pamphlet on the 18th inst. entitled "Baby Milk Fund Graft Expose," and connecting Smith and Burke with what it termed the "baby milk fund racket."

The article, quoted in full in the complanit, accused Smith and Burke of obtaining thousands of dollars from cans marked "Baby Milk Fund" placed on counters in downtown business houses, and with using only a small part of the amount collected to purchase milk. It also asserted that "beer joint" and speakeasy proprietors told police officers they were required to place 50 cents in the "Milk Fund" cans for each sale of liquor made.

"It is a racket which, as evidence will reveal, has been going on for over a year, and is operating with the full knowledge of Los Angeles' junkman mayor, as well as the police department—in fact uniformed policemen, dominated by Porter's chief of super-snoopers, W. J. Mosier, have lent their aid," the complaint quotes Girnau as publishing.

Girnau recently paid a $500 fine after being convicted by a Municipal Court jury of criminally libeling Dist.-Atty. Fitts during the recent primary campaign.

ARREST SPOILS KIDNAP SCHEME

Plot Inventor Uses Mail and Want-Ads

Planned Abductions on Wholesale Scale

Police Listen-in on Long Phone Conversation

Secret schemes to organize a gigantic kidnaping syndicate along the Pacific Coast with many influential citizens as proposed victims were disclosed last night and the plot nipped in the bud when police arrested George S. Beckwith of 2211 East Seventy-seventh street.

Beckwith, according to the arresting officers, fomented his plan of obtaining members for his intended gang by means of help-wanted advertisements, and was trapped as he talked over the telephone with one of his anticipated aids.

The advertising lure, which the 50-year-old originator of the plot started through an advertisement a week ago, asked for truck drivers and helpers for labor. As answers were received Beckwith replied with a form letter setting out his plan for easy money by kidnaping and holding the victims for ransom.

ADMITS GUILT

When he was arrested, Beckwith, who had been using the name of Warren (Vic) Richfield in his advertisements, admitted to police his guilt as perpetrator of the scheme, and on his person were found twenty-seven letters from persons seeking employment, according to police.

Charged with suspicion of robbery while police continue their investigation, Beckwith said that he had sent out over 300 of his mimeograph letters explaining his scheme. He claims that he is an expert engraver out of work and that he devised his kidnaping syndicate scheme from stories appearing in an Iowa paper which exposed an almost identical plan.

In his form letters, several of which were given police by those expecting employment, Beckwith explained that he is an ex-convict from Folsom, and that his new scheme is infallible. It was designed completely to fool the police and every form of investigation and leave the operators free to enjoy the wealth they would accumulate from obtaining the proper people as victims.

CONVERSATION OVERHEARD

Beckwith made it plain that he was to be the ringleader of the syndicate and that he was to collect all ransom money, but would divide on a 50-50 basis with all those who aided in the kidnaping.

The letter also explained that the help-wanted ad had been placed in the paper for the purpose of obtaining names of men "willing to take a chance" and outlined a plot whereby each man would kidnap some prominent person. The victim was to be held in a hideout until the money could be collected by Beckwith.

Beckwith told his applicants he would get in touch with them by telephone. Detective Lieutenants Miller and Hurst stood in a telephone booth alongside the schemer while he spoke with one of his intended aids and overheard half an hour's conversation before making the arrest.

Fund Group for Rolph Campaign in South Named

Membership of the finance committee for the southern division of the Republican State Committee, which is conducting the campaign in this section of the State for the G.O.P. ticket, headed by Mayor James Rolph, Jr., nominee for Governor, and Senator Frank F. Merriam, nominee for Lieutenant-Governor, was announced yesterday by M. B. Silberberg, campaign director.

Ingall W. Bull is chairman of the committee and Ralph S. Armour is secretary. Members of the committee include the following:

M. P. Snyder, Neil S. McCarthy, Isadore Eisner, Gilbert Beesmeyer, Elwood De Garmo, Dwight H. Hart, Al G. Faulkner, John Morris, Paul Getty, Charles Baad, Jack Warner, Earl Gilmore, Charles H. Treat, Isaac Pacht, Joseph Schenck, Frank M. Smith, Judge Robert M. Clarke, E. P. Clark, Mrs. Helen Werner, Douglas C. McClure, W. I. Hollingsworth, Harmon D. Ryus, Mrs. Harriett W. Works, Mrs. Winifred C. Lane, Mrs. Lavinia Graham Timmons and William F. Keck of Los Angeles, and A. T. Jergins, Long Beach; P. A. Stanton, Anaheim; William Ellison, San Diego; Judge Donald E. Van Leuven, San Bernardino; Sol Sheridan, Ventura; Harry Harris, Santa Barbara, and Frank Tetley, Riverside

Classes to War at U.S.C. Today

War is brewing between the freshmen and sophomores at the University of Southern California!

Members of the first-year class are properly incensed over a highly sarcastic challenge flung at them by Richard Tilden, president of the second-year students, through the Daily Trojan, campus newspaper, in which he intimated that their courage was not up to par with previous freshmen classes.

The class of '34 answered by agreeing to meet the sophomores today at 2 p.m., on the dental athletic field, Exposition Boulevard and McClintock street.

In keeping with the traditions of U.S.C., the superiority of either class will be determined by their showing in a tug-of-war, push-ball contest, and tie-up.

Judge Clears Cowboy Jones

Buck Jones, film cowboy, was found by Municipal Judge Willis yesterday to be not guilty of violating the State labor law.

Jones was accused of failing to pay the wages of three employees of his "Buck Jones Wild West Show" and of leaving them stranded in Indiana when the show failed last year.

DON LEE FINDS RADIO MUDDLE

Commission's Policies Held to Be Deplorable

Added Power Sought for KHJ and KFRC

Broadcaster Returns From Washington Trip

The Times Forum, KHJ, at 1:30 p.m. World-wide news at 12:30, 4:45 and 10 p.m.

BY JOHN S. DAGGETT

The radio broadcasting situation in Washington is apparently in a hopeless muddle, according to Don Lee, head of the Don Lee California Broadcasting System, who returned from the East yesterday.

Don Lee went to Washington to confer with the Federal Radio Commission relative to applications for an increase in power for radio stations KHJ in Los Angeles and KFRC in San Francisco. Mr. Lee's conclusions in part are as follows:

DON LEE

"The normal expansion of radio broadcasting in the public interest is hopelessly manacled at the present time by arbitrary rulings and policies set up by the Federal Radio Commission. The principle upon which the Federal Radio Act is predicated is that public interest, convenience and necessity shall at all times be the primary objective of all broadcasting. Just how far the Federal Radio Commission has digressed from this principle is evidenced by the anomalous position that we found ourselves in at our recent meetings with the commissioners.

MERIT NOT RECOGNIZED

"The entire commission was unanimous in expressions of appreciation for the character of program and high standard of broadcasting maintained by KHJ and KFRC and yet were frank to admit that the last allocations of cleared channels made by the commission precluded their ability to encourage those broadcasters who were most ably and conscientiously serving public interest, convenience and necessity. Here is a situation where actual merit and service to the public can not be recognized or given any opportunity to expand.

"This situation so definitely defies the fundamental principles of American law and equity that an accounting to the public of their stewardship will very soon have to be faced by the powers responsible for this condition at Washington. There are members of the commission who recognize the injustice of the present rules and policies and these men are endeavoring to remedy this deplorable condition, but unfortunately there are obstacles being continually placed in the way of this accomplishment.

ATTACKS SUGGESTED

"The only relief suggested at Washington was for us to attack the broadcasting stations in Los Angeles and San Francisco now occupying cleared channels. This idea is so repugnant to my conception of good business practice and is such an evident evasion of the commission's responsibility that I refuse to entertain this advice. A sufficient percentage of the population of California has attested to the right of KHJ and KFRC to expand the zones of influence of these two stations that we should not be required to accomplish this expansion at the expense of other broadcasters.

"All the people of California are entitled to enjoy the programs now being furnished by the Don Lee California Broadcasting System and we propose to obtain this enjoyment for them regardless of the technical obstacles set up at Washington."

COL. WYMAN ORDERED EAST

Col. O. C. Wyman, Four Hundred and Twenty-sixth Field Artillery, U.S.A., will leave Los Angeles today for Washington under orders to attend a special course at the Army War College, one of six reserve officers in the entire country selected by War Department officials for that service. Col. Wyman is director of State aid in the charities department of Los Angeles county and past commander of Los Angeles Post, No. 8, American Legion.

MANY CALLED IN GIN DEATH

Dozen to Testify Today at Inquest Over Girl Who Died in Party With Pugilist

More than a dozen witnesses are scheduled to appear in the office of Coroner Nance this morning to testify at the inquest into the death of Hazel Cole, 20 years of age, who died ten days ago in a Culver City apartment after she is asserted by officers to have indulged in a liquor party with Bobby La Salle, prize fighter.

Following the completion of reports yesterday by the county Chemist and Assistant Autopsy Surgeon Schaefer, Chief Deputy Coroner Macdonald pronounced the cause of the young woman's death as acute alcoholism and set the inquest for today at 9:30 a.m.

ALCOHOL IN BRAIN

Schaefer's report, which embodied that of County Chemist Abernathy, showed that 0.201 per cent alcohol was found in the brain of Miss Cole and that while arsenic was found to some extent in the vital organs the poison was not a factor as a cause of death. Analysis also was made of seven empty gin bottles and two lime rickey bottles without evidence of arsenic or narcotics being disclosed, according to the report.

The girl was found dead in an apartment at 4105 Duquesne street, Culver City, on the morning of the 12th inst., with La Salle beside her in a drunken stupor, according to a Sheriff's report. Subsequent investigation revealed that the boxer and a male companion had met the Cole girl and another girl at a beach dance hall the previous night and had brought them to the apartment, officers reported.

Witnesses who are expected to testify include Schaefer, Abernathy, Mabel Cole, mother of the girl; Neil Murphy, in whose apartment the death occurred; La Salle, Cecil Murphy, uncle of Neil Murphy, who was called to the apartment by his nephew; Dr. W. J. Lynch of Culver City, Deputy Sheriff Gray, Detective Sergeant Block, Police Officer Jones and Motorcycle Officer O'Day of the Culver City Police Department.

SEPARATE QUIZ MADE

Pending the Coroner's investigation, it was disclosed that a separate inquiry has been instituted by Blayney Matthews, chief of the District Attorney's bureau of investigation. Early yesterday he questioned La Salle, Marie Le Vine, Neil Murphy and Cecil Murphy, friends of the dead girl, in an attempt to learn additional facts concerning the case.

At the close of the case, however, Matthews stated that he had no comment to make concerning his findings until the inquest is concluded today.

All of the witnesses were released after submitting to questioning by Matthews.

NEW POLICE BADGES TO BE ISSUED

Board Signifies It Will Hand Insignia Out Today Without Any Changes

While no formal action was taken the members of the Police Commission yesterday signified that the new issue of regular police badges, costing a fraction more than 32 cents each, will be issued as they are, without being sent back to the factory in Rochester for any changes, except to obtain the serial numbers on press badges. Eight police badges which have not yet arrived will be demanded.

It had been planned, due to the protest against the issue by several of the commissioners, to send them back for a different finish and more complete workmanship, but the commissioners yesterday stated that they had found that if any changes were to be made which are not in the contract it would void the two-year guarantee on the issue.

While enforcement of the badge ordinance was extended to January 1, President Thorpe stated they may be distributed before that time.

There is nothing in the ordinance to prevent officers improving the badges with diamonds or in other ways, as long as they do not deface them, at their own expense, the commissioners said.

VETERAN HAS OPERATION

Albert L. Lindholm, World War veteran, is recovering at Wadsworth Hospital, National Military Home, Sawtelle, from an operation resulting from injuries received in service, his relatives announced last night. He is expected to leave the hospital in a month.

INTERRUPTION COSTS RED $100

Agitator Fined on Contempt of Court Charge

Defendant Speaks Up During Trial of Seventeen

Three Acquitted but Jury at Odds Over Fourteen

Adjudged guilty of contempt of court Fred Firestone, Communist agitator, yesterday was fined $100 by Municipal Judge Wood, with the option of spending five days in jail. Firestone announced he was ready to be taken to jail, but the court granted a stay of execution until this afternoon before committing him.

Firestone was cited for contempt when he interrupted Deputy City Prosecutor Avery during the latter's argument to a jury which was trying Firestone and sixteen other Red sympathizers on a charge of refusing to disperse during the North Main-street radical demonstrations of August 1, last. Firestone interrupted Avery with, "That's a deliberate lie. I didn't say that." Judge Wood held that the remarks were an attempt to influence the jury.

The jury, after deliberating more than twelve hours, returned early yesterday with an acquittal for three of the defendants and reported itself hopelessly deadlocked on the other fourteen. Those found not guilty are Mrs. Cena Kaspin, Mrs. William Ferguson and Miss Sonia Berman. The remaining fourteen defendants, including Firestone, were ordered to appear before Municipal Judge Curtis this morning to have their case reset for trial. They are E. Yamaguchi, Dave Diamond, Jack Olsen, Ed Sandler, Joe Dan, Pat Chambers, B. Fukunaga, Joe Turchinsky, Nathan Karpiloff, Jake Silver, Mrs. Lillian Silverman, Mrs. Shandle Handler, Mrs. Anna Kanatz and Fred Firestone.

RECREATION EXPERTS TO MEET HERE

Congress of Sports and Play Leadership Called for Next Six Mondays

Southern California's outstanding experts in all phases of recreation from amateur sports to back-yard playgrounds will join in the first Los Angeles Recreation and Play-Leadership Conference, to be held on six consecutive Monday evenings, beginning next week at the Echo community center.

One section of the conference will be a charm school, in which secrets of charm in dress, voice, complexion, manner and other personality features will be imparted to business girls and women, leaders of girls' organizations, mothers and women's club executives. Other sections will deal with sports, recreation in the home and advanced training for professional and volunteer recreation leaders.

Among those who will speak before the conference are Judge Scott of the Juvenile Court; Coach Howard Jones, University of Southern California; Zack Farmer, Olympic Games Committee; Les Henry, president of the Southern Pacific Amateur Athletic Union; Harry B. Lamport, president of the Playground and Recreation Commission; Loren Mitchell, supervisor of city school playgrounds; Bill Henry, Sunday editor of The Times; Mrs. Anne Harris, head of Bullock's fashion advisory bureau; Mrs. Howard Killian, Federation of Women's Clubs; George Braden, western representative of the National Recreation Association, and many others of note.

No fees will be charged those attending the conferences. Registrations will be received at the offices of the Playground Department in the City Hall during the remainder of this week.

Wife Granted Divorce From Golbert Rogers

Golbert P. Rogers, Pasadena real estate salesman, yesterday was divorced from Mrs. Vera Rogers, after a hotly contested trial in Superior Judge Sproul's court.

Rogers claimed that his wife left home without proper clothing and he had to call the police to find her. She replied that on one occasion he had "kidnaped" their infant child and she had to call in deputy sheriffs to have it returned.

Judge Sproul gave Mrs. Rogers custody of her child and the divorce on her cross-complaint and ordered Rogers to pay her $60 a month alimony.

MAYOR FAILS ON PLEDGES, SAYS GROUP

Porter Calls Charges of Improvement Association's Federation "Mass of Lies"

A group of twelve charges against Mayor Porter were filed with him in a letter yesterday by representatives of the Affiliated Improvement Associations of the City and County of Los Angeles, and he was asked to make reply, his answers to be incorporated in some sort of accusation to be sent to the member organizations of the association.

"I consider the source," said the Mayor, "and ignore it. It's a mass of lies."

The Mayor would not discuss the matter further.

Among other things the letter states that "a crisis exists," that Mayor Porter has failed, and that "drastic action is necessary." The association denies it is a party to any of the several recall movements against the Mayor, but plans to broadcast the charges at mass meeting and assemblies.

The charges are that Mayor Porter failed to live up to his pledge of supporting the Water and Power Department because he ousted former Water and Power Commissioners Scofield and Palmer; that he failed to live up to a pledge of reduction in cost of government, but increased the expenses of his own department by $14,000 annually; that the city paid $1,800,000 for a parcel of land in the harbor district to be used as a classification yard, but is making no return to the city; that he has retained W. J. Mosher, investigating secretary, in office and in his confidence in spite of Mosher's supposed connection with the Walkup case; that one Fred C. Perkins, alias Fred C. Smith, Oakland graft informer, was intimately connected with the Porter for Mayor campaign, and lately has re-established himself in the Mayor's confidence; that the Mayor's manner of figuring the budget was "disgraceful," being in excess of actual income by $1,000,000; that his statements during his own campaign brought about defeat of the water and power bonds in 1929, thus causing an additional cost of $135,000; that he has used his religious connections as a "cloak;" that lack of confidence in his ability has discouraged business development and caused unrest; that he has failed to carry out the pledge of "drastic reorganization at the City Hall;" that he would have permitted the cement-manufacturing plant in the Santa Monica Mountain residential area; and that he has failed to keep the beaches free for the enjoyment of the people.

The letter is signed by J. E. Lambert as president and John C. Edwards as secretary, of the association.

Inquest Will Fix Blame in Fatal Crash

Inquiry by the Coroner's office into the fatal train and automobile crash which last Monday claimed the lives of Nick D. Chianes, 838 North Ridgewood avenue, and Mrs. Sam Makros, 1305 Lincoln avenue, Pasadena, is scheduled for today at 1:30 p.m. at the undertaking parlors of Turner, Stevens & Turner, Alhambra.

The couple received fatal injuries when the automobile in which they were riding was struck by a Pacific Electric freight train at the San Gabriel Boulevard crossing of the Covina line. Chianes died a short while after the accident and Mrs. Makros yesterday morning.

In a Sheriff's report Mrs. Makros was first reported to be Chianes's wife. Investigation disclosed that the couple were en route to visit the husband of Mrs. Makros, ill at the county farm.

Miniature Golf Widow Divorces Absentee Mate

Miniature golf lured her husband from home—with another woman, complained Mrs. Alice Bengston yesterday, when she sought a divorce from Einor Bengston, purchaser for a drug company. The Bengstons married October 19, 1925, and separated the 5th inst.

"My husband became infatuated with a house guest in our home at La Canada," complained Mrs. Bengston. "He regularly entertained her on miniature golf courses, ignoring me.

"They tried to bargain with me to go and leave them in the house. I refused, and they left together. Ever since he has refused to return."

Superior Judge Guerin granted the wife a decree and approved a property settlement. Attorney S. S. Hahn represented Mrs. Bengston.

KILLING CHARGE REDUCED

Court of Appeals Changes Murder Conviction to Manslaughter in McIntire Case

Second-degree murder was reduced to manslaughter yesterday by Division Two, District Court of Appeal, in the appeal of W. R. McIntire from conviction on three counts for the death of Mrs. Margaret Towers in an automobile accident at Atlantic Boulevard and Hubbard streets, January 1, last.

McIntire was found guilty in Superior Judge Aggeler's court of second-degree murder, driving an automobile while under the influence of intoxicating liquor and failure to stop and render aid. The judgment was reversed on the second and third counts.

Reversal on the charge of driving an automobile while under the influence of liquor automatically affected the accusation on the murder charge, inasmuch as the theory of murder arises from a death resulting in the commission of a felony.

Satisfied, however, that the facts of the case justified the verdict of the jury in so far as it applied to McIntire's responsibility for the death of Mrs. Tower, the court held McIntire guilty of manslaughter.

As to McIntire's asserted failure to stop and render aid, the court found that McIntire had stopped. Mrs. Towers, however, was being aided by others and he drove on. Evidence presented as to McIntire's asserted intoxication was sufficient only to create a conjecture or suspicion, the court found, commenting that a conviction cannot be justified upon mere suspicion or conjecture.

Justice Schmidt, pro tem, wrote the opinion. Presiding Justice Works and Associate Justice Craig concurred.

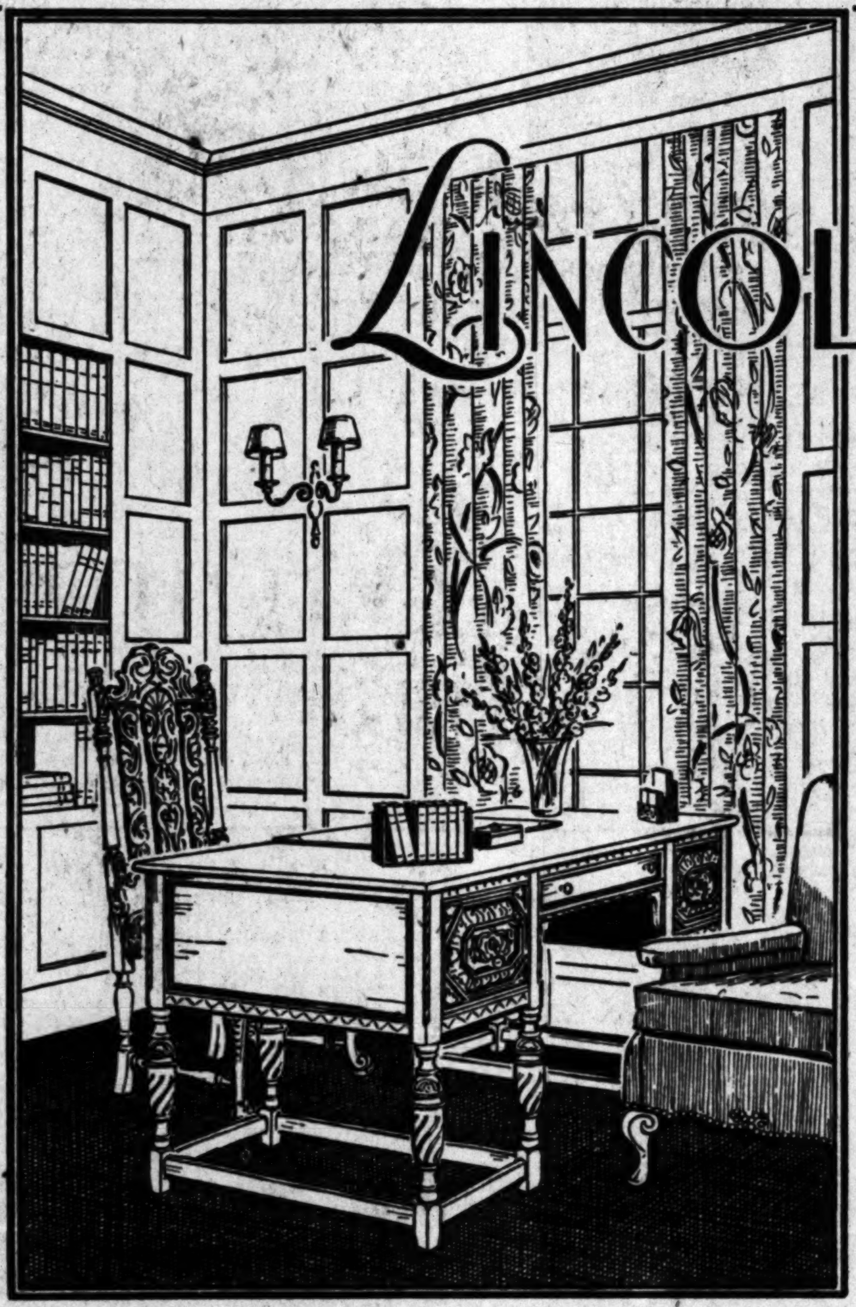
BULLOCK'S

FURNITURE

RUGS DRAPERIES



LINCOLN-ORINOCO

Distinguished Furniture Priced Much Lower Than Usual Because Bullock's Is The Sole Distributor In Southern California »

As nearly faultless as fine furniture can be . . . in design . . . in construction . . . in quality . . . in finish! Lincoln-Orinoco has an old guildlike pride in the perfection of its productions. One of the master furniture designers of this age has associated his name with that of Lincoln-Orinoco. His skill can be compared with that of the 18th century masters. The furniture he has created is imbued with similar elegance and refinement.

When Bullock's formed this close affiliation with Lincoln-Orinoco, it was with the purpose of reducing the price on finer furniture! As sole distributor for this furniture in Southern California Bullock's has very largely eliminated the middleman's profit. An accomplishment which lowers price!

Lincoln-Orinoco Groups and Pieces of great charm and distinction are shown at Bullock's for Living Room, Dining Room, Bedroom and Hall.

This handsome Desk of early English design in walnut belongs in study or living room. A Lincoln-Orinoco piece, $198.50. Desk Chair chosen in harmony, also of walnut with elaborate carved detail, $170. Lapis blue leather Club Chair completing the ensemble arrangement, $179.

FINE ORIENTAL RUGS«

Bullock's Prices Upon Comparison Are Proved Lower By a Great Deal

Low Prices on Oriental Rugs at Bullock's are not just for one day or for one individual selling! Matching quality for quality, Bullock's prices on Oriental Rugs are maintained at lower levels throughout the year. Of course inferior types of Oriental Rugs can be bought at almost any price, but not at Bullock's. Bullock's sells only Oriental Rugs that Bullock's can afford to stand back of. Contacts with the more reliable Oriental Rug resources of the world over a long period of years has established faith and an assurance of quality.

The value of dependability and the value of low prices . . . these are priceless treasures! You may expect both in the selection of an Oriental Rug at Bullock's. Bullock's collection includes many fine pieces, and many rare types of Oversize Carpets. A collection known throughout the West for its diversity . . . for its high character and quality. That prices can be maintained at such low levels is a constant and never ceasing source of amazement!

Rugs . . . BULLOCK'S . . . Sixth Floor, Hill

PERIOD FABRICS IMPORTED by BULLOCK'S

$10.95 YD.

Now, even those of modest income, can know the joy of decorating with Imported Period Fabrics! Bullock's goes to famous European sources for Decorative and Upholstery Fabrics in order to bring new beauty and inspiration to Southern California. And through this direct method of purchase price levels become infinitely LOWER!

The textile art of Renaissance Italy is skillfully reproduced today in the gorgeous Brocatelle sketched above. That it is priced so much lower than usual is amazing, and results from Bullock's present direct methods of foreign selection.
